THE
UNION PACIFIC RAILROAD CO,

Are now constructing a railroad from

OMAHA, NEBRASKA,

westward towards the PACIFIC OCEAN, making with its connections an unbroken line

ACROSS THE CONTINENT.

The Company now offer a limited amount of their

FIRST MORTGAGE BONDS,

having thirty years to run, and bearing annual interest, payable on the first day of January and July, in the City of New York, at the rate of

SIX PER CENT. IN GOLD,
AT
Ninety Cents on the Dollar.

This road is already completed to Julesburg, 276 miles west of Omaha, and will be fully equipped, and trains are running regularly over it. The Company has now on hand sufficient iron, (the last to finish), and the construction of the eastern base of the Rocky Mountains, 141 miles, which is under contract to be done September 1st of this year, and is expected that the entire road will be in running order from Omaha to its western connection with the Central Pacific of California, built eastward from Sacramento, Cal., during 1870.

Means of the Company.

Estimating the distance to be built by the Union Pacific to be 1665 miles, the United States Government issues its Six per cent. Thirty-year bonds to the Company as the road is finished, at the average rate of about $28,250 per mile, amounting to $36,000,000.

The Company is also permitted to issue its own First Mortgage Bonds to an equal amount, and at the same time, which by special Act of Congress are made a First Mortgage on the entire line, the bonds of the United States *being subordinate to them.*

The Government makes a donation of 12,800 acres of land to the mile, amounting to 20,032,000 acres, estimated to be worth $30,000,000, making the total resources and value of the capital, $118,416,000; but the full value of the lands cannot now be realized.

The Authorized Capital Stock of the Company is one hundred million dollars, of which five millions have already been paid in, and of which it is the opinion of the best men that twenty-five millions at most will be required.

The cost of the road is estimated by competent engineers to be about one hundred million dollars, exclusive of equipments.

Prospects for Business.

The railroad connection between Omaha and the East is now complete, and the business of the Union Pacific on the sections already finished for the first two weeks in May were $113,000. These additional earnings as the road progresses will much more than pay the interest on the company's bonds, and the through business over the only line of railroad between the Atlantic and Pacific must be immense.

Value and Security of the Bonds.

The Company respectfully submit, that the above statement of facts fully demonstrates the security of their Bonds, and no additional proof they would suggest that the Bonds now offered are less than ten million dollars on 517 miles of road, on which over twenty million dollars have already been expended;—on 339 miles of this road the cars are now running, and the remaining 187 miles are nearly completed.

At the present rate of premium on gold, these bonds pay an annual interest on the present cost above par. The Company intend to sell but a limited amount at the present low rate, and retain the right to advance the price at their option.

Subscriptions will be received in New York by CONTINENTAL NATIONAL BANK, 7 Nassau st., CORN, JACOB & CO., Bankers, 51 Wall street, JOHN J. CISCO & SON, Bankers, 33 Wall street, and by BANKS AND BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained.—They will also be sent by mail from the Company's Office, No. 20 Nassau street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the Bonds.

PEACE.

BY ST. ANATOLIUS: TRANSLATED BY NEALE.

Fierce were the wild billows,
Dark was the night;
Oars labored heavily,
Foam glimmered white—
Mariners trembled,
Peril was nigh;
Then said the God of God,
"Peace! It is I."

Ridge of the mountain wave,
Lower thy crest!
Wail of Euroclydon,
Be thou at rest!
Peril can none be,
Sorrow must fly,
When saith the Light of Light,
"Peace! It is I."

Jesus, Deliverer,
Come Thou to me;
Soothe Thou my voyaging
Over life's sea!
Thou when the storm of death
Roars, sweeping by,
Whisper, O Truth of Truth!—
"Peace! It is I."

WHAT KIND OF DEMOCRACY HAVE THEY IN KENTUCKY.—The candid reader, especially the candid Democratic reader, can understand what *kind of* Democracy is now triumphant in Kentucky, when we assure them, on the best authority, that Mr. John L. Holm, now chosen Governor, was the candidate of the rebel Democracy, and that his sympathy with the rebels through the war, was notorious.

At the special election held for Congressmen in May, every rebel candidate was elected, and the total majority of the Rebels over both rival parties, (the Union men and the Conservatives,) was 42,581. Kentucky owes this utter subjugation of her loyal citizens to the Conservative Legislature, which repealed all the acts of disfranchisement. The Rebels swept back into the State, seized the Government, filled all the offices, and the Conservatives are now in a more hopeless minority than even the Union men. The position of the Conservatives is, therefore, peculiar; they have cheated themselves out of power. They repealed the disqualification of Rebels, expecting to control their votes, and now bitterly complain of the ingratitude of the men they assisted.

We can prove what we say here, by the address which the Conservative or loyal Democrats in Kentucky sent, before the election, to the Democracy of the North, asking them to sustain the Conservative party.

This address declares that "whether for executive, legislative or judicial position, only those who have been actively or secretly for the rebellion can have a shadow of a chance for a nomination, and, as far as their organization is concerned, for an election. The proof of this is so abundant that the difficulty is to bring it into proper bounds. Almost immediately after the returned Confederate soldier had been restored by the 'Union Democratic party' to all the rights he had lost by a participation in the rebellion, eight-tenths of the press of the State were purchased and placed under the direction either of the returned Confederate soldier or a malignant stay-at-home Rebel."

Every intelligent man can understand this. Under such a rule as this, universal amnesty is an evil, for it is not united with impartial suffrage. Kentucky is the only State in the Union in which avowed Rebels have supreme power,—and this result is hailed in some quarters as a triumph of the Democratic party. If it be so, then the party must be in a bad way.

THE PEACH CROP.—The Wilmington (Del.) Commercial contradicts the reports that have been in circulation, to the effect that the fruit growers of New Jersey and Delaware have been disappointed in the peach crop. The prospects of a bountiful fruit harvest are indicated by the fact that 266 cars have been engaged by growers and dealers to carry peaches from the Peninsula to New York alone. It is calculated that a car makes the round trip in three days; this gives about 88 cars per day, and each car carries 400 baskets, making the shipments to New York alone 35,200. Allowing all needful margin for disappointments, the average will, during the height of the season, be over 30,000 baskets per day. An equal or larger amount is shipped to Philadelphia, Wilmington and other places below New York on the railroad, while large quantities go by the Chesapeake steamers and sail vessels to Baltimore and beyond. During the peach season, three special trains per day will be run over the Delaware road in addition to the regular through freight trains, on which the fruit raised south of Delaware is shipped. The crops are bountiful and prices ought to be reasonable.

— The returns of the Register General of England show that in 1866 there were 187,519 marriages, 753,183 births, and 500,938 deaths.

— The New Orleans *Bulletin* remarks that "if in place of encouraging the immigration of coolies, we could encourage the immigration of an hundred thousand looms and spindles, we would impart more value to our crop before it left the country, than if we increased the crop itself by additional production."

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to pronounce it the BEST PIG CUT MADE. We will continue to offer these inducements until the fact is fully recognized.
We are making CENTURY from selections of the very choicest old leaf, and have devoted every care to its manufacture. It is free from drugs, and is in respect A PURE ARTICLE OF CHEWING TOBACCO.
On Mondays we will place in one paper a $100 U. S. Note, and twenty $5 Notes in two $50 each. On Wednesdays, in five papers, $20 in each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each. On Saturdays, in fifty papers, $2 in each, in all cases issuing GENUINE U. S. GREENBACKS to the amount of $200 a day.
The finders of these Greenbacks—by sending us their names, address and numbers of the bills—will be presented with packages of our Tobacco in proportion to the amount of money found.
This has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, which puts to flight all doubts, if any should exist, as to the genuineness of this enterprise.
THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. R. Mitchell, 25 Central street, Boston; B. A. Van Schaick, 16 S. Front street, Philadelphia; J. Foy & Earle; 83 S. Water street, Chicago; Schultz & Bagley, 94 West second street, Cincinnati.
Price list sent on application to

C. A. RICHARDS & CO.'S
CONCENTRATED
EXTRACT OF RYE.
THE Proprietors of this popular article, finding it necessary to remove a wrong impression from the public mind regarding the real merits which they claim for it,
WOULD ONCE AGAIN ANNOUNCE
THAT
IT IS NOT
a mere dram-drinking beverage, but a PURE, GENUINE and SCIENTIFICALLY PREPARED
MEDICINE.
It is not, as many have been led to believe, nothing but good Rye Whiskey; it is a
MEDICINAL REMEDY,
specially designed for certain useful and beneficial purposes; which any intelligent and thinking person can readily see, by reading what we now have
TO SAY ABOUT IT,
without any long, high sounding words, such as some doctors use to mystify and bewilder a patient, until he can't begin to tell what does not ail him. We SIMPLY SAY that our "EXTRACT OF RYE" is nothing but the
JUICES OF THE GRAIN
combined with a certain oily, fatty and vegetable matter, which, when taken into the system, stimulates it first to
NEW LIFE,
and a restored appetite, and then goes to mak BETTER AND STRONGER
FLESH AND BLOOD.
One can instantly see how this preparation must soothe the throat when it is inflamed, and must carry its lubricating and fattening effects to the lungs; consequently
IT IS WHAT YOU WANT,
when you have a bad cough, to cure it, when you have
CONSUMPTION OF THE LUNGS,
to heal and build them up again. So much for these troubles.
Now, if you want an article to FEED THE SYSTEM ON, when it has become reduced by sickness or by being OVERTAXED IN ANY WAY, this medicine will
DO THE WORK.
We have, among a great many letters we have received about it, a great many positive testimonials that it has been the means of making people
GAIN FLESH AND GROW FAT.
The reason for this is the
GRAND SECRET OF THE WHOLE MATTER.
It acts as a
STIMULATING FOOD
to the body, and helps Nature
THROW OFF DISEASE.
How often, of late years, have people been terribly deceived by resorting to common whiskey for this purpose, when, if they knew it, the only advantage to be gained from the use of whiskey must spring from the little quantity of Rye that of which Extract of Rye is *entirely composed.* This, then, is the whole story. EXTRACT OF RYE will cause you to throw off disease by feeding the system with a
STIMULATING FOOD,
and will build up and restore the powers of mind and body, while you become fat and happy.
It is put up in convenient style, each bottle being contained in a paper box. It is not sold at a foolish fancy price, but offered at a reasonable cost to rich and poor.

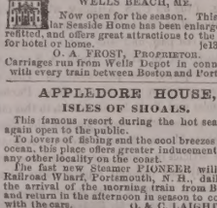
ISLES OF SHOALS.
This famous resort during the hot season is again open to the public.
To lovers of fishing and the cool breezes of the ocean, this place offers greater inducements than any other locality on the coast.
The fast new Steamer PIONEER will leave Railroad Wharf, Portsmouth, N. H., daily, on the arrival of the morning train from Boston, and return in the afternoon in season to connect with the cars.
O. & C. LAIGHTON.

SPEER'S SAMBUCI WINE.
Prescribed by Physicians for
FEMALES, WEAKLY PERSONS AND INVALIDS.



As a Tonic, it has no equal, causing an appetite and building up the system of the most debilitated
As a Diuretic, it imparts a healthy action to the Glands, Kidneys and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.
As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopœia.
The qualities of SAMBUCI are "*mirum in parvo*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.
N. B.—Vinum bonum bonum sanguinem facit.
SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefitting ladies and children.
Be sure the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.
For sale by Town Agents and Druggists.
A. SPEER, 243 Broadway, New York.

If you want a Superior Instrument,
BUY ONE OF
Mason & Hamlin's Cabinet Organs,
Of A. PEARSON, No. 20 HANOVER STREET, Sole Agent for Portsmouth and Vicinity.

Forty styles, plain or elegant cases; one to 12 stops. Prices, $75 to $600, and upwards.
Fifty-six Gold or Silver Medals, or other highest premiums, have been awarded to Mason & Hamlin for the important improvements effected by them, and for the *Superiority of their Instruments to all others.*
The Mason & Hamlin Cabinet Organs must not be confounded with other reed instruments, from which they vary essentially, their superiority being largely derived from PATENTED IMPROVEMENTS, which cannot be employed by other makers. Among them are:
The Automatic Bellows Swell,
Improved Self-Adjusting Valves,
Wood's Octave Coupler,
Noiseless Safety Valves,
The Improved Combination Register.
Circulars, with full particulars, and list with illustrations of styles and prices, furnished as above. Jy26—plws

The Chronicle.

AN AMUSING PROCLAMATION.—William McMahon, Fish-Warden of Lowell, Mass., has issued a proclamation, in which he says: "It being a part of my duty, as I understand it, to see that the waters of the Merrimac River, and of the canals and basins of said city, are not suffered to become unhealthy and impure to the multitude of shad, salmon, and alewives who contemplate returning to their old quarters next Spring, in acceptance of the urgent invitation of Gov. Smyth of New Hampshire; and, whereas, it is made to appear to me that divers persons, supposed to be officials, and calling themselves "State Constables," have been for some time past in the habit of casting, throwing, and emptying into the water of one of the canals of the said city, divers noxious and confiscated compounds, commonly known as intoxicating liquors, such as "Rifle Whisky," "Blue Ruin," "Forty Rod Gin," "Tangle Foot," "Sour Beer," and various other spirituous, vinous, inebriating, exhilarating, and disgusting fluids, which said compounds, fluids, and spirits are known to be highly detrimental, not only to the health and morals of men, but of the aforesaid piscine life in said river, beside being a clear violation of law; now, therefore, this is to notify them, the said State Constables, and any and all officials or persons, whether acting under a warrant or without one, that any and all such acts will in the future receive such attention from me as will effectually prevent a repetition of the same—believing that the enforcement of one law should not bring about the violation of another—reference being had in this connection to the law passed at the last session of the Great and General Court."

THE BURNSIDE MINE AT PETERSBURG. The explosion of the Barnside mine at that point of the Union defences before Petersburg has been held by many to have been an entire failure, but it seems that it was otherwise. A recent visitor to the spot had the following information from a gentleman who accompanied him:

"I was an officer in the confederate army, and I was in this fight and all others that occurred in this immediate vicinity. I saw that explosion, and know of its effects and let me assure you that it was not a failure. The mine was sprung immediately under a battery supported by 200 men, and of that number only two escaped; and notwithstanding all our newspapers may have said to the contrary, in those desperate charges which were made on the day of and succeeding the explosion, we lost 3000 men, and no one thing during the whole war produced such a demoralizing influence among our troops, and, in my opinion, tended more strongly to terminate the contest. From that day, desertion became more frequent, and from the unretained horrors which that event threw around service in the front," the greatest dissatisfaction began to prevail in all the ranks of the army.

☞ An accident occurred the other day in the Vosges, singularly illustrative of the anomalous state of religious opinions in the departments of France. On the occasion of the Fete Dieu a small scaffolding had been erected for the representation of an allegory representing the miracle plays of the middle ages, viz.: the temptation and expulsion from paradise of our first parents, when the deity himself being profanely personated. On the sentence and expulsion being pronounced Adam and Eve set up a loud cry, which though duly forming part of the programme, was unfortunately misunderstood by the surrounding crowd, who believing that some accident had occurred, precipitated themselves in a body upon the stage, which, as the carpenter had not anticipated such a demonstration, gave way, and Adam and Eve were precipitated among their descendants with such force as to cost the former another rib, mother Eve escaping with sundry severe contusions.—Were not such scenes of frequent occurrence one could scarcely believe in such retrograde progress in the 19th century and side by side with the universal Exposition.

PARADISE REGAINED.—The Piscataquis Observer locates Paradise at the head of Sebec Lake. "There, Granite Mountain is covered with blueberries, the water abounds with trout and pickerel, while the scenery is unsurpassed by any in New England."—We are glad to know at last what are the pleasures of the celestial world. It is a subject that has heretofore puzzled the brains of theologians. Only think of it—plenty of blueberries, trout and pickerel! Who wouldn't be happy in such a place?

— The American Agriculturist thinks we never get the full power of our working oxen in our present system of yoking them, and thinks that any one who has watched a fight between bulls or oxen ought to be convinced that the forehead of the animal is the great point of power, and that yoking by the head, as is done in South America, would be an improvement.

— Two of the London shoe-blacks have located themselves near one of the railway stations. They seat the customer in an arm-chair, hand him a morning paper, place his feet on elevated blocks, and then each one commences on a boot, and brushes with vigor till the shining is completed. The charge for all this attention is *one penny*, or two cents.

THE
WASHINGTON LIBRARY CO.,
PHILADELPHIA,
Is chartered by the State of Pennsylvania, and Organized in aid of the
RIVERSIDE INSTITUTE
For Educating Gratuitously

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

Can be successfully treated is the
Nasal Irrigator.
It is also very efficient in stopping Bleeding at the Nose. For administering medicines or liquid food to invalids it is unequaled, as by its aid this can be done without raising the patient's head from the pillow, and without possibility of soiling the clothing. For sale at
ap22 THAUBER'S, 12 Market Square.

The Daily Chronicle.

Portsmouth, N. H.

FRIDAY, AUGUST 9, 1867.

☞ France and England are severally reviving their pecuniary claims against Mexico, and think America should join them.—*Exchange.*

We think America should NOT do any such thing. If the United States have any just claims on Mexico, let them be adjusted by themselves; and let us not strike hands with any foreign robber who aimed to destroy the Mexican Republic and ours together, but who failing to do so, now wishes to make Mexico "pay for heating the poker."

WASHINGTON NEWS.—The Surratt case was given to the jury, August 7, and they had not agreed at 10 P. M. It is said they stand 8 for acquittal and 4 for conviction, with only a slight chance of agreement.

There are a variety of rumors as to what the President will do, in suspending Mr. Stanton, removing Gen. Sheridan, &c. One writer says:

It is undoubtedly true, however, that the President will ignore the Secretary of War to the extent of not consulting him on official matters, and of not inviting him to Cabinet meetings.

The course of two or three leading Democratic papers in advising the President not to remove Gen. Sheridan, may have some effect at the White House, as the President has sent for the papers containing the articles.

The President expressed his intention of visiting Tennessee for a few days, and to leave the moment official duties will permit.

[The most charitable construction that can be placed on Pres. Johnson's conduct is that he is insane, either in the form of *mania a potu*, or some other form; and he is playing into the hands of the impeachers, whatever cause may be assigned for his madness.]

JOHNSON AND HOLT.—At the special request of the President, and by his authority, it has been widely telegraphed that Mr. Johnson was not aware until two months since, and then through a private source, that any members of the commission united in recommending Mrs. Surratt to mercy.—He also authorized and requested the positive denial that the recommendation was ever brought to his notice. Having thus publicly joined issue with Judge Pierrepont, the latter made the following statement concerning the matter in open court, on Tuesday:

"I want no misunderstanding about that, and do not intend there shall be any.—That is a part of the original record which I here produced. It is in the handwriting of one of the members of that court, to wit, General Ekin. The original of that is now in his possession, and in the handwriting of Hon. John A. Bingham. When the counsel called for that record, I sent the afternoon of that day to the Judge-Advocate-General, in whose possession these records are. He brought it to me with his own hand and told me with his own lips, in the presence of three other gentlemen, that that identical paper, then a part of the record, was before the President when he signed the warrant of execution, and that he had a conversation with the President at that time on the subject. That is my authority. Subsequently to this, having presented it here, the Judge-Advocate-General called to receive it back, and reiterated, in the presence of other gentlemen, the same thing. That is my knowledge, and that is my authority."

This statement of Judge Pierrepont raises a direct question of veracity between the President and Judge Holt.

INDIAN TROUBLES.—A special dispatch from Omaha says a freight train on the Union Pacific Railroad was thrown from the track Tuesday night at Plain Creek Station by the Indians. The engineer, fireman and brakeman were all killed. The merchandise was burned. It is also reported that three or four of the men at the station were killed. Another dispatch says the Indians attacked a freight train near Plain Creek and threw it from the track by piling ties upon the road, and killed and scalped seven of the train men, and set fire to the train, destroying it entirely, and threw the slaughtered bodies into the flames.—Both these dispatches relate to the same thing.

CABLE ITEMS.—The Prussian Government has become anxious for the safety of Baron Von Maanius, Minister Resident of Prussia in Mexico. At last accounts the Baron had unsuccessfully intervened to save the life of Maximilian, and it is thought that he thereby provoked the hostility of the Mexican leaders.

No dispatches from him have been received for a long time past, and nothing is known as to his condition or whereabouts. The Government has taken measures to ascertain certainly whether the Juarez authorities have treated its Minister contrary to the law of nations.

☞ The Parliamentary Reform Bill, which passed the British House of Commons July 16, was passed by the House of Lords August 6. They had proposed an amendment, (the wrong way,)—but backed down, and passed the bill as it came from the Commons.

NEW HAMPSHIRE ITEMS.

—— George Lane, aged 8 years, was drowned in the Winnepiseogee river at Lake Village, Tuesday. He fell in while fishing.

—— A. J. Bean was badly, perhaps fatally, injured at Fisherville on Tuesday, being jammed between two cars which he was shackling.

—— The Rockingham Association of Universalists will hold their Annual Meeting at Atkinson, on Wednesday and Thursday, August 28 and 29.

—— The Governor and Council have appointed Rev. Sullivan Holman Chaplain of the Prison, Jason W. Hatch of Concord Janitor of the State House, and have voted to offer all the public lands of the State for sale.

—— Mr. Pottle, residing in the lower part of Jefferson, started last Thursday evening to go across a piece of woods, about a mile, to the residence of a neighbor, since which time he has not been seen. Search for him has thus far been ineffectual.

—— The General Conference and Association of the Congregational and Presbyterian ministers of this State will hold its annual session at Nashua, with the Pearl Street Church, the 27th, 28th and 29th of the present month, and will draw together a large concourse from the neighboring churches.

—— A child of Mr. Cochrane of New Boston, a day or two since met with a serious and singular accident. His parents were about to go on a journey and placed the child for a moment on a hay-cutter which stood near the wagon. The crank of the cutter was accidentally turned, and the toes of the child, which were under the cutter, all except one, on both feet, were cut completely off.

IN MEXICO, Juarez has issued a proclamation strictly enforcing the sale of the Church property, and directing that 40 per cent. be paid in gold, the remainder in bonds of the Republic. A number of lotteries, it appears, had been authorized by Maximilian for the benefit of charitable institutions, and the ladies concerned in these enterprises applied to Juarez for permission to continue them. His action on this occasion might put to shame that of more pretentious governments. He sent a sum of money for the charities, but issued a decree forbidding all lotteries and raffles, "for the reason that they consume the fruit of the labor of the working classes, and because, through the incentive of a great gain, although an improbable one, they weaken the stimulus to labor, which is the first basis of social welfare."

☞ A Revivalist gets a Silver Brick.—An exchange informs us that "the Rev. A. B. Earle, who has been laboring so successfully in California and adjacent States for some months past, received at Virginia City, Nevada, the present of a silver brick, weighing fifty pounds and worth about $800.—Mr. Earle was to leave for his home in Massachusetts on the 10th of July, having been absent about nine months." At the current rates of silver, the present may be worth $1200 in greenbacks.

— At Chicago, Wednesday morning, Fairbank, Peck & Co.'s oil refinery was destroyed by fire. Loss on buildings and stock $125,000; insured for $105,000.

— Hon. Charles Adams, leader of the choir of the First Congregational Church of North Brookfield, was presented with a gold headed cane by his associates, a few evenings since. Mr. Adams has been connected with this choir for thirty-five years.

— A few days since a negro was hung by a mob near Leipsic, Deleware, on suspicion of incendiarism. It now appears that the barn was fired by a colored girl, who has been lodged in jail charged with the offense. The murderers of the negro are still at large.

— The Sierra Nevada Mountains have been tunnelled, and in a few days we may have the cars running under that magnificent range of mountains. The Pacific Railroad is advancing with a rapidity that we do not readily conceive. How long will it be before we see under our advertising columns, "From San Francisco to New York in ten days!" "Through line to China by rail and steam, with no change of cars!"

— On Sunday last a prize fight took place at West Hoboken, N. J., between two New York roughs, during the progress of which one of the pugilists was struck with a bottle by an outsider for having been guilty of a foul blow. A general fight ensued, in which fifteen to twenty persons were badly cut and injured, and a cry of "police" was raised just in time to prevent the killing of some of them.

— At Raleigh, N. C., Gen. Sickles has ordered the Post Commander to notify Gov. Worth that the adjourned August session of the Legislature of North Carolina has been postponed until further orders. Gen. S. has also given orders to suspend all jury trials on account of non-compliance with General Order No. 32, ordering a revisal of the jury list. All jury trials upon receipt of this order were suspended.

THE UNION PACIFIC RAILROAD.—*Open 425 Miles.*—A few weeks since we noticed the opening of the Union Pacific Railroad to Julesburg, 377 miles west of Omaha, and sometime this week we expect to report its completion to Crow Creek, a point 48 miles further west, making a total of 425 miles.—Fifty miles of track in addition are graded ready for the iron, and there is no doubt of the completion of the road to the base of the Rocky Mountains early in the Fall. The Company are confident that the whole line to the Pacific will be open for business in 1870. The Indians have annoyed the surveying parties and tie-cutters, who are many hundred miles in advance of the work; but they have a wholesome fear of the population that a railroad carries with it, and all trains run without interruption.

The business of the Company has been most flattering. The earnings for the quarter ending August 1st, were about $700,000; but as the report for the last week in July has not been received, the exact fraction cannot be given. These earnings accrued from operating an average of not more than 350 miles of road, and after deducting operating expenses, the balance is far in excess of the interest obligations of the Company on the amount of bonds they can issue on that distance. It should be remembered that this result is from a *way* business alone, through a new country, and is not to be compared with the vast *through* business that must follow the opening of the whole line to the Pacific. The success of the enterprise seems to be thoroughly assured, and we can see no reason why the First Mortgage Bonds are not entitled to rank among the best securities. The daily sales are now so large, that the Company already entertain the idea of advancing the price.

—The one and two cent-coins now made at the Government mint are of bronze, and do not contain nickel, as many persons suppose. The three and five cent coins are of an alloy composed of one-fourth nickel and three-fourths copper, and these latter coins are Government promises to pay.

— A Democratic paper objects to a Republican canvass of the South, complaining that "corn-shuckling and cotton-meeting are to give way to Radical meetings," and asking why these iniquitous doings are permitted. We will tell the reason. Hitherto the colored men have been compelled to do corn-shuckling and cotton-picking, and nothing else; now we intend that they shall vote, and know for what they vote. Push on the canvass! The Republican Committees want money, and if the North gives that, the South will find the men.—*Tribune.*

— The competition on the Hudson river is quite spirited. The Troy line of steamers advertise the fare from New York to Troy $1, Saratoga $1.75, Whitehall $2.30, Rutland $4, Burlington $6, St. Albans $7.25, and Montreal $7.75. It is also reported that passengers from Boston to Saratoga, over the Fitchburg, Rutland and Saratoga line, are furnished with a dinner free, at the Barnwell House, in Rutland, with ample time to eat it.

— Some of the Secession papers in Tennessee are advising their friends to discharge the negroes for voting the Radical ticket. This is very madness. If these men want to rebuild the party for confiscation, and make it controlling in the next Congress, they have but to enter upon this policy. These madmen—better, perhaps, these knaves—should know by this time that in dealing with justice and liberty, blow for blow will be returned with terrible interest. Let reason prevail.—*Trib.*

— Those who demanded that the Vice-Presidency should be offered to the Blacks will learn from the sensible and patriotic letter of Major Delany, a colored soldier, that the "one sentiment among the old line leading men" of that race is that "no such nonsense should for a moment be entertained." "Our enemies," he says, "would desire no heavier nor stronger club with which to break the heads of our friends, and knock out our brains, than this."

— Ex-Gov. Perry of South Carolina has published a series of elaborate measurements of the skulls of the chimpanzee, the gorilla, the negro, and the white man, by which he discovers that the enfranchisement of the negro is a grievous wrong to the monkeys and himself. The profundity of his argument will command the respect of the world, but before accepting its conclusion we would like Mr. Perry to furnish the exact measurement of his own head.—We want an absolute standard of comparison. Will Mr. Perry furnish it?—*Tribune.*

CATTLE MARKET at Brighton.—Aug. 7. At Market for the current week: Cattle, 2095; Sheep and Lambs, 8686; Swine, 1000.

PRICES.—*Market Beef.* [Which includes the Hide and Tallow at same price.]

Extra, $13 00 to 14 00; first quality, $13 00 to 12 25; second quality, 12 00 to 12 50; third quality, 10 50 to 11 50.

Working Oxen, per pair, from $160 to 220.

Milch Cows, from $45 to 110.

SWINE.—Wholesale — a 7½c per lb; retail 7½ a 8c per lb.

SHEEP—5 a 6½c per lb.

LAMBS—$2 00 to $4 00 per head.

DON'T READ THIS! For it tells you truly that Tyle's Saleratus is absolutely pure, and the only genuine Saleratus to be found. Ask for Tyle's Saleratus, and take no other. His name is on every package. 14

WHITE WITNESSES.—The mouth of the man who purifies his teeth with SOZODONT is a witness box, and every time he opens it two rows of gleaming witnesses certify to its beautifying properties. 12

VINUM BONUM SANGUINEM FACIT.—Speer's Sambuci Wine makes good blood and imparts new life and tone to the whole system. Excellent for kidney affections, and the best tonic for ladies, weakly persons and invalids. Sold by druggists.

— It is supposed by some that the Prince of Wales visited this country in part to obtain a package of Merrick Allen's Gold Medal Saleratus. Whether he did or not, it would do honor to the Queen's table to have as nice light biscuit as that article always makes. If any one has any doubts on that subject, go to your Grocer and get a paper immediately, and find of a truth that there is nothing like it. Everybody sells it. 4g

☞ The cost of lighting the streets of Paris, as we learn from a French paper, amounts to 5000 fr. or nearly $1000 a minute for gas alone.

— "The light of other days"—pitch pine torches and dripped candles.

— Paper corsets are among the late patented articles. We should think the ladies would hardly like to trust to them on a very warm day.

— It is said the French Emperor will be one or two hundred thousand dollars in debt before the Exhibition closes, in consequence of the magnificent entertainments he has so constantly given during the summer.

BREAD

MIXING and KNEADING MACHINES.

One of the Most DESIRABLE and VALUABLE Inventions of the Age.

For sale by

E. A. STEVENS,

46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the following statement of the advantages of the Bread Mixers and Kneaders

FIRST.—The Machine is simple in construction, will not get out of order, and is thoroughly adapted to the purpose for which it was intended, the kneading and mixing of bread. It is the only machine ever invented for these purposes, and has given entire satisfaction wherever used. It is also compact and ornamental and will last for years.

SECOND.—It both mixes and kneads the bread by the same action. The flour, water and other ingredients necessary for bread, are put into the pan (which is a part of the machine) at once, and there, by the simple action of turning a crank for a few moments, becomes thoroughly kneaded dough.

THIRD.—It mixes the flour and other ingredients, stirring them together and removing all the lumps, more effectually and quickly than can be done by hand.

FOURTH.—It kneads the dough evenly and uniformly. The lightness of bread depends upon its being thoroughly knended and mixed with air or "aerated." In this machine every particle of dough is caught up and brought under the direct action of the "rollers," thus becoming as perfectly kneaded as can be done by the most skilful of experienced professional bakers. It will make therefore the lightest kind of dough suitable for French rolls or any other kind of bread. See certificates.

FIFTH.—It saves a great amount of labor. Every lady knows that it requires at least half an hour to knead dough by hand so that it shall make good light bread. By simply turning the crank (which a child can turn) the dough in this machine is mixed and kneaded in less than ten minutes

SIXTH.—It has the advantage of perfect cleanliness. From first to last the hands do not touch the flour or other ingredients. The perspiration and other impurities of the hands and arms need no longer constitute an ingredient of the bread. Every lady will understand the value this is, when they remember that kneading the dough makes the hands white and clean.

SEVENTH.—The machine cleans itself, scraping off from itself the particles of dough.

EIGHTH.—The machines are of different sizes, one can suitable to a small family to the large machine to be run by steam or horse power, which will mix and knead from one to three barrels of flour at once.

NINTH.—Any one knowing the right proportions of the different ingredients, can with these machines make the lightest and best of bread, since the dough requires no manipulation.

TENTH.—It can be used for mixing cake and pastry, and in fact for all other purposes, domestic or otherwise, where mixing is required.

The principal advantages, however, are:

The Great Saving of Labor.

Cleanliness.

Certainty of always having Good Bread, which even the most skilful often fail in making.

The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.

It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.

The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 **E. A. STEVENS.**

Holloway's Pills.—Diarrhœa.—A sudden suppression of the evacuations often results in complaints of long standing. Holloway's medicines are based on a more rational principle; by combining with the depraved humors they neutralize and expel them through the natural channels.—They purify the fluids, cleanse the bowels, invigorate the stomach, and by regulating the various functions restore the body to its normal state of health. Sold by all Druggists au8dawlw

THE MUSIC BOOK
FOR THE YOUNG FOLKS AT HOME IS
MERRY CHIMES;
Containing Elementary Instructions. Attractive Exercises and several hundred Popular Songs.

This New Book will be found superior to all similar works, in many points essential to a popular Instruction Book in Vocal Music and Collection of Melodies for the young.

FORTY EDITIONS have already been published, and the demand continues unabated. Many of the Songs have been written expressly for the work, and none of the songs are old and timeworn—sung through a dozen books, but New and Sparkling, adapted to all occasions, and alive with the Spirit of the Times. Price 50 cents. Sent post-paid. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

DIRECTIONS FOR
MAKING YOUR OWN SOAP
WITH YOUR WASTE GREASE!
Penn'a Salt M'fg Co.'s Renowned
SAPONIFIER:
(Patents of 1st and 8th Feb., 1859,) on
CONCENTRATED LYE!
Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of Lye in 2½ pounds (pints) of hot water, in an iron pot. Melt in another pot or pan 5 lbs. of clean fat or grease. Take off the grease, add to the Lye when the Lye is dissolved lye, and keep stirring until the whole becomes well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into small pieces, add 6 lbs. (or pints) of water, and melt with a gentle heat until the soap is dissolved, then pour into the pot to cool. When cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for PENN'A SALT MFG CO'S SAPONIFIER.* d1—cowdawly

GLEASON HALL
PRESENTATION FESTIVAL,
WEST TROY, N. Y.
THE SECOND GRAND CONCERT
Of the Gleason Hall Presentation Festival, under the auspices of DODWORTH'S BAND,
Will take place on
Thursday Evening, August 8, 1867,

The First Grand Concert of the series took place at West Troy, N. Y., on Thursday evening, July 25th, and was a grand success, the Hall being filled to overflowing with a refined and appreciative audience from all parts of the State. There was a perfect shower of three rounds and well known gentlemen selected by the audience on the night of the Concert to superintend the drawing, when it is their place, which will be on the night of the last Concert. The Tickets, which have been limited to 75,000, at

ONE DOLLAR EACH,

can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy, **$30,000**
FARM, fifty acres, Rensselaer Co., - 4,000
Six Building Lots, Albany City, - 4,000
One Mortgage, Albany City Property, 1,000
Two Billiard Tables, - - - 1,200
One Mortgage, Farm 50 acres - - 1,075
One Piano - - - - - 500
Three Melodeons, - - - - - 375
Two Bedroom sets, - - - - - 200
One Grover & Baker Sewing Machine, plated, 85
One Wheeler & Wilson Sewing Machine, 70
And Thousands of Other Presents,
Consisting of
Marble Top Center Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Port Monnaies, Scarfs, Tab'es, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and a deed executed.

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS RATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public

Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mann, Supt. West Troy Factory C.; N. F. Wilbeck, N. Y. C. R. R.; E. Wilbeck, Att'y and Coun. at Law; A. J. Rousseau; Dr. J. F. Winnek; Hon. Thos. Kearney, Ex-Co. Treas, Albany Co; Henry Fitchett, N. Y. C. R. R.; Thomas Rath; T. W. Jackson, Att'y and Coun. at Law; E. S. Loudell, Supt. West Troy G. L. Co.; P. A. Rogers, Justice of the Peace; Russ & Co., 34 Dey st., N. Y.; John A. Gladding, Lansingh, Att'y.

SPECIAL TERMS or Club Rates.—Five Tickets, $4.50; Ten Tickets, $9; Twenty Tickets, $18. A photograph of the Metropolitan Hotel may be seen at the office of Agents.

Tickets may be procured
AT BATCHELDER & CO.'S STORE,
3 Congress Street, Portsmouth.

N. B.—In order to give confidence to the public, and secure them in their investment, we allow one agent to retain all moneys received for the sale of tickets, until the distribution takes place.

House Wanted.

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRADRETH'S PILLS.

is always safe, never leaving any ill effects. In all cases their use is wise; but in severe pain from colic, inflammations, or external injuries, it is

LIFE SAVING.

Remember BRANDRETH'S PILLS are always sure of effect, and always without the least danger, and they act on every part of the system, dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says—"I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. jy29dawlmeptu

WHAT EVERY ONE WANTS.

A good, reliable medicine that will be on hand when required, and never fails when called on.—That is now to be obtained in Dr. Tobias' Celebrated Venetian Liniment. Many thousands call it the Wonder of the Age, as if does all that is presented and more. It cures Diarrhœa, Dysentery, Colic, Spasms, Vomiting, Croup, and Sickleness as surely as it is used, and is perfectly innocent to take internally, even in double the quantity named in the directions: and as an external remedy for Chronic Rheumatism, Cuts, Bruises, Old Sores, Mumps, Toothache, Headache, Sore Throat, Sprains, Insect Stings, Pains in the Back, Chest and Limbs, thousands have testified to, and their certificates can be seen at Dr. Tobias' depot, 56 Cortlandt street, New York. Hundreds of physicians use it in their practice. It has been introduced since 1847, and hundreds who now have it in their houses, say they would not be without it even if it was $10 per bottle.—Every drop is mixed by Dr. Tobias himself, and can be depended on. Only 50cts. and $1 per bottle. Sold by Druggists. Depot 56 Cortlandt street, New York. Jy8dawlm

DR. SCHENCK'S NEW OFFICE.

☞ DR. J. H. SCHENCK, of Philadelphia, has opened an office on second floor of No. 25 HANOVER STREET, Boston, where he will be professionally every WEDNESDAY, from 9 to 3 Every person complaining with Consumption or any disease leading to it, is invited to call on him. He gives advice free, but for a thorough examination with his Respirometer the charge is five dollars.

Dr. Schenck can explain to patients very correctly the stage of their disease, and how to use his medicines, namely, his Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills, without the use of the Respirometer; but if he can tell exactly how far the lungs are gone, and what part, also whether it is Tuberculous, Pulmonary, Bronchial or Dyspeptic Consumption, or whether it is merely an ulcerated throat and catarrh, or from Liver Complaint.

His medicines have full directions, so any one can take them without seeing him, but if they live near by and are well enough, it is best to see him. All three of his medicines are required in nearly every case of lung disease, as it is impossible to cure Consumption unless the stomach and liver is kept in perfect order. To get lungs in a healthy condition the stomach must be cleansed, and an appetite for good food created, so as to make good blood, before the lungs will begin to heal; then the chills and night sweats will stop, and the expectoration become free and easy.

He keeps a full supply of medicines at his rooms, which can be had at all times.

Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents.

GEO. C. GOODWIN & CO., 38 Hanover street, Boston, General Wholesale Agents for the New England States. W n14—dawlv no2

CROUP! CROUP!
DR. HOOKER'S
COUGH AND CROUP SYRUP
CURES
CROUP, COUGHS FROM COLDS, HOARSENESS, CATARRHAL COUGHS,
Coughs from Colds & Bronchial Coughs and gives speedy relief in Whooping Coughs and Asthma, and often cures the latter, and invariably shortens the stage of the former.

☞ Children are liable to be attacked with Croup without a moment's warning. It is, therefore, important that every family should have constantly at hand some simple and pleasant, yet efficacious remedy for the cure of this painful and too often fatal disease. Such a remedy will be found in

Dr. Hooker's Cough and Croup Syrup.

For sale by all Druggists.
C. D. LELT, Proprietor,
my25—dawly no2 Springfield, Mass.
Demas Barnes & Co., 21 Park Row, New York, will also supply the Trade at List Prices.

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is KILLED DEAD,

the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which

IN FIVE MINUTES

produces a black or brown which is not surpassed by nature's own dye. Be wise in time. The only safe and sure article is

Local.

☞ Rear Admiral Joseph Smith, Chief of Bureau of Yards and Docks, visited the Navy Yard on Thursday morning, receiving the customary salutes from the Navy Yard and the receiving ship Vandalia.

☞ The Portsmouth Cornet Band are to have a moonlight excursion to the Shoals this evening, on steamer Pioneer, at the low fare of fifty cents. There is no reason why a large party should not benefit themselves with a breath of sea air, conjoined with excellent music, while at the same time they tender their moiety toward the benefit of this excellent organization. The reputation of the Band is a guarantee for the unexceptionable character which it is intended shall mark this excursion.

☞ The sale of the choice of the new pews in St. John's Church takes place this afternoon, at 3 o'clock.

The great book sale at Wendell's sales rooms continues day and evening.

☞ Parties desiring to purchase a pleasant residence, or wishing to invest in real estate, should examine the advantages offered at the sales advertised for next Saturday—which will *not* be postponed on account of bad weather.

MEXICO.—Gen. Benzobel, in a letter dated Matamoras, July 27, to Consul General Navarro, pronounces the foolish and savage letter about foreigners attributed to Gen. Escobedo a forgery.

☞ Bark Oak Ridge, from Philadelphia for Boston, with coal, foundered in the gale of August 2. Crew, eight persons, all lost. Capt. Ginn was saved on a raft, and was taken off by bark Marco Polo.

☞ Part 66 of the Rebellion Record has portraits of Hon. Henry Wilson and Gen. H. G. Wright. D. Van Nostrand, publisher, 192 Broadway, New York.

☞ The fire which destroyed the oil works at Chicago, on Wednesday morning, is said to have been incendiary.

☞ A mass meeting at New Orleans, on the 6th inst., approved Gen. Sheridan's administration.

GOLD, Thursday 140 1-4.

— A boy by the name of Daniel Harrington, aged about fifteen, broke his arm, Saturday, while playing base ball in Fall River.

— T. D'Arcy McGee attempted to address a public meeting at Montreal last Friday evening, but was prevented by a crowd who hurled rotten eggs, stones and other missiles at him.

— Frank McLain, a prominent lawyer at Columbia, Tenn., fell out of bed on Friday night last, and dislocated his neck.—He was found dead on Saturday morning. He was intoxicated when he retired.

— The Bricklayers' strike in Washington has at last ended in personal violence. Such demonstrations are discreditable to workingmen's organizations, and we are sure that they will be deprecated by the Trades Unions in other parts of the country.

— During the grand ball at the India House, London, in honor of the Sultan, Madame Museurs, wife of the Turkish Ambassador, was seized with what appeared to be a fit, but proved to be a fatal attack, and she died in the course of the night.

— A Nashville dispatch gives particulars of a disturbance in Madison County, Tenn., from which it is evident that the presence of the United States forces alone prevented a general Rebel uprising in the Western part of the State on election day.

— Up to Monday morning the bodies of none of the lost by the recent disaster at Mt. Desert, Maine, had been recovered. On Sunday afternoon a hat belonging to one of the ladies of the party was found on the shore of Baker's Island six or seven miles from the scene of the accident.

— The New Orleans Times (Conservative) speaking of the registry in Louisiana, says that "the preponderance of blacks registered is very large, and as a mass they will vote the Radical ticket. The colored persons who express a determination to cooperate with the Conservative party are so few and noticeable as to prove that they are exceptions to the general rule."

— Broadhead, the Sheffield Thug, has been readmitted to fellowship by the Saw-Grinders' Union, and some of those present at the meeting expressed the opinion that he was "the best man in the trade." The worst feature in these English Trades' Outrages is the indifference of so many of the workmen to the shameful crimes which have been committed in their name.

— The life-raft Nonpareil was forty-three days between New York and Southampton. The raft was kept perfectly dry inside from beginning to end of the passage. The raft lay to seven times from stress of weather, and the last vessel spoken was the John Chapman, a week since, from which they were given a fowl, which is still alive and well. They arrived with thirty gallons of water to spare. They had no chronometer on board, and sailed by dead reckoning, and corrected their positions by vessels they spoke.

— Alfred Hart, the heaviest man in Minnesota, died of pneumonia last week.—He weighed 400 pounds.

THE WASHINGTON LIBRARY COMPANY of Philadelphia gains credit and support every day.—The sales of stock surpass all expectation, and the prospect is, that the funds for the noble object will be secured even in advance of the time anticipated. The reason is obvious. The design is worthy, and creditable to the patriotic hearts who are laboring to reward a too much neglected class. The funds go into responsible hands, and the public have no fears that they will be mis-directed. The plan adopted satisfies the scruples of the most conscientious, and has the endorsement of eminent legal authority. It is by its distinctive features entirely removed from the taint of catch-penny schemes which have so often been the means of imposing on the public. It gives to purchasers of its stock a full equivalent for the consideration paid. All its transactions are open and above board. It has no concealment, and the reputation of its managers is such that they *cannot afford* to be dishonest in this transaction. Read advertisement.

MARRIAGES.

In Great Falls, July 30, GEO. W. BROWN, Jr., to Miss LAURA J. CLOUGH.

DEATHS.

☞ The funeral of HORACE WEBSTER, Esq., will take place from his late residence on Elm street, This (Friday) Morning, at 11 o'clock.

Beautiful Teeth.

SWIETENIA preserves the Teeth and Gums in a healthy state. Is endorsed by the Scientific Dentists in the profession. Prepared by Dr. M. LEVETT, a Dentist of over 30 years' practice in New York City.

Brooklyn, N. Y., Feb. 11, 1867.

I am delighted with the effects of SWIETENIA as a dentrifice and a wash for the mouth.—Prompted by curiosity, I subjected it to a few tests for acids, and found in it no deleterious ingredient. As a toilet coquanging, both for the sick and well I consider it a peculiarly refreshing luxury. S. H. OLMSTEAD, M. D.

Price 75c. For sale by all Druggists and Fancy Dealers. ap24—codeowly

Sweet Breath.

LEVETT'S AROMATIC SWIETENA purifies the breath and leaves a delightful taste in the mouth. Superior to any article yet put before the public. Prepared and sold by Dr. M. LEVETT, a Dentist of over 30 years' practice in New York City.

LEVETT'S AROMATIC SWIETENIA is an excellent thing, and is endorsed by the prominent Dentists, Doctors and Clergymen.—*N. Y. Times.*

SWIETENIA is a pleasant dentrifice, whose merits will be manifest on its use.—*N. Y. Tribune.*

SWIETENIA.—We don't think we go too far when we say we don't think anything can equal it—*N. Y. Independent.*

SWIETENIA, we can say after having tried it, is one of the best dentrifices we have ever used.—Wendell Phillips' *Anti-Slavery Standard.*

Price 75 cts. Sold by THACHER, and by all Druggists and Fancy Dealers. ap24—eoply

THE
UNION PACIFIC RAILROAD CO.
THEIR
FIRST MORTGAGE BONDS,
AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is,—"Are these bonds secure?" Next,—"Are they a profitable investment?" To reply in brief:

1st. The early completion of this great line to the Pacific is as certain as any future business event can be. The Government grant of over 12,000 sections of land and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of travel in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are already finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as security. This amount upon the first 617 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the richest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. interest.**

The daily subscriptions are already large, and they will continue to be received in New York by the

Morning Chronicle.

ONE HUNDRED MEN BURIED IN A MINE.—On the 1st of July last the wooden framework of a thousand and five hundred feet deep pit of a coal mine in the neighborhood of Lugan, in Saxony, gave way, blocking up with an impenetrable mass of timber and rock the pit at a depth of about three hundred ells from the top. At the moment of the disaster one hundred and two men, nearly all of them the supporters of large families, were working at the bottom of the mine. Their provisions were only calculated for one day. On the 5th of July, the date of our latest news by mail, the place where the fallen masses had stopped the pit was of such a solid structure that the water was standing on it many feet high. From all sides the most available help was offered, but the conviction that nothing could be done soon enough to save the unfortunate miners, weakened, it seems, any energetic efforts. They were doomed to die of starvation and want of fresh air. On the 4th of July all attempts to reach the bottom of the mine by any quick process was abandoned, and a slow but sure plan was devised by which, at least, the corpses of the perished could be extracted. Iron tubes of about two feet in diameter were to be sunk thro' the obstruction down to the bottom of the pit. Among the dead are forty-four married men, one of whom had a wife and nine living children. The scenes at the entrance of the pit are described as lamentable without a parallel. One hundred and thirty-seven children filled the air with woeful cries, whilst the Superintendent of the mine, to whose negligence the disaster was ascribed by the people, could only be saved from being mobbed by his sudden imprisonment.

☞ The trade of Russian America in 1866 amounted to $1,500,000 in skins and furs. While Russia possessed the territory, whalers were not allowed to land on the coast for business purposes, but this restriction is now removed. As an evidence of the prosperity to result from the acquisition of the territory by the United States, it may be stated that a fur company, with a capital of $1,000,000, to operate in the new territory, has been organized in San Francisco.

TAXATION IN NEW YORK.—The Comptroller of the Currency states that the amount to be raised by taxation in New York city and county the present year, amounts to nearly twenty-two millions of dollars, which is about five millions more than last year.

— A negro infant was suffocated in New Orleans a few days since, by a piece of candy sticking in its throat.

— J. R. Yeman of Oneida, New York, has built a working steam engine which weighs less than three ounces.

— Emigration from Germany to this country has largely fallen off since the beginning of July.

— A co-operative iron rolling mill which started at Alliance, Ohio, a year ago, with $100,000 capital, has since doubled it.—One hundred and fifty men are employed.

— That counterfeit nickles are not scarce in the Crescent City may be judged from the fact that the City Railroad Company received $238 80 of that sort of currency in a single week.

— They are a deeply religious people in Rhode Island, if the following be true: A Connecticut schoolmaster asked a lad from Newport "how many Gods are there?" The boy, after scratching his head replied: "I do not know how many Gods you have got in Connecticut, but we have got none in Rhode Island."

— Large numbers of Mormons are reported to have during the past year returned to Jackson county, Missouri, whence they were driven years ago, and have settled particularly in Independence, where the corner stone of their old temple was laid.

— The Hickman, Kentcky, Courier announces the recent death of Mrs. Polly Hickman, at the great age of 105 years.—For a long time she had been possessed of the idea that she was destined to live for 125 years, and greatly regretted that her constitution failed her before she had seen that number of years.

— The Pope is rewarding the Sultan for taking care of the Catholics. This is another progressive idea, and when we compare it with the address of the Grand Turk the other day, in favor of the universal brotherhood of man, we feel that we are moving more rapidly than might be expected even in the nineteenth centnry.

— The reason assigned for Mr. Tennyson's abandonment of his beautiful residence at Farrington, Isle of Wight, and his retreat to Haslmere, in Surrey, is that he was tormented by the obtrusive attentions of the "lion-hunters," who hung on to his palings, peeped through his gates, and fairly crammed Freshwater church on Sunday in the hope of seeing how a poet laureate said his prayers.

MDCCLX. 1760. 1867.
"CENTURY."
$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to use it, knowing that it is only necessary for them to give it a trial to be entirely satisfied of its merits, and to pronounce it the BEST FINE CUT MADE. We will continue to offer these inducements until the fact is recognized.
We are making the CENTURY from selections of the very choicest old leaf, and have devoted every care to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEWING TOBACCO.
On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in five papers, $20 in each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each. On Saturdays, in fifty papers, $2 in each, in all cases issuing GENUINE U. S. GREENBACKS to the amount of $100 a day.
The finders of these Greenbacks—by sending us their names, address and numbers of the bills—will be presented with packages of CENTURY TOBACCO in proportion to the amount of money found.
This House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, which puts to flight all doubts, if any should exist, as to the genuineness of the enterprise.
THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. A. MINGAY, 8 Water street, Boston; E. A. VAN EATE, 16 S. Front street, Philadelphia; FOX, EARLE, 35 S. Water street, Chicago; Schultz & Bagley, 24 West second street, Cincinnati.
Price list sent on application to

C. A. RICHARDS & CO.'S
CONCENTRATED
EXTRACT OF RYE.
THE Proprietors of this popular article, finding it necessary to counteract the wrong impression from the public mind regarding the real merits which they claim for it,
WOULD ONCE AGAIN ANNOUNCE
THAT
IT IS NOT
a mere dram drinking beverage, but a TRUE, GENUINE AND SCIENTIFICALLY PREPARED
MEDICINE.
It is not, as many have been led to believe, nothing but good Rye Whiskey; it is a
MEDICINAL REMEDY,
specially designed for certain useful and beneficial purposes which any intelligent and thinking person can readily see, by reading what we now have
TO SAY ABOUT IT,
without any long, high sounding words, such as some doctors use to mystify and bewilder a patient, until he can't begin to tell what does *not* ail him. We SIMPLY AND PLAINLY SAY that "EXTRACT OF RYE" is nothing but the
JUICES OF THE GRAIN
combined with a certain oily, fatty and vegetable matter, which, when taken into the system, stimulates it first to
NEW LIFE,
and a restored appetite, and then goes to make BETTER AND STRONGER
FLESH AND BLOOD.
One can instantly see how this preparation must soothe the throat when it is inflamed, and must carry its lubricating and fattening effects to the lungs; consequently
IT IS WHAT YOU WANT
when you have a bad cough, to cure it, when you have
CONSUMPTION OF THE LUNGS,
to heal and build them up again. So much for those troubles.
Now, if you want an article to SEED THE SYSTEM ON, when it has become replaced by sickness or by being OVERTAXED IN ANY WAY, this medicine will
DO THE WORK.
We have, among a great many letters we have received about it, a great many positive testimonials that it has been the means of making people
GAIN FLESH AND GROW FAT.
The reason for this is the
GRAND SECRET OF THE WHOLE MATTER.
It acts as a
STIMULATING FOOD
to the body, and helps Nature
THROW OFF DISEASE.
How often, of late years, have people been terribly deceived by resorting to common whiskey for this purpose, when if they knew it, the only advantage to be gained from the use of whiskey must spring from the little quantity it contains of that of which Extract of Rye is *entirely composed.* This, then, is the whole story. EXTRACT OF RYE will cause you to throw off disease by feeding the system with a
STIMULATING FOOD,
and will build up and restore the powers of mind and body, while you become fat and happy.
It is put up in convenient style, each bottle being contained in a paper box. It is not sold at a foolish fancy price, but offered at a reasonable cost to rich and poor.

Daily Morning Chronicle

VOL. XXXI. PORTSMOUTH, N. H. SATURDAY, AUGUST 10, 1867. No. 35.

The Chronicle.

SENATOR YATES of Illinois made a temperance address at Jacksonville not long since, in which he said, "I am upon this subject, as upon all moral questions, a radical. I believe whatever is radically right. There is no half-way station between the *termini* depots of right and wrong. If you are right you cannot be too radical: and if you are wrong, the more conservative you are the better. I believe that the only way in which intemperance can be put down is not by any half way ground—not by any mere attempts to secure only the moderate use of intoxicating drinks—not by imposing taxes upon the sale of liquors, not by legislative licences, but by total abstinence from all that intoxicates, and by the abolition of alcohol itself. I will not say that alcohol may not sometimes be useful as a medicine, but I will say that its use as a beverage slays so many thousand more than it saves as a medicine, and that the counter-balancing evils are so enormous, that had I the power, I would at one fell swoop blot it from the face of the earth, and obliterate from the mind of man the knowledge of making it forever and forever."

MEMPHIS IN DANGER.—Nashville and Memphis papers have broached the startling theory that Memphis is liable at any moment to "cave in" to a watery abyss beneath it. The idea is that the mighty current of the Mississippi river has undermined the foundations of the city, and various circumstances are cited to substantiate the proposition. The river shore at the Navy Yard has wholly disappeared. It is argued that the steamers which are always lying in front of the city preserve the earth at the water's edge, but that the great body of the mighty tide of waters, forty and fifty feet below, rushes onward in its unresisted course, rending away the earth. How far the stream passes beneath the city there is, of course, no means of ascertaining. The explosion of torpedoes, forty or fifty feet below the river's surface, shook every building west of the bayou. Beyond the bayou the shock was unheeded. Similar subterranean changes are frequent on the Mississippi.

☞ In Mr. Pierrepont's speech in the Surratt trial, he tells a story which will interest the students of spiritual science. On the morning of the assassination of Mr. Lincoln there was a Cabinet meeting. The members were joyous over the surrender of Lee. Mr. Lincoln expressed anxiety for Sherman, and when Grant assured him that Sherman was all right he replied by detailing a dream which he had had previous to Chancellorsville, Stone River and other defeats. The recurrence of the dream led him to dread the recurrence of disaster.—It came; but, instead of calamities to our armies, it was his own assassination. The supernatural warnings that came to Saul, and Pompey, and Cæsar, seem to have also come to Lincoln. Truly, there are more things in heaven and earth than are dreamt of in our philosophy.

— There is a fair prospect that we shall soon have a tin-fever in Missouri as bad as the oil-fever that lately raged in Pennsylvania. A valuable tin-mine—the only valuable one ever found in this country—has been discovered near the Iron Mountain, and all the State is going wild about it.—Every man has a lump of ore in one pocket and a blow-pipe in the other. Speculators are buying up the farms, and stock-jobbing is fast usurping the place of honest labor.—For one man who gets rich through the mines we venture to say that ten will be ruined by mining companies.—*Tribune.*

HENRY GORMAN, Esq., Agent Adams' Express, Philadelphia.
J. E. COE, Esq., Joy, Coe & Co., Philadelphia.

TREASURY DEPARTMENT, Washington, D. C., April 18, 1867.—Office of Internal Revenue.—Having received satisfactory evidence that the proceeds of the enterprize conducted by the Washington Library Company will be devoted to charitable uses, permission is hereby granted to said Company to conduct such enterprize exempt from all charge, whether from special tax or other duty.
E. A. ROLLINS, Commissioner.

The Association have appointed as Receivers, Messrs. GEO. A. COOKE & CO. 33 South Third Street, Philadelphia, whose well-known integrity and business experience will be a sufficient guarantee that the money intrusted to them will be promptly applied to the purpose stated.

PHILADELPHIA, PA., May 20, 1867.
To the Officers and Members of the Washington Library Co., W. S. READ, Secretary.
Gentlemen:—On receipt of your favor of the 16th inst. notifying us of our appointment as Receivers for your Company, we took the liberty to submit a copy of your charter, with a plan of your enterprize, to eminent legal authority, and having received his opinion in regard to its legality, and sympathizing with the benevolent object of your Association, viz.,—the education and maintenance of the orphan children of our soldiers and sailors at the Riverside Institute, we have concluded to accept the trust, and to use our best efforts to promote so worthy an object.
Respectfully yours, &c.,
GEO. A. COOKE & CO.

Address all letters and orders to
GEO. A. COOKE & CO., BANKERS,
33 South Third Street, Philadelphia, Pa.,
Receivers for the Washington Library Co.

SOMETHING NEW!
SELEE'S HAIR LIFE

Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.

It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.

The Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.

Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.

It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.

THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.

It is the nicest, neatest, and most effectual thing in the market.

It never stains, and is perfectly harmless.

Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
Portsmouth, N. H.

For Summer.

The Daily Chronicle.

Portsmouth, N. H.

SATURDAY, AUGUST 10, 1867.

THE REVENUE.—The Tribune says, a comparison of the statements of the public debt in June and August shows no great changes. Mr. McCulloch's estimates, however, for the Fall, show a decided decrease in the revenue, as there is a large matured debt not presented for payment, and much of the revenue has been anticipated in collection. Unless prompt steps are taken to collect the tax on whisky, which should alone give the Government $90,000,000, a serious deficit appears certain. This is the natural result of the action of Congress last winter, in relieving many wealthy branches of industry of taxation. We protested then against the extension of the free list, and its evils are now becoming evident.

THE WASHINGTON GOSSIP is much more abundant than reliable, and three-quarters of it is not worth copying. A writer who is usually well informed, gives us the following peep behind the curtain:

Since the fight has become an open one, the fact may be stated that a few weeks previous to the adjournment last spring of Congress, facts came to the knowledge of the War Department and Gen. Grant's office, than convinced Mr. S. and Gen. Grant that difficulties of a serious character would follow an adjournment to December. The importunities of these officers induced Senators to hold the power of meeting in their own hands. From that time the President has waged a bitter war on Mr. S., who has thwarted his deep schemes from the first hour of this trouble to the present. Gen. Grant has been in full accord with Mr. Stanton, and their consultations have been constant. They had a long interview last night.

The present action of the President is proclaimed by his supporters to be the inauguration of a policy which will remove all the official obstacles in his way. The attack through the press and through the counsel for the defence in the Sarratt case, upon Mr. S. and Judge Holt, is part of the same attack, and by the same measures it is hoped to force Judge Holt out of his position.

There is also authority for saying that the administration is acting in accordance with the expressed wishes of the rebels at Annapolis. Delegates to the rebel convention there are contemplating the removal of Vice Admiral Porter, because he has rendered himself obnoxious by his radical views.

GEN. SHERIDAN'S ORDERS, dated New Orleans, Aug. 8, read as follows, and speak for themselves:

For denying the supremacy of the laws of Congress, stating that he would not obey them when conflicting with the laws of the State of Texas, and openly denouncing the Government of the U. S., in office and in the presence of Brevet Maj. Gen. J. J. Reynolds, commanding the Sub District of the Rio Grande,—Edward J. Dougherty, Judge of the 12th Judicial District of the State of Texas, is hereby removed from that office, and Edward Basse appointed in his stead.

At the request of His Honor, Mayor Heath of the city of New Orleans, Thomas E. Adams, Chief of Police of that city, is hereby removed from office, and J. J. Williamson appointed in his stead.

DR. S. G. HOWE writes from Athens to the Greek Relief Committee in Boston, under date of July 6:

"I took every possible precaution to prevent the provisions and clothing falling into the wrong hands, and finally sent off my cargo by the Arcadion. I have the satisfaction of knowing that it arrived safely and was transported beyond the reach of the Turks.

I have organized a system of work for the women and girls, and nearly four hundred are now busily employed at knitting. We supply the thread and yarn, and pay them one drachma (about seventeen cents) a pair for work. The yarn costs fifty leptas (half a drachma) a pair, so that our socks cost one and a half drachmas. We sell them at this price now, so that our loss is only the small one of commission to sellers, &c.—Next week we begin with sewing. I hope to have one thousand women at work within two weeks, and this you will readily see will be a great gain morally. But I shall make a detailed report.

The pressure of want, if not famine, is growing tighter and tighter. It will be terrible if intervention does not force an armistice within four months.

Take all you hear about Turkish victories and Turkish defeats with much caution. The Turks cannot gain great victories, because the Greeks do not resist in masses; and because no section of the country is necessary to the success of the revolt. The Turks may even carry Sphakia, but they cannot hold it. On the other hand, altho' in every fight the Turks loss ten men to one lost by the Greeks, they can afford it. Intervention or lack of food and ammunition by the Greeks, seem to be the only probable means of putting an end to the struggle. Meantime the Cretans do resist and fight more resolutely than even I supposed they would."

A ROBBER IN LIMBO.—G. H. Perkins, with numerous aliases, has been arrested at Lewiston, Me., for swindling. From his confession it appears that he has also been engaged in the various burglaries recently committed in Lewiston, Auburn, Bath and other places. He implicates as accomplices three others, two from Boston and one from New York. He says that one of his accomplices committed the heavy robbery on a Boston horse car a few days after the 4th of July last.

— "The Jewish women were once punished for adoring a false calf. Let the women of this country take warning."—We should rather think the men had better take warning in the case.

— People who have been laying up money for a rainy day, ought this season to be found among the most liberal of customers.

NEW HAMPSHIRE ITEMS.

—The stage coach which runs from Mason Village to New Ipswich, while at the railroad station at the former place and filled with passengers, the horses became frightened by the engine, and after running a short distance the stage was capsized, and one lady, said to be from Boston, was seriously injured. The other passengers escaped with slight bruises.

[Well, so long as drivers are careless and reckless enough to leave stages and coaches with passengers in them unguarded—and so long as passengers are fools enough to allow this to be done—just so long will all concerned be liable to just such breakneck accidents as this. Yes, and so long as anybody is foolish enough to invite or allow young women to ride on mowing machines, or to put babies on hay cutters—just so long will the women and children be subject to death or mangling.]

—The towns of Laconia and Guilford, having refused to appropriate money to raise the bridge at the Weirs high enough to allow the steamer Center Harbor to pass under from the Lake to Lake Village, the Proprietors of the boat, and other interested parties, organized a raid, and on Sunday last about fifty workmen commenced operations, raising the wall some three feet, placing the old bridge upon the new wall, and grading the streets at both ends of the bridge. The whole work was commenced and completed on Sunday, to prevent an injunction being served upon them.

—The Cheshire County Musical Convention will hold its fifteenth annual session at Keene, the 21st of August. Carl Zerrahn and W. O. Perkins are to be the directors. The managers announce the usual number of solo and star singers, together with Mrs. Shepherd and the Mendelssohn Quintette Club.

—Amos Hadley Esq., one of the editors of the Independent Democrat, has been appointed by the Governor and Council Superintendent of the Board of Education under the new law. The salary is $1200, with traveling expenses. Mr. Hadley, we learn, will retire from editorial duties and active politics.

—The Governor and Council have appointed Arthur Fletcher, Associate Justice of the Concord Police Court; Samuel Akers, Agent to expend appropriations for the Errol and Cambridge road; Ira Young for the Dixville Notch road, and Clovis Low for the Randolph road.

—The stocking mill of Joseph Smith, at New Boston, was burnt Wednesday night.

☞ The great Union Pacific Railroad Company have been doing a great business in advertising, all over the country, as every body knows; and in consequence, have also been doing a great business in selling their Bonds. Their Agent says "the Company are well satisfied with the results of their advertising." Of course they would be. Jay Cooke could now have sold the U. S. Bonds, with all their attractions, but for the help of the newspapers. There is nothing like advertising,—if you only have something worth advertising, and know how to do it.

HOW A "CONSERVATIVE" BULLY GOT DROWNED.—Gustoff Forschen, a native of Germany, was drowned in a creek at Roxbury, Mass., Thursday afternoon. He jumped in to escape, by swimming, from the police who were after him. It appears that James Lannon had a negro man do some work for him, and at the end of the job took him into a saloon to treat him. Forschen and others reproached L. for drinking with a negro. He made some remark about the negro not being responsible for the color of his skin, left the saloon rather than have further trouble, and went to the Washington Gardens, whither he was shortly followed by the other party, and Lannon was thrown down, kicked severely and badly bruised. The police were called in and arrested two of the roughs, but Forschen, in escaping got drowned as above.

☞ On Thursday afternoon, at Gloucester, Maine, on a crossing, Mrs. Foss of New Gloucester was run over and instantly crushed to pieces by a Grand Trunk train. Her carriage was in danger of being struck by the passing train, and she was so frightened that she leaped out directly in front of the train.

☞ The strongest arguments we have ever seen against the free rum system, are the very items which the papers that favor it are continually giving, to show the general prevalence of drunken habits in Boston and elsewhere. If such a state of things has been occasioned or allowed under the old regime, it is high time a new one was instituted.

—The officers of the Irish Brigade in New York city have made arrangements for a requiem high mass for the repose of the soul of the late Gen. Meagher, to be celebrated on the 14th inst., in the church of the Jesuit Fathers, and also for an oration in the Cooper Institute on the General's life and character.

☞ An exchange says, at North Adams, Mass., where his difficulties culminated, Rev. Mr. Merrill received $2000 per year for three years—a pretty good income for a village, and more than twice the average of ministers' salaries.

—Judge Poland of Vermont has issued an earnest appeal to his constituents of the 2d Congressional District for contributions in aid of the Union cause at the South.

THE GREAT ROUTE OF TRAVEL IN THE UNITED STATES, *from North to South, and South to North.—The Climate and Soil of the South, &c.*

Messrs. Editors:—A writer in the Atlantic Monthly—April number, says: no people travel more than the Americans, whether inside of their own country or outside of it.—We have had an opportunity of judging the correctness of the above, that no other race of people do travel half as much as the Americans. Whether it be on a railway or steamers, bound for New Orleans, Texas, Havana, or California, or on the European bound steamer, or trains going from one part of Europe to the other, whether in the Baltic or the Mediterranean, you will find the American traveler always present.

We remember on two occasions in Europe, one from Lubec to Copenhagen, in the Baltic by steamer, the other from Nice, south of France, to Genoa, Italy, that we said we would be alone these trips, so far as American company. We were not more than on board than there we met the Yankee traveler. Europeans travel at home— they travel there more than Americans do in the States for long tours. The bulk of the American tourists go to foreign countries, they do not make the tour of the States that they do of Europe. Why is it that there is not more of this home travel? We should learn as much, be as well posted from actual observation of our own country as that of Europe. We often wonder in traveling through New England, why it is that the million or more of inhabitants remain crowded to almost suffocation to disease and death, while there is such an opening of homes for them in the flowery land of the South, where millions of acres of land lay idle, awaiting but the touch of the husbandman to yield an abundance; there where the mocking bird sings the livelong year, where the orange and all other tropical fruits grow in an overbundant yield, where it will not require one half the manual labor to make the earth bring forth. We say to the people of New England, look to this and tarry not, for in a few years the foreigner from *Fatherland* or elsewhere will have flocked to that land of sunshine. Now is your time,—you can live there as well as in New England, and to all that intend going, or have an idea thereof, we will direct their attention to West Louisiana, west of the Bayous, Atchafalaya and Teche, the Parishes of St. Marys, Vermillionville and Calcasieu. This country does not overflow, and to all who intend going on a tour, or to those who may desire to write, we will refer them to Col. Jas. B. Price, of the firm of Price, Hinc & Tupper, Carondelet st., New Orleans.

In the Calcasieu country, there is unmistakeable signs of Petroleum. Col. Price is the owner of a large tract, upon which they have found oil, and the writer of this is authorized to say that Col. Price will give to any one of means, ten acres of his own choice, provided they go there with machinery and give it a fair test in order to get a flow of oil such as they had in Pennsylvania. The oil is in Louisiana and can be brought out.

Now for the trip from north to south, east to west. We all like comfort then; it is not to be found in petty annoyances, such as "change cars here," every 100 miles. It is somewhat of a ride through to St. Louis, New Orleans and Texas; therefore we should study well the route of routes for such a trip. We have made the trips so often between the extreme North and South that we can recommend from actual experience the only comfortable route between the above named points, and knowing that there are many hundreds now sojourning up this way who will return South, and many of your readers who will seek the sunny South from the cold of this northern clime, therefore we write this information obtained by actual experience.

Well, here is the route, if comfort you seek, bound west, or south, or southwest—for Cincinnati, Louisville, St. Louis, Memphis, Mobile, New Orleans, Galveston, &c. Your route is over the great New York Central Railway, with its splendid red cars, through from Albany or New York to Buffalo or Suspension Bridge, (Niagara Falls) without any change of cars.

Here you get a view of the wonders of the world, the Falls of Niagara and the greatest bridge in the world. Here you take the Great Western Railway (broad guage) through Canada 229 miles, for Detroit. From Detroit take the Michigan Central Railroad to Chicago, distance 283 miles. This road, in all its appointments, is said to be the best in the country. From Chicago strike south for Cairo via the Illinois Central Railroad, distance 365 miles, (for St. Louis, passengers change cars at Matoon or Odin.) From Cairo, for Mobile and New Orleans, take steamer Gen. Anderson 22 miles down the Mississippi river to Colombus, Ky. Here you take the Mobile and Ohio Railroad, 472 miles to Mobile, without changing cars. Passengers for New Orleans, by changing cars at Jackson, Tenn., take the Mississippi Central and New Orleans and Jackson Railroads into the city of New Orleans. New Orleans can be reached via Mobile by the splendid steamships of the Morgan line, plying daily between Mobile and New Orleans, via Mobile Bay, Grant's Pass, Mississippi Sound, Lake Borgne and Lake Pontchartrain, to Lake's end of the Pontchartrain Railroad, thence four miles by rail into the City of New Orleans.

And now that we have arrived at the Crescent City and wish a Hotel, we will give them for your benefit. There are the St. Charles and St. Louis, both under the management of O. E. Hall; the City Hotel (at which you can find Major Langley of the Illinois Central, who can and will tell you more of New Orleans, Louisiana and Texas, the Arkansas Traveller, &c., than any other man who ever went to school in the land of David Crockett. It matters not which hotel you stop at in New Orleans, and if information is what you desire, then hunt up Ben Langley,) and last, though by no means the least, the great St. James Hotel, now under the charge of new landlords. In Mobile, the Battle House is the only one of note, now owned and managed by Capt. Godfrey, of whom we learn enough to guarantee the Battle House will be kept as a first class hotel. Mobile is a good winter clime.

Now for West Louisiana and Texas. From Algiers, on the opposite bank of the Mississippi river, (at New Orleans), you depart daily by the Opelousas Railway for Brashear, (or Berwick's Bay, as it is called,) 80 miles.—Here you take the steamer up the Bayous Atchafalaya and Teche, for Franklin, New Iberia, Opelousas, &c. At Franklin you will find a hotel, the Mansion House, by Colonel O'Neil, replete with all the comforts of this life.

For Texas, Galveston, &c., from Brashear it will be in the season, daily by the splendid steamships of the Morgan line. Leaving Brashear at 2 P. M., you are in Galveston to breakfast the next morning; and thence 50 miles by rail to Houston, which you reach in time for dinner; and thence on interior by either Buffalo Bayou or Brazos & Colorado Railroad and the Central Railroad; and here we will say, as we are for giving information, do not be deceived by the representations of any runner of a line of steamers up the Buffalo Bayou; by them you are only 24 hours behind the railroad time. Hotel in Galveston, the Island City; in Houston, the Metropolitan, Old Capital and the Hutchins House.

Now, reader, we have given you the route through to Texas. By preserving this you will find it of some service, should you be bound that way the coming fall.

We cannot conclude without noticing the comforts of the route from hence to New York. We should all look to our safety, as well as comfort, and we can assure the travelling public that via the steamers of the New London route inside of the Sound, is far safer than the outside Atlantic Ocean passage around Point Judith. This line, the New London, with its splendid steamships of 2000 tons, the City of Boston and City of New York, have a record of years without the slightest accident. The accommodations on these steamers are superior to anything afloat on the waters. By the Boston & Worcester Railroad you reach the steamers at New London in ample time for a splendid meal, and then as comfortable a night's rest as if you were in a hotel; not having your rest disturbed by sea sickness, you awake to find yourself refreshed and ready to pursue your journey, in whatever direction you may be bound.

Reader, we write this for your benefit; we wish you may profit thereby. TOURIST.

Portsmouth, N. H., Aug 8, 1867.

WATERFALLS GOING OUT OF FASHION.—Wherever "Barrett's Vegetable Hair Restorative" has been introduced, Waterfalls are going out of fashion. This unrivalled preparation causes the hair to grow to such length that fake hair is not required. 3

DON'T READ THIS! For it tells you truly that Pyle's Saleratus is absolutely pure, and the only genuine Saleratus to be found. Ask for Pyle's Saleratus, and take no other. His name is on every package. 14

WHITE WITNESSES.—The mouth of the man who purifies his teeth with SOZODONT is a witness box, and every time he opens it two rows of gleaming witnesses testify to its beautifying properties. 12

VINUM BONUM SANGUINEM FACIT.—Speer's Sambuci Wine makes good blood and imparts new life and tone to the whole system. Excellent for kidney affections, and the best tonic for ladies, weakly persons and invalids. Sold by druggists.

— It is supposed by some that the Prince of Wales visited this country in part to obtain a package of Herrick Allen's Gold Medal Saleratus. Whether he did or not, it would do honor to the Queen's table to have as nice light biscuit as that article always makes. If any one has any doubts on that subject, go to your Grocer and get a paper immediately, and find of a truth that there is nothing like it. Everybody sells it. 49

☞ A fire at Bangor, at one o'clock Friday morning, destroyed Grover & Co.'s steam planing mill and other workshops, Hill's Theatre, &c. Loss $30,000; not insured.—Several firemen injured by overwork.

— At Lovettsville, Va., a few days since, a colored man aged one hundred and eight years, was registered. Twelve others beyond seventy years of age were registered there.

— A water-spout recently burst at Gaudalafara, destroying a large number of lives and an immense amount of property.

— Tom Thumb's occupation is gone.—He's begun to grow.

— Pope Pius IX has canonized 46 new saints.

BREAD

MIXING and KNEADING MACHINES.

One of the Most DESIRABLE and VALUABLE Inventions of the Age.

For sale by

E. A. STEVENS,

46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the following statement of the advantages of the Bread Mixers and Kneaders.

FIRST.—The Machine is simple in construction, will not get out of order, and is thoroughly adapted to the purposes for which it was intended, the kneading and mixing of bread. It is the only machine ever invented for these purposes, and has given entire satisfaction wherever used. It is also compact and ornamental and will last for years.

SECOND.—It both mixes and kneads the bread by the same action. The flour, water and other ingredients necessary for bread, are put into the machine (which is a part of the machine) at once, and there, by the simple action of turning a crank for a few moments, becomes thoroughly kneaded dough.

THIRD.—It mixes the flour and other ingredients, stirring them together and removing all the lumps, more effectually and quickly than can be done by hand.

FOURTH.—It kneads the dough evenly and uniformly. The lightness of bread depends upon its being thoroughly kneaded and mixed with air or "aerated." In this machine every particle of dough is caught up and brought under the direct action of the "rollers," thus becoming as perfectly kneaded as can be done by the most skilful of experienced professional bakers. It will make therefore the lightest kind of dough suitable for French rolls or any other kind of bread. See certificates.

FIFTH.—It saves a great amount of labor. Every lady knows that it requires one half an hour to knead dough by hand so that it shall make good light bread. By simply turning the crank (which a child can turn) the dough in this machine is mixed and kneaded in less than ten minutes

SIXTH.—It has the advantage of perfect cleanliness. Dough first to last is not touched with the flour or other ingredients. The perspiration and other impurities of the hands and arms need no longer constitute an ingredient of the bread. Ladies will understand this when they remember that kneading the dough makes the hands white and clean.

SEVENTH.—The machine cleans itself, scraping off from itself the particles of dough.

EIGHTH.—The machines are of different sizes, from one suitable for a small family to the large machine to be run by steam or horse power, which will mix and knead from one to three barrels of flour at once.

NINTH.—Any one knowing the right proportions of the different ingredients, can with these machines make the lightest and best of bread, since the dough requires no manipulation.

TENTH.—It can be used for mixing cake and pastry, and in fact for all other purposes, domestic or otherwise, where mixing is required.

The principal advantages, however, are:

The Great Saving of Labor.

Cleanliness.

Certainty of always having Good Bread, which even the most skilful often fail in making.

The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.

It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.

The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au 6 E. A. STEVENS.

Holloway's Pills.—Derangement of the Stomach and Bowels. As the stomach by the agency of the gastric juices assimilates digested food into elementary blood, we cannot be too careful of preserving it in a healthy and vigorous condition. Holloway's Pills are powerfully corrective and detergent, they strengthen the digestive organs, and by their curative properties cleanse and purify the digested food in its process of conversion to blood. In all disorders of the bowels and viscera, their sanative qualities are unequalled. Sold by all Druggists. au10dawlw

THE MUSIC BOOK
FOR THE YOUNG FOLKS AT HOME IS
MERRY CHIMES;
Containing Elementary Instructions, Attractive Exercises and several hundred Popular Songs.

This New Book will be found Superior to all similar works, in many points essential to a popular Instruction Book in Vocal Music and Collection of Melodies for the young.

FORTY EDITIONS have already been published, and the demand continues unabated. Many of the Songs have been written expressly for the work, and none of the songs are old and timeworn—only the choicest from modern books. All new and sparkling, adapted to all occasions, and alive with the Spirit of the Times. PRICE 50 cents. Sent post-paid. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

DIRECTIONS FOR
MAKING YOUR OWN SOAP
WITH YOUR KETTLE GREASE!
Penn'a Salt M'fg Co.'s Renowned
SAPONIFIER:
(Patents of 1st and 8th Feb., 1859,) OR
CONCENTRATED LYE!

Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of Lye in 2½ pounds (pints) of hot water, in an iron pot. Melt in same pot or pan 5 lbs. of clean fat or grease. Take off the fire, and into *this* stir slowly the dissolved lye, and keep stirring until the whole become well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into small pieces, add 6 lbs. (or pints) of water, and melt with a gentle heat until the soap is *all dissolved*, then pour into a tub to cool. When cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for PENNA SALT MFG CO'S SAPONIFIER.*

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in colds, rheumatism, etc., is worse. BRANDRETH'S PILLS are always safe, never leaving any ill effects. In all cases their use is wise; but in severe pain from colic, inflammations, or external injuries, it is LIFE SAVING.

Remember BRANDRETH'S PILLS are always sure of effect, and always without the least danger, and never act on every part of the system, dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says—"I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH is white letters on the government stamp on each box. Jy29dawlmsepn

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment: it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Kidneys, Chest and Back; also Internally for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself. Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortland street, N. Y. asdwim

DR. SCHENCK'S NEW OFFICE.

☞ DR. J. H. SCHENCK, of Philadelphia, has opened an office on second floor of No. 35 HANOVER STREET, Boston, where he will be professionally every WEDNESDAY, from 9 to 3. Every person complaining with Consumption or any disease leading to it, is invited to call on him. He gives advice free, but for a thorough examination with his Respirometer the charge is five dollars.

Dr. Schenck can explain to patients very correctly the stage of their disease, and how to use his medicines, namely, his Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills, without the use of the Respirometer; but by it he can tell exactly how far the lungs are gone, and what part; also whether it is Tuberculous, Pulmonary, Bronchial or Dyspeptic Consumption, or whether it is merely an ulcerated throat and catarrh, or from Liver Complaint.

His medicines have full directions, so any one can take them without seeing him, but if they live near by and are well enough, it is best to see him. All three of his medicines are required in nearly every case of lung disease, for it is impossible to cure Consumption unless the stomach and liver is kept in perfect order. In get lungs in a healing condition the stomach must be cleansed, and an appetite for good rich food created, so as to make good blood, before the lungs will begin to heal; then the chills and night sweats will stop, and the expectoration become free and easy.

He keeps a full supply of medicines at his rooms, which can be had at all times.

Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents.

Consumptives are liable to be attacked with Croup without a moment's warning. It is, therefore, important that every family should have constantly at hand some simple and pleasant, yet efficacious remedy for the cure of this painful and too often fatal disease. Such a remedy is

Dr. Hooker's Cough and Croup Syrup.

For sale by all Druggists.
mh25—dawly No3 Springfield, Mass.

DEMAS BARNES & CO., 21 Park Row, New York, will also supply the Trade at List Prices.

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is KILLED DEAD,

the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which IN FIVE MINUTES

produces a black or brown which is not surpassed by nature's own hue. Be wise in time. The only safe and sure article is

Local.

POLICE COURT, Aug. 10.—Joseph Slater, for drunkenness, was fined $1 and $3.86 costs.

☞ Deputy Marshal W. S. Warren, of Dover, arrived here on Friday with the necessary papers for the arrest of Giles Bolo of Dover, for the crime of mayhem on the person of Benjamin Wentworth, of Berwick, Me. Bolo and two other desperate villains attacked Wentworth, undoubtedly for the purpose of robbing; and in the struggle to defend himself, Bolo bit off Wentworth's ear *and swallowed the piece.* Bolo is one of the parties who were recently arrested by Marshal Johnson for an assault on two persons on Portsmouth Bridge. Officer Warren paid Bolo's fines and costs in our Court, $54.46; and acting Marshal Sides and Sheriff Morse delivered him the prisoner. If justice gets its due, Bolo will break stone at Thomaston, Me.

☞ It is a great mistake, if not a great lie, to say there is more rum drank or more drunkenness now than in old times anywhere. But there is yet a great deal of drunkenness here and everywhere, we regret to see and to say. And isn't it a most astonishing fact, that the victims of tobacco and rum "can't see it" themselves, as every one who meets them can —that the mark of their indulgence is plainly branded on their faces, forms, and habits? A few days since, a party of *five* young men, all in business in this city, walked by our office in a squad, all drunk enough to stagger and swagger and look very foolish; and yet we doubt not they thought nooody could notice anything. Alas! poor fellows, you are on the road to ruin, if you have not already arrived there; and your only satisfaction must be that you have much company in your downward course, and no doubt you fancy you "have a good time."

☞ At the quarterly meeting of the Mechanic Association, on Tuesday evening last, the proposition for a public Celebration this fall was discussed, and a committee appointed to inquire into the matter, and report at an adjourned meeting Tuesday evening, August 20th.

☞ Owing to the continued indisposition of His Honor the Mayor, no business was transacted in Board of Aldermen on Thursday evening.

☞ The Grand Excursion to the Isles of Shoals, in the steamer William Harrison from Boston, unavoidably postponed last Sunday, will positively take place we are informed, if the weather is fair, to-morrow, Sunday, Aug. 11.

☞ An order was received here Thursday by Gen. Gates, from the Adjutant General's office at Washington, tendering Lieut. George F. Hunting, late Q. M. at Fort Constitution, four weeks leave of absence. Lieut. H. will spend his furlough with his relatives in Vermont.

☞ The Pastors' Great Combination will appear here next Tuesday evening, in conjunction with Prof. Tanner's performing dogs and monkeys.

☞ Those desiring to invest in real estate will have an opportunity to-day. See auction column.

☞ Hon. E. H. Rollins of Concord was in the city yesterday, *en route* to Dumas,' at Boar's Head.

Communication.

PORTSMOUTH, Aug. 8th.

Editor of Chronicle.—Dear Sir,—There is to be a match game of Cricket played at the Plains next Monday, between the Rockingham Club of this city and the Cricket Club of Ipswich, playing to commence at 11 o'clock A. M. Every accommodation will be made to take care of spectators. A general good time is expected.

A MEMBER OF COMMITTEE.

Communication.

Dear Chronicle,—Cannot some of your readers interested in Base Ball, be kind enough to inform us of some good field near the city, where we can enjoy the game? We now have to walk out to the Plains to play; it is too long a tramp, out and back, and very few of the players are willing to go or can spare so much time; and when we do play, more than half time, there are not men enough to make up a game. Now if we want the Rockingham Club kept up, we have got to have grounds within a reasonable distance of the city. It would be a great shame to have the Club disband; but if there is not something done, it must "go under." We know of only two fields, and of those the owners are so contemptibly mean that we cannot get them. ONE WHO LIKES BASE BALL.

AN EFFICIENT WORKER.—The Republican party and cause of progress and liberty in this State, owe much to the services of Hon. T. L. Tullock. And we observe the Coos Republican mentions this gentleman (now resident Secretary of the Union Republican Congressional Committee at Washington,) as being present at the split Republican Conventions in Richmond, and endeavoring by his counsels, to harmonize diverse interests. Mr. Tullock has carried his services to a broader field than when at work in this State. His indefatigable and systematic labors cannot fail to be productive of good.

— The last explanation of the Johnson-Stanton difficulty is that it covers a scheme to spoil Gen. Grant's chances for the Presidency, by getting him to take Mr. Stanton's place, and thus committing him to Johnsonism. "Comment is needless."

DEATH OF ABBY FOLSOM.—Mrs. Abigail H. Folsom, aged seventy-five years, died at Rochester, on Monday last, August 5. She was well known throughout New England as "Abby Folsom." She left Boston about two years since for her old home in Rochester, where she remained with broken health and a shattered constitution until her death as above. Aunt Abby collected many a quarter for "the cause"—whatever that might be—and was a harmless person. Her maiden name was Abigail Harford; she was employed in Portsmouth as a tailoress fifty years ago, and was then a member of the Methodist Church. She was doubtless insane on some subjects during many of her later years.

— At the Union Convention recently held at Athens, Ohio, Josiah B. Allen's name was put up for Recorder in opposition to an elderly and respectable Squire, and it was stated in his favor, that while leading his Company, in the 30th Ohio, in one of the bloody assaults on Vicksburg, he lost an arm. "Was he an officer?" asked a delegate. "No. He was only a sergeant. There was no commissioned officer present." "All the better," shouted some one, "we'll nominate an enlisted man;" and the one-armed sergeant received the nomination by acclamation.

— A few days ago a fellow called at a hotel in New London, Conn., engaged rooms for forty members of a Bridgeport Hose Company, who were to visit the place, and dinners for thirty-five persons who were to accompany them. The agent was well treated, stayed over night, skedaddled next morning, paying no bills, and the Hose Company did not come, of course.

— Gov. Worth of North Carolina has issued an address to his people, urging them by all means to register, preparatory to discharging whatever political duties the times may require of them.

— Mr. John P. Welch of Tipton, Cedar county, Iowa, when about four miles from Muscatine, on the 31st ult., riding one horse and leading another, was overtaken by a thunder storm and killed, with both of his horses, by a flash of lightning.

— Several small boys were bathing in the Merrimack, near Newburyport Hat Factory, when one, named Roney, son of Mr. Felix Roney, ship carpenter, aged eight years, went beyond his depth and was drowned. He felt that he was going and called to the other boys, but none of them could swim.

— Lord Lyttleton proposed a most extraordinary amendment to the English Reform Bill, which, if it passed, would disfranchise a large majority of the greatest men in the kingdom. No one to vote "who cannot write a *legible* hand." It did not pass.

MARRIAGES.

In this city, August 5, by the Rev. T. F. Davies, Mr. WM. J. GRANT, to Miss LAVINA J. LANGDON of Portsmouth.

August 8, by the same, Mr. CHAS. E. BERRY, to Miss ETTA MAGRATH, both of this city.

In New Durham, Junel, ANDREW J. CANNEY, to Miss CARRIE HAM, both of Farmington.

July 4, OSCAR E. BROWN, to Miss MARY A. JENNESS.

DEATHS.

In Rochester, June 24, GRACIE M. HUSSEY, aged 2 years.——July 28, Miss ELIZA PRAY.—July 31, Mrs. MARY GOODALE.

In Tuftonborough, July 24, Mrs. ELENOR WIGGIN, aged 75, wife of Richard Wiggin.

In Freedom, June 20, BENJ. HAMON, aged 87.

THE
UNION PACIFIC RAILROAD CO.
THEIR
FIRST MORTGAGE BONDS,
AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is,—"Are these bonds a first class investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 617 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have stood by and paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**

The daily subscriptions are already large, and they will continue to be received in New York by the

CONTINENTAL NATIONAL BANK, 7 Nassau st.,
CLARK, DODGE & CO., Bankers, 51 Wall street,

Morning Chronicle.

CANNING FRUITS.—The *Boston Journal* of Chemistry says:

The plan of preserving fresh fruits and vegetables by boiling, and then hermetically closing the can or vessel, is, after all, not a very modern notion. As long ago as the time of Gay Lussac, the celebrated chemist, it was practiced. Appert, a Frenchman, practically tested the process in 1760, and Gay Lussac wrote a report upon the subject. We have in our day invented some very convenient and cleanly glass jars, and other vessels suited to the purpose; but little improvement has been made in methods of preserving perishable substances.

HOW TO SAVE KEROSENE OIL.—We find the following in one of our exchanges. It will be very easy for any one to try it:

A short time ago we published an article from an exchange to the effect that salt in a kerosene lamp was a great saving of oil. We have since fully tested it, and it is a greater saving than was stated in the article referred to. Fill the lamp half full of common salt, and then fill up with oil. It burns with a clearer flame, and it is a saving of more than twenty-five per cent. in oil. Try it.

☞ The Boston Journal of Chemistry speaks thus disparagingly of solutions for the preservation of fruit:

Several preserving compounds have been invented and used to some extent; but after extended experiment in their employment, we cannot advise their use. They are all alkaline sulphites, or solutions of sulphurious acid. A solution of bi-sulphite of potassa, we believe, has been patented as a fruit-preserving compound. The sulphites, to a certain extent, arrest decay in fruits, but they leave a taste and odor which is exceedingly unpleasant, and they destroy their rich flavor.

— An Irish absentee is said to have sent this comforting message to his steward:—"Tell the tenants that no threats to shoot you will terrify me."

— A Jersey shoemaker who "takes the papers," agricultural ones especially, graduated from the cobbler's bench and went to fruit raising. He bought a half-acre lot, and now supports his family by raising grapes and currants, all grown on the half-acre.

— A nervous old gentleman recently attempted to remove a large bug from the bonnet of a lady who sat in front of him at the theatre in New York. The result was he uncrofed her back hair, the bug's office being to hold her head and hair together.

— If you and your sweetheart vote upon the marriage question, you for it and she against it, don't flatter yourself as to its being a tie.

— Living germs or spores, 1-2000th of an inch, found at all times in the atmosphere, act as a ferment, inducing putrifactive change in vegetables, fruit, meats, &c.

— Southern Illinois is exulting in an abundant crop of peaches, berries and apples, such as has hardly been known even in that land of plenty.

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to pronounce it the MOST FINE CUT in the market. We will continue to offer these inducements until the fact is fully recognized.

We are making the CENTURY from selections of the very choicest old leaf, and have every care to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEWING TOBACCO.

On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in five papers, $20 each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $8 in each, and on Saturdays, in fifty papers, $4 in each. Also in each package GENUINE U. S. GREENBACKS to the amount of $100 a day.

The finding of these Greenbacks—by sending us their names, address and numbers of the bills—will be presented with packages of our Tobacco in precisely the order of its receipt.

This House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, which we hope, by right all doubts, it any should exist, as to the genuineness of this enterprise.

THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. R. Mitchell, 36 Central street, Boston; B. A. Van Schaick, 18 & 20 Front street, Philadelphia; Foy & Earle; 83 S. Water street, Chicago; Schultz & Bagley, 94 West second street, Cincinnati.

American and Foreign Patents.

R. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of the U. S. Patent Office, Washington under the Act of 1837.

No. 78 State street, (opposite Kilby street,) Boston.

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Deeds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign Patents, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.

N. B. The United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

During eight years the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.—EBEN. MASON."

Commissioner of Patents.

"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.

EDMUND BURKE."

Late Commissioner of Patents.

"Mr. R. H. EDDY has made for me THIRTEEN applications, in all but *ONE* of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHART."

Boston, Jan. 1, 1867.—8tawly

As Good as the Best.

The PIANO FORTES of HALLET, DAVIS & CO. have never been excelled. The subscriber has sold and used them for many years, and they have proved equal in all respects to any other make, and superior to most. A splendid new 7 octave instrument, fresh from their mint, may be seen at his new Music and Painting Room, Mercantile Library Building, over Mr. J. H. HEAD'S store, which is for sale at the manufacturer's price, and which our friends and the public are invited to call and examine. T. P. MOSES,

Portsmouth Insurance Agency.

SPEER'S SAMBUCI WINE.

Prescribed by Physicians for

FEMALES, WEAKLY PERSONS AND INVALIDS.

As a Tonic, it has no equal, causing an appetite and building up the whole system of the most debilitated. *As a Diuretic,* it imparts a healthy action to the Glands, Kidneys and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections. *As a Blood Purifier,* it is superior, being one of the best alteratives known in the medical pharmacopoia.

The qualities of SAMBUCI are "*unknown in nature,*" being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.

N B.—None known to contain sanguinem facit. SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and beautifying ladies and children.

Be sure the signature of *ALFRED SPEER,* Passaic, N. J., is over the cork of the bottle.

If you want a Superior Instrument,

BUY ONE OF

Mason & Hamlin's Cabinet Organs,

Of A. PEARSON, No. 80 HANOVER STREET, Sole Agent for Portsmouth and Vicinity.

Forty styles, plain or elegant cases; one to 12 stops. Prices, $75 to $600, and upwards.

Fifty-six Gold or Silver Medals, or other highest premiums, have been awarded to Mason & Hamlin for the important improvements effected by them, and for the *Superiority of their Instruments to all others.*

The Mason & Hamlin Cabinet Organs must not be confounded with other reed instruments, from which they vary essentially, their superiority being largely derived from PATENTED IMprovements, which cannot be employed by other makers. Among them are:

The Automatic Bellows Swell,
Improved Self-Adjusting Valves,
Wood's Octave Coupler,
Noiseless Safety Valves,
The Improved Combination Register.

Circulars, with full particulars, and list with illustrations of styles and prices, furnished as above. Jy26—biws

THE BIRD QUESTION.—The Western New York Fruit-Grower's Society had a discussion at its last meeting on the question of the value of birds upon the premises of fruit-growers, and the burden of the comments was against fostering them, particularly the robin. Some of the leading fruit-growers were down on red-breast, and recomended the shooting of as many as would clear the premises. One of the speakers was a friend to hawks, crows, and owls, but said the robin was very destructive upon cherries, strawberries, &c.

Another and a solitary one, advocated birds. He said he had an abundance of birds and an abundance of fruit, &c. Our own premises are full of birds, and we encourage them to take up their abode about us in every possible way. They are rather greedy, it is true, and take much more than their share of the cherries, especially the early ones. But it is not the robin only; the black bird, the blue bird, *sparrow*, orioles, and particularly the cat-bird, all freely help themselves, and with the exception of the blackbird are heartily welcome. We lose only a few strawberries, and these among the early ripening; but the robin here is not the only depredator upon these. The cat-bird is its full match, and a much slyer thief. It is especially destructive upon the Delawares and some other small grapes in September.

But there is a remedy for the depredations of birds upon the early fruit which is very easy to apply. This is to plant here and there a black mulbery tree. The birds prefer this fruit on account of its being free from acidity, to both cherries and strawberries; and as the mulberry is a good fruit of itself and liked by many people, this would add to the inducement to plant it. Therefore, we hope our belligerent fruit-raisers, instead of shooting the robin, will feed it on mulberries, and it will no doubt be very thankful.—*Germantown Telegraph.*

— Advices from the West, dated Monday, say that west of the lakes there has been no rain to injure the crops. The wheat harvest, both spring and winter, is secured in Iowa, Illinois and in about one-half of Wisconsin. In the last mentioned State and Minnesota the crops are now being gathered, the yield being reported to be unusually large, reaching 27 to 35 bushels to the acre, and weighing in some cases 61 pounds to the bushel. On the Michigan Southern and Illinois Central Railroads the crops are already moving.

— The Aroostook Pioneer says a hen belonging to Rev. E. Knight of Fort Fairfield, Me., was found brooding four young kittens. She had been setting a day or two on one egg, and it is supposed the cat had carried them there in the absence of the hen. When found the cat was trying to get at the kittens, but the hen would drive her away and then return to her charge.

— The present Government of Austria fully agrees with the immense majority of the Austrian Parliament in carrying out the provisions of the Concordat of 1855, which grants to the Roman Catholic Church extensive privileges at the expense of other religious denominations. Negotiations have, therefore, been entered into with the Papal Government for the conclusion of a new Concordat.

— The Co operative Foundry Association in Troy, N. Y., are about to enlarge their works by erecting two buildings, each to be 120 feet deep by 40 wide, and three stories high.

— The French squadron which sailed recently for the Island of Candia to relieve suffering families of Cretans, took on board 1500 refugees, mostly women, children and old men, and conveyed them to a place of safety.

GAS STOVES.
The subscriber has just received an assortment of GAS STOVES of various sizes, by which Baking, Boiling, Frying, Heating Flat Irons, &c., can be done at a very small expense.
The Stoves come at VERY LOW PRICES,—from $1 50 to $12 each. Any family will find one of these Stoves to be invaluable for use in hot weather, or in case of sickness in the night.—Water can be heated in one in less time than a fire can be made in an ordinary stove.
KEROSENE OIL STOVES of the same styles as the above. For sale by
jy22 E. A. STEVENS.

Notice.
Whereas my wife, Jennie E. Faulkner, has left me without cause or provocation, this is to forbid all persons harboring or trusting her on my account, as I shall pay no debts of her contracting after this date. WILLIAM FAULKNER.

GLEASON HALL
PRESENTATION FESTIVAL,
WEST TROY, N. Y.
THE SECOND GRAND CONCERT
Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,
Will take place on
Thursday Evening, August 8, 1867,
The First Grand Concert of the series took place at West Troy, N. Y., on Thursday evening, July 25th, and was a grand success, the Hall being filled to overflowing with a refined and appreciative audience from all parts of the State. There was a committee of three reliable and well known gentlemen selected by the audience on the night of the Concert to superintend the drawing, when it takes place, which will be on the night of the last Concert. The Tickets, which have been limited to 75,000, at
ONE DOLLAR EACH,
can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy,	$30,000
FARM, fifty acres. Rensselaer Co., -	4,000
Six Building Lots, Albany City, -	4,000
One Mortgage, Albany City Property,	1,000
Two Billiard Tables, - - -	1,200
One Mortgage, Farm 56 acres - -	1,075
One Piano - - - - -	600
Three Melodeons, - - - - -	375
Two Bedroom sets, - - - -	200
One Grover & Baker Sewing Machine, plated,	85
One Wheeler & Wilson Sewing Machine,	70

And Thousands of Other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Plated
Sets Knives and Forks, Sets Spoons, Dressing Cases, Port Mounnies, Scarfs, Tab'es, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.
The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.
The property may be seen at any time by calling on the agent, John H. Casey, Metropolitan Hotel, West Troy, N. Y.
We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all mortgages upon Mr. Casey's property. ANDREW ALEXANDER,
THOMAS RATH.
The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the proceedings with honesty and fairness, and try to give satisfaction to the public.
Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Ferry Co.; N. F. Witbeck, N. Y. C. R. R.; R. Witbeck, Att'y and Coun. at Law; A. J. Rousseau; Dr. J. F. Witbeck; Hon. Thos. Kearney, Ex-Co. Treas., Albany Co; Henry Pitchett, N. Y. C. & R.; Thomas Rath; T. W. Jackson, Att'y and Coun. at Law; R. S. Lobdell, Supt. West Troy G. L. Co.; P. A. Rogers, Justice of the Peace; Rus & Co., 96 Dey st., N. Y.; John A. Gladding, Lansingburgh, N. Y.
SPECIAL TERMS OR Club Rates.—Five Tickets, $4 50; Twelve Tickets, $9; Twenty Tickets, $15. A photograph of the Metropolitan Hotel may be seen at the stores of our Agents.
Tickets may be procured
AT BATCHELDER & CO.'S STORE,
3 Congress Street, Portsmouth.
N. B.—In order to give confidence to the public, and secure them in their investment, we allow our agents to retain all moneys received for the sale of tickets, until the distribution takes place.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
IT KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

JAMES A. DUPEE, JAMES BECK, HENRY SAYLES

The Daily Chronicle.

Portsmouth, N. H.

MONDAY, AUGUST 12, 1867.

☞ At a regular Cabinet meeting, held on Friday, all of the members were in attendance but Attorney General Stanbery and Secretary Stanton—the latter remaining in the discharge of his official duties at the War Department. The question of the power to suspend the Secretary of War, as well as to remove him under the Civil Tenure act, was resumed from the discussion of Thursday, and the President held, as he had done all along, that he clearly can suspend Mr. Stanton from the exercise of his official functions, but Mr. Randall and Sec. Seward did not seem to warmly sustain that position. The Cabinet only appears to be a unit in agreeing that a member should resign on being requested by the President. The Executive still proposes to utterly ignore Secretary Stanton, but the latter continues to discharge his duties, and no order has been issued in any way interfering with them. The President said that the whole matter would be held in abeyance for several days.

☞ A special dispatch from Fort Hayes, Smoky Hill route, Pacific Railroad, Aug. 8, via Fort Harker, Aug. 9, says the Indians have just made three separate descents on working parties along the railroad above there. They stole all the stock, which numbered about forty head, from the contractors, and wounded several men. Several Indians were killed; among those were three of the Cheyenne tribe. Small bodies of troops have gone out with the contractors, and they are again at work. The Indians are in large numbers all around.

☞ A cable dispatch states that a terrible railroad casualty occurred at Bay Head, Wicklow county, Ireland, Friday. The express train from Dublin for Wicklow, when at the above named locality, ran off the track and eight passenger coaches were precipitated into the sea. The railroad at that point runs along the summit of a high bluff. The loss of life was frightful; one person only in the whole train, a man named Morris, escaped alive. Thirty persons were killed outright.

DEBT OF THE NEW ENGLAND STATES. The following table shows the amount of debt of the New England States, respectively, before the war, and the amount they severally owed in 1866:

	1860	1866
Connecticut	$50,000	$10,000,000
Maine	1,037,737	5,000,000
Massachusetts	7,175,978	25,555,737
New Hampshire	82,148	4,169,818

☞ A large flag-pole was raised in Baltimore on Friday night, under the auspices of the Democracy of the 8th ward. About 3000 persons were in attendance and addresses were delivered by several prominent gentlemen of the city and state.—While passing down Gay street, the procession was fired into by a party of men who issued from a restaurant, seriously wounding two persons.

— Fourteen negroes have been appointed on the police at Mobile, one of them a lieutenant of the day police.

— In the British House of Lords, on Friday evening, the Government submitted a new postal treaty with the United States for reducing the rates of postage between the two countries.

— Two young men started from Troy last week in a flat-bottomed skiff, sixteen feet long, weighing 250 pounds, and pushed all the way to New York city, about 160 miles, encamping at night along the shore. The trip occupied four days and a half.

— In North Windham, Vt., on the 29th ult., Lizzie L. Emerson, aged 4 years, while at play accidentally sat down in a pail of boiling water, and being unable to extricate herself, was so badly scalded before aid could reach her, that after a week's suffering, she died on the 5th inst.

— At Wilmington, N. C., the sheriff and tax collector report unexampled difficulty in the collection of State and county taxes. Some parties refuse to pay the State tax on the ground that the State government is not in practical existence, and believing that the sheriff will not be able to distrain for the non-payment of taxes.

— The Portland Argus learns that Mr. Albert H. Evans, of the Eon Club, who received the gold medal for the best play in the base ball tournament, is lying very ill at his home with the typhoid fever. He was not in a fit condition to be on the field when he played so handsomely last.

— Mr. John Tyler, son of him of the same name, is in Washington, trying to unite all factions against the dread radicals. His zeal and his fears are equally amusing. He is in the habit of saying to every listener: "Seward, Johnson, and the rest of us, sir, will be a head shorter, unless we stay this mad radicalism. Nothing but a union of the conservative elements will do, sir, under Mr. Seward's lead."

NEW HAMPSHIRE ITEMS.

—— A codfish weighing seventy-five pounds was taken near the Isles of Shoals recently.

—— The Statesman says that Hon. Isaac Spalding, one of the State Executive Councillors, has an income of $1000 per week.

—— A purse of $1475 has been presented to Rev. J. O'Donnell by his friends in Nashua, N. H., as a token of their regard for his character and services.

—— A "confidence man" calling himself Dr. Dana, and appearing in dress and manner to be a nice young man, got $10 worth of goods from a store in Manchester, of a lady clerk; he pretending to live at No. —— street; but he was not there, and they have not received the $10.

—— The Manchester Mirror says that in gardens there early peas and other vegetables, which had nearly reached maturity before the rain, have commenced a new growth, and are now sending forth new blossoms, with the promise of a second crop from the same stalk. Potatoes, too, which four weeks ago had fully set and produced tubers large as bullets, are now in a second blossom.

N. H. STATE FAIR.—Among the attractive features of the State Fair in Nashua, next month, will be the exhibition of a self-propelling Steam Fire Engine. Wm. Stark, of Manchester, will again exhibit portions of his fancy stock, including a Brahma bull and many new specimens recently imported, together with a herd of elk, four of which will be driven round the course. Mr. Taggart, of Goffstown, will exhibit his celebrated Abdallah stock of horses.

It is in contemplation to play one or more match games of Base Ball at the Fair, if the proper accommodations can be obtained, thus giving visitors and citizens an opportunity of witnessing this truly national sport, and adding another feature of attraction.

The Directors have voted a premium of a silver medal to the newspaper giving the best report of the Fair. The Directors will constitute the committee of award.—The idea is a good one, and the Nashua Telegraph trusts the knights of the squill will come on in force. They will find the latch string out.

CASUALTIES.—The steamer Gem burst her boiler heads Tuesday evening, on the Illinois river, near Naples, by which two employees were instantly killed and two others so badly scalded that they probably cannot live.

A boiler at the Acton Iron Foundry, on Ninth street, Philadelphia, exploded Friday afternoon, killing Jacob Gibson, and injuring two others seriously.

The schooner Mary McRee, on the passage from the West Indies to Philadelphia, lost her captain and two men overboard, in the gale of Aug. 2nd.

The steamer Wilson Small, plying between Baltimore and Choptank river, collided Thursday night with the steamer Mary Augusta, in Chesapeake Bay, off Poplar Islands, the former sinking in about 30 minutes. It is reported that three passengers of the Wilson Small were drowned, but the remainder were safely landed. The Mary Augusta was badly damaged and compelled to throw overboard 700 boxes of peaches to prevent her sinking. The statements are conflicting, the captain of each steamer blaming the other for the accident. The Small was valued at $25,000 and fully insured.

☞ A Washington special says,—As to General Sheridan, the President has broken down for the time being, under the influence of Gen. Grant and appeals from his own friends, who contend that the responses from the country show plainly the great danger of his removal only serving to make Gen. S. more prominent for the Presidency. These urged a transfer of the point of attack to Mr. Stanton, and no movement on Gen. S. is now looked for till Mr. Stanton's case is disposed of.

OUTRAGE IN TENNESSEE.—Jackson, Tenn., was the scene of high-handed and law-defying aggression and violence, directed against the colored voters, at the election on the 1st inst. A thousand armed men marched to the place, drove away the State militia, seized the certificates from the freedmen, overawed the Judges of election, drove the commissioner from the town and took possession of the voting places.—The most horrible outrages are reported to have been committed upon the negroes.—Leading Union men were obliged to flee for their lives. A force is organizing to restore law and order.

— A meeting has been held in Toronto, having for its object the establishing in that city of an asylum for inebriates. The chair was occupied by Mr. W. Nabb, Police Magistrate, who gave a sad picture of the fearful extent to which intemperance had gone in the capital of Ontario. He mentioned that during the eighteen months he occupied the bench nearly 4000 persons had been up before him for drunkenness.

☞ A territorial newspaper states that an opportune accident has relieved Wells, Fargo & Co. of some annoyance arising out of their contract for carrying the United States mails by the overland stage route.—About one hundred tons of mail matter had accumulated at a station known as the North Platte Bridge, waiting their pleasure to be conveyed West. As there was a good deal of express freight to be carried, they had not found it convenient to attend to the mails, and the mass was becoming somewhat of an embarrassment, especially as the bags were rotting. They were piled up in a heap near the bridge, and the waters rose recently and swept away mails, bridge, and all.

ANTI-TOBACCO LEGISLATION.—A bill was introduced into the Connecticut Legislature just before its adjournment, and referred to the next session, extending the Maine law principle to tobacco, — prohibiting its growth, use, manufacture and sale, under severe penalties of fine and imprisonment. One provision declares that clergymen convicted of the act shall be incapacitated from performing public duties, and that marriages solemnized by them within ten days from the date of using the "Indian weed," shall be null and void.

KEROSENE OIL.—Our Portland correspondent "Sancho," desires us to correct an erroneous impression inadvertently conveyed in his letter in our issue of Wednesday last.

The trade mark "Kerosene" signifies a superior method of distillation, and applied to oil, and the right to use it has for some years been granted to the Portland Kerosene Oil Co., the Downer Kerosene Oil Co. and the New York Kerosene Oil Co., but only the Portland Co. now make oil from coal. Downer kerosene is made from petroleum and the New York oil from peat.—Thus much in justice to the last two named Companies, and also to state that the word Kerosene does not necessarily apply to coal any more than petroleum, but to the "superior patent method" of distilling oil.

A POWERFUL RIVAL.—There is a new patent Sewing Machine, (called the Star Shuttle,) manufactured in Cleveland, Ohio, by W. G. Wilson & Co. and sold for Twenty Dollars, that makes the Lock Stich similar to Wheeler & Wilson, and other first class machines. The manufacturers claim that it is equal in size, finish and workmanship, to any other first class machine, beside being able to do the same range of work.

— One of the new Democratic triumphs in Kentucky consists in the election to the Legislature of Jesse D. Bright, who was expelled from the United States Senate for treason.

— Prussian finances are in a very favorable condition, notwithstanding the recent war. It is reported that the forthcoming financial budget of Minister von der Heydt will show a surplus of revenue over expenditures.

— Some of the evidences of Japanese readiness to adopt the discoveries and inventions of the Western World are almost startling. Yokobama is soon to be lighted with gas. A company has been organized in San Francisco, and work will probably be commenced at once.

— The last freak of fashion, the London Medical Press says, is the abolition of the pearl powder, rough and white lead that have so long reigned. Even belladona is to be discarded at Paris, and "golden hair" will soon become a rare commodity. The decree has gone forth for black hair and bronze complexions.

— Horace Greeley stated the other day, in a speech before the New York Constitutional Convention, that he had personally participated in an election where a member of Congress was chosen directly by votes brought out of the almshouse in New York for that purpose, the intent being, as the effect was, to elect a member of Congress by the votes brought from the almshouse.

— At Milwaukee on Wednesday, Messrs. Plankeyton & Armour, while shipping a quantity of pork and lard, were surprised at there being no leakage with the thermometer at 90 deg. The mystery was solved with an augur, when the barrels were found to contain sand and salt. The swindle is alleged to have been perpetrated by E. White, a pork packer, last spring, whereby he realized some $20,000.—White was arrested.

THE RETORT COURTEOUS. — "You're a dull looking set," as SOZODONT said to the neglected teeth. "We shall soon improve, under your auspices," as the neglected teeth said to SOZODONT. 19

DON'T READ THIS! For it tells you truly that Pyle's Saleratus is absolutely pure, and the only genuine Saleratus to be found. Ask for Pyle's Saleratus, and take no other. His name is on every package. 14

☞ The thousands of Consumptive persons who have been kept alive and improved by the use of SPEER'S Sambuci Wine is sufficient evidence of its great value. When used with a raw egg for a length of time, it often effects a perfect cure. Sold by Druggists. 6

— More than one-half the diseases of the human system are caused from the use of impure Breadstuffs; and as Saleratus and Soda are the essential properties for using, it becomes doubly necessary to be watchful. Herrick Allen's Gold Medal Saleratus is the only perfectly healthy article to be relied upon. Try one paper and you will be convinced what we say is true. Never use Soda if you can procure this article. Go to your Grocer and get a paper. Depot 112 Liberty street, New York; 60

BRAZILIAN EMIGRATION.—A letter from Havana, noticing the arrival of the British steamer Red Gauntlet, en route from Mobile for Brazil with 112 emigrants, says it is astonishing how reckless her passengers are, considering the condition the steamer is in. She is neither more nor less than an old blockade-runner, unfit to sail around a harbor, much less to start with such a freight on such a long voyage as the one contemplated. People wonder how the local authorities at their starting-place allowed such a craft to go to sea.—The wheels are actually held in their proper places by means of ropes. The crowd is mostly composed of women and children.

— The Danish Government officially denies that it has any intention to sell the Island of Santo Thomas to the United States.

Lost.

On Sunday evening, between Rye Meeting-house and Center School-house, a Gold CHAIS, with Locket attached, containing a gentleman's miniature. The finder will confer a favor and be suitably rewarded on leaving the same at the Chronicle Office. au9

Also Dr. Culverwell's "Marriage Guide," price 25 cents. au10daw3mis

Beautiful Teeth.

SWIETENIA preserves the Teeth and Gums in a healthy state. Is endorsed by the Scientific Dentists in the profession. Prepared by Dr. M. LEVETT, a Dentist of over 30 years' practice in New York City.

Brooklyn, N. Y., Feb. 11, 1867.

I am delighted with the effects of SWIETENIA as a dentifrice and a wash for the mouth.—Prompted by curiosity, I subjected it to a few tests for acids, and found in it no deleterious ingredient. As a toilet companion, both for the sick and well I consider it a peculiarly refreshing luxury. S. H. OLMSTEAD, M. D.

Price 75c. For sale by all Druggists and Fancy Dealers. ap24—eodeowly

Sweet Breath.

BREAD

MIXING and KNEADING MACHINES.

One of the Most DESIRABLE and VALUABLE Inventions of the Age.

For sale by

E. A. STEVENS,

46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the following statement of the advantages of the Bread Mixers and Kneaders

FIRST.—The Machine is simple in construction, will not get out of order, and is thoroughly adapted to the purposes for which it was intended, the kneading and mixing of bread. It is the only machine ever invented for these purposes, and has given entire satisfaction wherever used. It is also compact and ornamental and will last for years.

SECOND.—It both mixes and kneads the bread by the same action. The flour, water and other ingredients necessary for bread, are put into the pan (which is a part of the machine) at once, and there, by the simple action of turning a crank for a few moments, becomes thoroughly kneaded dough.

THIRD.—It mixes the flour and other ingredients, stirring them together and removing all the lumps, more effectually and quickly than can be done by hand.

FOURTH.—It kneads the dough evenly and uniformly. The lightness of bread depends upon its being thoroughly kneaded and mixed with air or "aerated." In this machine every particle of dough is caught up and brought under the direct action of the "rollers," thus becoming as perfectly kneaded as can be done by the most skilful of experienced professional bakers. It will make therefore the lightest kind of dough suitable for French rolls or any other kind of bread. See certificates.

FIFTH.—It saves a great amount of labor. Every lady knows that it requires at least half an hour to knead dough by hand so that it shall make good light bread. By simply turning the crank (which a child can learn) the dough in this machine is mixed and kneaded in less than ten minutes

SIXTH.—It has the advantage of perfect cleanliness. From first to last the hands do not touch the flour or other ingredients. The perspiration and other impurities of the hands and arms need no longer constitute an ingredient of the bread. Ladies will understand this when they remember that kneading the dough makes the hands white and clean.

SEVENTH.—The machine cleans itself, scraping off from itself the particles of dough.

EIGHTH.—The machines are of different sizes, from one suitable for a small family to the large machine to be run by steam or horse power, which will mix and knead from one to three barrels of flour at once.

NINTH.—Any one knowing the right proportions of the different ingredients, can with these machines make the lightest and best of bread, since the dough requires no manipulation.

TENTH.—It can be used for mixing cake and pastry, and in fact for all other purposes, domestic or otherwise, where mixing is required.

The principal advantages, however, are:

The Great Saving of Labor.

Cleanliness.

Certainty of always having Good Bread, which even the most skilful often fail in making.

The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.

It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy—for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.

The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 E. A. STEVENS.

produces a black or brown which is not surpassed by nature's own hue. Be wise in time. The only safe and sure article is

GRISTADORO'S HAIR DYE,

Manufactured by J. CRISTADORO, 65 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. Jy30daw—1m

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all THROAT and LUNG affections. The only object of the advertiser sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, FREE, by return mail, will please address

REV. EDWARD A. WILSON,
Williamsburg, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, JOHN B. OGDEN, 42 Cedar Street, New York.

DR. MILLER'S
Soothing and Healing Balsam, or, Nature's Assistant.

IT HAS PROVED INFALLIBLE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Shoulders, Chilblains, Chapped Hands, Stiff Neck, Ague in the Face or Breast, Ear Ache, Deafness, Poisoning, Erysipelas, and Inflammation of the Eyes. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.

AS AN INTERNAL MEDICINE, when taken in season, it will cure Inflammation of the Bowels, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.

This medicine is purely vegetable in its composition, soothing and healing in its influence, and may be given to any age or sex with perfect safety. It has been before the public during the past nine years, and has wrought some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. For sale by all Druggists. DR. D. LEE, Proprietor.
(m25—dawly A) Springfield, Mass.

Demas Barnes & Co., 21 Park Row, New York will also supply the Trade at List Prices.

Holloway's Pills.—Derangement of the Stomach and Bowels.—As the stomach by the agency of the gastric juices assimilates digested food into elementary blood, we cannot be too careful of preserving it in a healthy and vigorous condition. Holloway's Pills are powerfully corrective and detergent, they strengthen the digestive organs, and by their curative properties cleanse and purify the digested food as its process of conversion to blood. In all disorders of the bowels and stomach, their curative qualities are unequalled. Sold by all Druggists. au10daw1w

Special Notices.

BANKING HOUSE OF JAY COOKE & CO.
No. 20 WALL STREET, *Cor. Nassau St., New York.*

We buy and sell at the most liberal current prices, and keep on hand a full supply of GOVERNMENT BONDS OF ALL ISSUES, SEVEN-THIRTIES, and COMPOUND INTEREST NOTES, and execute orders for purchase and sale of STOCKS, BONDS and GOLD.

CONVERSIONS.

We convert the several issues of SEVEN-THIRTIES into the most favorable market rates into Five-Twenties, which, at present price of gold yield the holder about one per cent. more interest per annum. Circulars with full particulars furnished upon application.

LIFE SAVING.

Remember BRANDRETH'S PILLS are always sure of effect, and always without the least danger, and they act on every part of the system, dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says—"I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe H. BRANDRETH in white letters on the government stamp on each box. jy29dawlmapn

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also invaluable for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly innocent to take internally, and is the best family medicine in the world. Depots are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself. Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortland street, N. Y. s8dwlm

SCHENCK'S MANDRAKE PILLS.

A Certain Cure for Diseased Liver and the many Dangerous Maladies which are caused by a morbid condition of that organ.

To give the public a clear understanding of the mode in which SCHENCK'S Mandrake Pills produce those wonderful effects which are attested by thousands of reliable witnesses, we present a brief

DESCRIPTION OF THE HUMAN LIVER

and its functions, which will make the operation of this great medicine perceptible to every man's understanding.

The liver is supplied with blood vessels, nerves and absorbents. One of its obvious uses is to secrete and prepare the bile. It likewise filters the blood and separates that fluid from all impurities. How indispensably necessary to health is the proper performance of this function! If the liver is diseased, it cannot purify the blood, and if that is sent back through the lungs, brain and other parts in a morbid condition, it must cause jaundice, biliousness, obstruction of the kidneys, scrofula, many other complaints more or less painful and dangerous, but the least of them quite enough to make a man sick and uncomfortable, and unfit for business, because of any of the cares of life. This unhealthy state of the system very often ends in pulmonary consumption.

The circulation of the blood is conducted in this manner:—the heart sends the vital current down through the arteries: it passes through the flesh, taking up all impurities in its progress; then the stream of blood flows backward through the veins, and passes to the liver to be purified. It is impossible to cure consumption, scrofula, or scarcely any other kind of ulceration while that important organ, the liver, is diseased. It is for that reason that "regular physicians" rarely cure consumption. They usually begin their treatment with the use of some cough medicine, the basis of which is morphine or opium in some shape, which locks up the liver instead of relieving the secretions, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's

PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS,

will strengthen the system, purify the blood, and ripen and heal ulcers on the lungs.

A volume would be required, to give a brief account of the cases we have cured by the use of Schenck's medicines, viz: Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills—all of which are accompanied by full directions for the use of them.

DR. SCHENCK will be professionally at his rooms every week, 39 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is five (5) dollars. His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents per box.

Geo. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists.

Local.

☞ The party of roughs who made the assault upon Lewis and Remick last Monday night on Portsmouth Bridge, seem to be in request elsewhere, and have doubtless ere this decided that Portsmouth is hardly as unsophisticated a village as they deemed for a proper display of their qualifications. We have already chronicled the departure of Bolo or Bowlow, with Asst. Marshal Warren of Dover.

On Saturday, Marshal Shorey, of Watertown, Mass., arrived here and paid the fines of Michael Hughes, Samuel Noyes and James Smith, and departed with those worthies by the evening train. It appears that Smith is also guilty of committing mayhem, he having bitten off the ear of his brother-in-law, in Barrington, while quarreling with him recently.

IMPOSTORS.—Over a year ago some parties came here from Portland, with their hands and feet bandaged, pretending that they had been shipwrecked and injured to that extent that they were unable to work, and were seeking pecuniary assistance to enable them to reach their homes in New York. After examination by the City Marshal at that time, they were proved impostors, and by him ordered to leave the city. Notwithstanding, on Saturday last, while the same gentleman who was at that time City Marshal, was proceeding down Daniel street, he observed in the store of C. L. Tidd & Co. one of the same persons begging he had previously ordered to vacate the city. He at once notified acting marshal Sides, and the fellow was taken in charge. He proved to be a notorious rough, and was escorted to the State of Maine line.

NAVAL.—Commander F. A. Roe has been detached from the command of the Tacony, and ordered to report at this naval station by Sept. 25th, for Fleet Captain of the Asiatic squadron, to be commanded by Rear Admiral Rowan.

Third Asst. Engineer F. P. Hallowell has been detached from special duty at this station, and granted sick leave of absence.

Acting First Assistant Engineer Charles Cranston has been ordered to special duty on board the Piscataqua.

Acting 2d Asst. Engineer R. W. Swift was detached from duty on board the Piscataqua, and ordered to the Ascutney upon the arrival of the latter at this station.

POLICE COURT, Aug. 10.—Before M. Bufford, Associate Justice.—The case of Arthur Brown and Nellie Avery, charged with fornication, was brought up, and the defendants furnished bail in $100 each for their appearance at October term, S. J. G.

THE BEACH HOUSES have glorified in the warm weather of the week past. Dumas, at Boar's Head, has found himself unable to lodge the crowds that have wished to patronize his hostelry, but has amply catered for his guests' inner wants. The Ocean, Farragut, Atlantic, Surf and Appledore houses, have all gathered of the harvest which to them comes only with the summer solstice.

☞ Several suspicious persons were in the city on Saturday, and information was sent here to the officers that a demonstration at burglary was intended; but we opine that these fellows found out they had come to the wrong place for their depredations. The police were on the alert, and the "screwsmen" left during Saturday night, on "Shank's mare," evidently with a "flea in their ears."

GOLD, Saturday, 140.

— The Hamilton camp meeting commences to day. It bids fair to be one of the largest ever held there.

—Jerry O'Brien, who murdered his mistress, Kate Smith, in June of last year, was executed in New York on Friday.

— Advices from the river parishes of Louisiana and several counties of Mississippi, in reference to the cotton crop, are quite unfavorable.

— Hindman is one of the foremost men of the South in reconstruction, and Early one of the latest. It is written "the first shall be last and the last first."

— The income from the tax on dogs in Indiana this year, will amount to nearly $160,000. This is applied to reimbursing sheep owners for sheep killed by dogs, and the surplus is devoted to the school fund.

— A lady complained of the insolence of some coal heavers. "To tell you the truth, ma'am," answered the employer, apologetically, we have failed in our efforts to get gentlemen to undertake the business."

— Kendall of the New Orleans Picayune predicts that the first negro vote will be the heaviest ever counted He thinks that the negroes will not continue to take an interest in politics after the novelty of voting has passed away.

— Temperance matters have recently assumed a peculiar phase in this place, and several liquor prosecutions have been instigated and are now pending, from information furnished by the copperhead concern at Montpelier! "Save me from my friends!" —*Bellows Falls Times.*

A GOOD WORD FOR REPORTERS.—The Newburyport Herald, in adverting to the late controversy in Congress between Gen. Butler and Mr. Bingham, uses the following language respecting reporters:

"The paper that Gen. Butler had printed, giving Mr. Bingham's actual words in one column, and his reported remarks in a parallel column, shows how little the people know by the report what is actually said in Congress. Nobody would recognize the printed speech from having heard the actual. It used to be said that the tailors made the men. They no doubt much improved them; but in three cases in four, the reputation of public men, especially members of Congress, is made by the newspaper reporters, who, man for man, will rank a hundred per cent. above the men into whose mouths they put sweet words, rounded periods, beautiful sentences and elegant extracts. The reporters are a power in Washington, and their speeches, given as the speeches of others, do much to keep up the credit of our national legislature."

☞ A Washington dispatch of the 9th says: "Assistant Attorney General Buckley has furnished the President with an opinion in relation to the application for pardon to Charles A. Dunham, alias Sanford Conover, which is recommended by A. G. Riddle and Joseph Holt, on account of the services rendered to the prosecution in the trial of Surratt, and which was evidently inspired by J. M. Ashley. Mr. Buckley gives the petition and also a long letter addressed, subsequently to July 29th, to the President by Dunham, in which he reveals an alleged plot on the part of Ashley, Butler and others to implicate the President in the plot for the assassination of Mr. Lincoln, which he says is capable of proof by the most irrefragable evidence."

The Boston Journal of Saturday evening publishes the documents in full, as presented by the acting Attorney General, and considers the alleged conspiracy a humbug It says:

They are all—or at least those having any significance whatever—based upon the declarations of the convicted perjurer, known as Sanford Conover, who has doubtless bit upon this as the most feasible method of rescuing himself from the punishment due to his crimes.

IN THE SURRATT TRIAL, at Washington, on Friday evening, the jury sent a sealed note to Judge Fisher stating that although a majority of them were for conviction, they were unable to agree, and asked to be discharged. The Judge replied that the trial had lasted eight weeks, and the jury ought to take another day and endeavor to make up a verdict. They would therefore be kept out until Saturday.

— Our steamships, says Emerson, like enormous shuttles, are weaving continents into the woof of humanity.

— Post office detectives say that a large part of the dishonest efforts to defraud the mails are made by females.

— L. D. Miner and William Merrill captured a pickerel in Plymouth Pond on the 2d inst. which measured 3 feet 4 inches in length, and weighed 17 1-2 pounds. The girth of the fish in the largest place was 19 inches.—*Bellows Falls Times.*

— "Such is the pressure of the times in our town?" said a Birmingham manufacturer once to his London agent, "that we have good workmen who will get up the inside of a watch for eighteen shillings."—"That is nothing compared to London," replied his friend; "we have boys here who will get up the inside of a chimney for a sixpence!"

— Natural soap, or soap clay, has been dug from Maupin's mine, on the Burbois, in Franklin County, Mo., some sixty miles from St. Louis. This soap, or clay, was found at the depth of seventy-five feet below the surface, which gives evidence of the presence of saponiferous qualities, and is equal in its effects to many of the soaps of the manufacturers.

THE
UNION PACIFIC RAILROAD CO.
THEIR
FIRST MORTGAGE BONDS,
AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is—"Are these bonds secure?" Next.—"Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land, and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c, and two trains are daily running each way. The materials for the remaining 92 miles to the summit of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as its security. This amount is but for 247 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**

A Column From the Portsmouth Journal.

ROCKINGHAM TEN CENTS SAVINGS BANK.

This is the title of a new corporation in Portsmouth, organized the present week under an act of incorporation granted at the last session of the State Legislature.

The success which has attended the Portsmouth Savings Bank, far beyond the expectations of its most sanguine friends when it was opened over forty years ago, growing up gradually in that time until its deposits are now over one million three hundred thousand dollars, shows that there are among us many who are disposed to put their small surplus funds in some position where they will accumulate. The Portsmouth Savings Bank has always invested its funds in United States, State, County or town bonds, as the most secure and most readily available to meet any demands depositors may make on the Bank. No money has ever been loaned on mortgages or real estate securities.

In following this plan, much money of course has gone into other States, although a portion of it has been used at home in the purchase of our own city bonds.

Dissatisfaction has sometimes been expressed by those who wish to use money in their business, because the funds of the Portsmouth Savings Bank are not available to them, and cannot be used for domestic enterprises. This feeling has led to the establishment of a new enterprise of the kind, one provision of the charter of which is that at least forty per cent. of the gross amount of deposits of the Bank "shall be loaned upon real estate securities in this or some other of the New England States, or on notes of individuals with sufficient securities or good collaterals." The charter does not prevent investing all the funds of the Bank in this way. This is the main feature in which the two Banks differ, with the exception of the limits of the sums deposited: not less than ten cents, and not more than five hundred dollars are the limits of the new Bank.

The officers of the Bank cannot be borrowers, nor can they receive any compensation for their services, excepting a reasonable allowance made to the treasurer and secretary.

At the expiration of twenty years the concerns of the institution shall be closed by an equitable distribution of all the property among the depositors.

At a meeting of the corporators held on Tuesday last, the following gentlemen were elected officers for the ensuing year.

President,—Aaron H. Hill.

Treasurer and Secretary,—William Tuckerman.

Trustees.—Samuel H. Goodall, Benjamin Chesley, Geo. W. Tucker, John W. Parsons, Jonathan Dearborn, John S. Rand.

The Bank will go into operation as soon as the preliminary matters are arranged.

LARGE LANDHOLDER.—C. Coffin Harris, Esq. the Envoy from the Sandwich Islands to our Government, has recently visited our city, his native place, after an absence of nineteen years. Six years ago he was the owner of 240,000 acres of land in those islands. On his premises were some large volcanoes, down whose sides as far as the eye could reach might be seen the courses of the lava. This to be sure was not well calculated for general farming purposes, but it is a variety in the romantic which but few landholders can claim as their own. After a few years he sold the tract, about one twelfth of the whole kingdom, for about $3000—making a thousand dollars by his investment.

Mr. Harris delivered an address at the Episcopal Chapel in this city, on Sunday evening last, on the Episcopal mission to the Sandwich Islands.

Col. Dimick, the Governor of the Asylum for Invalid Soldiers at Washington, is on a visit to this city.

SALE OF BOOKS.—A large sale of Books, some of which are very valuable, has been held at Mr. Wendell's auction store this week, and will continue some days longer—auction sales taking place every evening, and private sales during the day.

MOVEMENT.—We like enterprise, whether it develops itself in mechanics, manufactures, or the arts—we like honest business enterprise, whether its purpose is to clothe, feed, or comfort the body, or even to make the hair grow. Our townsman, Mr. John F. Leverton, evinces no small degree of this commendable quality in the manufacture and disposition of various articles to which his business naturally calls his attention. For a considerable period his "Lightning Hair Dye" has been before the public, and has found a very extensive market, orders coming from all sections of the country, even from California. He now advertises a new article, which will probably take a leading place among the many hair preparations which are in the market. We invite attention to his advertisement in another column, of "Oriental Hair Cleaner."

The Concord Statesman publishes the yeas, as taken in the Legislature, on the question of compensation. They were taken but once and then put upon the motion to strike out $120 from the bill and insert $100—the latter being the sum which was paid last year. The result is just as we supposed. A large majority of the Democratic members voted in favor of paying themselves the largest sum, while a majority of the Republican members voted against it. Of those who voted for the same pay as last year 84 were Republicans and 27 Democrats, while of those who voted for increased compensation, 79 were Republicans and 63 Democrats. Had the Democrats voted against the "grab" as the same gentlemen as the Republicans, it would have been voted down by a large majority and $20,000 thereby saved to the State.

"GREAT EXPECTATIONS."—Experiments are making, and so far with satisfactory results, in the application of Petroleum Oil for steam ships and railroads. On board a U. S. gunboat, as a test, it was found that, with the use of the Petroleum, only three persons were required to feed, instead of 21 firemen and coalheavers; that one pound of oil did the work of 8 pounds of coal; one barrel of Petroleum equal to a ton of coal. The saving in bulk must therefore be immense. It burns with intense heat, no smoke visible, so perfect is the combustion; no ashes, and the fire under perfect control. The present prospect is, that "a vessel may leave New York with enough fuel on board to propel her around the world!" Petroleum stock, now sadly depressed, may yet experience a sudden rise should final results prove satisfactory.

FRAUD.—The last week furnishes two instances of fraud and robbery; in both by persons of unsuspected character. One a Cashier, to the tune of $40,000—the other, at Buffalo, of $80,000, by converting the cargoes of several vessels from the West, consigned to him as a commission merchant, into U. States bonds. He absconded, but was fortunately overtaken, and $74,000 recovered.

We learn that Mr. James F. Otis of Kennebunk, formerly of Kittery, has been appointed 3d Lieutenant in the U. S. Revenue service, and assigned to duty on board the U. S. revenue steamer McCulloch.

NEW ADVERTISEMENTS.

MDCCLX.
1760. — 1867.
"CENTURY."
$100 A DAY.

We have adopted the plan of putting money in CENT BILLS TO CHANGE to meet the exigencies to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to patronize it to the full extent. CUT BILLS ONLY will continue to offer these inducements until the test is fully recognized.
We are making the CENTURY CHEW from selections of the very choicest old leaf, and have devoted every care to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEWING TOBACCO.
On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in five papers, $20 in each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 each, in all cases leaving a GENUINE U. S. GREENBACKS to the amount of $1,000 a day.
The finders of these Greenbacks—by sending us their names, address and numbers of the bills—will be presented with packages of our Tobacco in proportion to the amount they may find.
This House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, which is, we might all doubts, if any should exist, as to the genuineness of this enterprise.
THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. R. Mitchell, 35 Central street, Boston; B. A. Van Schaick, 16 S. Front street, Philadelphia; 5 Ury & Earle; 85 S. Water street, Chicago; Schultz & Bagley, 64 West second street, Cincinnati.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1837.
No. 78 State street, (opposite Kilby street,) BOSTON.
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Examines Patents and Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.
No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.
During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.
"I regard Mr. Eddy as One of the *most capable and successful* practitioners with whom I have had official intercourse, THAD. MASON,"
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a man more *competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent office.
EDMUND BURKE,"
Late Commissioner of Patents.
"Mr. R. H. EDDY has made for me THIRTEEN applications, in all cases in which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part, I deem it due to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHART."
Boston, Jan. 1, 1867.—2taw1y

As Good as the Best.
The PIANO FORTES of HALLET, DAVIS & CO. have never been excelled. Jobbing of every description promptly attended to. All kinds of Carriages and Sleighs Ironed in the best manner. New Carriages got up to order. my27—tf

SPEER'S SAMBUCI WINE.
Prescribed by Physicians for
FEMALES, WEAKLY PERSONS AND INVALIDS.
As a Tonic, it has no equal, causing a appetite and building up the system of the most debilitated.
As a Diuretic it is a most healthy action to the Kidneys and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.
As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopœia.
The qualities of SAMBUCI are "*unitum in persæ*," being a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.
N B.—Vinum bonum bonum sanguinem facit.
SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and beneficiting ladies and children.
Be sure the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.
For sale by Town Agents and Druggists.
A. SPEER, 243 Broadway, New York.
Also, SPEER & CO.'S P. J.

If you want a Superior Instrument,
BUY ONE OF
Mason & Hamlin's Cabinet Organs,
Of A. PEARSON, No 30 HANOVER STREET,
Sole Agent for Portsmouth and Vicinity.
Forty styles, plain or elegant cases; one to 12 stops. Prices $75 to $600, and upwards.
Fifty-six Gold or Silver Medals, or other highest premiums, have been awarded to Mason & Hamlin for the important improvements effected by them, and for the *Superiority of their Instruments to all others*.
The Mason & Hamlin Cabinet Organs must not be confounded with other reed instruments, from which they vary essentially, their superiority being largely derived from PATENTED IMPROVEMENTS, which cannot be employed by other makers. Among them are:
The Automatic Bellows Swell,
Improved Self-Adjusting Valves,
Wood's Octave Coupler,
Noiseless Safety Valves,
The Improved Combination Register.
Circulars, with full particulars, and list with illustrations of styles and prices, furnished as above. jy26—piwa

Proposals for Wood.
SEALED PROPOSALS will be received at the City Clerk's office of the City of Portsmouth, until August 20, 1867 for three hundred and fifty (350) cords merchantable HARD WOOD, to be delivered at some railroad station or wharf in said city. Wood to be delivered Dec. 1. Right reserved to reject any proposal
By order of the Overseers of the Poor.
MARCELLUS BUFFORD, Clerk.

EDITORIAL DUTIES.—Mr. Hunt, in his volume on the "Fourth Estate," thus sketches the peculiar duties of a journalist:

"The man who once becomes a journalist must always bid farewell to mental rest or mental leisure. If he fulfils his duties truthfully, his attention must be ever awake to what is passing in the world, and his whole mind must be devoted to the instant examination, and discussion, and record, of current events. He has little time for literary idleness, with such literary labor on his shoulders. He has no days to spend on catalogues, or in dreamy discursive researches in public libraries. He has no months to devote to the exhaustion of any one theme. What he has to deal with must be taken up at a moment's notice, be examined, tested and dismissed at once; and thus his mind is ever kept occupied with the mental necessity of the world's passing hour."

☞ Mr. Johnson still has faith in the people, but grieves that they don't deserve his confidence. This recalls the story of a U. S. Marshal in Boston, who during the war ridiculed the idea of arming the freedmen, and predicted that they would carry their muskets over to the Rebels. "Why," said he, "when I was Fugitive Slave Commissioner I was hunting for a nigger, and couldn't find him. So one day I went down to his house, and saw his wife. 'Now look here,' says I, 'I'm a Fugitive Slave Commissioner, and I can't find your husband, Jim. His old master's come up from Virginia after him, and I want you to have him here at ten o'clock to-morrow, punctual. Will you do it?' 'I will, massa,' says she. 'Honor bright?' says I. 'Golly, massa, sure as I live I will.' Well, what do you think," indignantly continued the Marshal, "the next day I went down again, and couldn't find neither of 'em. That's it.—Just like these niggers. *Can't rely on 'em.*' And he turned away, like Mr. Johnson, a much injured man, the victim of misplaced confidence.

A TRAITOR PUNISHED.—The Official Boletin, published at Monterey, Mexico, says Col. Miguel Lopez, the traitor after selling Maximilian and his generals, went to Puebla to visit his wife. His reception was decidedly cold. His wife advanced to meet him, leading their little son by the hand, and addressed him thus: "Sir, here is your son; we cannot cut him in two—take him. You are a base coward and traitor. You have betrayed your country and your benefactor. From this hour we are strangers, for I shall retire to my family. Go."

☞ The principle of religious toleration has, of late, made great progress in Europe, and in most countries there is a steady, though a slow, advance toward the separation between Church and State, as it exists in the United States. But much remains yet to be done. Catholic Spain still forbids natives from avowing themselves to be Protestants, and from meeting for Protestant worship. The legislation of Protestant Sweden has recently again refused to legalize marriages between Swedes who are not communicants of the National Lutheran Church. The authorities of the Principality of Roumania, which professes the Greek religion, have just been guilty of the most shocking outrages against Jews. It is however, gratifying to know that in each of the countries named there is a Liberal party, which is ashamed of such intolerance, and which takes an active part in the general struggle of the European Liberals for religious freedom.

— Son, on a bust, left his father's house and stayed some days; but he returned, and sire to dame thus spoke: "Wife, kil the prodigal, the calf's returned."

☞ Local AGENTS WANTED throughout the United States.

The Riverside Institute.

Situate at Riverside, Burlington County, New Jersey, is founded for the purpose of gratuitously educating the sons of deceased Soldiers and Seamen of the United States.

The Board of Trustees of the Institute consists of the following well-known citizens of Pennsylvania and New Jersey:
Hon. WILLIAM B. MANN, District Attorney, Philadelphia.
Hon. LEWIS R. BLOOMALL, Ex-Chief Coiner, U. S. Mint, and Recorder of Deeds, Phila.
Hon. JAMES M. SCOVEL, New Jersey.
Hon. W. WARD, New Jersey.
HENRY GORMAN, Esq., Agent Adams' Express, Philadelphia.
J. E. COE, Esq., Joy, Coe & Co., Philadelphia.

TREASURY DEPARTMENT, Washington, D. C., April 18, 1867.—Office of Internal Revenue:—Having received satisfactory evidence that the proceeds of the enterprize conducted by the Washington Library Company will be devoted to charitable uses, permission is hereby granted to said Company to conduct such enterprize exempt from all charge, whether from special tax or other duty.
E. A. ROLLINS, Commissioner.

The Association have appointed as Receivers, Messrs. GEO. A. COOKE & CO. 33 South Third Street, Philadelphia, whose well-known integrity and business experience will be a sufficient guarantee that the money intrusted to them will be promptly applied to the purpose stated.

PHILADELPHIA PA., May 20, 1867.
To the Officers and Members of the Washington Library Co., N. S. READ, Secretary.
Gentlemen:—On receipt of your favor of the 15th inst. enclosing us our appointment as Receivers for your Company, we took the liberty to submit a copy of your charter, with a plan of your enterprize, to eminent legal authority, and having received his opinion in regard to its legality, and sympathizing with the benevolent object of your Association, viz.,—the education and maintenance of the orphan children of our soldiers and sailors at the Riverside Institute, we have concluded to accept the trust, and to use our best efforts to promote so worthy an object.
Respectfully, yours, &c.,
GEO. A. COOKE & CO.

Address all letters and orders to

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
IT KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
apl7tf Portsmouth, N. H.

For Summer.

The Daily Chronicle.

Portsmouth, N. H.

TUESDAY, AUGUST 13, 1867.

☞ All enlightened citizens, not rebels and their sympathizers, will fully justify Judge Fisher, for expelling Mr. Bradley from the bar, on account of his insulting remarks to the Court during the progress of the Surratt trial. But the Judge forebore to expel him until after the jury was dismissed. The jury stood four for conviction and eight for acquittal. It is stated that had Surratt been indicted for a conspiracy to assassinate President Lincoln, the jury would all have agreed to convict him. It now appears that Bradley had prepared a written challenge to be sent to the Judge. He must therefore be such an infamous character as to be unworthy of any standing within the bar. He was one of the counsel for Surratt. The latter was remanded to the jail, and will have another trial.

We never expected Surratt could be convicted in rebel D. C. Booth himself never would have been,—and it is a great pity somebody had not shot Jeff Davis down like a dog at his capture, as Booth was shot, and as Lee & Co. ought to have been seeing they can't be hung.

☞ The jury in the case of Surratt reported on Saturday that they could not agree, and were thereupon discharged. Immediately afterwards, Judge Fisher, referring to the conduct of Mr. Bradley during the trial, ordered that his name be stricken from the roll of attorneys practicing in that court. An excited discussion followed, and after the adjournment Bradley handed the Judge a challenge, which he had prepared several days before, in anticipation of an earlier occasion for its use. A meeting of the secession members of the bar was called for Monday, in view of the action of Judge Fisher.

☞ While a street preacher named Simpson was preaching near Fort Green, Brooklyn, Sunday, he took occasion to denounce the Pope and Roman Catholicism in such an offensive manner as to excite the indignation of his hearers, when an attack was made on him with stones, one of which struck and knocked him down, and while down he was kicked and roughly handled by the entire crowd. He was shortly rescued by the police, who promptly quelled the disturbance.

☞ Latest news from the Plains represent the Indians as continuing very troublesome and daring, the Osages being on the war path, and the military "indifferent in the matter of suppressing Indian raids." The Indians complain of ill-treatment, and doubtless with much reason, as the white race is not over scrupulous as to the color of the race they overreach. Barbarous as such a course may seem, we fear that permanant peace will never be secured except by exterminating the weaker race—in effect, if not literally.

☞ A Chicago dispatch says Robert S. Gilmore, Postmaster of Chicago, has probably been drowned. Just before dark on Friday he went out on the lake in his boat. Soon after a storm came up, and since that time he has not been seen or heard from—Saturday morning his boat was found some distance from where he started, shattered to pieces, but no traces of its occupant were discovered. Parties are searching for the body.

☞ We learn by a Cable dispatch from London that Canada is again threatened with a Fenian invasion, and that a large body of troops will be sent to the new Dominion to repel it. How they got this news in London is not stated. May be from the author of the Russian note on the Fenians.

☞ All sorts of rumors are telegraphed in relation to the Johnson-Stanton affair, but little reliance is to be placed upon them. These rumors are so varied, however, that it is almost impossible that some one of them should not be somewhere near the truth, but which one, time must show.

— Mr. Dunlap Gay, of Boone county, Mo., has a mare on whose side was a lump about the size of a man's head. A short time since he concluded to have it opened with a view to its removal, and asked F. C. Brown to perform the operation, which he did. The protuberance being opened was found to contain four black snakes, about a foot long, all alive, and with white heads.—This is a very tough story, but it must be true, as a Member of Congress indorses it.

— The N. Y., Commercial discourses upon blackberries. It says: "Though a blackberry may blush at it its own greenness and is usually red when unripe, it by no means follows that it is fit to be eaten when it is black. * * * A blackberry that needs to be bitten is a blackberry that should be spewed out of the mouth as mere Laodicean fruit, unworthy of deglutition and assimilation."

— A few days since, in Rockport, Mass., Maggie O'Brien, aged about 12 years, was kicked by an ox in a team. The shoe of the ox caught in her dress, threw her down, and one wheel of the loaded cart went over her leg, crushing it very badly. Her side was also much bruised by the kick.

— Charles F. Ulrich, one of the most successful counterfeiters in the country, escaped from the Penitentiary at Brooklyn, N. Y. Thursday night.

— The Mayor of Mobile has been arrested for violation of the Civil Rights bill, in the banishment of a negro.

NEW HAMPSHIRE ITEMS.

—— A bear weighing about 100 pounds was caught in Newport on the 1st inst.

—— Rev. S. C. Kimball, of North Weare F. W. Baptist Society, has accepted a call at Newmarket.

—— It is said the Manchester mills and print works have unsold goods on hand to the value of $2,000,000, and that the same state of things exists with the Amoskeag Co. The Stark mills are said to have sunk $40,000 within a few months.

—— During the heavy shower, Saturday afternoon, Rumford Hall and Low's Block, on Main street, Concord, were both struck, and the roof of a one-story building occupied by James Haseltine was demolished. The lightning played some strange freaks, without injuring any one. It first struck the northeast chimney on Penacook block, over the Monitor office, racking it to the ground, and tore off the caps from two others. The lightning blazed into the composition room of the Monitor, and whirled one of the printers several feet, besides knocking a pipe out of the mouth of another in a rather unceremonious manner.—Several other persons in various parts of the city were knocked down and very much frightened.

☞ A letter from Buenos Ayres says the wool clip this year will be 100,000,000 pounds, and that the recent rise in the tariff of the United States has produced great dismay among the wool-growers. But, fortunately, for some years great efforts have been made to refine the wools of that country, and, in proportion, the finest wools pay less duty. No wools will go to the United States this year but those that are fine and clean.

☞ When a counterfeit is presented at the Bank of England, the gold is instantly paid for it. If it comes from some known person, he is only asked where he got it.—If from a stranger, the cashier signals to his detective, always in waiting, and the officer follows secretly. Before many hours the Bank is in possession of the stranger's biography. The offender, once arrested, is likely to be tried, convicted, and sentenced within two days.

☞ A freshet in the northern part of Newark, N. J., Friday afternoon, destroyed $100,000 worth of property. The recent rains swelled the streams emptying into the Morris Canal, which broke, and the water poured into the aqueduct reservoir, which also burst, flooding large portions of the 7th and 8th wards. The stone bridge at the upper end of Broad street was swept away.

THE AMERICAN ODD FELLOW, the official organ of the Order. A monthly Magazine, published by John W. Orr, New York. $2 per annum. The August number of this Magazine is upon our table. Its contents are varied and interesting, and in neatness of appearance it cannot be excelled. This Magazine has lately been enlarged and should be patronized by the Order. The publisher offers a premium of $500 for the best original story that shall be contributed previous to the 10th of November.

— The coal trade is reported very dull in Philadelphia, and the falling off in receipts to shipping ports large.

— There is a tannery in the little town of Winn, Me., which turns out 100,000 hides into sole leather (or 200,000 sides) annually, a greater amount than any other tannery in the world. Eight thousand cords of bark are consumed annually.

— Salnave, the new President of Hayti, is considered a remarkable man. He has commenced the work of financial reform by reducing his own salary $6000 a year. The treasury was fearfully depleted by dishonest officials in the latter portion of Geffrard's administration.

— Extensive frauds upon the U. S. Pay Department, by means of forged discharge papers, have recently come to light in St. Louis. There appears to be an organized system for the collection of money on forged papers not only in St. Louis, but in Washington, Baltimore, New York and other eastern cities.

— Judge Bates of Chelsea sent two fruit thieves to jail for thirty days, for robbing gardens. All fruit growers will endorse this action and earnestly hope that other fruit stealers may meet with similar punishment.—It is generally the case that they are let off with a small fine, not fone-half what the fruit they have stolen would sell for.

— Australia is a prosperous country, fast advancing to a condition where it will not need the leading strings of the mother country, or submit to her dictation. Its population, agricultural produce, commerce, mineral products, schools, churches, etc., are gaining. There is nothing in the population to create the distinctions or orders of people necessary to a monarchy, and its isolation fits it for a grand republic, which it will soon become.

— In building the new Old Colony Depot on Kneeland street, Boston, the large brick front of the old depot was left standing, for the purpose of being connected to the new portion. To do this necessiated the moving back of this front a distance of twenty-three feet. The feat has been successfully performed, slashed boards having been used instead of rollers, the usual means resorted to in such cases.

☞ Enoch Lovitt Jr., residing at Cape Elizabeth, Me., committed suicide Saturday morning by hanging himself in his barn. He had been subject to fits of insanity for fifteen years, and required constant watching. He had not been out of sight fifteen minutes when one of the family went to the barn and found him hanging dead. It is thought that the recent suicide of Willard, who lived directly opposite, influenced him to commit the deed. He was a bachelor 42 years of age.

A NEW PLAN.—The Belle Plain Transcript says that a business man in that place when a country customer comes in and makes a large purchase, says to him:—"Here, I will make you a present." So the business man goes to the newspaper office and pays for six months or a year, and has the paper sent to that customer, thus giving him a treat, and advancing his own interest at the same time, for would not the customer notice his friend's advertisements every week and feel that he had a big-hearted man to deal with?—*Pella (Iowa) Blade.*

A LITTLE BEAR was seen in Croydon, N. H., one day last week to cross a road and run for the woods. A dog was put upon his track and three or four men started in pursuit. The bear was soon driven into a tree by the dog, when one of the men climbed another tree near by with a rope for the purpose of throwing a slip noose around the neck of the bear. The rope was thrown at him many times, but he would throw it off with one of his paws. He was finally driven higher into the tree, where the limbs were smaller, making it necessary for him to use both forepaws to keep from falling. The noose was, after some difficulty, thrown around his neck and he was pulled from the tree. When first brought to the ground it was supposed he was strangled and nearly dead, but he soon revived and showed fight, and considerable difficulty was experienced before he was secured. His legs were tied and he was brought off in a sappan, and is now on exhibition. He is thin in flesh and will weigh about 100 pounds.

Communication.

☞ "In peace prepare for war." It would be much better to say, in war prepare for peace. The truth is that all war to destroy our fellow creatures originates from the savage or uncivilized state. The more powerful a nation becomes, the more prone it is to make war against the less powerful nations. Might is confounded with right. We have become a great and powerful people among the nations of the earth, and therefore it becomes us to set a noble example, and to treat all other nations with friendship and strict and impartial justice.

Instead of increasing, let us reduce our naval establishment; and instead of imposing millions upon millions as taxes upon the hard working people to support it and ten thousand mariners, let the latter become producers upon the soil, or in other productive employments. Instead, therefore, of wasting the public money for what is not absolutely necessary for the public safety, let our Government appeal to all other powerful and civilized nations to have all national disputes settled by a civil tribunal, to which all the parties will submit and abide, under solemn treaty stipulations. PROGRESS.

CABLE ITEMS, Aug. 11.—There has been a great fire at Bordeaux, during which eighty persons are reported to have been killed or injured.

The negotiations which for a long time have been pending between Austria and Italy for a settlement of the boundaries between the two countries, and in regard to the disposition of the archieves of the former Lombardo Venetian Kingdom, have been suspended.

The Turkish Government has sent a circular note in regard to Cretan affairs to its diplomatic representatives at European Courts. The note emphatically denies that there is any truth in the various reports of cruelties perpetrated by the Turkish forces in Candia, and complains that vessels of the great powers continue to remove refugees from that island.

SUB-MARINE CABLES.—The shore end of the Cuban cable was landed at Key West on the 3d, and the work of laying the cable continued until the 7th, when the Cuban shore end of the cable was lost, and had not been found at last accounts.

The break in the Atlantic cable has been found in lat. 48:26, log. 51:39.

— A man named William C. Robinson has sued The Democrat of St. Louis for libel in stating that he attempted to kill his child with a hatchet while in a crazy fit, and claims $10,000 damages. The wife of Robinson says the statement is true, and that she received a severe wound on her arm while trying to shield the child from the assault.

THE RETORT COURTEOUS.—"You're a dull looking set," as SOZODONT said to the neglected teeth. "We shall soon improve, under your auspices," as the neglected teeth said to SOZODONT. 18

DON'T READ THIS! For it tells you truly that Fyle's Saleratus is absolutely pure, and the only genuine Saleratus to be found. Ask for Fyle's Saleratus, and take no other. His name is on every package. jy 14

☞ The thousands of Consumptive persons who have been kept alive and improved by the use of SPEER'S Sambuci Wine is sufficient evidence of its great value. When used with a raw egg for a length of time, it often effects a perfect cure. Sold by Druggists. 6

—"Be thou chaste as ice and pure as snow, thou shalt not escape using unlawfully compounds in your food," was a true maxim, until Herrick Allen's Gold Medal Saleratus came to our relief. Since using it, we feel that there is one article in the way of Saleratus that all can use with healthy results. We have almost cured our dyspepsia, and thanks to the Gold Medal Saleratus for it. Try it and you will say with us, that perfection has been obtained, and the inventor has immortalized his name forever. Most of the merchants have it.

PHYSICAL CULTURE.— The Barnesville (Ohio) Enterprise concludes an article on this topic as follows:

There is one matter in this connection to which we would call attention. If a young man ever exerts himself in a ball match or boat race, if he is too ambitious for his strength, people in every direction are very apt to speak of the fact as if such races and matches were very bad things, and ought to be discouraged. This is a very narrow and incorrect view, but a very common one. The general good to be gained by the hearty encouragement of all these manly sports, is of far more importance than the occasional misfortunes to individuals. A few injuries, a few deaths even, are not to be compared with the national vigor and health which these exercises will insure.

BREAD

MIXING and KNEADING MACHINES.

One of the Most DESIRABLE and VALUABLE Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the following statement of the advantages of the Bread Mixers and Kneaders

FIRST.—The Machine is simple in construction, will not get out of order, and is thoroughly adapted to the purposes for which it was intended, the kneading and mixing of bread. It is the only machine ever invented for these purposes, and has given entire satisfaction wherever used. It is also compact and ornamental and will last for years.

SECOND.—It both mixes and kneads the bread by the same action. The flour, water and other ingredients necessary for bread, are put into the pan (which is a part of the machine) at once, and there, by the simple action of turning a crank for a few moments, becomes thoroughly kneaded dough.

THIRD.—It mixes the flour and other ingredients, stirring them together and removing all the lumps, more effectually and quickly than can be done by hand.

FOURTH.—It kneads the dough evenly and uniformly. The lightness of bread depends upon its being thoroughly kneaded and mixed with air or "aerated." In the machine every particle of dough is caught up and brought under the direct action of the "rollers," thus becoming as perfectly kneaded as can be done by the most skillful of experienced professional bakers. It will make therefore the lightest kind of dough suitable for French rolls or any other kind of bread. See certificates.

FIFTH.—It saves a great amount of labor. Every lady knows that it requires at least half an hour to knead dough by hand so that it shall make good light bread. By simply turning the crank (which a child can turn) the dough in the machine is mixed and kneaded in less than ten minutes

SIXTH.—It has the advantage of perfect cleanliness. From first to last the hands do not touch the flour or other ingredients. The perspiration and other impurities of the hands and arms need no longer constitute an ingredient of the bread. Ladies will understand this when they remember that kneading the dough makes the hands white and clean.

SEVENTH.—The machine cleans itself, scraping off from itself the particles of dough.

EIGHTH.—The machines are of different sizes, from one suitable for a small family to the large machine to be run by steam or horse power, which will mix and knead from one to three barrels of flour at once.

NINTH.—Any one knowing the right proportions of the different ingredients, can with these machines make the lightest and best of bread, since the dough requires no manipulation.

TENTH.—It can be used for mixing cake and pastry, and in fact for all other purposes, domestic or otherwise, where mixing is required.

The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.

The merits and cheapness of the machine are such that we recommend it to general use and cause its introduction into every family.

It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.

The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au 6 E. A. STEVENS.

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is
KILLED DEAD,
the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which is
IN FIVE MINUTES
produces a black or brown which is not surpassed by nature's own hue. Be wise in time. The only safe and sure article is
CRISTADORO'S HAIR DYE.
Manufactured by J. CRISTADORO, 63 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. Jy30daw—1m

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all Throat and Lung Affections. The only object of the advertiser sending the prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, FREE, by return mail, will please address
REV. EDWARD A. WILSON,
Williamsburgh, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my7—law daw1y
JOHN B. OGDEN, 42 Cedar Street, New York.

DR. MILLER'S
Soothing and Healing Balsam,
OR, NATURE'S ASSISTANT.
IT HAS PROVED INVALUABLE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Shoulders, Chilblains, Chapped Hands, stiff Neck, Pains in the Face or Breast, Boils, Deafness, Poisoning, Erysipelas, and Inflammation of the Eyes. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.

AS AN INTERNAL MEDICINE, when taken in season, it will cure Inflammation of the Bowels, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.

This medicine is purely vegetable in its composition, soothing and healing in its influence, and may be given to any age or sex with perfect safety. It has been before the public during the past nine years, and has wrought some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. For sale by all Druggists. C. D. LEET, Proprietor, Springfield, Mass.
Tenney & Co., 21 Park Row, New York will also supply the Trade at List Prices.

Holloway's Pills.—Derangement of the Stomach and Bowels. As the stomach by the agency of the gastric juices assimilates the digested food into elementary blood, we cannot be too careful of preserving it in a healthy and vigorous condition. Holloway's Pills are powerfully corrective and tonic, and they strengthen all the digestive organs, and by their curative properties cleanse and purify the digested food in its process of conversion to blood. In all disorders of the bowels and viscera, their sanative qualities are unequalled. Sold by all Druggists. au10dawlw

THE MUSIC BOOK
FOR THE YOUNG FOLKS AT HOME IS
MERRY CHIMES,
Containing Elementary Instructions. Attractive Exercises and several hundred Popular Songs.
This New Book will be found superior to all similar works, in many points essential to a popular Instruction Book in Vocal Music and Collection of Melodies for the young.
FORTY EDITIONS have already been published, and the demand continues unabated. Many of the Songs have been written expressly for the work, and none of the songs are old and time-worn—sung through a dozen books, but New and Sparkling, adapted to all occasions, and alive with the Spirit of the Times. Price 50 cents. Sent post-paid. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRADRETH'S PILLS,
is always safe, never leaving any ill effects. In all cases their use is wise; but in severe pain from colic, inflammations, or external injuries, it is
LIFE SAVING.
Remember BRANDRETH'S PILLS are always sure of effect, and always without the least danger, and they act on every part of the system, dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says—"I sell more of Brandreth's *Pills* than of all others put together."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. Jy29dawlmnpa

HORRIBLE ACCIDENT.
A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. Dr. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also internally, for Colic, Cramps, Diarrhœa, Dysentery and Cholera. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received all over Europe for it. It is also celebrated. Physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself.—Sold by all Druggists at 50 cents and $1 per Bottle. Depot 59 Cortlandt street, N. Y. au5dwim

SCHENCK'S MANDRAKE PILLS.
A Certain Cure for Disease of Liver and the many Dangerous Maladies which are caused by a morbid condition of that organ.
To give the public a clear understanding of the mode in which SCHENCK'S Mandrake Pills produce those wonderful effects which are attested by thousands of reliable witnesses, we present a brief
DESCRIPTION OF THE HUMAN LIVER
and its functions, which will make the operation of this popular medicine perceptible to every man understanding.
The liver is supplied with blood vessels, nerves and absorbants. One of its obvious uses is to secrete and separate the bile. It likewise filters the blood and separates that fluid from all impurities. How indispensably necessary to health is the proper performance of this function! If the liver is diseased it cannot purify the blood, and if that is sent back through the lungs, brain and other parts in a morbid condition, it must taint them with its poisonous properties. Obstruction of the kidneys, gravel, and many other complaints more or less painful and dangerous, but the least of these is enough to make a man sick and uncomfortable, and unfit for the performance of any of the duties of life. This unhealthy state of the system very often ends in pulmonary consumption.
The circulation of the blood is conducted in this manner:—The heart sends the vital current down through the arteries; it passes from them to the flesh, taking up all impurities in its progress; then the stream of blood flows backward through the veins, and passes to the liver to be purified. It is impossible to cure consumption, scrofula, or scarcely any other kind of ulceration while that important organ, the liver, is diseased. It is for that reason that "regular physicians" rarely cure consumption. They usually begin their treatment with the use of some cough medicine, the basis of which is morphia or opium in some shape, which locks up the liver instead of relaxing the secretions, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's
PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS,
will strengthen the system, purify the blood, and ripen and heal ulcers on the lungs.
As volume would be required, to give a brief account of the remarkable cures performed by Dr. Schenck's medicines, viz: Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills—all of which are accompanied by full directions for the use of them.
DR. SCHENCK will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. Patients, however, will receive thorough examination with the Respirometer the charge is five (5) dollars. His medicines are for sale by all druggists and dealers in medicine. Supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1 50 per bottle, or $7 50 the half dozen. Mandrake Pills 25 cents per box.
GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists.

Local.

D. & P. RAILROAD.—A meeting of the grantees of the Portsmouth & Dover Railroad was held in this city on Monday forenoon. The following gentlemen were elected as a board of Directors: Albert L. Jones, George L. Treadwell, John H. Bailey, Daniel Marcy, Amos V. Purinton, Wm. F. Estes and Joshua G. Hall.

At a meeting of the Directors, the following officers were chosen:

President—Albert L. Jones.
Clerk—John H. S. Frink.
Treasurer—George W. Tucker.

Business is evidently meant by these gentlemen, and those who have feared this project might be "voice and nothing more," will be likely to find themselves agreeably disappointed ere long.

NAVAL IMPROVEMENTS.—The Board which was convened at the Portsmouth Navy Yard by order of the Navy Department, to examine and assign to the different Bureaus such territory as they deemed best adapted to their purposes, have faithfully attended to the duty and adjourned. The improvements and recommendations are on an extensive scale, and when fully realized will do credit to the Board, the Department and the country. For instance, a stone Dry Dock, 800 feet long, capable of docking two ordinary ships at once; and when either is ready to be taken from the dock, it can be done without disturbing the other: A Machine Shop, 400 feet square; Rope Walk, Coal Sheds, Store Houses, Marine Bakery, &c. The plans are not yet completed. Mr. B. F. Chandler, a member of the Board, is detained to perfect them preparatory to submitting all their actions to the Department. The recommendations will undoubtedly be accepted and approved when Congress will make the necessary appropriations and the work will commence, giving employment to several hundred men in addition to those already employed on the Yard.

☞ The match game of cricket played at the Plains on Monday, by the Rockingham Club of this city and the Ipswich Club of Ipswich, Mass., drew a goodly number of spectators to witness the play.

☞ Edward P. Nowell, Esq, of New York, but recently of this city, is to deliver a poem on the "Beauties, Benefits and Blessings of Agriculture," at the N. H. State Fair.

☞ The real estate of Mr. James C. Greenleaf, on Middle, opposite Cabot st., was sold on Saturday by Auctioneer Wendell, for $2880, to Mr. H. F. Gerrish.

☞ The large party who visited the Shoals on Sunday, in steamer William Harrison, are reported to have acted in a manner which does not much redound to their credit.

☞ We hear the new barque at the Noble's Island ship yard, is to be launched today—at about high water of course.

☞ A dispatch from Washington, Monday, reports the removal of Sec. Stanton, and the appointment of Gen. Grant as Secretary of War *pro tem.*

— "I should like that beautifully spotted little tiger cat," said a lady, while visiting a menagerie. "What for?" said her husband. "Oh, to have for a pet," said the lady, "and to sleep with." "What do you want to sleep with such a thing for?" "Why just to see the difference between that and sleeping with a bear!" The husband suddenly proposed to take a look at the monkeys.

— A Chicago "runner" recently left a shirt at one of the Oskaloosa Hotels, and wrote to the chambermaid to forward it to him at that place, upon which she wrote him the following reply: "I hope, dear sir, you'll not feel hurt, I'll frankly tell you all about it; I've made a shift with your old shirt, and you must make a shift without it."

— Ernest Renan's yearly income amounts to 100,000 francs. His "Life of Jesus" alone yielded him 350,000 francs. Seven years ago he was overjoyed on being appointed professor at the modest salary of 6000 francs a year.

— The hotel keepers at the fashionable watering places complain that there is no travelling this year, while in the cities it is said that everybody has gone out of town. Where is everybody?

— The Colorado Times says that there are three things that a woman cannot do. She cannot sharpen a lead pencil, cannot do up a bundle and cannot carry an umbrella.

"Why do men drink and smoke, Ma'am? To render their company and conversation endurable to each other. How it is that women ever manage to stand each other's society, I cannot imagine."—*Punch.*

— Several members of the Chicago Board of Trade have been arrested for gambling in grain, under the recent law of Illinois making "short" sales gambling.

— "Come, Bob, get up," said an indignant father to his hopeful son, the other morning; "the early bird catches the worm." "What do I care for worms? mother wont let me go a fishing," replied the young hopeful.

— Asa Keeler, Postmaster in a village of Wyoming county, Pa., recently deceased, was appointed by President Monroe. He was the oldest acting Postmaster in the United States.

GOLD, Monday, 140 1-2.

☞ An editor who had made arrangements with a man in a neighboring town to furnish him with news from that locality, experienced the following startling result:

"Mr. Editur—Sur, There iz not much noos around here yit, but there iz a littel.—A man had biz bed cut in a fite last nite, the dockter says if he dont git well before mornin, that he will have to die sarten he loves I small wife and family. Another iz sick and I gess he'z got the kolery but sum peple say hiz wife pizoned him; the dockter kant tell yit, but when he dies they air goin to hold a *post morting* over him and find out what was the matter. Another man's horse dide last nite. He cood eat moar than enny 5 cattel round, and since he dide oats hev gorn down to sents on a bushell. This iz all the noos here now.—Dont forgit to send a papur.

YOOR KORISPUNDINT."

☞ Agents are requested to notice the advertisement of a new Bible Dictionary, in another column.

— Sherman's force averages one man to 15,000 square miles of territory.

— The witness fees in the Surratt trial will amount to $20,000.

— Out of 58 prisoners in the Tombs, Boston, Saturday night, 40 were for drunkenness.

— The corner stone of a new Catholic Monastery, to cost $50,000, was laid on Sunday afternoon in Baltimore.

— Ira Aldridge, the celebrated African tragedian, died recently while on a professional tour in Poland.

— Admiral Farragut has been received with great honors by the Prussian officers at Stellin, and has sailed for St. Petersburg.

— In New Orleans for the week ending Aug., 4, there were 9 deaths from yellow fever and 8 from cholera.

— A local writer on population says green apples are a public blessing, since they double up people.

— The man who ate his dinner with the fork of a river, has been attempting to spin a mountain top.

THE PLAN adopted by the Washington Library Company for the raising of funds for the Riverside Institute—an asylum for the gratuitous education of Soldiers' and Sailors' Orphans—is meeting with great approval. Subscriptions to the stock are coming in rapidly. The handsome steel plate engravings given to those who purchase stock are acknowledged by competent judges to be first-class productions. Besides receiving a handsome engraving of this character, worth more than the price of the stock, every purchaser will in addition receive a present of some kind. Full guarantee is given that every share of stock must be accompanied by a present besides the engraving. See advertisement.

Book Agents Wanted
To Solicit Orders for a New Illustrated
BIBLE DICTIONARY.
(Complete in One Volume.)
This Dictionary embodies the results of the most recent study, research and investigation of about sixty-five of the most eminent and advanced Biblical Scholars now living. Clergymen of all denominations approve it, and regard it as the best work of its kind in the English language, and one which ought to be in the hands of every bible reader in the land.
In circulating this Work, Agents will find a pleasant and profitable employment. The numerous objections which are usually encountered in selling ordinary works will not exist with this. But, on the contrary, encouragement and friendly aid will attend the Agent, making his labors agreeable, useful and lucrative.
Ladies, retired Clergymen, School Teachers, Farmers, Students and all others who possess energy, are wanted to assist in Canvassing every town and county in the country, to whom the most liberal inducements will be offered.
For particulars apply to, or address
S. S. SCRANTON & CO.,
au3dawlm 125 Asylum St., Hartford, Conn.

"To be, or not to be—that's the question."
Whether to suffer with mental anguish,
Feverish lips, cracking pains, dyspeptic agonies,
And nameless bodily suffering;
Or whether, with sudden dash,
Seize a bottle of PLANTATION BITTERS,
And, as Gunther swears, be myself a man again.
Gunther said my eyes were sallow.
My visage haggard, my breath tremendous bad—
My disposition troublesome—in fact
He gently hinted I was fast becoming
Quite a nuisance.
Four bottles now beneath my vest have disappeared.
My food is relish, my appetite keen [ed,
My step elastic, my mind brilliant, and
Nine pounds, avoirdupois, is added to my weight.

MAGNOLIA WATER.—A delightful toilet article—superior to Cologne, and at half the price.

Beautiful Teeth.
SWIETENIA preserves the Teeth and Gums in a healthy state. Is endorsed by the Scientific Dentists of the profession. Prepared by M. LEVETT, a Dentist of over 30 years' practice in New York City.
Brooklyn, N. Y., Feb. 11, 1867.
I am delighted with the effects of SWIETENIA as a dentifrice and a wash for the mouth.—I prompted by curiosity, I subjected it to a few tests for acids, and found in it no deleterious ingredient. As a toilet companion, both for the sick and well I consider it a peculiarly refreshing luxury. S. H. OLMSTEAD, M. D.
Price 75 cts. For sale by all Druggists and Fancy Dealers. ap24—codeowly

Sweet Breath.

THE
UNION PACIFIC RAILROAD CO.
THEIR
FIRST MORTGAGE BONDS,
AS AN INVESTMENT.
The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is,—"Are they a safe investment?" Next—"Are they a profitable investment?" To reply in brief:
1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.
2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.
3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.
4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.
5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.
6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.
7th. The first lien of the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.
8th. Although it is not claimed that there can be any better securities than Government, there are parties who consider a first mortgage upon such a property as this very best security in the world, and who sell their Government to reinvest in these bonds—thus securing a greater interest.
9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 percent. less than U. S. stocks.
10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**
The daily subscriptions are already large, and they will continue to be received in New York by the
CONTINENTAL NATIONAL BANK, 7 Nassau st.,
CLARK, DODGE & Co., Bankers, 51 Wall street,
JOHN J. CISCO & SON, Bankers, 33 Wall street,
and by BANKS AND BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained.—They will also be sent by mail from the Company's Office, No. 20 Nassau street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the Bonds.
JOHN J. CISCO, TREASURER.

Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 ENDICOTT St., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Falling of the Womb, Suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. No invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of *Private Diseases* and Female Complaints, acknowledges *no superior in the United States.*
N. B.—All letters must contain *one dollar*, or they will not be answered.
Office hours from 8 A. M. to 9 P. M.

Morning Chronicle.

GEN. BUTLER'S REPORT, to the Committee of Congress in regard to the exchange of prisoners during the war is a document of unusual interest. We find that in 1863 the rebels held 15,000 of our men who were dying of cold and starvation, while the 26,000 rebels held by the United States were well taken care of. Gen. Butler and the Secretary of War proposed to treat the rebel officers in our hands precisely as our men were treated in Libby, but this plan was abandoned after consultation with Gen. Grant. Gen. Butler, in December, was appointed Commissioner of Exchange, and found the Confederate generals anxious to exchange man for man, but that the Confederate Government refused to treat with Gen. Butler, on the ground that he commanded negro troops. Notification to that effect was sent to our Government, which refused, of course, to admit the right of the Confederate authorites to outlaw our officers. Exchanges continued till March, 1864, when Gen. Butler had an interview with Mr. Ould, which convinced him that retaliation would compel the rebels to abandon their refusal to exchange colored soldierr.

The Government, informed of these facts, referred the matter to Gen. Grant, who, in April, directed Gen. Butler to decline, until otherwise ordered, all further negotiations, and shortly afterward instructed him to consider the determination of the rebels to make a distinction between white and colored prisoners as a refusal on their part to agree to further exchange. Gen. Butler was also instructed to receive all the sick and wounded the rebels would give up, but to send no more in exchange. In August the rebels wanted to exchange, man for man: Gen. Grant then telegraphed the following important order: "It is hard on our men held in Southern prisons not to exchange them, but it is humanity to those left in the ranks to fight our battles. Every man released on parole or otherwise becomes an active soldier against us at once, either directly or indirectly. If we commence a system of exchange which liberates *all prisoners* taken, we will have to fight on until the whole South is exterminated. If we hold those caught, they amount to no more than dead men. At this particular time, to release all rebel prisoners North would insure Sherman's defeat and would compromise our safety here."

In the meanwhile Gen. Butler, learning that colored prisoners were employed as laborers by the rebels, notified their Commissioner that an equal or greater number of their men should be so employed in our service, and this was approved by Gen. Grant. In October, 1864, Gen. Butler directed Col. Mulford to proceed to Savannah with a fleet to carry the rebel sick and bring back our own—an exchange of about 12,000 of our men. In November Col. Mulford informed Gen. Butler that he was detained at Fortress Monroe by the want of transportation, and that the sufferings of our men at Savannah were fearfully increased by the delay. Gen. Butler in reply ordered him to start at once, to yield to no subordinate interference—to yield to nothing but armed force, and not to that if he could meet it. These are the main facts which the report presents in regard to the responsibility of the failure to exchange prisoners, and they will certainly command no ordinary attention.

THE POWER BEHIND THE TURKISH THRONE.—The Paris correspondent of the Court Journal gives this curious bit of gossip:

"The Sultan's Egeria has arrived from Marseilles to assist at the preparations made for his private accommodation, and has suggested improvements, which were, of course, immediately attended to. This lady, although never very handsome, and no longer very young, is considered the real light of the Harem, as it is by her own brilliant intellect that the Sultan is guided in all things. The exact country which gave the lady birth is a mystery. Her mastery of languages is so perfect (and herein lies the secret of her power at the Turkish Court,) that no business is ever transacted with foreigners without being submitted first of all to Madame ——. Wise in her generation, too, she has adopted the Bosphorus itself as the best place fitted to hold her secret conferences with his Highness.

The Sultan's caique rows out at large, and is soon met by a small, unpretending little cockle-shell; and the splendid rowers, all covered with brilliant colored stuffs, and cloth of gold, lay upon their oars, while the little caique, with its modest pair of rowers, comes alongside, and then sweet compliments are interchanged, and from beneath the lady's veil much information is given concerning the English Ambassador and the French, and the Vizier's wife and the Pasha's daughter, and M. de Lesseps and the Suez Canal, and the Russian Savant come to visit the copper mines—in short, all that behooves his Highness to learn is whispered by Egeria; and when the little caique slowly steers away, enough knowledge has been imparted to get the state-ship safely over the breakers, for that day at least. The Sultan would as soon venture into the jaws of the Western lion without a copy of the Koran, as without his fair adviser; and what is strange, is the universal idea of his being perfectly right in his decision."

A MALICIOUS SUGGESTION.—The Pall Mall Gazette advises all who wish to send chignons after crinolines, to persistently call them by their true name—*chignons*, or cabbages. The earliest definition of the chignon in our language, given by Colgrave in 1611, runs thus: "Chignon, the chyne, or chyne-peece of the necke; also, a knott or knurre in a peece of wood or tymber." The earliest description is found in the "Mundus Muliebris" 1690:

"Behind the noddle every baggage
Wears bundle *chours*, in English, cabbage."

Fairholt defines the "chours" as the "great round boss or bundle of hair, worn at the back of the head, and resembling a cabbage, from whence the French gave it that name." "Baggage" and "cabbage" that will do.

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to pronounce it the BEST FINE CUT MADE. We will continue to offer these inducements until the fact is fully recognized.
We are making the CENTURY from selections of the very choicest old leaf, and have devoted every care to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEWING TOBACCO.
On Mondays we will place in one papers a $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in five papers, $20 in each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 in each, in all cases issuing GENUINE U. S. GREENBACKS to the amount of $100 a day.
The finders of these Greenbacks—by sending us their names, address and number of the bills—will be presented with package or of our Tobacco in proportion to the amount of money found.
This House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, which puts to right all doubts, if any should exist, as to the genuineness of this enterprise.
THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. R. Mitchell, 36 Central street, Boston. C. A. Schaick, 16 S. Front street, Philadelphia; Foy & Earle; 38 S. Water street, Chicago; Schultz & Bagley, 24 West second street, Cincinnati.
Price list sent on application to

American and Foreign Patents.
E. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1837.
No. 78 **State street.** (opposite Kilby street,) **Boston.**
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers for drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.
No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.
During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
"Mr. R. H. EDDY was born of the THIRTEEN applications in all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.
JOHN TAGLIABUE."
Boston, Jan. 1, 1867.—3tawly

FOR THE SHOALS.
The new and superior steamer PIONEER, Captain BAKER, will commence her regular Daily Trips to the Shoals, June 15th, leaving Railroad Wharf, Portsmouth, daily at 10:15 A. M., (Sundays excepted,) and return in season to connect with the afternoon trains.
Also leave Railroad Wharf every
Saturday Evening,
At 7½ o'clock, ☞ And RETURN on
Monday Morning,
in season for the 8 o'clock train for Concord, and the 9 o'clock train for Boston. Jy19

STEAM LINE
BETWEEN
PORTSMOUTH and BOSTON.
The New and Superior Steamer
ENTERPRISE, Capt. F. W. LEAVITT,
Will leave South side BATTERY WHARF, Boston, every THURSDAY at 6, P. M., and will leave Commercial Wharf, Portsmouth, every TUESDAY, at 5 P. M. for Boston.
For Freight or Passage, apply to
G. W. TUCKER, Portsmouth.
CAPT. LAWTON, Battery Wharf, Boston.
This Boat is a propeller, built in 1866; is staunch and seaworthy in every particular, and her owners solicit a share of the freight from the towns on the Piscataqua River, which they will forward promptly. Je12

PORTLAND AND NEW YORK
Steamship Company.
SEMI-WEEKLY LINE.
The splendid and fast steamships DIRIGO, Capt. *H. Sherwood*, and FRANCONIA, Capt. W. W. SHERWOOD, will until further notice ply as follows:
Leave GALT'S Wharf, Portland, every WEDNESDAY and SATURDAY at 4 P. M., and leave PIER 38 East River, New York, every WEDNESDAY and SATURDAY, at 4 P. M.
These vessels are fitted up with fine accommodations for passengers, making this the most speedy, safe and comfortable route for travellers between New York and Maine. Passage, with State Room, $6. Cabin passage, $5. Meals extra.
Goods forwarded by this line to and from Montreal, Quebec, Bangor, Bath, Augusta, Eastport and St. John.
Shippers are requested to send their freight to the steamers as early as 3 P. M. on the day that they leave Portland. For freight or passage apply to EMERY & FOX, Galt's Wharf, Portland; J. F. AMES, Pier 38 East River, New York. Je20—1y

SPEER'S SAMBUCI WINE.
Prescribed by Physicians for
FEMALES, WEAKLY PERSONS AND INVALIDS.

As a Tonic, it has no equal, causing an appetite and building up the system of the most debilitated.
As a Diuretic it imparts a healthy action to the Glands, Kidneys and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.
As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopœia.
The qualities of SAMBUCI are "*unitum in parvo*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.
N B—Vinum bonum bonum sanguinem facit.
SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adopted for weak and debilitated persons, the aged and infirm, and beneficiting ladies and children.
Be sure the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.
For sale by Town Agents and Druggists.
A. SPEER, 243 Broadway, New York.

The Chronicle.

HOW I LIVE.

Living friendly, feeling kindly,
Acting fairly towards men;
Seeking to do that to others
They may do to me again.
Hating no man, scorning no man,
Wronging none by word or deed;
But forbearing, soothing, serving,
Thus I live—this is my creed!

☞ The Maine Farmer tells of a young man and woman who got married in Bethel last winter, and the next day the happy couple started on their honeymoon tour into the woods, where he had contracted to cut a large quantity of cord wood. He built a camp, where she spends her time in promoting the comfort of her husband, and on Saturday night they make their appearance in the village to secure their supplies for the week, and return on Monday morning to their camp home, as happy as a king and queen. These are the willing hearts and strong hands that will cut their way through life.

AN OLD DUTCH FARMER had a handsome daughter named Minnie, who recently joined the Methodist church, against which the old farmer was somewhat prejudiced. The young minister under whose instrumentality Miss Minnie was converted, visiting her frequently, excited his suspicion that all was not right. Accordingly he visited the church one Sunday night, and seated himself unobserved among the congregation.

Soon after taking his seat the minister, who was preaching from Daniel, 5th chapter, 25th verse, repeated in a loud voice the words of "Mene, mene, tekel, upharsin," upon which the old farmer sprang to his feet, seized the affrighted girl by the arm, and hurried her out of the meeting house. Having reached the churchyard, he gave vent to his feelings in the words:

"I knows dere vas something wrong, and now I schwares to 'em."

"Why, father, what do you mean?" replied the bewildered and innocent girl.

"Didn't I!" shouted the old man, striking his fists together and stamping with his foot, 'didn't I hear do parson call out to you, 'Minnie, Minnie, tickle de parson!'"

TEMPERANCE PLUCK.—Twenty years since Senator Wilson being in Washington with a petition against the admission of Texas as a slaveholding State, John Q. Adams made a dinner party for him—of which Wilson says:

Eminent men sat around that table—one of the number has since been speaker of the House of Representatives, two have been cabinet officers and two have been foreign ministers. I looked up to Mr. Adams with profound admiration and reverence. During the entertainment Mr. Adams asked me to drink a glass of wine with him; I was embarrassed—hesitated a moment; it was the sorest trial of my life; but somehow I succeeded in stammering out—"Sir, I never take wine." That answer settled the matter for me. I have never found it hard since to utter these words, nor to fill my glass with cold water. I have often since sat at the tables of governors, senators, foreign ministers, cabinet officers, generals, admirals and Presidents, but I have ever found it easy to refuse the proffered wine-cup. The real difficulty is not in others, it is in ourselves. Temptations are ever around and about us. The only thing for the temperance man to do is to stand inflexibly firm in his temperance plighted faith. He who is ready to live by his temperance pledges will win the respect even of men who indulge in the excessive use of intoxicating drinks.

— The Savannah Advertiser says: During Sherman's raid through Georgia, one of his followers stole a valuable stallion from the plantation of a prominent citizen of Jefferson county. A short time since, the owner of the animal received a letter from the thief, coolly requesting him to forward the pedigree of the horse.

— "Sure," said Patrick, rubbing his head with delight at the prospects of a present from his employer, "I always mane to do my duty." "I believe you," replied his employer, "and therefore I shall make you a present of all you have stolen from me during the year." "I thank your honor," replied Pat; "and may all your friends and acquaintances trate you as liberally!"

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

For Summer.

The Daily Chronicle.

Portsmouth, N. H.

WEDNESDAY, AUGUST 14, 1867.

OUR PROFESSION.—Not of faith, but our business, we mean to say a word about and for. Three years ago we had the honor to attend in Portland, by invitation, a meeting of the editorial and printerial fraternity of Maine—at which an Association was formed for the benefit of the devotees of the sacred art,—which has held two annual sessions since, at Augusta and Bangor. Glad indeed were we to be able to *join them* again, at Biddeford this year, for a couple of days last week.

The Society in itself and its object, is a great success. At the first meeting, about twenty representatives of the Maine press and quill were there; and we were the only delegate from New Hampshire, and there was one editor by chance on a visit from Boston; and these were *all* the outsiders, except Pettengill of the New York Advertising agency. Now the roll numbers fifty or more, representing all the papers of any account in the State of Maine; and from Massachusetts, were delegates from the Salem Gazette and Danvers Wizzard, and Pettengill of Boston advertising celebrity; while New Hampshire was ably represented by McFarland of the Concord Statesman, Coggswell of the Monitor, Campbell and Hanscom of the Manchester Union, and Fernald of the Great Falls Journal,—besides ourself; and the Boston Advertiser had for representative a gentleman of ubiquitous, peripatetic law, newspaper, railroad and money proclivities, who calls Portsmouth home, but whom we hardly know whether to class for New Hampshire or Massachusetts on this occasion—but who is one of the best fellows and most useful men in either State, at any rate; and whether as "John Halifax" of the Boston Journal, "Greenback" of the Advertiser, editor, or reporter, is always spicy, readable and to the point. Then there was the inevitable "Toby Candor" of the Boston Journal.

The business proceedings of the Convention were, as usual, of great interest and importance to the craft—and the excursionizing and lionizing of the heroes of the occasion, was done up in most hospitable and liberal style by the citizens of both Saco and Biddeford, under direction of the newspaper men in that double if not twin city. But to business first, as we *did*.

High time indeed was it that the publishers of newspapers *should* begin to look out for themselves—should "combine for their own protection," which, by the way, they are always so fond of denouncing in other interests. No business of anything like its value and importance, has been conducted so loosely, so carelessly, so unsatisfactorily as printing—of newspapers especially, throughout the country generally. It was aptly remarked by Bro. Elwell of the Portland Transcript, President of the Association, in calling the Convention to order, "that as the art of printing had been called 'the art preservative of all arts,' so the editorial profession had been the profession subservient to all interests except its own.—He believed the time had come to assert the rights of journalists as members of a distinct and honorable profession, and congratulated the convention upon the increasing interest in these annual gatherings."

Bro. Dingley, of the Lewiston Journal, and late Speaker of the Maine House of Reps., stated at the dinner, that he had never had the honor of meeting with any body of men so eminently worthy of respect and esteem as this—and it is safe to say, that in Maine or any other State, no equal number of men in any other walk of life, devote so much talent to their business, or exercise so great and beneficial an influence on their communities, as the editorial profession. And yet, so poorly have their labors been remunerated, that to be a disciple of Faust and Franklin has become, if not a byword and reproach, at least a synonym for poverty and ill-requited toil. They must thank themselves alone for this state of things—and to themselves alone must they look for redress. As President Elwell remarked, when in the discussion of fixing a time for the next Printer's meeting, it was stated that college commencements, political conventions, horse fairs and religious anniversaries, interfered on every hand—"this shows how remiss we have been in duty to ourselves, to let,—in fact to assist everybody else—every other minor interest, in celebrating *their* festal days, and saving none for ourselves, most important of all. Now let us make a break, and let other folks keep clear of our anniversary." And really, how many Fairs or Commencements does any intelligent reader suppose would be held at a time when the managers were sure there would be no reporters?

It is a source of perpetual satisfaction to us that *we* have never allowed ourselves to esteem any other business—any other profession, before our own; and never have, on any occasion, admitted or assented to the idea that printers and poverty must or should go together. If any laborer is worthy of his hire, how eminently deserving those who tax so severely both muscles and brains.

Well, the Convention, in its two days' session, discussed many matters of vital interest, and adopted measures which can but tend to the benefit of the cause, and so to the welfare of the public. So well pleased were the New Hampshire men present, that we have no doubt there will be a similar gathering of the editors of our own State the coming Fall—which we earnestly hope the Concord and Manchester editors will arrange for at the capital, and invite the Maine brethren.

Among the subjects discussed, besides prices, was that of advertising agents,—who were differently esteemed by different speakers, as usual. But we could never see why printers' agents are not as necessary and useful as the agents of any other class of trade; and the jealousy and condemnation should be bestowed on the *means* ones alone. How absurd to hope or expect a wholesale business to be done in this case, more than any other, except at wholesale prices. No, no—let us stand up for ourselves and our good, responsible agents—let us fix fair, living rates, and all hands adhere to them.

Wednesday evening—say rather Wednesday *night*, at the close of the first day—the citizens of Biddeford and Saco, "without respect to party," (that is, any *party* save this,) gave the editors a reception and levee at the Biddeford House—which was an elegant entertainment, and of course was attended by the beauty and fashion of the two cities, which it seems to us ought to be but one municipality, instead of two, jealous of each other, as of course they must be under such circumstances. Saco is the oldest township, and is a republican city; but Biddeford, which is well known to be coppery, we are told now exceeds its older sister in growth and population. The two are connected by a bridge over the Saco river, and their combined population is rated at about 20,000. Biddeford, concerning which name there is much question, was no doubt called so "after" a manufacturing city in England; and though this new one is by no means a handsome city, yet to build a city at all on such a rough and rugged foundation, shows good pluck, enterprise, and determination. The greatest mistake of all was in letting the railroad run a mile or two off.

Saco is rather more prepossessing, being older and having more trees, as well as more natural beauty—but *none* of the newer manufacturing places that we have ever seen, compare at all in beauty, with the sleepy old commercial cities of New England.

Thursday, having finished business, and done it well,—the assiduous caterers of the occasion (Messrs. Butler & Place of the Biddeford Journal, [a Republican paper printed in a Democratic city,] Messrs. Noyes of the Saco Democrat, [a Democratic paper printed in a Republican city,] and Mr. Hanscom, job printer), brought out a long line of coaches, and away go all hands to Old Orchard Beach, three miles or so, for a "time"—and a good time indeed we had. This beach is one of the longest, firmest and clearest on the coast; and its position to the sea causes more surf than at almost any other. The Old Orchard House is a very large summer hotel, and is well kept by Messrs. Staples, father and sons, proprietors—who on this occasion very generously tendered the press gang a dinner, and *gave* them a good one, considering the circumstances under which it was served. In fact, everybody in and about Biddeford, and Saco as well, seemed "delighted to honor" their editor visitors—money was freely subscribed to make all guests of the two cities, the railroads all about (always excepting the B. & M.) shew them every courtesy; and from the time the craft left home, till their return, they had no need for "scrip" or anything else. Well, some purblind people would call this dead-heading—but, as a speaker remarked at the dinner, any really shrewd business man will be glad to entertain a live editor, at any time, and any wide-awake, decent railroad knows it is *their* gain to get the craft to ride on their rails.

But let us have dinner—having "done" the nice beach, and glanced at the various attractions at Old Orchard. Four long tables accommodated we should say from two to three hundred people—though almost everybody is apt to overestimate a crowd. Dinner over, and without liquors, — we have the *other* "feast:" first a poem, "the country courtship," read by David Barker the brilliant poet of Maine—and a humorous doggerel indeed it was, replete with sense as well as sentiment, wit and humor—and not devoid of moral and patriotism. Then brief speeches from various gentlemen, under direction of President Elwell and Toastmaster Butler, filled up the afternoon till time for leaving. Bro. Elwell introduced the subject by informing all that as time was short, "no gentleman need speak more than five minutes, unless he had something to say!" Responses to regular toasts were made by Hon. N. Dinley, Jr., of the Lewiston Journal; Hon. Judge Rice of Augusta, now President of the Maine Central Railroad—who was proud of being formerly a printer, and never enjoyed himself more than then; Hon. Mr. Holden, an old editor and publisher of Portland—who is always facetious and funny enough; Hon. C. W. Goddard, Mayor Haines of Biddeford, Mr. Howard, a lawyer of Biddeford, who was heartily applauded; Mr. W. H. Hackett of Portsmouth, who always makes a good after-dinner speech; and others. Then resolutions of thanks to the Poet of the day,—to the citizens, hotel keepers, and all, for their bounteous hospitality—mount the coaches again and away. Among the incidents of the occasion, not the least delightful, were the performances of Dodworth's Band, of New York, who were present from Commencement at Bowdoin College, and lent the charm of their music to the festivities which so appropriately closed this annual gathering of the Press of Maine.

As it was late, and the upper road express night, we came to the Junction per express train, and home on the freight. We are sure all felt that the occasion was one of interest as well as pleasure, and that it was good to have been there.

One word before we close, as to rum drinking. It is very easy and very common to say, "you can get as much liquor as you want," anywhere and everywhere. Perhaps they can who desire it,—and perhaps they can't always—but is certainly a gain to those few who *don't* want it, to be free from the nuisance of having it displayed before their eyes on every hand, whether they will or no. And although on this two days' visit in Maine, we were on various occasions given hints and remarks, (often from friends who should know and do better,) that we could wet our whistle if we desired, &c., (which as our whistle wasn't *rum* dry, we didn't accept;) yet at the costly and bountiful collation at the levee, and at the beach hotel dinner next day, there was no liquor displayed, and none to be had at any public bar;—we were not obliged to see, and did not see, a drop of the critter while there. Thus much for the Maine law, one of the most salutary and beneficent statutes ever enacted. State Constabulary, imprisonment clause and all. Hanging ought to be added next, and tobacco included, or rather excluded.

Correspondence of the Chronicle.

RYE, Aug. 12, 1867

Mr. Editor:—There was never so much company at Rye Beach as at present. The hotels are crammed and jammed with the sweltering mass of humanity seeking shelter from city heat and country mosquitoes. The immense Ocean House has every room full and is obliged to put up cots in the hall to accommodate the guests. Nearly every other hotel is in the same fix—much to the delight of the proprietors, and disgust of the old fogies who have all along predicted a dull season.

Last Friday night there was a grand "Hop" at the Atlantic; Saturday night at the Ocean and next Wednesday or Thursday evening the Farragut follows suit, with the Germanians of Boston to furnish the music.

Sunday morning the famous yacht Vesta, one of the competitors in the great ocean yacht race last winter, arrived with a party from Boston and dropped anchor about a mile from the Farragut House. She is 201 tons burthen, and is the handsomest and most elegant craft ever seen in these waters. Her cabin and staterooms are richly furnished, and there is nothing wanting that experience can suggest or money furnish. Large numbers of persons visited her on Sunday. She has not had a chance to give us a touch of her speed, as the weather remains provokingly calm. She is owned by Richard Baker of Boston.

The Northwood Cornet Band with a large party will arrive Tuesday.

U. S. Senator Yates of Illinois and Ex-Gov. Smith of Vermont have been stopping at the Ocean House.

Yours in haste, BUGGINS.

☞ An Augusta, Ga., dispatch of Monday, says, the weather is clear and pleasant. The cotton crop accounts continue favorable from Alabama, Florida, Georgia and South Carolina. The caterpillar has appeared in some sections, but no serious damage has been done. The wheat and corn crops are the largest they have been for many years. The abundant yield has saved thousands from starvation, and there are now no accounts of suffering from the sections heretofore in want.

☞ A Washington item of Monday says, there is high authority for stating that while the rumors are untrue that Secretary McCulloch and Postmaster General Randall will resign, there is no doubt but that serious differences have arisen between the President and Secretary Seward, at least on the part of the latter, which may compel the Secretary of State to withdraw from the Cabinet. The events of to-day have caused a profound sensation in all circles here.

— An insane man, supposed to be Clarence A. Davenport, of Dorchester, Mass, jumped from the cars on a Western railroad last Friday night, while the train was going at great speed, and he has not since been heard from, although great efforts have been made to find him.

— Unripe and rotten fruit, the New York papers say, never was so common as it is at present, and the authorities are called upon, as a sanitary precaution, to prevent its sale. The injunction will apply elsewhere as well.

— The last Legislature of Ohio passed a bill authorizing Boards of Health in the large cities to enumerate and record the female inmates of houses of prostitution, and to remove and protect those under eighteen years of age. The Cincinnati Board of Health have directed such enumeration to be made.

— The news from the fishery along the coast of Newfoundland is not very cheering. There are plenty of fish on the ground, but apparently glutted and indifferent to bait. It is thought, however, that while they remain near the shore there is good reason to hope that with new bait and changes of weather the catch will improve. Even as things are, the voyage is progressing tolerably as compared with that of last year.

Found.

In this city, a Jet CROSS set in gold, with a Locket. Enquire at the Chronicle Office. au10

BREAD

MIXING and KNEADING MACHINES.

One of the Most DESIRABLE and VALUABLE Inventions of the Age.

For sale by

E. A. STEVENS,

46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the following statement of the advantages of the Bread Mixers and Kneaders.

FIRST.—The Machine is simple in construction, will not get out of order, and is thoroughly adapted to the purposes for which it was intended, the kneading and mixing of bread. It is the only machine ever invented for these purposes, and has given entire satisfaction wherever used. It is also compact and ornamental and will last for years.

SECOND.—It both mixes and kneads the bread by the same action. The flour, water and other ingredients necessary for bread, are put into the pan (which is a part of the machine) at once, and there, by the simple action of turning a crank for a few moments, becomes thoroughly kneaded dough.

THIRD—It mixes the flour and other ingredients, stirring them together and removing all the lumps, more effectually and quickly than can be done by hand.

FOURTH.—It kneads the dough evenly and uniformly. The lightness of bread depends upon its being thoroughly kneaded and mixed with air or "aerated." In this machine every particle of dough is caught up and brought under the direct action of the "rollers," thus becoming as perfectly kneaded as can be done by the most skilful of experienced professional bakers. It will make far better the lightest kind of dough suitable for French rolls or any other kind of bread. See certificates.

FIFTH.—It saves a great amount of labor. Every lady knows that it requires at least half an hour to knead dough by hand so that it shall make good light bread. By simply turning the crank (which a child can turn) the dough in this machine is mixed and kneaded in less than ten minutes.

SIXTH.—It has the advantage of perfect cleanliness. From first to last the hands do not touch the flour or other ingredients. The perspiration and other impurities of the arms need no longer constitute an ingredient of the bread. Ladies will understand this when they remember that kneading the dough makes the hands white and clean.

SEVENTH.—The machine cleans itself, scraping off from itself the particles of dough.

EIGHTH.—The machines are of different sizes, from one suitable for a small family to the large machine to be run by steam or horse power, which will mix and knead from one to three barrels of flour at once.

NINTH.—Any one knowing the right proportions of the different ingredients can with these machines make the lightest and best of bread, since the dough requires no manipulation.

TENTH.—It can be used for mixing cake and pastry, and in fact for all other purposes, domestic or otherwise, where mixing is required.

The principal advantages, however, are:

The Great Saving of Labor.

Cleanliness.

Certainty of always having Good Bread, which even the most skilful often fail in making.

The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.

It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.

The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 **E. A. STEVENS.**

A GENERAL MASSACRE of the dires of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is

KILLED DEAD,

the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which

IN FIVE MINUTES

produces a black or brown which is not surpassed by nature's own hue. Be wise in time. The only safe and sure article is

CRISTADORO'S HAIR DYE.

Manufactured by J. CRISTADORO, 68 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. Jy30daw—1m

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all Throat and Lung affections. The only object of the advertiser in sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, FREE, by return mail, will please address

law daw REV. EDWARD A. WILSON,
1y my7 Williamsburg, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my7—law daw1y

JOHN B. OGDEN, 42 Cedar Street, New York.

DR. MILLER'S
Soothing and Healing Balsam,
or, Nature's Assistant.

IT HAS PROVED INFALLIBLE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Bowels, Chilblains, Chapped Hands, Stiff Neck, Ague in the Face or Breast, Ear Ache, Deafness, Poisoning, Erysipelas, and Inflammation of the Eyes. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.

AS AN INTERNAL MEDICINE, when taken in season, it will cure Inflammation of the Bowels, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.

This medicine is purely vegetable in its composition, soothing and healing in its influence, and may be given to any age or sex with perfect safety. It has been before the public during the past nine years, and has wrought some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. For sale by all Druggists. C. D. LEET, Proprietor, [m125—dawly A.] Springfield, Mass.

Depot Sanford & Co., 21 Park Row, New York will also supply the Trade at List Prices.

Holloway's Pills.—Derangement of the Stomach and Bowels. As the stomach by the agency of the gastric juices assimilates digested food into elementary blood, we cannot be too careful of preserving it in a healthy and vigorous condition. Holloway's Pills are powerfully corrective and detergent, they strengthen the digestive organs, and by their curative properties cleanse and purify the digested food in its process of conversion to blood. In all disorders of the bowels or viscera, their sanative qualities are unequalled. Sold by all Druggists. au10dawlw

☞ Good Wine makes good blood. See advertisement of Speer's Wines in another column, —the best for Table, Family and Medicinal Use.

my8daly JAY COOKE & CO.

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRADRETH'S PILLS,

Is always safe, never leaving any ill effects. In all cases their use is wise; but in severe pain from colic, inflammation, or external injuries, it is

LIFE SAVING.

Remember BRANDRETH'S PILLS are always sure of effect, and always without the least danger, and they act on every part of the system, dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon Demas Barnes says—"I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. jy5daw1mespn

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 9th Avenue, New York. He went into the excavation and struck a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also Internally for Colic, Cramps, Diarrhœa, Dysentery, and Croup. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself.—Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortland street, N. Y. au8dwim

SCHENCK'S MANDRAKE PILLS.

A Certain Cure for Diseased Liver and the many Dangerous Maladies which are caused by a morbid condition of that organ.

To give the public a clear understanding of the mode in which SCHENCK'S Mandrake Pills produce those wonderful effects which are attested by thousands of reliable witnesses, we present a brief

DESCRIPTION OF THE HUMAN LIVER

and its functions, which will make the operation of this popular medicine perceptible to every man's understanding.

The liver is supplied with blood vessels, nerves and absorbents. One of its obvious uses is to secrete and prepare the bile. It likewise filters the blood and separates that fluid from all impurities. How indispensably necessary to health is the proper performance of this function! If the liver is diseased, it cannot purify the blood, and if that is not thrown out by the lungs, brain and other parts in a morbid condition, it must cause jaundice, biliousness, obstruction of the kidneys, gravel, and many other complaints no less painful and dangerous, but the least of them quite enough to make a man sick and uncomfortable, and until the performance of any of the functions of life. This unhealthy state of the system very often ends in pulmonary consumption.

The circulation of the blood is conducted in this manner:—The heart sends the vital current down through the arteries; it passes through the flesh, taking all impurities in its progress, and the stream of blood flows backward through the veins, and passes to the liver to be purified. It is impossible to cure consumption, scrofula, or scarcely any other kind of ulceration while that important organ, the liver, is diseased. It is for that reason that "regular physicians" pass by consumption. They usually begin their treatment with the use of some cough medicine, the basis of which is morphia or opium in some shape, which locks up the liver instead of relaxing the secretions, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's

PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS,

will strengthen the system, purify the blood, and ripen and heal ulcers on the lungs.

A volume would be required, to give a brief account of the many persons who are purified by Dr. Schenck's medicines, viz: Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills—all of which are accompanied by full directions for the use of them.

DR. SCHENCK will be professionally at his rooms every week, (28 Bond street, New York, and 36 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is five (5) dollars. His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, $1.50 per large bottle, or $7.50 the half dozen. Mandrake Pills 25 cents per box.

GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists. W au21—daw 1w No 3

THE GRAVEST MALADIES
OF YOUTH AND EARLY MANHOOD.

Howard Association Essays on the Physiology of the Passions, and the Errors, Abuses and Diseases peculiar to the first age of man—with Reports on new methods of treatment employed in this institution. Sent in sealed letter envelopes, free of charge. Address Dr. J. SKILLIN HOUGHTON, Howard Association, Philadelphia, Pa. m16—daw3m

Local.

☞ Letters received in this city from officers of the U. S. S. Resaca, announce her arrival at Acapulco July 23d, and state that four men had died from yellow fever on the passage. Capt. Bradford also communicated the sad intelligence to his family and friends, that Mr. HENRY E. HAM, son of J. E. Ham, Esq., of this city, and yeoman of the ship, died on the 22d of July and was buried at Acapulco—receiving every attention during his sickness, and every courtesy possible as to burial, from Consul Thos. Harris, who is also of this city. The Captain and Ensign Gay write that Mr. Ham was an efficient and popular officer and will be much missed and his loss regretted on board ship. His age was 22 years. The Resaca sailed same day for San Francisco.

NAVAL.—First Asst. Engineer Robert S. Talbot, who has been at this station for four months past on special duty connected with the new steamer Piscataqua, has been ordered to the Manitou, a second-rate screw steamer, now receiving her machinery at the Charlestown Yard. In his short stay with us, Mr. Talbot has won for himself a large circle of friends.

LAUNCHED on Tuesday from the yard of Messrs. Tobey & Littlefield in this city, a beautiful and finely modelled bark of 286 tons new measurement, called "Don Teodoro," for account of Capt. G. W. Schroeder. She is designed for the South American trade, will be commanded by Capt. Robert Mosar, and will load immediately at Boston for Valparaiso by Messrs. S. D. Crane & Co.

☞ It has been stated by the highest authority in the country on the matter of dogs, that this city contains more good dogs of the breed known as "black and tan" than any other place on the continent. The original stock was imported direct to this port.

☞ Tony & Billy Pastors' great combination will appear at the Temple to morrow evening. The Western press speaks very highly of their performances.

☞ While the beach houses in this immediate vicinity are doing so well, friend Frost, of the Atlantic House, at Wells Beach, is not behind. His house is full, business good, fishing excellent, and birds plenty. Of a number of bass caught there last week, one weighed 75 pounds, and none less than 50 pounds. Those who can get away ought to give Frost a call before frost comes.

☞ Yachts Mist, Columbia and John Q. Adams, a portion of the Boston Yacht Squadron, rendezvoused in our harbor on Sunday night, leaving on Monday for Boston.

SECRETARY STANTON has been summarily suspended from office as Secretary of War, by the act of President Johnson; Gen. Grant has been appointed to act *ad interim*, and has accepted the trust. Sec. Stanton submits under protest. Gen. Grant, in his note to Sec. Stanton, uses this language:—

"Sir—Enclosed herewith I have to transmit to you a copy of a letter just received from the President of the United States, notifying me of my assignment as acting Secretary of War, and directing me to assume those duties at once. In notifying you of my acceptance, I cannot let the opportunity pass without expressing to you my appreciation of the zeal, patriotism, firmness and ability with which you have ever discharged the duties of Secretary of War.'

No man in the country can stand better than Sec. Stanton stands to-day. Condemned and deposed by Andrew Johnson, he is endorsed and commended by the highest military authority in this country, Gen. Grant—for zeal, patriotism, firmness and ability.

Mr. Stanton will remain suspended until the Senate meets to act upon the charges preferred by the President and to sustain or reject them as required by the terms of the Civil Tenure act.

In the meantime, our poor President must bear as best he can, the indignation of the great mass of loyal people in the land, and the scorn and contempt of the most intelligent and worthy men. He may receive, on the other hand, such aid and comfort as Tom Florence, Counsellor Bradley & Co., can afford; and when Congress meets and Andrew Johnson sends in his plea for the trial of Sec. Stanton, it is possible A. J. himself may be brought to trial. The evidence of his insanity is rapidly accumulating, and having committed political suicide some time ago, he may (as lately suggested) resign his office, and perhaps destroy his life as effectually as he has killed his party. We do not think he will resign; but his impeachment and deposition are every day becoming more probable, by the folly and madness of his career.

☞ At half past 12 o'clock, Sunday night, fire broke out in a barn at Wrentham, Mass., doubtless the work of an incendiary. In this barn a cow was burned. A large stable near by was on fire very soon, and here, too men sleeping in the stable, saved 9 horses out of 16, but 7 were burnt. A hotel, bank, and some houses were burnt. Loss about $30,000. There was no engine in the town; but one came in from Foxboro, and arrested the fire.

☞ On Monday night, the British House of Lords receded from all their amendments to the Reform Bill, except that providing for the representation of minorities,—and this having been agreed to by the Commons, the two Houses are agreed, and the Bill becomes a law.

NEW HAMPSHIRE ITEMS.

—On the 6th inst., the tannery of A. S. Kendall, Fitzwilliam, was burned with its contents. Loss $30,000 to $40,000.

—One Geo. Prescott was fined $8 and costs in Exeter, for assaulting special policeman Robert Carter at the Town Hall. For lack of funds he went to jail.

—During the thunder shower of Saturday, a tree on the farm of Daniel C. Tenney, West Concord, was completely shattered to prices by lightning, and four sheep killed near it.

—There were heavy showers on Saturday in several parts of the State. At Croydon a barn was struck by lightning and consumed, with two other barns and 50 tons of hay belonging to one owner, and not insured.

—One Dexter G. Reed of Newport, an ex-major, who leaves a wife and child there, with unsatisfied creditors, eloped July 4 with a young daughter of Uriah Hall of the same place, and they have gone to parts unknown. A brother of Hall was an accomplice,—and should be booted out of town.

—Nims & Crossfield's sash and door manufactory, in Keene, was burned Monday afternoon. Loss $35,000; insured for $10,000. The fire also destroyed several wooden ware manufactories adjacent, entailing from $15,000 to $25,000 loss.

—The China Manufacturing Co., with a capital of $1,000,000, to be located at Suncook, incorporated by the last Legislature, was organized last Saturday by the choice of Thomas Howe, Micajah Pope and Francis M. Weld as directors. The foundations of the mill, to contain 50,000 spindles, are nearly completed. The two mills existing at Suncook, the Pembroke and Webster, contain 40,000 spindles and turn out 25,000 yards of print cloths daily.

CHARLESTON ITEMS.—Gen. Sickles has approved the sentence of the Court Martial in the case of Daly and Radcliffe, who recently assaulted two Northern men in a bar room in Columbia. They have been sentence l to six months imprisonment at Fort Macon, N. C.

The registration commenced quietly.—Apathy prevails to a large extent in the community. The number registered one day was 556, of which 153 were whites and 403 colored.

DAMAGE BY LIGHTNING.—On Saturday afternoon one of the churches in Leicester, Mass., was struck by lightning and somewhat shattered. It was also set on fire, but the citizens succeeded in extinguishing the flames before much damage had been done.

☞ Rumors come from Washington that the President desires to reconstruct his Cabinet into a pure and harmonious Johnsonian Bureau;—not a Freedman's Bureau, but a crazyman's.

☞ Dr. Wm. H. White of Springfield, Mass., is in jail, charged with the abortion murder of Elizabeth Mathews, a girl of 18 years.

GOLD, Tuesday, 140 3 4.

GENERAL GRANT has risen to distinction by his military genius, and his name is a tower of strength among all classes. But the name of Ramsdell has become a household word by the merits of his O. K. Soap, and the grocers in all parts of the country necessarily pay him tribute.

THE RETORT COURTEOUS.—"You're a dull looking set," as SOZODONT said to the neglected teeth. "We shall soon improve, under your auspices," as the neglected teeth said to SOZODONT. 13

Bread, Biscuit, Cakes and Puddings, going through the process of baking, change all the substances of Herrick Allen's Gold Medal Saleratus into carbonic acid gas, which then passes away, so that there is not a particle of it remaining in the food in which it is used, thereby making it perfectly wholesome and healthy, and peculiarly adapted to weak stomachs and dyspeptic persons. Grocers and Druggists sell it. 33

MARRIAGES.

In Exeter, July 23, MR. WILLIAM F DAVIS of Lowell, to MISS CAROLINE E. KELLEY, daughter of the late Hon. John Kelley.

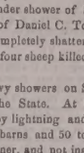
DR. J. W. CHANNING,

—THE—

Great Cancer and Humor Doctor,



Has arrived at Portsmouth and taken rooms at the PISCATAQUA HOUSE, where he will remain until August 24. Dr. C. gives particular attention to the cure of CANCERS, Swelled Neck, and Piles in all forms, Catarrh, Tonsils in the Throat, Asthma, Liver Complaints, which he cures without pain, and without the use of the knife. Do not say that you cannot get any relief until you have tried his medicines, which will remove all humors, such as Cancers, Scrofula, Abscesses, White Swelling Affections, Erysipelas, Salt Rheum, Inflammatory, Chronic, Mercurial and Syphilitic Rheumatism; never heal old and stubborn Ulcers and Sores of all kinds cured, whatever may be the cause that produced them.

Dr. C. will give examinations and advice free on all diseases. Invalids of both sexes are respectfully invited to call and consult the Doctor. aul—daw

THE

UNION PACIFIC RAILROAD CO.

—THEIR—

FIRST MORTGAGE BONDS,

AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, is the following, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is,—"Are these bonds secure?" Next,—"Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 32 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it retains a second lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the road (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than overunsecured, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**

The daily subscriptions are already large, and they will continue to be received in New York by the

CONTINENTAL NATIONAL BANK, 7 Nassau st.,
CLARK, DODGE & CO., Bankers, 51 Wall street,
JOHN J. CISCO & SON, Bankers, 33 Wall street,

and by BANKS AND BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained.—They will also be sent by mail from the Company's Office, No. 20 Nassau street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the Bonds.

Caution
To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No. 7 Endicott St., Boston, is consulted daily for all diseases incident to the female species. Prolapsus Uteri or Fluor Albus, Suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience the cure of diseases of women than any other physician in Boston.

Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered.

Morning Chronicle.

A REPORTER FERRIED ASTRIDE A COW.—A correspondent in the south of Scotland writes to an English paper as follows:

Several writers of note have related extraordinary feats performed by them while they were engaged as newspaper reporters before the days of railroads; but I do not think they have recorded anything of the kind so amusing as an adventure which befel a reporter of my acquaintance the other day. The gentleman in question had to attend a coursing meeting in a western county. He knew that the place of meeting was on the bank of a certain river, and he calculated his journey so as to reach the spot at the hour fixed for the commencement of the proceedings. On approaching, however, he was much disappointed by finding that while he was on one bank of the river, the hunters were on the other. The nearest bridge was two and a half miles further up, and the river was broad and deep.

Here was a fix; and as the first pair of hounds were in the slips, there was little time for reflection. Our friend would have reckoned the service of a boatman cheap at the price offered by the Chief of Ulva's Isle; but no boatman was near. As a forlorn hope, he walked rapidly down the bank, and as he did so he observed a number of cattle on the other side of the water, while the only person who was likely to be in charge of them—a ruddy damsel of sixteen—was on the same side as himself, together with one or two of her cows.—This circumstance suggested the existence of a ferry of some kind, and, approaching the herd lassie, he anxiously inquired how she managed to cross the river. "Oo, I rider ower on the back o' a coo," was the prompt but staggering reply. On recovering his breath our friend exclaimed, "On the back of a cow!" "Yes; an' if yo lek I'll tak' ye 'cross,' said the unsophisticated girl.

After a little reflection, during which the herd lassie mounted one of her charge—I was nigh saying chargers—and made a trip across the ford to give assurance that the passage was quite safe, the gentleman thought that he might go farther and fare worse; so he intimated his willingness to venture, expecting that he would have to manage his own "ferry-boat;" but Dorothy cautioned him that, as the "coos dinna ken him," he would be sure to get a tumble.

Advancing with a cow which she strode across the shoulder, she invited him to "jump up abint;" and as there was no observers who would be likely to notice him annoyance, he did jump up. Patient but overladen, Crummie entered the river, and was floundering across, when our friend was awakened to the ridiculous nature of his situation by the "halloo!" of the huntsmen and the rush of hoofs approaching the bank for which he was making. The grotesque group in the water caused the hunters to pause, and the representative of the fourth estate got heartily laughed at as he dismounted from his horned steed, and took a hurried leave of his *compagnon du voyage*.

HAIR AND BRAINS.—A young lady writes to us that she "had Mrs. —— do her some hair work, and after she done it, it was so bad she took it to Mrs. ——, and she said a number one job of it, and so she would reckomend all her friends to call there, for she knows how to fit all the young lady's heare so they can't help but catch a bough."

All this the young lady desires us to make public, and further:

"Tell them that I have got a 1-2 dozen boughs since I have had my hair fixed over, and they come in very nice now for ice-cream and strawberries these warm days."

This young lady will pardon us if we seem rude, but we cannot withhold an expression of the belief that she would catch more desirable beaux if she would manifest more concern about ornamenting the inside of the head, and less about the appearance of the outside. Sensible men are "caught" with brains, not hair.—*Exchange*.

American and Foreign Patents.

B. H. EDDY,

SOLICITOR OF PATENTS,

Late Agent of the U. S. Patent Office, Washington under the Act of 1793.

No. 73 **State street.** (opposite Kilby street,) **Boston.**

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.

No Agency in the United States possesses superior facilities for obtaining Patents, or ascertaining the patentability of inventions.

During eight months the subscriber, in the course of his large practice, made out *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse."—CHAS. MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.

"Mr. B. H. EDDY has made for me THIRTEEN applications, in all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGLIABUE."

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to test it, knowing that it only necessary for them to give it a trial to become fully satisfied of its merits, and to pronounce it the BEST PINE CUT MADE. We do not offer these inducements until the fact is fully recognized.

We are making the CENTURY from selections of the very choicest old leaf, and have decided every care to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEWING TOBACCO.

On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in five papers, $20 each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 in each, all cases bearing GENUINE U. S. GREENBACKS to the amount of $1000 a day.

The finders of these Greenbacks—by sending us their name, address and numbers of the bills—will be presented with packages of our Tobacco in proportion to the amount of money found.

This House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, which puts to flight all doubts, if any should exist, as to the genuineness of this enterprise.

THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. R. Mitchell, 38 Central street, Boston; B. A. Van Schaick, 16 S. Front street, Philadelphia; Foy & Earle, 85 S. Water street, Chicago; Schultz & Bagley, 94 West second street, Cincinnati.

Price list sent on application to

C. A. RICHARDS & CO.'S

CONCENTRATED

EXTRACT OF RYE.

THE Proprietors of this popular article, finding it necessary to remove a wrong impression from the public mind regarding the real merits which they claim for it,

WOULD ONCE AGAIN ANNOUNCE

THAT IT IS NOT

a mere dram-drinking beverage, but a TRUE, GENUINE AND SCIENTIFICALLY PREPARED

MEDICINE.

It is not, as many have been led to believe, nothing but good Rye Whiskey; it is a

MEDICINAL REMEDY,

specially designed for certain useful and beneficial purposes, which any intelligent and thinking person can readily see, by reading what we now have

TO SAY ABOUT IT,

without any long, high sounding words, such as some doctors use to mystify and bewilder a patient, until he can't begin to tell what does not ail him. We simply assert and say that "EXTRACT OF RYE" is nothing but the

JUICES OF THE GRAIN

combined with a certain oily, fatty and vegetable matter, which, when taken into the system, stimulates it first to

NEW LIFE,

and a restored appetite, and then goes to make BETTER AND STRONGER

FLESH AND BLOOD.

One can instantly see how this preparation must soothe the throat when it is inflamed, and how nourishing its lubricating and fattening effects to the lungs; consequently

IT IS WHAT YOU WANT

when you have a bad cough, to cure it, when you have

CONSUMPTION OF THE LUNGS,

to heal and build them up again. So much for those troubles.

Now, if you want an article to FEED THE SYSTEM OF, when it has become reduced by sickness or by being OVERTAXED IN ANY WAY, this medicine will

DO THE WORK.

We have, among a great many letters we have received about it, a great many positive testimonials that it has been the means of saving people

GAIN FLESH AND GROW FAT.

The reason for this is the

GRAND SECRET OF THE WHOLE MATTER.

It acts as a

STIMULATING FOOD

to the body, and helps Nature

THROW OFF DISEASE.

How often, of late years, have people been terribly deceived by resorting to common whiskey for this purpose, when if they knew it, the only advantage to be gained from the use of whiskey must spring from the little quantity it contains of that of which Extract of Rye is *entirely composed*. This, then, is the whole story. EXTRACT OF RYE will cause you to throw off disease by feeding the system with a

STIMULATING FOOD,

and will build up and restore the powers of mind and body, while you become fat and happy.

It is put up in convenient style, each bottle being contained in a paper box. It is not sold at a foolish, fancy price, but offered at a reasonable cost to rich and poor.

If you want a Superior Instrument,

BUY ONE OF

Mason & Hamlin's Cabinet Organs,

Of A. PEARSON, No. 20 HANOVER STREET, Sole Agent for Portsmouth and Vicinity.

Forty styles, plain or elegant cases; one to 12 stops. Prices, $75 to $600, and upwards.

Fifty-six Gold or Silver Medals, or other highest premiums, have been awarded to Mason & Hamlin for the important improvements effected by them, and for the *Superiority of their Instruments in all cases.*

The Mason & Hamlin Cabinet Organs must not be confounded with other reed instruments, from which they vary essentially, their superiority being largely derived from PATENTED IMPROVEMENTS, which cannot be employed by other makers. Among these are:

The Automatic Bellows Swell,
Improved Self-Adjusting Valves,
Wooden Octave Coupler,
Noiseless Safety Valves,
The Improved Combination Register.

Circulars, with full particulars, and list with illustrations of styles and prices, furnished as above. Jy26—plws

SPEER'S SAMBUCI WINE.

Prescribed by Physicians for
FEMALES, WEAKLY PERSONS AND INVALIDS.

As a Tonic, it has no equal, causing an appetite and building up the system of the most debilitated.

As a Diuretic, it imparts a healthy action to the Glands, Kidneys and Urinary Organs; very beneficial in DROPSY, Gout and Rheumatic Affections.

As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopoia.

The qualities of SAMBUCI are "*multum in parvo*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.

N. B.—Vinum bonum bonum sanguinem facit.

SPEER'S RARIFIC is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefitting ladies and children.

Be sure the signature of *ALFRED SPEER,* Passaic, N. J., is over the cork of the bottle.

For sale by Town Agents and Druggists.
A. SPEER, 243 Broadway, New York.

The Chronicle.

CONTENTMENT.—Rothschild with all his wealth must be satisfied with the same sky that is over the head of the poor man. He cannot order a private sunset, that he may enjoy it with a select circle of friends, nor can he add one single ray to the clear, bright beams of the queen of night, as she sails magnificently through the heavens. The richest banker cannot have more than his share of the air to breathe, and the poorest of all men can have the same. Wealth may buy a brilliant bracelet, dazzling with diamonds and rubies, but wealth cannot buy a graceful and well-turned arm on which to display its splendor. God only can give that, and to many of the poor he has given it.

"I wish I had the health of that rosy peasant girl," sighs the aristocratic invalid, propped up with pillows in her costly carriage. "Ah, me!" says the girl, "if I could only ride in such style as that." Wealth cannot purchase health, nor can it give a contended mind. All that is most valuable can be had for nothing. They come as presents from the hand of a kind and indulgent Father, and neither the air, nor the sky, nor beauty, health, strength, nor genius, can be bought and sold. Whatever may be thy condition in life, remember these things, and therewith be content.

SOME INTERESTING FACTS.—According to the records of the Internal Revenue Bureau of the Treasury, it is shown that the number of cigars returned by manufacturers throughout the loyal section of the country under the law of July 1, 1862, up to and including June 30, 1864, amounted to 92, 780,700; those returned under the law of June 30, 1864, amounted to 530,491,902, and those returned under the law of March 31, 1865, amounted to 258,086,963, making an aggregate of 1,281,359,365 cigars, on which tax was paid, between July 1, 1862, and March 4, 1866. The gross amount of tax paid on these cigars was six and one half millions of dollars, inclusive of all grades. But the totals of cigars are less astounding than those of the article of chewing tobaco, in its several forms of cavendish, plug, twist, fine cut, etc. In the fiscal year of 1863, 15,231,174 pounds were returned, which yielded a tax of over two and one quarter millions of dollars; in 1864, 39,180,654 pounds—tax $5,877,095; in 1865, 22,462,854 pounds—tax $5,936, 101; and for the first nine months of the year 1866, 18,330,647 pounds—tax $7,328,429.

DANIEL AND EZEKIEL WEBSTER.—A Boscawen farmer came many years ago into the office of the Statesman and illustrated the difference between the economic habits of the brothers Webster in the following way: "Ezekiel," he said, "having a cord of wood to be sawed twice, split, and carried up stairs. What will you do it for?" "One dollar," replies Jones. "But, my dear man, you can complete the job by the middle of the afternoon, and you do not pretend to ask more than a dollar a day. Come, say 75 cents, and the money is yours." Jones yields and does the job.

"Daniel," he continued, "have a cord of wood to be served in the same way, calls the first man who comes along, and says, "I wish you would properly prepare that wood for my stove, and take it up stairs." When the work is done, the laborer is asked what is to pay, and says "One dollar, Sir." "One dollar!" says Mr. Webster, "why, man, you can't afford to work so cheap as that; here is a dollar and a half, and call again when you see a load of wood at my office door.—*N. H. Statesman.*

[Yes, and while Zeke no doubt paid his honest debts, it is well known that Daniel didn't.

— In running to catch a "fly ball" in a base ball game at Osage, in Mitchell county, Iowa, a few days ago, two players came in contact, with such force that one of them had a jaw broken and was knocked down insensible, and was "crazy for twenty-four hours thereafter," while the other had his face bruised and the bones of his nose broken.

Notice.

Whereas my wife, Jennie E. Faulkner, has left me without cause or provocation, this is to forbid all persons harboring or trusting her on my account, as I shall pay no debts of her contracting after this date. WILLIAM FAULKNER.
Portsmouth, July 30, 1867. aul—8*th

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
The Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by

JAMES A. DUPEE, JAMES BECK, HENRY SAYLES

The Daily Chronicle.

Portsmouth, N. H.

THURSDAY, AUGUST 15, 1867.

WASHINGTON CITY is excited with the President's folly and madness; and correspondents send out a variety of rumors.—On Tuesday one evening paper asserted that on Wednesday an order would be issued suspending Judge Advocate General Holt, the Chief of the Bureau of Military Justice. There is official authority for contradicting this and similar stories. Judge Holt is a regular army officer, and the most the President can do is to transfer him to other duty in the army.

Official authority is given for confirming the statement that neither Secretarys McCulloch nor Randall have announced their intention of resignation, nor in fact has Sec. Seward made any intimation of that kind to the President, although his conversation outside in sustaining Sec. Stanton has generally led to the belief that he will resign, and his friends are not disposed to abandon that opinion.

The much talked of order relieving Gen. Sheridan is expected this week. The President said that he did not expect the successor to restore any of the Louisiana officials displaced by Sheridan, and declared that his reason for removing the latter commander was based wholly on the ground of what the Executive considers insubordination in disrespectful telegrams and orders about the President.

[*It is impossible for an honest and impulsive man like Sheridan to respect a hypocrite and a liar. As a soldier, he might be able to obey the orders of a superior officer to whom he is subordinate,—but he despises lies and cheating, and cannot help despising the liar and cheat.*]

The evening administration paper says that Congressman Ashley is to be indicted in this district for conspiring to displace the President. The story is given for what it is worth.

[Congressman Ashley was the mover of Impeachment—and if the President's keepers do not restrain him in his mad career, Mr. Ashley may find it easy to arraign and convict him of misdemeanors and mal-administration.]

FROM THE EAST INDIES, *via* London. The United States authorities having received neither satisfaction nor apology for the murder of the crew of the American barque Rover, the Hartford and Wyoming were ordered to the scene of the outrage at the island of Formosa. They sailed early in June, and on arriving off shore a demand was made for the surrender of the murderers, which not being complied with, and in the meantime it being apparent that the natives were preparing for fight, the shore was vigorously shelled by both vessels. Several boatloads of sailors and marines subsequently effected a landing, and a sharp fight ensued with the Formosans which lasted over five hours. The beat was intense—15 officers and men were reported sunstruck. Lieut. Slidell Mackenzie, one of the landing party, was shot and died of his wounds. At nightfall the fighting party was withdrawn from the shore and the bombardment resumed and continued until the natives all disappeared, when the Hartford and Wyoming sailed for Shanghae, where they arrived the 15th of June.

Among the general items of news from Shanghae it is stated that the Chinese merchants refuse to receive Mexican dollars coined by the Emperor Maximilian.

☞ A man in New York city, named John Wade, while bathing with others in the East River on Monday, made a foolish bet about jumping into the water from a great height. He went to the cross-trees of a schooner, 65 feet above the water, and (though warned of the danger,) jumped down through ten feet of water, and stuck fast in the mud, from which he could not be got till 15 minutes had elapsed, and then a diver got up his dead body. He was 25 years of age, and leaves a widow and three children. The N. Y. Herald's reporter says there is evidence that the man had been drinking, which may account in part for his folly.

☞ The L. Scott Publishing Co., New York, furnish Blackwood's Magazine or any of the leading English Reviews, at $4 a year. They always furnish something of value, not easily obtainable elsewhere.

☞ A newspaper writer does not feel quite sure whether President Johnson's brain is softening, or his heart hardening. Perhaps both processes go on at the same time.

GOLD, Wednesday, 140 1-4.

— In New York city, Tuesday afternoon, Edward Jones, proprietor of a shooting gallery located on the roof of Barnum's Museum, was accidentally shot dead in the act of painting a target, by a young man whose name is not ascertained. The young man was so frightened at the result of his recklessness, that he ran off and has not since been seen.

NEW HAMPSHIRE ITEMS.

—— Some stalks of corn in Manchester, measure 9 feet 11 inches in height.

—— John Sawyer of Greenfield, and John Henry Day of Woburn, stole $405 from Gilman P. Fletcher, in his store at Greenfield, about 8 o'clock last Saturday night. Mr. F. missed his money about half past 9, as he shut up shop; and like a man of business he went to Peterboro' and waked up Sheriff Scott, who procured a warrant, arrested both thieves and got the money before 5 o'clock Sunday morning.—The thieves are in jail.

"NEAR THE LAKE."—The News paper says, "there has been a large rush of visitors from abroad at Wolfeborough for the past week. It is thought that more people stopped in that town over last Sabbath than ever before. It is said that Mr. A. L. Howe, the gentlemanly landlord of the Pavilion hotel, is reaping a golden harvest of good opinions, and also of greenbacks, both of which are valuable in his line as in most others. The season is fast passing. The first little frost will cause the tide to set out more rapidly than it set in. Both strangers and residents must 'make hay while the sun shines.' The Una boat club of Portland, who visited this place last year, have returned to pass a week or more this season. They have with them their eight-oared barge, one four-oared, and three two-oared shells."

One of the most delightful trips in the world, is a sail over "the Lake" with Capt. Sanborn in steamer Lady of the Lake, and stop at the Senter House at Centre Harbor or the Pavillion at Wolfeborough. We prefer to go after the trees have put on their gorgeous autumn dress, and shall try and be there this fall—but "delays *are* dangerous," as the News suggests.

☞ When the express train on the Lowell Railroad, which left Ogdensburg Monday morning, was passing through East Woburn Mass., Monday evening, an intoxicated man named Clark, who was walking along the track, beheld the train approaching and endeavored to step aside; in doing so he caught a foot in one of the rails, and it was crushed by the wheels. He was picked up and a physician called, who decided upon amputation; but while he was performing the operation the man died.

☞ The Tribune has very good authority for the statement that there has been a terrible panic in Washington. The rumors of the President's resignation caused a stampede among the office-holders, many of whom were affected to tears. An indignation meeting was talked of, but now that the President announces that he won't resign, it is expected that the city will be illuminated.

☞ An exchange says the trial of the Rev. Mr. Merrill for ministerial misconduct took place in Plattsburgh last week. He confessed to the principal charges against him, with one exception, and was suspended from the ministry until the next meeting of the Troy Conference, to be held in Albany, in April, 1868.

GAME.—A few mornings since, as Elder E. G. York of Wolfeborough, stepped from his door, he found perched upon a cherry tree within ten feet of his house, a porcupine or hedge-hog. He was shot by a neighbor, and found to weigh ten pounds. What had induced this denizen of the forest so far to deviate from his usual habits of retirement and wander into the the village, does not appear.—*News.*

— The New York Conference Seminary at Charlottesville, N. Y. was burned on Saturday. Loss $30,000.

— Wm. B. Clapp's barn, at Northampton, Mass., was burned Sunday night, together with ten tons of hay, six mowing machines and other farming utensils.

— The promised meteoric shower on Saturday morning did not come off according to programme, either in England or this country.

— At Poughkeepsie, N. Y., on Sunday morning, a great many meteors were observed between one and four o'clock. Some of the time they fell so rapidly that they could not be counted.

— Sarah Williams, a Georgian, and formerly quite wealthy, committed suicide at New York last week by leaping from a ferry boat. She was made desperate by being unable to find any employment.

— It is expected that before the next trial of the Surratt case occurs, Congress will have repassed the bill pocketed by the President at the last session, providing that no distinction on account of race or color, shall be made in the selection of jurors.

— It is a remarkable fact that the four jurors who were willing to condemn Surratt were born, two of them in New England, one in Scotland, and one in Germany; while the eight who were for acquittal were born in the Southern States.

— A deputy sheriff who was placed in charge of a lager beer saloon in Hoboken, N. J., Wednesday night, in pursuance of some legal process, was missing the next morning, and his dead body has since been found on the Hackensack flats.

☞ On Monday, at Washington, an important official document was unearthed at the Attorney General's office, which presents the President's manifesto, lately put forth relative to Sanford Conover, and the indorsement of his application for pardon by Messrs. Holt, Ashley and Riddle, in rather a laughable light. The Assistant Attorney General attempts to make, it will be remembered, a great ado over this indorsement; but he omits to show that the leading Democratic members of the House, including Jack Rogers, Niblack, LeBlond and Eldredge, signed a document addressed to the President, urgently asking the pardon of this same notorious Sanford Conover. This was referred by the President to the Attorney General for action. It utterly destroys the capital the President has attempted to make against Judge Holt and Congressman Ashley by publishing a garbled record.

CALIFORNIA NEWS.—At San Francisco Capt. Swan and his crew, of the schooner Sarah, have been arrested on a charge of purposely wrecking that vessel to defraud the Revenue Department, and insurance companies. The schooner sailed with a cargo of alcohol worth $25,000, part of which has been found concealed in a cave at Drake's Bay since the reported wreck. The captain says the wreckers put it there, but the story is suspicious. The spirits were purchased in bond by Mudd, Lord & Co., who gave bonds for exportation to the Amoor river. The establishment of Mudd, Lord & Co., has been seized by the Collector. The wrecked schooner has been recovered.

An explosion of nitro-glycerine at the Summit Tunnel on the Central Railroad, on the 10th inst., killed and injured several men.

CHICAGO ITEMS.—The Chicago Republican says that "one hundred and fifty thousand persons in Chicago are without the influences of the Gospel as preached from any pulpit. Forty thousand of these spend the Sabbath in saloons and German gardens."

A Chicago man who had been away from home for a few weeks, [illegible] on his return that during his absence he had been divorced, that his ex-wife was remarried, that his property had been awarded to her, and that she had adopted as her child the young woman upon whose fabricated testimony of adultery the divorce had been granted.—The matrimonial knot can be very quickly untied in that enterprising city.

☞ On Tuesday noon, near Providence, R. I., as the shore line train from Boston was approaching, an unknown man of respectable appearance laid his neck on the rail just in front of the locomotive, and was immediately beheaded. The body has not been recognized.

THE MEANS should be raised for such an object as educating the orphans of our gallant soldiers and sailors within one month. Let all who are able respond, and it might be done in a week — Let all who have no disposition for charity, but simply want pictures and want to purchase where they can be had for the least money, buy of the Washington Library Company of Philadelphia, and under this head they might be realized in a very short time. Read advertisement.

GENERAL GRANT has risen to distinction by his military genius, and his name is a tower of strength among all classes. But the name of James Pyle has become a household word by the merits of his O K Soap, and the grocers in all parts of the country necessarily pay him tribute.

THE RETORT COURTEOUS. — "You're a dull looking set," as SOZODONT said to the neglected teeth. "We shall soon improve, under your auspices," as the neglected teeth said to SOZODONT. 13

☞ The thousands of Consumptive persons who have been restored to health and strength by the use of SPERR'S Sambuci Wine is sufficient evidence of its great value. When used with a raw egg for a long time, it often effects a perfect cure. Sold by Druggists. 6

— While congratulating those having the fortune to be born beautiful, we, on the other hand, pity the household who has not had the good fortune to obtain a paper of Herrick Allen's Gold Medal Saleratus. Go immediately to your grocer and get a paper, and, our word for it, you will never use any other. It has been analyzed by one of the most distinguished chemists in the country, and pronounced perfectly harmless, and to produce one-eighth more Bread or Biscuit from the same quantity of flour than can be produced with any other; besides it only takes about one half the quantity. Depot 112 Liberty Street, New York. 24

Beautiful Teeth.

SWIETENIA preserves the Teeth and Gums in a healthy state. Is endorsed by the Scientific Dentists in the profession. Prepared by Dr. M. LEVETT, a Dentist of over 30 years' practice in New York City.

Brooklyn, N. Y., Feb. 11, 1867.

I am delighted with the effects of SWIETENIA as a dentifrice and a wash for the mouth.—Prompted by curiosity, I subjected it to a few tests for acids, and found in it no deleterious ingredient. As a toilet companion, both for the sick and well I consider it a peculiarly refreshing luxury. S. H. OLMSTEAD, M. D.

Price 75c. For sale by all Druggists and Fancy Dealers. ap24—eodeowly

Sweet Breath.

LEVETT'S AROMATIC SWIETENA purifies the breath and leaves a delightful taste in the mouth. Superior to any thing ever put before the public. Prepared and sold by Dr. M. LEVETT, a Dentist of over 30 years' practice in New York City.

LEVETT'S AROMATIC SWIETENIA is an excellent thing, and is endorsed by the prominent Dentists, Doctors and Clergymen.—*N. Y. Times.*

SWIETENIA is a pleasant dentifrice, whose merits will be manifest on its use.—*N. Y. Tribune.*

SWIETENIA.—We don't think we have so far when we say we don't think anything can equal it.—*N. Y. Independent.*

SWIETENIA, we can say after having tried it, is one of the best dentifrices we have ever used.—Wendell Phillips' *Anti-Slavery Standard.*

Price 75 cts. Sold by THACHER, and by all Druggists and Fancy Dealers. ap24—eodeowly

BREAD

MIXING and KNEADING MACHINES.

One of the Most DESIRABLE and VALUABLE Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the following statement of the advantages of the Bread Mixers and Kneaders

FIRST.—The Machine is simple in construction, will not get out of order, and is thoroughly adapted to the purposes for which it was intended, the kneading and mixing of bread. It is the only machine ever invented for these purposes, and has given entire satisfaction wherever used. It is also compact and ornamental and will last for years.

SECOND.—It both mixes and kneads the bread by the same action. The flour, water and other ingredients necessary for bread, are put into the pan (which is part of the machine) at once, and there, by the simple action of turning a crank for a few moments, becomes thoroughly kneaded dough.

THIRD—It mixes the flour and other ingredients, stirring them together and removing all the lumps, more effectually and quickly than can be done by hand.

FOURTH.—It kneads the dough evenly and uniformly The lightness of bread depends upon its being thoroughly kneaded and mixed with air or "aerated." In this machine every particle of dough is caught up and brought under the direct action of the "rolling," these forming as perfectly kneaded as can be done by the most skilful of experienced professional bakers. It will make therefore the lightest kind of dough suitable for French rolls or any other kind of bread. See certificates.

FIFTH.—It saves a great amount of labor. Every lady knows that it requires at least half an hour to knead dough by hand so that it shall make good light bread. By simply turning the crank (which a child can turn) the dough in this machine is mixed and kneaded in less than ten minutes

SIXTH.—It has the advantage of perfect cleanliness. From first to last the hands do not touch the flour or other ingredients. The perspiration and other impurities of the hands and arms need no longer constitute an ingredient of the bread. Ladies will understand this when they remember that kneading the dough makes the hands white and clean.

SEVENTH.—The machine cleans itself, scraping off from itself the particles of dough.

EIGHTH.—The machines are of different sizes, from one suitable for a small family to the large machine to be run by steam or horse power, which will mix and knead from one to three barrels of flour at once.

NINTH.—Any one knowing the right proportions of the different ingredients, can with these machines make the lightest and best of bread, since the dough requires no manipulation.

TENTH.—It can be used for mixing cake and pastry, and in fact for all other purposes, domestic or otherwise, where mixing is required.

The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.

The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.

It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.

The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au 6 E. A. STEVENS,

☞ Good Wine makes good blood. See advertisement of Speer's Wines in another column, —the best for Table, Family and Medicinal Use.

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is KILLED DEAD,

the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which

IN FIVE MINUTES

produces a black or brown which is not surpassed by nature's own hue. Be wise in time. The only safe and sure article is

CHRISTADORO'S HAIR DYE.

Manufactured by J. CRISTADORO, 68 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. dy30daw—1m

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all Throat and Lung affections. The only object of the advertiser sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, FREE, by return mail, will please address

law daw REV. EDWARD A. WILSON, 1y my7 Williamsburg, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my19 law dw6y JOHN B. OGDEN, 42 Cedar Street, New York.

Holloway's Pills.—Derangement of the Stomach and Bowels. As the stomach by the agency of the gastric juices assimilates digested food into elementary blood, we cannot be too careful of preserving it in a healthy and vigorous condition. Holloway's Pills are powerfully corrective and detergent, they strengthen the digestive organs, and by their native properties cleanse and purify the digested food in its process of conversion to blood. In all disorders of the bowels and viscera, their sanative qualities are unequalled. Sold by all Druggists. au10daw1w

NEW BOOK OF CHORUSES.

Forty-five Opera Choruses selected and arranged from the works of Rossini, Auber, Bellini, Donizetti, Gounod, Verdi, Flotow, Spontini, Wagner, Herold, Bishop, Balfe, Benedict, and others, forming a Most Valuable Collection for Societies, Conventions, Choirs, Singing Schools, Clubs and Social Circles. By Edward Bruce.—Price, Three Dollars. Copies mailed, post-paid, OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

DR. MILLER'S

Soothing and Healing Balsam, or, Nature's Assistant.

IT HAS PROVED INFALLIBLE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the side, Back or Shoulders, Chilblains, Chapped Hands, Stiff Neck, Ague in the Face or Breast, Ear Ache, Deafness, Poisoning, Erysipelas, and Inflammation of the Eyes. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.

AS AN INTERNAL MEDICINE, when taken in season, it will cure Inflammation of the Bowels, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.

This medicine is purely vegetable in its composition, soothing and healing in its influence, and may be given to any age or sex with perfect safety. It has been before the public during the past nine years, and has wrought some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. For sale by all Druggists. C. J. SPRINGFIELD, Agent. Springfield, Mass.

Demas Barnes & Co., 21 Park Row, New York will also supply the trade at List Prices.

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRADRETH'S PILLS,

is always safe, never leaving any ill effects. In all cases there is a wise; but in severe pain from colic, inflammations, or external injuries, it is

LIFE SAVING.

Remember BRANDRETH'S PILLS are always sure or effect, and always without the least danger, and they act on every part of the system, displodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon Demas Barnes says—"I tell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. jy20dawlmspn

SCHENCK'S MANDRAKE PILLS.

A Certain Cure for Disorded Liver and the many Dangerous Maladies which are caused by a torpid condition of that organ.

To give the public a clear understanding of the mode in which SCHENCK'S Mandrake Pills produce those wonderful effects which are attested by thousands of reliable witnesses, we present a brief

DESCRIPTION OF THE HUMAN LIVER

and its functions, which will make the operation of this popular medicine perceptible to every man's understanding.

The liver is supplied with blood vessels, nerves and absorbants. One of its obvious uses is to secrete and prepare the bile. If likewise filters the blood and separates that fluid from all impurities How indispensably necessary to health is the proper performance of this function! In the liver is diseased, it cannot purify the blood, and if that is sent back through the lungs, brain and other parts in a morbid condition, it must cause jaundice, biliousness, obstruction of the kidneys, gravel, and many other complaints more or less painful and dangerous, but the least of them quite enough to make a man sick and uncomfortable, and unfit for the performance of any of the duties of life. The unhealthy state of the system very often ends in pulmonary consumption.

The circulation of the blood is conducted in this manner:—The heart sends the vital current down through the arteries; it passes through the flesh, taking up all impurities in its progress; then the stream of blood flows backward through the veins, and passes to the liver to be purified. It is impossible to cure consumption, scrofula, or cancerly any other kind of ulceration while the important organ, the liver, is diseased. It is for that reason that "regular physicians" rarely cure consumption. They usually begin their treatment with the use of some cough medicine, the basis of which is morphia or opium in some shape, which locks up the liver instead of relaxing the secretions, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's

PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS,

will strengthen the system, purify the blood, and ripen and heal ulcers on the lungs.

A volume would be required, to give a brief account of the remarkable cures performed by Dr. Schenck's medicine, viz: Pulmonic syrup, Seaweed Tonic, and Mandrake Pills—all of which are accompanied by full directions for the use of them.

DR. SCHENCK will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is five (5) dollars. His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents per box.

GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists. W n21—daw 1w No 3

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel W. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chrobic Rheumatism, Sore Throat, Cuts, Insect Stings, Pain in the Limbs, Chest and Back; also internally for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly safe to take internally, and is one of the best family medicine in the world. Orders are received all over Europe for it. The most celebrated Physicians recommend it—It never fails. DR. TOBIAS puts up every drop himself.—Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortland street, N. Y. au2dwin

Local.

Communication.

PORTSMOUTH, Aug. 13.

Dear Chronicle,—In several of your recent issues I have noticed certain articles making reference to the difficulty of procuring suitable ground on which to play base ball. Particularly in your paper of the 9th inst., in which was contained a paragraph signed "One who likes Base Ball," who, after making an appeal for grounds, &c., attacks certain owners who are so unfortunate as to possess them, (?) and upbraids them as being "contemptibly mean."

Now, as a follow-citizen, and a philanthropist, this style of composition is not at all pleasing to me; and in defence of these injured and abused individuals, whose reasons for refusing permission to the ball players to practice on their fields, are no doubt good and fair and not ungenerous,—I offer to the Base Ball Club of this city a tolerably large and level lot in which they may practice their noble game, and which in my unsophisticated opinion will answer their purpose. Said lot is within a few minutes walk of the city, and easily reached.

I would state as an explanation of this my offer of a field, that it is done from entirely disinterest motives, in a hearty desire to encourage "out-door sports" and manly exercise among our young men, of whom, alas! too many are too much confined.

Should the above "consideration" send joy to the hearts of the base ball players, and they conclude to apply for the field,—address Box 988, and be assured they will meet with successful response. Signed also,

"ONE WHO LIKES BASE BALL."

BRIEF LOCALS.—Early risers should take a look at the beautiful display of morning glories at the residence of Mr. John F. Shillaber, on Vaughan street. Mr. S. deserves thanks for the elegant show of this kind which he makes annually, which delights passers as well as himself.

A new gas lantern has been placed over the entrance to the Franklin House.

Seasonable medicines are advertised this morning, by Mr. Preston, of the Congress Block drug store.

We think the rogues must be rusticating at some of the watering places, the police record for the week shows such a "clean bill of health" in this particular.

Almost any book you want can be found in the large stock now being sold at auction, at Wendell's salesroom.

☞ To-night the amusement season will open with Tony and Billy Pastor's Minstrels, at the Temple. Besides the attractions offered in the line of the choicest Ethiopian and comic minstrelsy, Prof. Tanner's troupe of trained dogs and monkeys will go through their wonderful and varied performances.

☞ Among the guests at Wells Beach Atlantic House last week, were Peter T. Homer of Boston, Miss Dr. Lucy E. Sewall, Professor in the Female Medical College, Boston, and Dr. Dixon and family of New York.

AH! NOW FOR FINE PEACHES!—Dr. Gilbert, of the Daniel and Penhallow street Fruit and Confectionary Store, as well as Botanical Medical Dispensary,—and who is a New Jersey man, and has just made a trip through that State to secure a good supply of fruit thence for the season—is now daily in receipt of the best peaches that market affords, which he will furnish in any desired quantity, at the lowest prices. We have had a taste of their quality, and none so good have been sent us before, this year, at any rate.

THE PICKERING POISONING CASE.—Alice C. Abbott, the young girl who was arrested some weeks ago in Boston, on the charge of causing the death of Washington Pickering, her step-father, by poison, has been sent to the Taunton Insane Asylum, the Grand Jury having failed to find a bill against her on account of apparent insanity. When the order of the Superior court was read by the clerk, Tuesday forenoon, the Transcript says, Miss Abbott was very much affected, and declared that she would kill herself when an opportunity offered.—What a pity she hadn't killed herself first—and what an absurd excuse for a jury to offer for a murderer. Is death any less fatal or disastrous because inflicted by an "insane" person?

☞ At Point Levi, Quebec, on Monday night, a fire destroyed fifteen houses, including the Victoria Hotel, 700 bbls. of Petroleum, Dubell's wharf, a large quantity of lumber and several hundred feet of railway track.

— Iowa last year produced 15,653,324 bushels of wheat, valued at $22,369,718.

— On Friday evening, in California, the business portion of Benicia was destroyed by fire. About forty buildings were burned.

— Advices from Mauritius to May 6, represent that ten thousand persons had died of the plague during one month.

— Holmbold, the druggist, began with a capital of $50. He expended $214,000 in advertising and is now a millionaire.

— Rough plate glass, quite equal to the foreign article hitherto in exclusive use, is now produced at Pittsburg.

GLEASON HALL

PRESENTATION FESTIVAL.

THE THIRD GRAND CONCERT,

Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,

Will take place on

Thursday Evening, August 29, 1867,

AT GLEASON HALL, WEST TROY, N. Y.

The Second Grand Concert of the series took place at West Troy, N. Y., on Thursday evening, Aug. 8th, and was a grand success, the Hall being filled to overflowing with a refined and appreciative audience from all parts of the State. There was a committee of three reliable and well-known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, when it takes place, which will be on the night of the last Concert. The tickets, which have been limited to 75,000, at

ONE DOLLAR EACH,

can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket. Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy, $30,000
FARM, Billy and Mrs. Rousselear Co., - 8,000
Six Building Lots, Albany City, - - 4,000
One Mortgage, Albany City Property, - 1,000
Two Building Lots, - - - - 1,200
One Mortgage, Farm 56 acres - - 1,075
One Piano - - - - - - 500
Three Melodeons, - - - - - 375
Two Bedroom sets, - - - - - 200
One Grover & Baker Sewing Machine, plated, 85
One Wheeler & Wilson Sewing Machine, 70
And Thousands of Other Presents,
Consisting of

Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Fort Monaies, Desks, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS RATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public

Hon. George F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Ferry Co.; N. F. Wilbeck, N. Y. C. R. R.; R. Wilbeck, Att'y and Coun. at Law; J. Rousseau, Dr. J. F. Witbeck; Hon. Thos. Kearney, Ex. Co. Treas., Albany Co.; Henry Fischett, N. Y. C. R. R.; Supervisor Thomas Rath; T. W. Jackson, Att'y and Coun. at Law; R. S. Lobdell, Supt. West Troy G. L. Co.; F. A. Rogers, Justice of the Peace; Ellis & Co., 34 Dey st., N. Y.; John A. Gladding, Lansingburgh, N. Y.

SPECIAL TERMS or Club Rates.—Five Tickets, $4.50; Ten Tickets, $9; Twenty Tickets, $18. A photograph of the Metropolitan Hotel may be seen at the stores of our Agents.

Caution

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No. 7 ENDICOTT St., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Fluor Albus, Suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. No invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other *physician in Boston.*

Boarding accomodations for those who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered.

Morning Chronicle.

☞ The Memphis Appeal does not like the idea of employing negroes as laborers, since they do not vote the Conservative ticket, and thinks that even Northern men would be preferable. But it will be no easier to control the votes of these men than those of the negroes, so that the logic of the Appeal's argument for crowding out the negro is very poor. It says:

"We must by general consent dispense as rapidly as possible with negro labor, first in the towns, afterwards in the country. They are rapidly becoming a dangerous nuisance in both. We must invite white emigrants from other countries and the teeming North, now as foreign to us as Europe. Employ them as hackmen, draymen, porters, laborers of every sort, domestics, gardeners, farm hands. Import coolies as rapidly as possible, and naturalize them as fast as possible. Let labor become plenty, create competition between black and white labor everywhere, and the swaggering freedman will find his level. Force him thus to emigrate northward or southward. Here he is the curse of the country, bad enough if he were only emancipated, intolerable when armed with unlimited power for mischief by the ballot."

[Isn't it dreadful to think of? And more distressing still to reflect, that by their own folly, in trying to rule the nation through the negro as a slave, they have slid down in the scale so that they look up and see the negro now helping to rule, as a freeman and a voter. But by all means, let them "make labor plenty," and treat the laborer like a man, as he is.]

ADVENTISTS.—An exchange says:

It seems that Dr. Cummings made a trifling error in his calculations concerning the total destruction to take place in 1867. In reviewing this work, he found that he had overlooked figures which add something like a quintillion of years to the race which this mundane sphere has to run. The Evangelical Adventists of New England will hold a camp meeting in Megonnegee Grove, about one and a half miles from Sharon Hights Station, on the Boston & Providence Railroad, to commence Saturday, Aug. 17, and continue over two Sabbaths.

The term Evangelical, as here used, is a puzzle. We know that calls are issued sometimes for "Conferences of Evangelical Christians," in which class the callers sometimes explain that they include Trinitarian, Congregationalists, Presbyterians, Methodists, Baptists, F. W. Baptists and Episcopalians—(tho' High Churchmen may sometimes laugh very gently at being so included.) Of course this is intended to deny the appellation Evangelical to Swedenborgians, Roman Catholics, Unitarians, Universalists—and outsiders generally. And though these outsiders may deem the exclusive claim of Evangelism to be unjust or even absurd, yet its meaning is understood. But the Evangelical Adventist is not yet known to the common reader, as differing from other Adventists.

STRANGE STORY.—A St. Petersburg journal relates the following strange circumstances connected with the arrival of a ship at Archangel, on the 26th of last June, as they were related by the person in command of the vessel:—

"On June 17 the captain (named Turef) quitted the port of Tramsoe, on the English ship Eident, bound for Archangel. On June 16 the course of the vessel was obstructed by fields of ice to such a degree that she could not be exiricated. On the following day the Eident had suffered so many reverses that she was in danger of foundering, and the captain and all hands would have perished had it not been for the approach of the English ship Industry, on board of which they were taken by Captain Mac Beth. On going on board nothing was saved from the Eident. Twenty-four hours subsequently the Industry hailed a ship moving along in full sail. No response was given, as not a soul could be discovered on her deck. The strange vessel, which proved to be the De Capo, had seven and a half feet of water in her hold, but had suffered no other damage. Capt. Turef and his crew were transferred on board, after having pumped out the water, and continued their voyage until they arrived at Archangel. All that can be learned of the mysterious vessel is confined to its name. Whether it had been abandoned or had been the scene of some terrible maritime drama, nobody knows—no document having been found on board giving any clue to its ownership. Strange to say, there was a sufficiency of provisions for the remainder of the voyage."

— Wise-acres—Land reclaimed from the sea.

— An exchange says: "To make a muss, pour a quart of molasses in your wife's new bonnet." Ridiculous, the thing wouldn't hold a pint.

— The first patent hotel elevator built in New England is now in process of creation at the American House in Boston. The cost will be $15,000.

— On pouring out our milk the other morning, we found a little fish in it. Now, the question is, "How came it there?" Did the cow, while drinking at the brook, inhale the animal, or did the milkman—well, no matter, it is a mystery that we have not attempted to fathom. Still, we should like to know how it came there.—*Great Falls Advertiser.*

— In the Sandwich Islands they have an intoxicating liquor called awa, which is made from a root of that name, usually by females who express the juice by mastication, spitting it into vessels where it is allowed to ferment, when it becomes of fearful power, often producing insanity.

— The Mayor of Jackson, Miss., lately vetoed a city ordinance to prevent hogs running at large in the streets, because, he says, "it is unconstitutional, invading that provision of the Constitution of the States which provides, 'That no person shall be deprived of his life, liberty or property, without due course of law.'"!

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to pronounce it the BEST FINE CUT MADE. We will continue to offer these inducements until the fact is fully recognized.
We are making the CENTURY from selections of the very choicest old leaf, and have devoted every attention to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEWING TOBACCO.
On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in five papers, $20 in each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 in each, in all cases issuing GENUINE U. S. GREENBACKS to the amount of $100 a day.
The finders of these Greenbacks—by sending us their names, address and numbers of the bills—will be presented with packages of our Tobacco in proportion to the amount of money found.
This Home has been established for quite a hundred years, and has always sustained a character for honesty and fair dealing, which puts to flight all doubts, if any should exist, as to the genuineness of this enterprise.
THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. R. Mitchell, 35 Central street, Boston: B. A. Van Schaick, 16 S. Front street, Philadelphia; Foy & Earle, 95 2. Water street, Pittsburgh; Schuits & Bagley, 94 West second street, Cincinnati.
Price list sent on application to

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1837.
No. 78 State street. (opposite Kilby street,) **Boston.**
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.
The Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.
During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided in *his favor* by the Commissioner of Patents.
In regard Mr. Eddy as one of the *most capable* and *successful* practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a man *more competent, more trustworthy, or more capable* of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
"Mr. R. H. EDDY has made for me THIRTEEN applications, in all; but *ONE* of which patents have been granted, and that one is *now pending.* Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHART."

If you want a Superior Instrument,
BUY ONE OF
Mason & Hamlin's Cabinet Organs,
Of A. PEARSON, No. 30 HANOVER STREET, Sole Agent for Portsmouth and Vicinity.

Forty styles, plain or elegant cases; one to 12 stops. Prices, $75 to $600, and upwards.
Fifty-six Gold or Silver Medals, or other highest premiums, have been awarded to Mason & Hamlin for the important improvements effected by them, and for the *Superiority of their Instruments to all others.*
The Cabinet Mason & Hamlin Cabinet Organs must not be confounded with other reed instruments, from which they vary essentially, their superiority being largely due to the FOUR IMPROVEMENTS, which cannot be employed by other makers. Among them are:
The Automatic Bellows Swell,
Improved Self-Adjusting Valves,
Wood's Octave Coupler,
Nobsonit Safety Valves,
The Improved Combination Register.
Circulars, with full particulars, and list with illustrations of styles and prices, furnished as above. Jy20—plwsw

SPEER'S SAMBUCI WINE.
Prescribed by Physicians for
FEMALES, WEAKLY PERSONS AND INVALIDS.

As a Tonic, it has no equal, causing a appetite and building up the system in the most debilitated persons.
As a Diuretic, it imparts a healthy action to the Glands, Kidneys and Urinary Organs, when they have been

cial in Dropsy, Gout and Rheumatic Affections.
As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopoeia.
The qualities of SAMBUCI are "*medium in parte,*" being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.
N B—Vinum bonum bonum sanguinem facit.
SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefitting ladies and children.
Be sure the signature of *ALFRED SPEER,* Passaic, N. J., is over the cork of the bottle.
For sale by Town Agents and Druggists.

As Good as the Best.
The PIANO FORTES of HALLET, DAVIS & CO. have proved themselves excellent. A number has sold and used them for many years, and they have proved equal in all respects to any other make, and superior to most. A splendid new 7 octave instrument, fresh from their mint, may be seen at his new Music and Painting Room, Mercantile Library Building, under the U. S. HEADS store, which is for sale at the manufacturer's price, and which our friends and the public are invited to call and examine. T. F. MOSES.

The Chronicle.

WHO THEY WERE.—They tell a good story of the early appearance of Dr. Bethune in a church then located on the outskirts of the city of Rochester. The edifice was placed in the center of a large square or park, and it being summer time, open doors made the green aisle-carpet appear like a continuation of the grassey lawn outside. At least, so the matter appeared to a half dozen geese, who quickly walked into church just as the preacher was closing a splendid passage of eloquence, and was quoting the lines—

"Who are these arrayed in white?"

A green, half-grown country boy, who supposed the question so eloquently propounded required an answer, at once replied in bashful lisp: "Them—them there's geese!" The wings of the young minister were thus abruptly clipped while he was alight, and the ones "arrayed in white" were the only dignified individuals in the audience.

— Motto for an Arab tribe—Up and Bedouin.

— One of the most notorious bandits in Italy is Guiseppe Morince, alias Joseph Morrow, formerly a New York rowdy.

— The Humboldt (Nevada) Register says of the Humboldt Salt Mine, which is now being extensively worked, "The supply of salt in this mine is not only inexhaustible, but it is the best quality that can be found in any market in the world."

— Warren Briggs of Brattleborough, Vt., committed suicide on Thursday of last week. He was fifty years old, of fair character and in moderate circumstances, and no motive for his suicide is known by his family or friends.

— Charles H. Beeson, a wealthy merchant of Uniontown, Penn., went to Pittsburgh on Wednesday, got intoxicated, wandered into a paper mill at night, drank a quantity of sulphuric acid, or blue vitrol, and died on the following day in great agony.

— An exchange says "it is brains, not hair," which makes the ladies attractive to the *sterner* sex. We are not so sure of this always, especially since the disconsolate beau's declaration, that the parting which grieved him most was the parting of his back hair.

— Ex-Queen Mary of Hanover was, a year ago, still a fine looking matron, with jet black hair. Her grief at the sudden dethronement of her husband and the blasted hopes of her son, Ernest, have exerted such an effect upon her appearance that she looks now like a woman of 60, and her hair has turned entirely white.

— The Knoxville Whig says that 120,000 votes were polled at the recent Tennessee election, and the Radical ticket was carried even by the white vote. Horace Maynard's majority for Congress will reach 12,000. Judge Buttler, the Radical candidate for Congress in President Johnson's old district, received 8000 majority.

— Advices from West of the lakes say there has been no rain to injure the crops. The wheat harvest, both spring and winter, is secured in Iowa, Illinois, and in about one-half of Wisconsin. In the last mentioned State and Minnesota the crops are being gathered, the yield being reported to be unusually large, reaching from 27 to 35 bushels to the acre, and weighing in some cases 61 pounds to the bushel.

— A Texas paper says there are now several thousand beeves in Williamson county, in that State, full, fat and fine, and that the same may be said of almost every county. It says that perhaps a million fat beeves could be removed from the State without endangering the supply for home use, and to the great benefit of the range, which is beginning to be overstocked in many counties. The increase exceeds the consumption everywhere.

☞ Local AGENTS WANTED throughout the United States.

The Riverside Institute.
Situate at Riverside, Burlington County, New Jersey, is founded for the purpose of gratuitously educating the sons of deceased Soldiers and Seamen of the United States.
The Board of Trustees of the Institute consists of the following well-known citizens of Pennsylvania and New Jersey:
Hon. WILLIAM B. MANN, District Attorney, Philadelphia.
Hon. LEWIS R. BLOOMALL, Ex-Chief Coiner, U. S. Mint, and Recorder of Deeds, Phila.
Hon. JAMES M. SCOVEL, New Jersey.
Hon. W. W. WAKE, New Jersey.
HENRY GORMAN, Esq., Agent Adams' Express, Philadelphia.
J. E. COE, Esq., Joy, Coe & Co., Philadelphia.

TREASURY DEPARTMENT, Washington, D. C., April 18, '67.—Office of Internal Revenue:—Having received satisfactory evidence that the proceeds of the enterprize conducted by the Washington Library Company will be devoted to charitable uses, permission is hereby granted to said Company to conduct such enterprize exempt from all charge, whether from special tax or other duty.
E. A. ROLLINS, Commissioner.

The Association have appointed as Receivers, Messrs. GEO. A. COOKE & CO. 32 South Third Street, Philadelphia, whose well-known integrity and business experience will be a sufficient guarantee that the money intrusted to them will be promptly applied to the purpose stated.
PHILADELPHIA, PA., May 20, 1867.
To the Officers and Members of the Washington Library Co., N. S. READ, Secretary.
Gentlemen:—On receipt of your favor of the 15th inst. notifying us of our appointment as Receivers for your Company, we took the liberty to submit a copy of your charter, with a plan of your enterprize, to eminent legal authority, and having received his opinion in regard to its legality, and sympathizing with the benevolent object of your Association, viz,—the education and maintenance of the orphan children of our soldiers and sailors at the Riverside Institute, we have concluded to accept the trust, and to use our best efforts to promote so worthy an object.
Respectfully yours, &c.,
GEO. A. COOKE & CO.
Address all letters and orders to

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brushy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. F. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

For Summer.

Quality is the Test of Cheapness.
LAFAYETTE LAIGHTON
Would invite the attention of purchasers to his Large Assortment of SHELF GOODS and
BEST FAMILY GROCERIES,
which he will sell at prices to suit all who may call on him.
The Goods are selected with all the judgment and discretion suggested by long experience and intimate knowledge of the demands of the trade, and they are all perfectly
FRESH AND NICE.
jy8 44 Market Street.

THE ONLY INSTRUMENT WITH WHICH CATARRH
Can be successfully treated is the
Nasal Irrigator.
It is also very efficient in stopping Bleeding at the Nose. For administering medicine or liquid food to invalids it is unequaled, as by its aid this can be done without raising the patient's head from the pillow, and without possibility of soiling the clothing. For sale at
ap22 THACHER'S, 12 Market Square.

BILLIARDS.
Lovers of the game will find now, improved four-pocket tables and good accommodations at

The Daily Chronicle.

Portsmouth, N. H.

FRIDAY, AUGUST 16, 1867.

VIRGINIA.—At Richmond, Va., Monday night, a meeting of ex-officers, soldiers and sailors of the United States army and navy was held, and appointed an executive committee to call a State Convention to be held in September. It was reported there are 1100 persons, late in the United States service now living in Richmond. During the discussion the circumstance was deprecated that persons should get control of the affairs of Virginia who had never fired a shot to bring her back into the Union.

The Petersburgh Index says, "The result of registration will show whether we should vote for or against a Convention. But in the mean time let it be determined to trifle no more with our enemies. Virginia should be ruled by the white people who own it. We have tried overtures, exhausted kindness, worn expostulation threadbare. There is need now of a change of tactics, and we are resolved to labor for a white man's party—a party which shall declare itself not Democratic, not Southern, not Conservative, not Republican, but *white*."

[Virginia *was* ruled by the white people who owned it—and who thought they owned the negroes too. Among these rulers was H. A. Wise and Senator Mason—and a sad mess they made of it, going into the rebellion at the dictate of the South Carolina rebels, and their own slave traders,—they came out at the mercy of the United States, with negroes free and voting. And now they groan "Carry me *back* to *Old Virginia*." But *they* might as easily go back to the earth as it was before Noah's Flood. The old landmarks are rubbed out.]

☞ In Boston, Tuesday, one of the Sealers of Weights and Measures visited different places in Beach street and the vicinity of Boylston market, and seized forty-five quart and two-quart wooden measures which the owners used in selling peaches and berries. The vessels seized were *wine* measure instead of *dry* measure as required by law for the measuring of fruit offered for sale, and were deposited in the Sealer's office for safe keeping.

[These different measures, all called Quarts, are a relic of old times, which should be rubbed out by more reasonable laws.]

A GERMAN OPINION.—Col. Forney, in one of his readable and instructive letters from Europe, writes as follows:

Perhaps the very best commentary on our present position was that of an eminent German banker whom I met last week on the cars: "The example of your country in breaking down such a rebellion as that which attempted to assassinate your Government, as it assassinated your beloved Lincoln, and then in instantly dissolving a mighty army, and in immediately proceeding to pay off the principal of its great debt, has no parallel in human history; and if you did not now lay heavy taxes upon foreign imports to assist you in this magnificent work, and so incidentally protect your home labor, you would simply ruin yourselves for the benefit of your foreign enemies."

☞ "Dr. Joseph H. Smith, editor and proprietor of the Gazette, after a residence in Dover of thirty-five years, has removed to Lowell." Yes, and it is said that losses on that paper have eaten up most of a competency acquired in a lifelong practice of his profession. We regret to hear this, because Dr. Smith is a very agreeable and estimable gentleman; but it shows that everybody can't run a newspaper, more than they can keep a hotel, and that it is usually neither safe nor advisable for a man of middle age to change his business.

It also occurs to us that the good Dr. formerly employed the 'long-winded" Joshua who now does the whangbanging for the unterrified and unterrrifying Copperocracy of Clam Shell Corner, to do the same dirty work,—no, writing, for Strafford County—so its no wonder his paper was a failure.—The Democracy of this ilk have also, within a few years, imported some half dozen or more quill-splitters to fling dirt at their betters through the columns of a subsidized press,—but we submit to any judge, whether any one of these efforts have ever been made to "pay," in any sense of the word.

☞ At Waldoboro', Me., Tuesday afternoon, Wilder and Willie Hall, sons of Ambrose Hall, aged respectively 12 and 8 years, and Leavitt Creamer, aged 16, left home for the purpose of piling bark on the opposite side of Kaler's Pond. Instead of going round the pond, as their parents supposed they would, they attempted to cross it in a small boat. As the boat carried no sail, it is supposed the boys were playing with each other and capsized the boat, drowning them all.

☞ A dispatch from Omaha, mentions a hard fight with Indians, near Fort Phil. Kearney, Aug. 2. The U. S. troops lost a Lieut. killed, and two men wounded. Sixty Indians killed and many wounded, but they stampeded many cattle.

☞ Charles E. Gove of Bangor, is in Boston jail for the crime of Sodomy, committed last Sunday. He plead guilty, and in default of $2000 bonds, was committed.

☞ The grain gamblers at Chicago, who have been arrested, are very indignant at the complainant, and took considerable pains to insult him before the justice's court, where they gave bonds. Their conversation, as reported, shows them up as a low set of scoundrels, pretending to be gentlemen.

It is well known in Chicago that in the majority of transactions on 'Change between grain operators, no grain is delivered.—Checks and warehouse receipts are exchanged, but the same grain may furnish a basis for several receipts for its entire amount, and in many cases the seller has no grain whatever. If the "differences" are settled on or before the day of delivery, no further inquiry is made about the article sold. To check this sort of gambling in grain, the last Illinois legislature passed an act making it a criminal offence.

The Gold gambling in New York is managed somewhat in the same style. Congress passed a law against this, early in the late war, but soon backed down in a cowardly way, instead of passing a new act and shooting the offenders. The gold gamblers, from the day of that back down, took new courage, and leagued with these grain gamblers and others of the same sort, have *regulated* business to suit themselves.

WASHINGTON ITEMS.—The proper authority is furnished for an emphatic contradiction of the sensation of a New York paper that the President will, in a few days, remove all the district commanders. Nor is there any truth in the story that he has decided to summon them to Washington.

The second supplemental Reconstruction act requires the virtual approval of Gen. Grant of all of the orders which any district commander may issue. The first instance of the disapproval of any order yet issued occurred when Gen. Grant telegraphed Gen. Sickles, setting aside his order prohibiting the execution of a process relative to debt, which was issued in North Carolina by the United States Circuit Court, Chief Justice Chase presiding.

Mr. Stanton has left for Boston. Edwin Stanton, son of the late Secretary, still holds his position as clerk in the Department.

PRISONS AND REFORMATORIES.—We have before us a curious and very valuable book of 450 pages, entitled "Report on the Prisons and Reformatories of the United States and Canada, made to the Legislature of New York, Jan. 1867, by E. C. Wines, D. D. LL. D. and Theodore W. Dwight, LL. D., Commissioners of the Prison Association of New York."

Never before has there been so large an array of authentic information about the condition and management of prisons and prisoners, spread before the people of this country; and nowhere, perhaps, could two men be found who are better qualified to make suggestions and give advice on such subjects as are discussed in this Report.

There is a great variety of interesting and important matter in the volume,—and our columns to day contain an article on the Pardoning Power, for the facts of which the writer is indebted to this new book.

☞ The Quebec News says that on Saturday last in the parish of St. Gervais, two furious bulls belonging to Mr. Lame were fighting in a field some distance from the house. Mr. Lame went out for the purpose of separating them. Both animals immediately flew at him, terribly mutilating him and tearing him almost naked on the spot. He was picked up by a person passing in a vehicle some time afterward, and removed to his dwelling, where he died in five hours.

☞ On Tuesday, Hon. H. W. Thomas, Judge of the Alexandria Circuit Court, was arrested at his residence at Fairfax Court House, and taken to Richmond to answer to an indictment before Judge Underwood's Court, for an alleged violation of the Civil Rights bill, in declining some time since to permit colored testimony.

☞ At North Wrentham, Mass., there is considerable excitement in consequence of the attempted burning of a farm house and the robbery of ten thousand dollars in bank notes and bonds, nearly a week ago, and thus far the robbers have escaped arrest, notwithstanding a liberal reward for their apprehension.

— Recently the Grand Jury of Ithaca, N. Y., had under consideration the question of indicting the ladies of two of the churches of the city "for being engaged in getting up and carrying on lotteries connected with fairs held by them in the churches." All such are clearly indictable.

— A building upon E. Burnham & Co.'s wharf, at Gloucester, used for making composition paint, was burned with its contents on Saturday, occasioning a loss of $3000. During the burning of the building a can of Naptha ignited and exploded, blowing the roof of the building entirely off. Fortunately at the time of the explosion the doors of the building were open, thus preventing the death of four or five men who were in the same. Some vessels lying at the wharf barely escaped destruction.

Communication.

THE PARDONING POWER.—Some remarks were recently made in the Morning Chronicle upon this important subject. It appears that by the Constitution of New Hampshire, the Executive has no authority to pardon a criminal until after conviction; and this, we contend, is the true doctrine, and so understood when the Federal and State Constitutions were adopted.

We have examined the Report of C. C. Wines, L.L. D., upon this and other subjects, just published. He has collected the opinions of ex-Governors and other learned men in respect to the pardoning power. All agree that it should be vested in some department; generally they agree on the Chief Executive. Some believe that the power should be vested in the Executive and a Council, or Pardon Board.

In Connecticut the Legislature exercises the authority. In one State, the Governor, after careful inquiry, submits the matter to the Senate. Chief Justice CHASE says "the power of Pardon might be properly limited by Constitutional provisions, operating directly; and I am inclined to think that its restriction (except, perhaps, under special circumstances) to offences and crimes *after* conviction, would be wise."

Ex-Gov. Johnson of Pennsylvania says:—"With these views, I could not consider the power of pardon as repugnant to our theory of government, although its abuse in its exercise from selfish, or partizan, or dishonest motives, may well be considered a violation of the spirit of our glorious institutions."

We doubt whether there have been many, if any, cases under the National or State governments, where individuals have been pardoned before conviction, until within a few years past. There may be such instances where a person has been wrongfully accused from malicious motives.

Although the power to pardon is conferred upon the President of the United States, yet will any rational person contend, that under a correct construction, he can pardon prior to conviction? Can a crime be legally proved without a legal trial before a court of competent jurisdiction? The law presumes every one to be innocent (although guilty) until the offence is proved before a court and jury, and a verdict rendered.

Now we can have no doubt but that all who *voluntarily* took up arms in the rebellion, intending to overthrow the government, were guilty of high treason, the highest crime known to our laws. But after war ended it would be murder to kill them without a trial and conviction, for by the latter only can their crime be established. We hold, therefore, that the President has no right to grant pardon without a trial.

President Johnson claims the authority to pardon all the rebels in the South, whether they took up arms or not, whenever they appear and solicit pardon. By this usurpation or abuse of power, traitors escape a trial before a military or civil tribunal, although, as ex-Gov. Johnson says, "its abuse, from its exercise from selfish, partizan or dishonest motives, may well be considered a violation of the spirit of our free institutions."

Never before did any of our Presidents claim so high prerogatives—never before did a President so degrade his exalted station. An abuse of power, in some cases, is as criminal as usurpation. In our judgment the President is guilty by pardoning scores of traitors who were the instigators of the war. Prior to his inauguration, he publicly declared that "By the Eternal God, were I President, I would have them arrested, tried, and if convicted, *hang* them."

But since his political conversion, it appears, that instead of hanging, he pardons the highest crime known to our laws. Without specifying a catalogue of other misdemeanors and offences, we submit the question, whether he deserves a removal from office for this one abuse of power?

ENQUIRER.

☞ It is said to be confirmed, at Washington, that the Mexican authorities have turned over Maximilian's body to the Austrian officials at Vera Cruz. The body was in a zinc lined coffin, and as it had been poorly embalmed, was fast decomposing.

☞ Late advices from China state that the port of Taminga in Japan has been designated by the Japanese Government for the use of foreigners, and thrown open to the commerce of all nations in accordance with the agreement made with the foreign representatives at Osaca.

CATTLE MARKET at Brighton.—Aug. 14. At Market for the current week: Cattle, 2172; Sheep and Lambs, 9424; Swine, 2471.

Beef Cattle—Market Brief. [Which includes the Hide and Tallow at same price.]

Extra, $12 75 to 13 00; first quality, $12 25 to 12 50; second quality, 11 50 to 12 00; third quality, 9 50 to 10 50.

Working Oxen, per pair, from $175 to 270.

Milch Cows, from $45 to 100.

SWINE—Wholesale 6 a 7c per lb.; retail 7 a 8c per lb.

SHEEP.—4½c per lb.

LAMBS—$3 12 to $4 50 per head.

GENERAL GRANT has risen to distinction by his military genius, and his name is a tower of strength among all classes. But the name of James Pyle has become a household word by the merits of his O. K. Soap, and the grocers in all parts of the country necessarily pay him tribute.

THE RETORT COURTEOUS.—"You're a dull looking set," as SOZODONT said to the neglected teeth. "We shall soon improve, under your auspices," as the neglected teeth said to SOZODONT. 13

☞ The thousands of Consumptive persons who have been greatly improved by the use of SPEER'S Sambuci Wine is sufficient evidence of its great value. When used with a raw egg for a length of time, it often effects a perfect cure. Sold by Druggists. 6

— Herrick Allen's Gold Medal Saleratus is far superior to super-carbonate of soda, and may be used in the same manner, with cream tartar, and for all other purposes where soda is used. It is perfectly healthy, and requires less in quantity.—Try one paper, and you will never have any other. Grocers and Druggists sell it. 35

☞ It is stated that the clerical criminal, Rev. Mr. Werdt, the Lutheran minister who has been arrested for indecent and felonious assaults on seven young orphan girls in an asylum which was under his charge, has a wife and six children living in one of the suburbs of Philadelphia, near the asylum. He confesses his crime.

Important Notice to the Public.
GLEASON HALL
PRESENTATION FESTIVAL.
THE THIRD GRAND CONCERT,
Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,
Will take place on
Thursday Evening, August 29, 1867,
AT GLEASON HALL, WEST TROY, N. Y.
The Second Grand Concert of the series took place at West Troy, N. Y., on Thursday evening, Aug. 8th, and was a grand success, the Hall being filled to overflowing with a refined and appreciative audience from all parts of the country. As was a committee of three reliable and well-known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, when it takes place, which will be on the night of the last Concert. The Tickets, which have been limited to 75,000, at
ONE DOLLAR EACH,
can be procured by addressing John H. Casey, Box 39, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy,	**$30,000**
FARM, fifty acres, Rensselaer Co., -	4,000
Six Building Lots, Albany City, -	4,000
One Mortgage, Albany City Property,	1,000
Two Billiard Tables, - - -	1,200
One Mortgage, Farm of 56 acres - -	3,075
One Piano - - - - -	500
Three Melodeons, - - - -	375
Two Bedroom sets, - - -	200
One Grover & Baker Sewing Machine, plated,	85
One Wheeler & Wilson Sewing Machine,	70

And Thousands of other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Plated Ware, Sets Knives and Forks, Sets Spoons, Dressing Cases, Port Monnaies, Card Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.
The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.
The property may be seen at any time by calling on the owners, John H. Casey, Metropolitan Hotel, West Troy, N. Y.
We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS BATH.
The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public
tion. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Factory C.; N. F. Wilbeck, N. Y. C. R. R.; R. Wilbeck, Att'y and Coun. at Law; A. J. Rousseau; Dr. J. F. Witbeck. BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the following statement of the advantages of the Bread Mixers and Kneaders
RING'S VEGETABLE AMBROSIA.
FIRST.—The Machine is simple in construction, will not get out of order, and is thoroughly adapted to the purposes for which it was intended, the kneading and mixing of bread. It is the only machine ever invented for these purposes, and has given entire satisfaction wherever used. It is also compact and ornamental and will last for years.
SECOND.—It both mixes and kneads the bread by the same action. The flour, water and other ingredients necessary for bread, are put into the pan (which is a part of the machine) at once, and there, by the simple action of turning a crank for a few moments, becomes thoroughly kneaded dough.
THIRD.—It mixes the flour and other ingredients, stirring them together and removing all the lumps, more effectually and quickly than can be done by hand.
FOURTH.—It kneads the dough evenly and uniformly. The lightness of bread depends upon its being thoroughly kneaded and mixed with air or "aerated." In this machine every particle of dough is caught up and brought under the direct action of the "rollers," thus becoming as perfectly kneaded as can be done by the most skilful of experienced professional bakers. It will make therefore the lightest kind of dough suitable for French rolls or any other kind of bread. See certificate.
FIFTH.—It saves a great amount of labor. Every lady knows that it requires at least half an hour to knead dough by hand so that it shall make good light bread. By simply turning the crank (which a child can turn) the dough in this machine is mixed and kneaded in less than ten minutes
SIXTH.—It has the advantage of perfect cleanliness. From first to last the hands do not touch the flour or other ingredients. The perspiration and other impurities of the hands and arms need no longer constitute an ingredient of the bread. Ladies will understand this when they remember that kneading the dough makes the hands white and clean.
SEVENTH.—The machine cleans itself, scraping off from itself the particles of dough.
EIGHTH.—The machines are of different sizes, from one suitable for a small family to the large machine to be run by steam or horse power, which will mix and knead from one to three barrels of flour at once.
NINTH.—Any one knowing the right proportions of the different ingredients, can with these machines make the lightest and best of bread, since the dough requires no manipulation.
TENTH.—It can be used for mixing cake and pastry, and in fact for all other purposes, domestic or otherwise, where mixing is required.
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 **E. A. STEVENS.**

my8dawly JAY COOKE & CO.

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRADRETH'S PILLS,

is always safe, never leaving any ill effects. In all cases their use is wise; but to severe pain from colic, inflammations, or external injuries, it is

LIFE SAVING.

Remember BRANDRETH'S PILLS are always sure of effect, and always without the least danger, and they act on every part of the system, dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says—"I sell more of Brandreth Pills than of all others put together."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH is white letters on the government stamp on each box.

SCHENCK'S MANDRAKE PILLS.

A Certain Cure for a Diseased Liver and the many Dangerous Maladies which are caused by a morbid condition of that organ.

To give the public a clear understanding of the mode in which SCHENCK'S Mandrake Pills produce those wonderful effects which are attested by thousands of reliable witnesses, we present a brief

DESCRIPTION OF THE HUMAN LIVER

and its functions, which will make the operation of this particular medicine perceptible to every man's understanding.

The liver is supplied with blood vessels, nerves and absorbants. One of its obvious uses is to secrete and prepare the bile. It likewise filters the blood and separates that fluid from all impurities. How indispensably necessary to health is the proper performance of this function! If the liver is diseased, it cannot purify the blood, and if that is sent back through the lungs, brain and other parts in a morbid condition, it must cause jaundice, biliousness, obstruction of the kidneys, gravel, and many other complaints more or less painful and dangerous, but the least of them quite enough to make a man sick and uncomfortable, and unfit for the performance of any of the duties of life. This unhealthy state of the system very often ends in pulmonary consumption.

The circulation of the blood is conducted in this manner:—The heart sends the vital current down through the arteries; it passes through the flesh, taking up all impurities in its progress; then the stream of blood flows backward into the veins, and passes to the liver to be purified. It is impossible to cure consumption, scrofula, or scarcely any other kind of ulceration, if this important organ, the liver, is diseased. It is for that reason that "regular physicians" rarely cure consumption. They usually begin their treatment with the use of some cough medicine, the basis of which is morphia or opium in some shape, which locks up the liver instead of relaxing the secretions, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's

PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS,

will strengthen the system, purify the blood, and ripen and heal ulcers on the lungs.

A volume would be required, to give a brief account of the remarkable cures performed by Dr. Schenck's medicines, viz: Pulmonic Syrup, Seaweed Tonic, and Mandrake Pills—all of which are accompanied by full directions for the use of them.

DR. SCHENCK will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is five (5) dollars. His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen. Mandrake Pills 25 cents per box.

GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists. W n21—dnw lw No 3

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful POWERS of TOBIAS' Celebrated Venetian Liniment; it is not only good for Burns, but for old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also internally, for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received all over Europe for it. The most celebrated physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself.—Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortland street, N. Y. sdawim

Local.

BRIEF LOCALS.—Emulation of what is good and great is productive of some of the most admirable efforts that human nature ever puts forth. The pleasure derived from pleasing others is the only pleasure susceptible of no alloy. Our little notice of the display of convolvuli made by Mr. Shillaber, has brought to our notice the fact that Wm. Conn, Esq., at his residence corner of Dover and Islington streets, has now growing in his garden erme very fine specimens of the *helianthus annuus* already twelve feet high, the *achenes* of which were "imported" from Washington. Mr. C. fears they will grow twelve feet higher if he does not find some means to stop their mad career.

The late express train on the Lower Route is proving a greater success this year than ever before. On Wednesday night, Conductor Mitchell had 67 through passengers from Portland alone to Boston.

It is stated that an attachment for $5000 has been put upon the distillery in Bow street, conducted by Nelson & Co.; but the real proprietor, Mr. Stewart, of Broad street, New York, can no doubt meet many such a demand.

Thursday was inspection day for the Bureau of Yards and Docks, at this naval station; Admiral Joseph Smith, the chief of that bureau, personally attending to that formality.

☞ We notice Walter Brown of Portland has accepted the challenge of Hamill, to row another five-mile match on the Hudson river. But he has not yet accepted *ours*, to pay that five dollars he owes us for publishing his first challenge to the Eliot crew. Perhaps he may beat Hamill—well, he "beat" us as stated; but then Hamill can "have his say" about it, as we can ours.

These fast men seem to have a faculty for "getting into us." That Newburyport yacht which came over here and challenged the Viking, never paid for *that* advertisement either, and Seaver, the great walker, walked away without even thanking us for inserting *his* challenge.

In view of all which, and others like them, *we* are going to issue our challenge—that we don't believe any more of such will get printed without pay in advance—"nor any other man."

☞ Schooner Lena Hums, while going down the river Wednesday, ran into an old building back of Bow street, known as the "Pigeon Coop," knocking out glass and sash from one of the windows, and endangering the whole concern. The vessel was brought to, and the captain paid damages.

POLICE COURT, Aug. 15.—Before M. Bufford, Associate J.—Julia Weeks, *alias* Julia Pottle, charged with being a common drunkard, was sentenced to hard labor in the House of Correction for thirty days, and to pay $4.63 costs.

Mary Rogers, for brawl and tumult, was find $3 and $3.86 costs, in default of which she goes over the pond.

Wm. Little, a marine, who was a little drunk, was fined $3 and $3.86 costs.

John LeFear, another bold marine, received a like sentence for a similar infringement of the law.

Charles Caswell, do., do.

☞ Those favorites with all lovers of Ethiopian Minstrelsy, the Morris Brothers' Troupe, from Boston, will appear here next week. Their large list of performers embraces several who are most favorably known in this city, including Billy Morris, Oscar D. Kress, the famous piccolo player; Frank Queen, the great dancer, &c. Their name and the entertainments they have heretofore furnished our citizens, will guarantee them a good house.

☞ There was evidently a mistake in the number of the box given by the party tendering a field to the Base Ball Club, and it is desired that the same may be rectified.

BOGUS DETECTIVE.—A telegram to the Press states that Mr. Blake, who represented himself as a Detective in the Verrill murder case at Auburn, Me., had left under suspicious circumstances. Blake is supposed to be one Hermann, a bogus detective who about three years ago swindled the citizens of the upper portion of Rockingham county and other portions of this State, and who was finally detected by a Government Detective of this city. Hermann goes a little lame, and travels with one or two lady companions, generally.

COUNTERFEITERS.—By the Portland Evening Star we learn that Ezra Stevens of Bryant's Pond, Me., was arrested on Tuesday last for passing counterfeit fractional currency of the denomination of fifty cents, and that at an examination before U. S. Commissioner Clifford at Portland, on Wednesday, he was held to answer further, and his bonds placed at $2500.—Stevens was arrested by an operative of the Secret Service Division of the Treasury Department.

☞ Gen. Steedman declines, in advance of its being tendered him, the position of Secretary of War.

☞ Commissioner of Customs Sargent, accompanied by U. S. Marshal Clarke and District Attorney Talbot of Portland, are at Eastport, Me., making thorough investigations into the smuggling operations carried on there. Commissioner Sargent is to make a tour through to Chicago, to attend to this business on the border.

SANFORD CONOVER, THE PERJURER.—Mr. T. B. Brown, formerly warden of the Washington jail, makes the following statement in regard to Conover's charges against Gen. Butler and Mr. Ashley:

"I believe what Gen Butler has stated—that he never saw Conover, nor any of the witnesses that came from him, and never had any communication with him. I know Gen. Butler never visited the jail to see Conover, nor ever corresponded with him in any way whatever, as my orders were not to let any one visit him or communicate with him without my consent. As regards Mr. Ashley, I did give orders to admit him to see Conover. But the friends of Mr. Johnson, while complaining of Mr. Ashley having interviews with Conover, say nothing about Hon. Jack Rogers of New Jersey and Hon. Mr. Radford of New York, calling to see him repeatedly, both of whom are well known friends of the President. I considered I had no right to make any distinction in the admission of members of Congress to the jail. I was present at the interviews of Mr. Ashley with Conover on a number of occasions, and neither saw nor heard anything wrong. Conover repeatedly sent for Mr. Ashley to visit him at the jail, and on one such occasion I perfectly recollect Mr. Ashley telling him not to say anything that was not strictly true."

GOLD, Thursday, 140 1-2.

THE NEW BANKRUPT ACT.—According to appearances, there will not be many insolvent debtors in this State who will take advantage of this enactment, their circumstances not requiring it.

MARRIAGES.

In Boston, Aug. 13, by Rev. William R. Alger, Mr. THOMAS H. RIDER of this city, to Miss MARY D. JACKSON, daughter of Col. John H. Jackson of Boston. (No cards)

In Dover, Aug. 8, JOHN M. SMITH of Kennebunkport, Me., to Miss ELVIRA R. HANSCOM of Lyman, Me.—GEO. S. LEVERING to Miss MARY J. SMITH, both of Kennebunkport, Me.

THE

UNION PACIFIC RAILROAD CO.

HAVE

FIRST MORTGAGE BONDS,

AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the security offered by their Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is,—"Are these bonds secure?" Next,—"Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is now the most important business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are several times greater than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 425 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**

Caution

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No. 7 ENDICOTT St., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Finor Albus, hypprrhœa and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston.

Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered.

LULLABY.

BY GEORGE S. BURLEIGH.

Wink, wink! and peep, peep!
Yes, little baby, go right to sleep.
Mamma has tumbled you all in a heap,
Filled you full, and rolled you in wool
Like a sheep, to keep you from frosty sneap,
Now, little baby, go right to sleep.

I'll do the rocker, and baby may rest;
I'll do the looking, and baby may sleep;
I'll do the tossing, the kicking and tossing,
The twisting and tilting, the rolling and crossing,
For I am so strong I can do it the best,
And let little baby sleep.

Lay on the shelf, a bit, all your dumb alphabet;
I don't believe you understand half of it;
Take the twist out of your little old face!
Yes, you look knowing, but never mind showing
Your mother-wit yet; it will keep as you sleep,
And come out with a pleasanter grace.

Hush, hush! Whist, whist!
Now are relaxing the fist and the twist,
And baby has gone to sleep;
Happy and simple, in many a dimple
Dreamlets over his features sweep,
And smiles are lighting his baby sleep.

Babies are watching him, little and old,
Ruddy and plump in their years untold;
Airy and fairy-like, filling his dream.
From their shoulders white spring wings of light;
They float, unfluttering, still in his sight,
In his smile I see their gleam. [*Our Boys & Girls.*

MUSTARD AT THE WHITE MOUNTAINS.—*The Painful and Ludicrous.*—A gentleman (residing not many miles from Cambridgeport,) who visited the White Mountains last summer, accompanied by his wife, stopped at the —— House, and one night while there, had a sudden and violent attack of colic. An application of mustard was recommended to relieve his pain, and he consented to have it tried.—His wife, on going down to the kitchen, found the mustard, but nothing suitable to spread it upon, and her pocket handkerchief was taken for that purpose. No time was lost in returning. In a moment she was at the bedside and—applied the plaster. "There, that will help you I know," said she.

She had scarcely finished the sentence, however, when the poor man turned over and roared, "What the d—l are you about?" *It was not her husband's voice!* Her lamp had given but a feeble light, and she had got *into the wrong room!* She found her own apartment without delay and related the unfortunate occurrence to her husband, adding with borror, that *her name was on the handkerchief!*

The sick man was completely overcome with laughter. His colic disappeared as suddenly as it came. It was agreed not to remain long in those parts. The landlord was called up; the affair explained, and the man and wife left on the earliest express train. The gentleman who was so unceremoniously disturbed (and who is well known in Boston), has preserved the handkerchief. Query—Ought he not to return it?—*Boston Post.*

GEN. POPE, in Georgia, has issued an order to the civil officers there, who have been giving official patronage to secesh papers, which *obstruct* reconstruction. He orders all advertisements or other official publications heretofore or to be hereafter provided for by the State or municipal laws or ordinances, to be given by the proper civil officers, whose duty it is to have such publication to be made, to such newspapers, and such only, as have not opposed and do not oppose reconstruction under the acts of Congress, nor attempt to obstruct in any manner the civil officers appointed by the military authorities in this district in the discharge of their duty, by threats, violence or prosecution.

GAS STOVES.

The subscriber has just received an assortment of GAS STOVES of various sizes, by which Baking, Boiling, Frying, Heating Flat Irons, &c., can be done at a very small expense.

The Stoves come at VERY LOW PRICES,—from $1.50 to $12 each. Any family will find one of these Stoves to be invaluable for use in hot weather, or in case of sickness in the night.—Water can be heated in one in less time than a fire can be made in an ordinary stove.

KEROSENE OIL STOVES of the same styles as the above. For sale by

MDCCLX.

1760. 1867.

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to pronounce it the BEST PINE CUT MADE. We will continue to offer these inducements until the fact is fully recognized.

We are making the CENTURY from selections of the very choicest old leaf, and have devoted every care to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEWING TOBACCO.

On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in five papers, $20 each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 in each, in all these issuing GENUINE U. S. GREENBACKS to the amount of $100 a day.

The finders of these Greenbacks—by sending us their names, address and numbers of the bills—will be presented with packages of our Tobacco in proportion to the amount of money found.

This House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, which we plight all debts, if any should exist, as to the genuineness of this enterprise.

THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. R. Mitchell, 35 Central street, Boston; B. A. Van Schaick, 18 S. Front street, Philadelphia; Foy & Earle, 83 S. Water street, Chicago; Schultz & Bagley, 94 West second street, Cincinnati.

Price list sent on application to

PAINTS FOR FARMERS
AND OTHERS.—THE GRAFTON MINERAL PAINT COMPANY are now manufacturing the Best, Cheapest and most Durable Paint in use; two coats well put on, mixed with pure Linseed Oil, will last 10 or 15 years; it is of a light brown or beautiful chocolate color, and can be changed to green, drab, lead color, stone or any shade to suit the taste of the consumer. It is valuable for Houses, Barns, Fences, Agricultural Implements, Carriage and Cabinet makers, Stoves, Tinned Ware, Canvas, Metal and Shingle Roofs, (it being fire and water-proof), Bridges, Burial Cases, Canal Boats, Steam and Sailing Vessels, Floor Oil Cloths, (one Manufacturer having used 2000 bbls. the past year), and as a paint for any purpose it may suggest to makers, it is unequaled in utility and adhesiveness. Price $6 per bbl. of 300 lbs., which will supply a farmer for years to come. Warranted in all cases as above. Send for a circular, which gives full particulars. None genuine unless branded in a trade mark Grafton Mineral Paint. Address DANIEL BIDWELL Proprietor, 255 Pearl street, New York.

A Physiological View of Marriage.
THE CHEAPEST BOOK EVER PUBLISHED.
Containing nearly 300 Pages

And 130 fine plates and engravings of the Anatomy and Physiology of Human Organs; of Health and Disease; with a treatise on Early Error, its deplorable Consequences upon the Mind and Body, with the Author's Plan of Treatment —the only rational and successful mode of Cure as shown by the report of cases treated. A truthful adviser to the married and those contemplating marriage, who entertain doubts of their physical condition. Sent free of postage to any address on receipt of 25 cents in stamps or postal money, by addressing Dr. LA CROIX, No. 31 Maiden Lane, Albany, N. Y. The author may be consulted upon any of the diseases upon which the book treats, either personally or by mail. Medicines sent to any part of the world.

American and Foreign Patents.

E. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington *under the Act of 1837.*
No. 78 State street, (opposite Kilby street,) **Boston.**

After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Deeds, and all papers for obtaining Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.

We Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.

During eight months the subscriber, in the course of his large practice, made *on twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided in *his favor* by the Commissioner of Patents.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHARLES MASON,"
Commissioner of Patents.

"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.

"Mr. E. H. EDDY has made for me THIRTEEN applications, in all but *ONE* of which patents have been granted, and that *one is now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHART,"
Boston, Jan. 1, 1867.—Stawly

SPEER'S SAMBUCI WINE,
Prescribed by Physicians for
FEMALES, WEAKLY PERSONS AND INVALIDS.

As a Tonic, it has no equal, causing a good appetite and building up the system of the most debilitated
As a Diuretic it imparts a healthy action to the Glands, Kidneys and Urinary Organs; in every instance

cial in Dropsy, Gout and Rheumatic Affections.

As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopoeia.

The qualities of SAMBUCI are "*multum in parvo*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.

N. B.—*Vinum bonum bonum sanguinem facit.*

SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefiting ladies and children.

Be sure the signature of *ALFRED SPEER, Passaic, N. J.*, is over the cork of every bottle.

For sale by Town Agents and Druggists.
A. SPEER, 243 Broadway, New York.

As Good as the Best.

The PIANO FORTES of HALLET, DAVIS & CO. have never been excelled. The subscriber has sold and used them for many years, and they have proved equal in all respects to any other make, and superior to most. A splendid new 7 octave instrument, fresh from their mint, may be seen at his new Music and Painting Room, Mercantile Library Building, over Mr. J. H. READ'S store, which is for sale at the manufacturer's price, and which our friends and the public are invited to call and examine. T. P. MOSES.

AUCTION EXTRAORDINARY.

"I dreamed a dream in the midst of my slumbers,
And so fast as I dreamed it was coined into numbers,
I dreamed that a law had been recently made,
That a tax on old bachelors' pates should be laid,
And in order to make them all willing to marry,
The tax was as heavy as men could well carry.
The bachelors grumbled, and said 'twas no use,
'Twas monstrous injustice and horrid abuse,
And swore, that to save their own hearts blood from spilling,
[shilling.
To the day of their death they would ne'er pay a
The legislature determined their plan to pursue,
So they set all the bachelors up at vendue;
A crier was sent through the town, to and fro,
To rattle his bell, and his trumpet to blow,
And to bawl out to all he met on his way,
Ho! forty old bachelors to be sold here to-day!
And presently all the old maids in the town,
Each one in her very best bonnet and gown,
From thirty to sixty, fair, plain, red and pale,
Of every description, all flocked to the sale.
The auctioneer then in his service began,
And called out aloud, as he held up a man,
"Here is an old bachelor, who wants to buy?"
In a twinkle every maiden responded, "I, I."
In short, 'twas a hurry and extravagant price,
The bachelors all were sold off in a trice;
And forty bright maidens, some younger; some older,
Each lugged an old bachelor home on her shoul-[der."

ARREST.—About a dozen citizens of St. Joseph, including several prominent gentlemen, have been arrested and are now in jail awaiting the arrival of important witnesses for a preliminary examination.—They are charged with complicity in burning the Platte River bridge, on the Hannibal and St. Joseph Railroad, in 1861. The bridge was burned by the rebels and their sympathizers to precipitate a train laden with Union troops into the river. The soldiers did not come as expected, but the passenger train went through the bridge, killing 12 persons and wounding many others. The information on which the arrests are made was given by a man now in jail in St. Joseph on the charge of larceny.

☞ Wm. H. Mathews, the abortion doctor at Springfield, Mass., is in jail for want of $000 bail, which his friends do not furnish.

— General Swayne reports that the Republican organizations in Alabama are very strong, while the Conservative Democrats are demoralized and doing nothing.

— Buffalo bakers are now obliged to stamp every loaf of bread with their initials. The law against light weight and poor material is rigidly enforced. Bread which does not come up the standard is confiscated for the benefit of the poor, besides a fine of 25 cents per loaf.

— The plan of a college at Springfield, Mo., as a memorial to Gen. Nathaniel Lyon who was killed in the battle there in 1861, is likely to be realized, and a preliminary school will probably be started during the coming fall. Ex-Congressman John R. Kelso has offered to provide the necessary buildings for the school.

— Peru and Chili are expecting the return of the Spanish squadron to their waters, and are discussing the manner in which the Spaniards are to be met. The Peruvians are bold and defiant. They not only feel themselves strong enough to defend their own coasts, but declare their determination to carry the war at once to the Spanish coasts. Chili is not so high spirited. The Government wants to confine itself to a defensive war exclusively.

— At Guildhall, Vt., on the 8th, while William Dewey's family were seated at dinner a streak of electricity passed through the house overturning the the table, scattering the food and dishes promiscuously about, breaking nearly all of the latter, and affecting all the family to a greater or less degree. Mr Dewey was so affected as to be delirious for some time. The occurence was rendered more singular by the fact that the sky was nearly clear at the time.

THE
WASHINGTON LIBRARY CO.,
PHILADELPHIA,
Is chartered by the State of Pennsylvania, and Organized in aid of the
RIVERSIDE INSTITUTE
For Educating Gratuitously
SOLDIERS' AND SAILORS' ORPHANS.

☞ Local AGENTS WANTED throughout the United States.

The Riverside Institute.

Situate at Riverside, Burlington County, New Jersey, is founded for the purpose of gratuitously educating the sons of deceased Soldiers and Seamen of the United States.

The Board of Trustees of the Institute consists of the following well known citizens of Pennsylvania and New Jersey:
Hon. WILLIAM B. MANN, District Attorney, Philadelphia.
Hon. LEWIS R. BLOOMALL, Ex-Chief Coiner, U. S. Mint, and Recorder of Deeds, Phila.
Hon. JAMES M. SCOVEL, Camden, New Jersey.
Hon. W. W. WARE, New Jersey.
HENRY GORMAN, Esq., Agent Adams' Express, Philadelphia.
J. E. COE, Esq., Joy, Coe & Co., Philadelphia.

TREASURY DEPARTMENT, Washington, D. C., April 18, 1867.—Office of Internal Revenue.—Having received satisfactory evidence that the proceeds of the enterprize conducted by the Washington Library Company will be devoted to charitable uses, permission is hereby granted to said Company to conduct such enterprize exempt from all charge, whether from special tax or other duty.
E. A. ROLLINS, Commissioner.

The Association have appointed as Receivers, Messrs. GEO. A. COOKE & CO. 33 South Third Street, Philadelphia, whose well-known integrity and business experience will be a sufficient guarantee that the money intrusted to them will be promptly applied to the purpose stated.

PHILADELPHIA, PA., May 20, 1867.
To the Officers and Members of the Washington Library Co., W. S. REED, Secretary.
Gentlemen:—On receipt of your favor of the 15th inst. notifying us of our appointment as Receivers for your Company, we took the liberty to submit a copy of your charter, with a plan of your enterprize, to eminent legal authority, and having received his opinion in regard to its legality, and sympathizing with the benevolent object of your Association, viz,—the education and maintenance of the orphan children of our soldiers and sailors at the Riverside Institute, we have concluded to accept the trust, and to use our best efforts to promote so worthy an object.
Respectfully, yours, &c.,
GEO. A. COOKE & CO.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making soft and brushy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. F. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

For Summer.

JAMES A. DUPEE, JAMES BECK, HENRY SAYLES

The Daily Chronicle.

Portsmouth, N. H.

SATURDAY, AUGUST 17, 1867.

PLOTS AND LIES.—The recent publication of Acting Attorney General Binckley's report on the petition of Sanford Conover for pardon, and the statement of the latter respecting an alleged conspiracy to impeach the President, has led to the exhumation of documents which disclose a plot having two objects; the first and principal one being to secure the release of Jeff. Davis, and the second, which was auxiliary to the first, being to break down the bureau of Military Justice.

The N. Y. Times asserts that Sanford Conover was hired to manufacture evidence against Judge Holt. Among the documents are petitions to the President for the pardon of Conover, signed by Congressmen Rogers, Radford, Niblack, Eldredge and Leblond, whom the Times charges with being the leaders in the attempt to damage Judge Holt.

Affidavits are also printed from Nathan Onsear, James E. Matterson and John Martin, which show that they were present at interviews with Roger A. Pryor, Dick Taylor, Ben Wood and Conover, for the purpose of manufacturing false evidence against Judge Holt, and to secure the release of Jeff. Davis by bail or pardon.—Money was offered and declined by them to become participants.

[Ben. Wood and R. A. Pryor deny that they had anything to do with Conover.]

Judge Advocate Gen. Holt, Chief of the Bureau of Military Justice, is again at his office. The order relieving him from duty as chief of the Bureau has not yet been issued, though there seems to be no doubt that it will soon appear.

☞ The Springfield Republican says that the spies of the Good Templars, on whose testimony the liquor dealers were convicted at Seymour, Conn., last week, have got themselves into trouble. One of the dealers who was prosecuted, knew beforehand of their presence, and mixed a bottle of compounds in which there was not a drop of ardent spirits, but vitrol or something else to make it burn. The spies drank this stuff and paid for it, and then swore positively that it was whiskey. They were cross-questioned sharply as to their knowledge of the kind of liquor they drank, but unwaveringly maintained that it was whiskey. The dealer has proof that it was not whiskey, and has arrested them on a charge of perjury.

[Exactly so;—but it is doubtful whether a grand jury would find a bill; and quite improbable that any jury would convict of such a crime, on such evidence.]

— From an authorative source it is learned that Mr. Stanton voted in favor of the veto of the Tenure-of-Office bill when the subject was before the Cabinet. He was decided and unequivocal in opposition to the first section, which prevents the removal of Cabinet officers without the consent of the Senate.—*Exchange.*

The story is highly improbable, almost incredible, and we suspect the "authoritive source" to be none other than one of the most eminent liars on this side the water.

☞ At Frankfort, Wednesday night, August 14, a disastrous fire broke out in Domkirche or Roman Catholic Cathedral. This structure was of great antiquity, dating from the year A. D. 1825, and famous for its architectural beauty and historic associations. All the elaborate decorations of the interior were destroyed, and the walls, roof and tower were so badly injured that it will probably be necessary to take the whole building down.

☞ It is said that the death of Mr. P. H. Knight, recently of Auburn, Maine, which occurred at Vandalia, Ill., a few days since, was caused by poison. Mr. Knight was one of 10 victims, all of whom died from eating corn boiled in a brass kettle which had previously been used for stewing fruit, and probably had not been cleaned as it should have been.

☞ Geo. P. Rowell & Co., Advertising Agents, of 40 Park Row, New York, Publishers, with Charles N. Kent as Editor, issue monthly an Advertisers' Gazette. It is a very pretty quarto sheet, and although principally devoted to advertising, contains considerable valuable reading matter.

☞ In Illinois, a case of poisoning occurred in Martin township, McLean county, last week, resulting in the death of three children of Mrs. Hart, and probable death of four other children, who were living at last accounts. Suspicion rests upon a married daughter of Mr. Hart, and a brother of her husband, who are under arrest.

☞ At Chicago, Thursday, the annual Fenian picnic occurred. All the military organizations and 5000 civilians were on the ground. The picnic was soon turned into a Donnybrook fair, and fighting and rioting continued all day. Several people were stabbed.

☞ A letter from Attorey General Stanberry states that he is in very poor health, and will not return for some time to Washington, as an exchange says. The country would suffer no detriment, if he should never return.

SEC. STANTON is in Boston.

NEW HAMPSHIRE ITEMS.

—— On Tuesday afternoon, a Frenchman in the employ of Messrs. Eaton & Ayer, bobbin manufacturers, Nashua, was struck on the temple by a flying stick from a circular saw. He had his head dressed, but died in a few hours later. The blow on the temple had ruptured a blood vessel of the brain.

—— G. W. Brown of Exeter, having advertised his wife and cautioned parties from trusting her on his account, she retorts in true womanly style, declaring that she has never been in the habit of contracting debts and has not only paid her own bills but a part of his, and if herself and boys had no help but from him, should long ago have felt the iron grasp of want; and "he who deserted his regiment, his country, his wife, his children, assumed a false name and became lost to every sense of honor, virtue and truth, is no longer worthy of wife or children."

—— It was expected that the Agricultural Department of Dartmouth College, or, in other words, the "New Hampshire College of Agriculture and the Mechanic Arts," would be opened for the reception of students the coming fall. It is found, however, that important arrangements, essential to the success of the Institution, cannot be completed at that time. The opening will therefore be delayed. It is the purpose of the Trustees to carefully lay the foundations of the Agricultural School and to begin in such a manner as to have the best possible assurance of accomplishing the object in view. Meanwhile the fund will be accumulating, and it is presumed that a few months more will render Gen. Culver's generous bequest available.

GEN. GRANT.—When Gen. Grant accepted the rebel traitor Lee's surrender in the tender, respectful manner he did—we set him down as none too strict a loyalist, after all. Lee should have been given no terms but unconditional surrender; and he and all his fellow rebel officers, above the grade of Colonel, should have been ironed and court-martialed at once. Instead of that, mutual West Point courtesies and compliments were passed; and the perjured traitor deserter's sword returned to him—thus putting him and his "lost cause" on a chivalrous par with that of the Union.

And now that our President has joined the Lee faction,—the Tribune, in discussing this matter, well asks:

When has Gen. Grant ever departed from what is called his "habitual reticence," to sustain Congress, or in any way criticise the President? When the President began his attack upon the policy of Congress, did he not send Gen. Grant down South to make a report which could be used (and was used) to neutralize the effect of the exhaustive and able report of Gen. Schurz? In the very crisis of the Presidential struggle with Congress, did not Grant accompany the President on his electioneering trip?—Some of his apologists have said, whisperingly, he did it by official command. Has anybody ever seen the order? If the order compelled him to make the trip, did it also compel him to visit the White House and stand by the side of the President while he cried over the Philadelphia Convention?

And now when Mr. Stanton, rightly constructing a law of Congress to mean that his office is not in the hands of the President, distinctly states that he will make an issue with the President and fall back upon Congress, do we not see Gen. Grant step in, "accept" the office, and by this "acceptance" so completely disarm Mr. Stanton that he retires? Does not every reasonable person know that had Gen. Grant declined the appointment—which being a civil office, he had a right to decline—the President would not have succeeded in removing the War Secretary? Is it not well understood that Gen. Grant is keeping warm this place until some Conservative may be found to take it?

The N. Y. Times suggests that Gen. Grant will carry out the policy of Congress, —But the Tribune don't believe it; and asks the evidence—stating that "the President has never doubted that Gen. Grant was a supporter of his policy." The Tribune concludes:

The N. Y. Herald, until last week extremely radical, hoists the name of Grant as President, with Lee of Virginia as Vice President, and is now furious in its assaults upon Congress and its howls over what it pleasantly calls "nigger supremacy" in the South. This we understand. It is logical. The Herald is probably as well informed as the Times, and it openly claims Gen. Grant as its ally.

The World writes a long article to show that, in entering the War Office, General Grant "acted of his own free choice, and was not coerced by the compulsive stringency of military discipline." Grant himself notified Stanton of his "acceptance."—The word is plain enough to all men.—We know that but for the influence of Grant the President to-day would be powerless for evil, and that he would not have dared to put his finger upon Mr. Stanton. Grant on the side of the Administration is a strong opponent. We are sorry to find him there. But it is well that his friends are frank about it, that we may know where we are steering.

Gen. Grant's action in the office of Secretary of War, will soon show whether he sustains Congress and the People who sustained him and the Flag,—or whether he sustains Johnson and favors the rebels and their treacherous allies. It is impossible to do both.

— The Rochester Union (Democratic) compliments President Johnson for his energy, but says "it comes two years too late."

— Gen. George W. Bickley, originator of the order of the Knights of the Golden Circle, died at Baltimore on Saturday.

☞ A Mexican letter gives the following details of the assassination of Lopez, who betrayed Maximilian:

Lopez was stopping at a hotel in Puebla, where his wife spurned him from her presence. Early one morning a Mexican arrived, and familiarized himself with a hostler in a livery stable adjoining the hotel. Gen. Miguel Lopez was inquired for, but not being in, the stranger was told that the General would be at dinner. Before the dinner hour Lopez returned, and was pointed out to the stranger, who made special note of his man. When dinner was called, Lopez and his assassin occupied opposite seats at the table. After some minutes, during which time the stranger called for and drank a glass of wine, he deliberately rose, drew a concealed knife, and sprang upon Lopez and stabbed him nine times. The stranger then took his hat, and, as he started to leave, said: "This is the way all traitors should be paid." No one interfered, or prevented the assassin from leaving. Thus was the blood of Maximilian, Miramon, Mejia, yes, and thousands of others, avenged.

The Tribune says, if the news is confirmed, few, if any, will lament him. The only thing by which he ever made his name known, was fraud and treason. When he first betrayed his own country, the French rewarded him with the Cross of the Legion of Honor, but Bazaine never trusted him. Recently his treason was the immediate cause of the capture and death of Maximilian; but great as was the gilt the Mexicans received from his treacherous hand, they neither trusted nor honored him. If, his days had not been cut short by assassination he would not have failed to illustrate in his life the old maxim, that treason may be welcome, but the traitor never.

RETURN FROM BRAZIL.—An Alabama paper says that a company of people who had emigrated to Bazil arrived at Montgomery recently, wholly and heartily disgusted with their adventure. They give affecting and pitiful accounts of the sufferings of many hundreds of deluded Southerners who were lured away from their friends by the tempting offers of the Brazilian Government and the tales of wild and impulsive American adventurers. They represent that there is no regularly organized Government in Brazil—there is no society —but little cultivation among the inhabitants—no laudible ambition—no ways of making money—the people scarcely know the meaning of the word "kindness"—the American citizens live about in huts, uncared for—there is a general dissatisfaction among the emigrants, and the whole Brazil representation is a humbug and a farce.

YORK COUNTY, ME., REP. CONVENTION was held at Alfred, Aug. 15. The candidates are:—Clerk of Courts, Amos L. Allen of Alfred; Treasurer, Sylvester Littlefield of Alfred; County Attorney, J. S. Kimball of Sanford; County Commissioner, C. L. Mildram of Wells; Register of Deeds, Seth E. Bryant of Kennebunk. Senators—Edwin B. Smith of Saco, George Goodwin of Wells, Wm. M. McArthur of Limington. Gen. Wm. O. Hobson of Saco, President.

It has been the largest delegate Convention held there for years, and was entirely harmonious.

AT HARTFORD, CONN., Wednesday night a bold robbery was committed at Pratt, Whitney & Co.'s factory. The premises were entered by four men, two of whom knocked down and gagged the watchman; the other two rifled his pockets and secured the keys of the office, where they attempted to blow up the safe with powder, but the combination lock rendered the job useless. They then went up stairs to the office of the Weed Sewing Machine Co., and blew open the safe, took $140 in money and made off, locking the doors behind them.

— The Liberal (or rum) party in Massachusetts are sounding their trumpet and preparing to do battle for their jugs and bottles, at the coming election. We remember that a similar movement in Maine succeeded a few years ago,—for one year, only, and then the allies were weaker than ever.

— On Sunday two men named Dunn and Turner, employed at the great central shaft of the Hoosac Tunnel, fell a distance of one hundred and forty feet at the shaft, the concussion killing one instantly, and inflicting injuries on the other which resulted in death, after the lapse of about three hours.

LET any one take the trouble to inquire, and they will ascertain that the engravings now being given away by the Washington Library Company of Philadelphia, are those which purchase one or more shares of stock in aid of the Riverside Institute, are worth more at retail by fifty per cent, than what is paid for the stock. Besides this, every share of stock will be accompanied by a present at the great distribution.

Geo. A. Cooke & Co., Bankers, 33 South Third street, Philadelphia, are receivers of all the funds and their name is an assurance of the integrity and reliability of the Company, which is organized for a good purposed which should not be confounded with the bogus concerns that infest the country. Read the advertisement.

GENERAL GRANT has risen to distinction by his military genius, and his name is a tower of strength among all classes. But the name of James Fyle has become a household word by the merits of his O K. Soap, and the grocers in all parts of the country necessarily pay him tribute.

THE RETORT COURTEOUS.—"You're a dull looking set," as SOZODONT said to the neglected teeth. "We shall soon improve, under your auspices," as the neglected teeth said to SOZODONT. 18

☞ The thousands of Consumptive persons who have been kept alive and improved by the use of SPEER'S Sambucl Wine is sufficient evidence of its great value. When used with a raw egg for a length of time, it often effects a perfect cure. Sold by Druggists. 6

— Call for Herrick Allen's Gold Medal Saleratus. Agitate until you get it. If your grocer has not got it, ask him to go to the wholesale Agent, get a box and try it. It is the best in the world. Do not be put off with any other. Use it instead of soda; it is a great deal better. Try it. Most of the merchants have it. Their depot is 112 Liberty street, New York. 36

☞ A letter from a responsible party in Paris asks the Boston Journal to correct the "foolish canard" about the laying of the corner-stone of a new church there for the Americans, which has appeared in the American press. The writer says: "No such stone has been laid, and no such enterprise dreamed of by the Americans in Paris as I can learn." [What could the object be, in telling such a lie?]

☞ An exchange says the honorary degree of L. L. D. is to be conferred on Andrew Johnson by the "Southern Military and Classikle Institoot." We suggest the addition of J. A.

☞ Somebody says Jean Ingelow is twenty-eight, unmarried, and homely. How impolite! Why didn't he say she was eighteen, and lived in her father's house?

PRESENTATION FESTIVAL.
THE THIRD GRAND CONCERT,
Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,
Will take place on
Thursday Evening, August 29, 1867,
AT GLEASON HALL, WEST TROY, N. Y.

The Second Grand Concert of the series took place at West Troy, N. Y., on Thursday evening, Aug. 8th, and was a grand success, the Hall being filled to overflowing with a refined and appreciative audience from all parts of the State. There was a committee of three reliable and well-known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, when it takes place, which will be on the night of the last Concert. The Tickets, which have been limited to 75,000, at
ONE DOLLAR EACH,
can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy,	$30,000
FARM, fifty acres, Rensselaer Co., -	4,000
Six Building Lots, Albany City, -	1,000
One Mortgage, Albany City Property,	1,000
Two Billiard Tables, - - - -	1,200
One Mortgage, Farm 50 acres - -	1,000
One Piano - - - - - -	500
Three Melodeons, - - - - -	375
Two Bedroom sets, - - - - -	200
One Grover & Baker Sewing Machine, plated,	85
One Wheeler & Wilson Sewing Machine,	70

And Thousands of Other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Port Monnaies, Scarfs, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS BATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public.

Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Factory C.; N. F. Wilbeck, N. Y. C. R. R.; R. Wilbeck, Atty and Coun. at Law; A. J. Rousseau; Dr. J. F. Wilbeck; Hon. Thos. Kearney, Ex. Co. Treas, Albany Co; Henry Fichett, N. Y. C. R. R.; Thomas Rath; T. W. Jackson, Atty and Coun. at Law; R. S. Lobdell, Supt. West Troy G. L. Co.; P. A. Rogers, Justice of the Peace; Kuss & Co., 34 Dey st., N. Y.; John A. Gladding, Lansingburgh, N. Y.

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the following statement of the advantages of the Bread Mixers and Kneaders.

FIRST.—The Machine is simple in construction, will not get out of order, and is thoroughly adapted to the purposes for which it was intended, the kneading and mixing of bread. It is the only machine ever invented for these purposes, and has given entire satisfaction wherever used. It is also compact and ornamental and will last for years.

SECOND.—It both mixes and kneads the bread by the same action. The flour, water and other ingredients necessary for bread, are put into the pan (which is a part of the machine) at once, and there, by the simple action of turning a crank for a few moments, becomes thoroughly kneaded dough.

THIRD.—It mixes the flour and other ingredients, stirring them together and removing all the lumps more effectually and quickly than can be done by hand.

FOURTH.—It kneads the dough evenly and uniformly. The lightness of bread depends upon its being thoroughly kneaded and mixed with air or "aerated." In this machine every particle of dough is caught up and brought under the direct action of the "rollers," thus becoming as perfectly kneaded as can be done by the most skilful of experienced professional bakers. It will make therefore the lightest kind of dough suitable for French rolls or any other kind of bread. See certificates.

FIFTH.—It saves a great amount of labor. Every lady knows that it requires at least half an hour to knead dough by hand so that it shall make good light bread. By simply turning the crank (which a child can turn) the dough in this machine is mixed and kneaded in less than ten minutes.

SIXTH.—It has the advantage of perfect cleanliness. From first to last the hands do not touch the flour or other ingredients. The perspiration and other impurities of the hands are thus need no longer constitute an ingredient of the bread. Ladies will understand this when they remember that kneading the dough makes the hands white and clean.

SEVENTH.—The machine cleans itself, scraping off from itself the particles of dough.

EIGHTH.—The machines are of different sizes, from one suitable for a small family to the large machine to be run by steam or horse power, which will mix and knead from one to three barrels of flour at once.

NINTH.—Any one knowing the right proportions of the different ingredients, can with these machines make the lightest and best of bread, since the dough requires no manipulation.

TENTH.—It can be used for mixing cake and pastry, and in fact for all other purposes, domestic or otherwise, where mixing is required.

The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.

The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.

It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.

The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. su 6 E. A. STEVENS.

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is

KILLED DEAD,

the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which

IN FIVE MINUTES

produces a black or brown which is not surpassed by nature's own hue. Be wise in time. The only safe and sure article is

CRISTADORO'S HAIR DYE.

Manufactured by J. CRISTADORO, 68 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. Jy30daw—1m

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all Throat and Lung affections. The only object of the advertiser sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, FREE, by return mail, will please address

REV. EDWARD A. WILSON,
Jy my7 Williamsburg, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my7—law dawly
JOHN B. OGDEN, 42 Cedar Street, New York.

Holloway's Pills.—Liver Complaint.—The insidious and destructive effects of "blue pill" on the system as a specific for this disease are now entirely superseded by the use of these mild, analeptic and vegetable preparations. They perfectly eradicate all traces of the complaint, but give vitality to the exhausted functions, vigor to the impaired constitution, and energy to the emaciated invalid. For indigestion, biliousness, heart-burn, etc., they are the only safe cure. Sold by all Druggists. au17

NEW BOOK OF CHORUSES.

Forty-five Opera Choruses selected and arranged from the works of Rossini, Auber, Bellini, Donizetti, Gounod, Verdi, Flotow, Spontini, Wagner, Herold, Bishop, Balfe, Benedict, and others, forming a Most Valuable Collection for Societies, Conventions, Choirs, Singing Schools, Clubs and Social Circles. By Edward Bruce.—Price, Three Dollars. Copies mailed, post-paid. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

DR. MILLER'S
Soothing and Healing Balsam,
or, Nature's Assistant.

IT HAS PROVED INFALLIBLE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the side, Back or Shoulders, Chilblains, Chapped Hands, Stiff Neck, Ague in the Face or Breast, Ear Ache, Deafness, Poisoning, Erysipelas, and Inflammation of the Eyes. For Rheumatism it is not a certain cure, yet hundreds have been relieved by it when other remedies had failed.

As an INTERNAL MEDICINE, when taken in season, it will cure Inflammation of the Bowels, Dysentery, Kidney Complaints and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.

This medicine is purely vegetable in its composition, soothing and healing in its influence, and may be given to any age or sex with perfect safety. It has been before the public during the past nine years, and the longer it is known of the more astonishing cures. The proprietor challenges the world to produce its superior as a remedy. For sale by all Druggists. **C. D. Lee,** Proprietor, Springfield, Mass.

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRADRETH'S PILLS.

is always safe, never leaving any ill effects. In all cases their use is wise; but in severe pain from colic, inflammation, or external injuries, it is

LIFE SAVING.

Remember BRANDRETH'S PILLS are always sure of effect, and always without the least danger, and they act on every part of the system, dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says— "I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. jy30dawlmeps

SCHENCK'S MANDRAKE PILLS.

A Certain Cure for Diseased Liver and the many Dangerous Maladies which are caused by a morbid condition of that organ.

To give the public a clear understanding of the mode in which SCHENCK'S Mandrake Pills produce those wonderful effects which are attested by thousands of reliable witnesses, we present a brief

DESCRIPTION OF THE HUMAN LIVER

and its functions, which will make the operation of this popular medicine perceptible to every man's understanding.

The liver is supplied with blood vessels, nerves and absorbants. One of its obvious uses is to secrete and prepare the bile. It likewise filters the blood and separates that fluid from all impurities How indispensably necessary to health is the proper performance of this function! If the liver is diseased, it cannot purify the blood, and if that is sent back through the lungs, brain and other parts in a vitiated condition, it must cause jaundice, biliousness, obstruction of the kidneys, gravel, and many other complaints more or less painful and dangerous, but the least of these is enough to make a man sick and uncomfortable, and unfit for the performance of any of the duties of life. This unhealthy state of the system very often ends in pulmonary consumption.

The circulation of the blood is conducted in this manner:—The heart sends the vital current down through the arteries; it passes through the flesh, taking up all impurities in its progress; then the stream of blood flows back ward through the veins, and passes to the liver to be purified. It is impossible to cure consumption, scrofula, or scarcely any other kind of ulceration while that important organ, the liver, is diseased, as it is for that reason that "regular physicians" rarely cure consumption. They usually begin their treatment with the use of some cough medicine, the basis of which is morphia or opium in some shape, which locks up the liver instead of relaxing its secretions, giving a tone to the stomach, and producing a healthy flow of bile. Dr. Schenck's

PULMONIC SYRUP, SEAWEED TONIC AND MANDRAKE PILLS,

will strengthen the system, purify the blood, and ripen and heal ulcers on the lungs.

A word more would be required, to give a brief account of the remarkable cures performed by Dr. Schenck's medicines, viz: Pulmonic syrup, Seaweed Tonic, and Mandrake Pills—all of which are accompanied by full directions for the use of them.

DR. SCHENCK will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is five (5) dollars. His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1 50 per bottle, or $9 00 the half dozen. Mandrake Pills 25 cents per box.

GEO. C. GODDWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists.

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business at the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Colds, Incipient Consumption in the Limbs, Chest and Back; also internally, for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly harmless, and is conceded to be the best family medicine in the world. Orders are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself.—Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortlandt street, N. Y. au2—dawlm

Local.

☞ It seems to us we never knew so much rain or so little thunder and lightning in a summer before, as this year. And judging from our counting room, Friday was the darkest day during our fifteen years' occupancy of it. How the rain does pour down, day and night, week in and week out! Moons change, wax and wane; months come and go—last Fridays and first Tuesdays have lost their charm; and the rains descend and the floods come as if they liked it. Of all plagues, we crave dust least; but it looks now as if we might all get waterlogged—parboiled we were long ago; the grass is green as in June, vegetables and even trees are loose at the roots and stand very uncertain on their pins; one man told us his *celery* (a water plant) was drowned out; and oh dear! if it don't stop raining we shall have to let it rain.

☞ Two reasons have of late years tended to greatly increase the number of camping parties in this vicinity. The high rates of living at the fashionable watering places induced quite a number to try the experiment at first, and experience of the many advantages to be gained by this sort of recreation has greatly increased the list of parties whose canvass walls dot the shores around us.

Camp Pepperell, on Cutts' Island, is one of the most romantic of these camps that we have visited for a long time. There, with two tents,—one for sleeping and reception purposes, on a beautiful knoll, overlooking the broad Atlantic, whose waters ripple gracefully upon a bit of sandy beach in the foreground; another at a little distance, sheltered by a small grove, used as a dining room, and affording a view of Brawboat Harbor and York Neck;—a party of gentlemen from this city are enjoying the benefits of this out-door life with a zest which not even the little drawbacks of dog-days can dampen.

The roughness of the carriage road thither has not detered many friends from making them a call, and the savory chowder, toothsome fish, delicate birds and aromatic coffee which the campers have served for the entertainment of their guests, have shown that to their skill with gun and line must be added the ability to cope with the mysteries of frying pan and its kindred utensils.

☞ On Wednesday evening last, Capt. Samuel Young, of York, formerly of ship Levi Woodbury, was driving a team heavily laden with furniture over the bridge at the end of Market street. Incautiously entangling the wheels in the rails which cross the bridge, an axle was twisted off, the load was overthrown, and Mr. Young was considerably injured — being much bruised about the head and face.

REV. DR. LAMSON is to preach at the Middle Street Church the coming Sabbath.

☞ The wife of Mr. Daniel Senter of this city, fell on the back steps of their residence on Friday morning, and broke her leg near the knee.

☞ Stubbs, who was out with no umbrella on Friday forenoon, decided that Portsmouth was quite a watering place.

☞ The Northern (Newark, N. J.) Monthly for September, is received at Mr. Shore's Bookstore.

☞ The chance to get Books at auction prices continues to-day, at Wendell's.

☞ It will be seen by reference to our advertising columns that Dr. Piper, an associate physician of Dr. Blood, the eminent specialist of Boston, is to visit Portsmouth Monday and Tuesday next. We notice the following report of Dr. Piper in an exchange. The Fall River News says:

"We are pleased to learn that he has met with most flattering success while among us, and if thorough professional attainments and gentlemanly conduct are anything, he certainly merits that success."

The Taunton Gazette says, "some marvellous results of his operations are on record," and the Newburyport Herald says, "The Doctor's success is wonderful." We understand Dr. P. proposes to make us monthly visits hereafter.

GOLD, Friday, 140 1-4.

☞ A small rebellion in Hayti, favoring Geffrard's return, has failed. The coffee crop is very promising.

☞ The black Republicans at Charleston, S. C., turned out 2000 strong, in a torchlight procession Thursday evening.

☞ The Queen of England has signed the Reform Franchise Bill; so it is the law of the land. The earth moves.

☞ Winnemore, the convicted murderer of Mrs. Mayilton, at Philadelphia, writes a wild letter about the spirits. Sane or insane, he is not a safe person to be at large.

— In view of the complications that have arisen, the title of the act of Congress restricting the power of the President to remove Cabinet officers, should be changed to "Uncivil Tenure Bill."

— Four men were carried over Niagara Falls at a late hour Wednesday evening.—They were two ferrymen and two passengers. They names are not yet known.

— In the Newburyport Herald of July 24 was the marriage of Mr. L. F. D. Sargent; and in the same paper of the 30th, his death, aged 27.

☞ Hon. E. Ashton Rollins, Commissioner of Internal Revenue, has been taking a few days' recreation at Old Orchard Beach, Saco, freed from the cares of the responsible bureau he has charge of at Washington, as the guest of Hon. Chas. A. Shaw of Biddeford. On Monday Mr. Rollins and family, and a few other personal friends with their ladies, to the number of about fifty, made an excursion in the revenue cutter Mahoning, to the Isle of Shoals and return. At the Shoals, John Legro, Esq., revenue agent, joined the party.

☞ Dispatches from Constantinople state that the Turkish Government, after giving due consideration to the collective note of the European Powers, has come to the conclusion that it cannot admit of intervention of other governments in the affairs of the Island of Candia, and refuses to consent to the joint inquiry proposed.

☞ George W. Copeland reiterates his charges of drunkenness, at Portland, against General Banks—daring the Committee, who have made an investigation recently, to publish their report denying it. We fear the statement is true, and pity, tis true —but is it any worse for him to drink, than for so many others?

☞ Clara Louise Kellogg, the opera singer, it is reported, purchased her old homestead at New Hartford, Ct., last week, and after her return from Europe, this fall, will retire from the stage to private life. Who with? Has she made an "engagement" with any new impressario?

☞ Wendt, the clerical scoundrel now in jail at Philadelphia, in default of $5000 bail, is a Russian by birth, 45 years old.—The Trustees of the Orphan Asylum now find a deficit of $30,000 in his accounts.

MARRIAGES.

THE

UNION PACIFIC RAILROAD CO.

—AND—

THEIR

FIRST MORTGAGE BONDS,

AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the claims of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is,—"Are these bonds secure?" Next,—"Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business events can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees the completion of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 92 miles to the easterly base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are several times greater than the interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Government, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Government to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**

The daily subscriptions are already large, and they will continue to be received in New York by the

CONTINENTAL NATIONAL BANK, 7 Nassau st.,
CLARK, DODGE & CO., Bankers, 51 Wall street,

Morning Chronicle.

FLIES IN AMBER."
Picked out for the Chronicle.

— Crosses are ladders leading to heaven.

— All are not thieves that dogs bark at.

— For a flying enemy make a silver bridge.

— Idleness is the sepulchre of a living man.

— No man is so old but thinks he may yet live another year.

— Every vice has a cloak, and creeps in under the name of a virtue.

— Everything great is not always good; but all good things are great.

— It is a blind man's question to ask why those things are loved which are beautiful.

— Such as have virtue always in their mouths, and neglect it in practice, are like a harp, which emits a sound pleasing to others, while itself is insensible of the music.

☞ Mr. Pearson, the sole agent in this city and vicinity for the manufacturers, elsewhere advertises the Mason & Hamlin Cabinet Organs, to which the attention of those desiring a nice instrument is directed. The advantages of the patented improvements enumerated are summed up thus:

The Automatic Bellows Swell, greatly the best swell ever devised, is much more effective and easily used than any other, producing a variety and beauty of effect that cannot be appreciated except from actual use. Improved Self-adjusting Valves secure much more perfect action, durability, and freedom from liability to get out of repair. Wood's Octave Coupler nearly doubles the power of the instrument in which it is used. Noiseless Safety Valves prevent the hissing sound often heard. The Improved Combination Register gives great facility in drawing stops.

— Queen Victoria sent $15,000 to a plowman's wife for bearing triplets.

— There is a vase in the Paris Exposition valued at $2,800,000. It is made from a single turquoise.

— Hay is selling at $12 per ton at Eastport, Me. A gentleman informed us last week that he could purchase hay in New Hampshire for $7 per ton.—*Boston Journal.*

— Newspaper accounts, dated June 14, give full particulars of the dreadful earthquake which occurred in the Isle of Java on the 10th. Three hundred lives were lost.

— Accounts of the cholera received from various parts of Italy do not improve.—They represent the epidemic as spreading and attended with unusual fatality.

— President Juarez refused to have his carriage drawn through the streets of the City of Mexico by the people. He said it would be unbecoming an Aztec son to permit it.

— The Mobile Register advises the election of colored Congressmen at the South, and says it would prefer them an hundred fold to "pale-faced renegades or imported scalawags."

— Lamentable accounts are received in Paris from Algeria. The whole African colony is said to be menaced with famine. Several years of bad crops and two invasions of locusts have brought the settlers and the natives to the brink of ruin.

— Miss Blake, who alone was saved in the Mt. Desert disaster, was not informed of the extent of the calamity until Saturday. She says the last she remembered was one of the gentlemen standing by the mast and exclaiming, "Isn't this glorious?" At that instant the boat went over.

Circular Letters of Credit.

BANK OF THE METROPOLIS,
39 State street, Boston.

This Bank, having written agreements with one or more of the prominent Banking Houses of the principal cities of EUROPE, ASIA and AFRICA, (numbering more than one hundred and fifty) to honor their CIRCULAR LETTERS OF CREDIT, is now issuing them on its London and Paris Bankers. With these LETTERS one may leave America without taking funds, and draw money on landing at QUEENSTOWN, LIVERPOOL or any CONTINENTAL CITY, for which payment can be made in any town or city in America where there is a Bank or Banking House through whom arrangements may be made if desired.

We offer unsurpassed facilities and more favorable terms than any House issuing "Letters of Credit." Parties will find it for their interest to communicate with us before providing themselves elsewhere.

BILLS OF EXCHANGE on all points BOUGHT and SOLD.

MDCCLX. MDCCCLXVII.
1760. — 1867.
"CENTURY."
$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO, to induce consumers to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to pronounce it the BEST SNUFF AND CUT MADE. We will continue to offer these inducements until the fact is fully recognized.

We are making the CENTURY from selections of the very choicest old leaf, and have devoted every care to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEWING TOBACCO.

On Mondays we will place in one papers $100 in U. S. Notes, in twenty papers, in two papers. On Wednesdays, in five papers, $20 in each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each. On Saturdays, in fifty papers, $2 in each, in all cases issuing GENUINE U. S. GREENBACKS to the amount of $100 a day.

The finders of these Greenbacks—by sending us their names, address and numbers of the bills—will be presented with packages of our Tobacco in proportion to the amount of money found.

This House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, which puts to flight all doubts, if any should exist, as to the genuineness of this enterprise.

THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. R. Mitchell, 55 Central street, Boston; B. A. Van Schaick, 16 & 18 Front street, Philadelphia; Foy & Earle; 55 S. Water street, Chicago; Schultz & Bagley, 94 West second street, Cincinnati.

Price list sent on application to

One of the above large and splendid steamships will leave Pier No. 42, North River, foot of Canal St., New York, at 12 o'clock, noon, on the 1st, 11th and 21st of every month, (when those days fall on Sunday, then on the following Saturday,) for ASPINWALL, connecting via Panama Railway, with one of the ocean steamers, which connect via Panama for SAN FRANCISCO, touching at ACAPULCO.

Departure of the 1st and 21st connect at Panama with powerful Steamers of the SOUTH PACIFIC and CENTRAL AMERICAN PORTS. Those of 1st touch at MANZANILLO. Departure of 11th each month connects with the new and splendid steamers from Panama to AUSTRALIA and NEW ZEALAND.

Steamer of August 10th will connect closely with steamer for HONG KONG, touching at San Francisco September 3 for Yokohama and Hong Kong, at Yokohama with steamer COSTA RICA for Nagasaki and Shanghai.

A discount of *One-Quarter* from Steamers' rates allowed to second cabin and steerage passengers with families. Also to Officers of the Army and Navy on through rates to clergymen and their families and school-teachers. 150 lbs. Baggage allowed each adult. Baggage-masters accompany baggage through, and attend to ladies and children without male protectors. Baggage received on the dock the day before sailing, from steamboats, railroads, and passengers who prefer to send down early. An experienced surgeon on board. Medicine and attendance free.

For Passage Tickets or further information apply at the Company's ticket office, on the Wharf, FOOT OF CANAL ST., NORTH RIVER, NEW YORK, to F. R. BABY, Agent, or to the Agents for New England, C. L. BARTLETT & CO., 16 Broad street, Boston. m20—3m

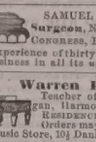
RESIDENCE 111 STATE STREET.



Teeth inserted upon Vulcanized Rubber, Gold and Silver, in the best and most approved style of the art, and *perfect satisfaction guaranteed in all cases.*

Teeth extracted positively without pain, by inhaling Pure Nitrous Oxyd Gas, or Ether.

I take pleasure in referring the public to Dr. THRADWELL, Dr. BOARDMAN, Dr. OLIVER, Dr. HALL, Dr. BENNETT and Dr. PERRY, for particular success in extracting teeth.

All other operations in Dentistry will be performed at the usual rates.

☞ Please call and examine specimens of Artificial Teeth upon Vulcanized Rubber, Gold and Silver. Office Hours:

From 8½ o'clock A. M. to 12 P. M., and from 2½ to 4½ o'clock P. M., and every evening (except Friday) from 7 to 8 o'clock.

Horse Shoeing.

J. WHIDDEN, having taken the Horse Shoeing department in the shop of S. C. GOODWIN, State street, (next to Stone Church,) offers his services in that line to former customers and the public generally. my27—tf
Portsmouth, May 1, 1867.

Carriage Iron Work.

S. C. GOODWIN will continue to carry on the Carriage Work and Jobbing, at the Old Stand, near the Stone Church. Tire Setting, Axle Setting; Carriage Springs Re-bended, Set Up and Tempered. Jobbing of every description promptly attended to. All kinds of Carriages and Sleighs Ironed in the best manner. New Carriages got up to order. my27—tf

Proposals for Wood.

SEALED PROPOSALS will be received at the City Clerk's office of the City of Portsmouth, until August 20, 1867 for three hundred and fifty (350) cords merchantable HARD WOOD, to be delivered at some railroad station or wharf in said city. Wood to be delivered Dec. 1. Right reserved to reject any proposal.

By order of the Overseers of the Poor.
MARCELLUS BUFFORD, Clerk.
Portsmouth, June 16, 1867. jy1

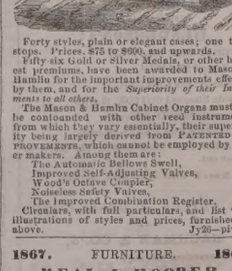
If you want a Superior Instrument,
BUY ONE OF
Mason & Hamlin's Cabinet Organs,
Of A. PEARSON, No. 30 HANOVER STREET, Sole Agent for Portsmouth and Vicinity.



Forty styles, plain or elegant cases; one to 12 stops. Prices, $75 to $600, and upwards.

Fifty silver Medals or Silver Medals, or other highest premiums, have been awarded to Mason & Hamlin for the important improvements effected by them, and for the *Superiority of their Instruments to all others.*

The Mason & Hamlin Cabinet Organs must not be confounded with other reed instruments, from which they vary essentially, their superiority being largely derived from PATENTED IMPROVEMENTS, which cannot be employed by other makers. Among them are:

The Automatic Bellows Swell,
Improved Self-Adjusting Valves,
Wood's Octave Coupler,
Noiseless Safety Valves,
The Improved Combination Register.

Circulars, with full particulars, and list with illustrations of styles and prices, furnished as above. Jy26—niwe

The Chronicle.

FEARFUL NOTICE TO DOG-OWNERS.—The following is an exact copy of an official placard issued by the city authorities of Janesville, Wisconsin:

Take Notice!—All persons residing in the city of Janesville owning or having, in his or her possession, any dog or bitch, and suffering the same to run at large without being securely muzzled, so as to prevent their biting, *will be killed* if found running at large after April 26th, 1859. By order of the Mayor. C. G. Gillett, Constable; W. H. Parker, Constable; S. C. Burnham, Constable; Thomas Whalen, Constable. Janesville, April 23, 1859.

CHIEF JUSTICE CHASE'S WEALTH.—Referring to the maliciously concocted rumor that Chief Justice Chase has a fortune of $700,000, the Providence Journal says:

"We are sorry that the statement is not true. He has no such fortune. Chief Justice Chase possesses what a few years since would have been called a handsome fortune, and still a competency. It has decreased some $40,000 since he has been in the public service, his expenses having exceeded his income by that amount."

— The N. Y. Evening Gazette tells of a man who cured himself of the dyspepsia by what he calls the "hog system"—taking a good nap after every meal. The system is certainly worth the trial.—*Exch.*

So we always thought, though almost everybody thinks they must condemn hearty eating just before sleeping. But this is just what all animals do, if they can—babies included: eat all they want, and then lie down and go to sleep. Exercise immediately after eating is not good—and there are many folks who are averse to it *before* eating also. The best way is, neither to eat so much nor work so hard as to do harm—but we do like the "hog system" above advanced.

☞ Mr. Vallandigham, in a late speech goes so far as to declare that if he "believed the negro was capable of assimilating with the white race, there is nothing before God or among men which would stand in the way as a justification for excluding him from political rights and privileges." He even says, "I leave all allusions to his curly head, his thick lips, his flat nose and 'ebo shins' to the slang-whangers of the Democratic party, who prefer that style of argument!"

☞ In the University Convocation at Albany, Dr. Lambert said that physiology should be taught in schools, so that one could learn what food to eat. He said "if a scholar cannot resolve a problem easily, his brain should be strengthened by a good dish of tripe. The superiority of Scotchmen is owing to oatmeal, and the degeneracy of the present inhabitants of Massachusetts, to the use of fine wheat flour."

— In childhood we cut our teeth. In age they cut us, says Prentice; and, we presume, he knows.

— A writer to the Ellsworth American wants people to be careful in boating near Mount Desert Island, as the wind is uncertain, and therefore accidents frequent. The writer thinks more lives have been lost by drowning in that locality than any place of its size in the country.

— It is reported in San Francisco that an American company is in negotiation with the Governor of British Columbia for the purchase of Queen Charlotte's Islands, on condition that the sovereignty be transferred to the United States. They lie immediately south of Russian America, and might be considered geographically a portion of that territory.

— Many years ago a clergyman in the south part of Hillsborough county, still living at four-score years—although not a member of the Masonic order was invited to make the prayer of invocation at one of the celebrations of the craft. One sentence of it was about in these words: "We have met, O Lord, we have met to celebrate—to celebrate—we know not what. It it be good, bless it; if not, curse it; and to Thy great name be all the glory."

—The Dog star, or the Devil's star, seems to be in the ascendant just now. We find in a single exchange to-day, the following headings: A Record of Clerical Depravity—A Clerical Scoundrel — Melancholy Death of a Little Girl—Shocking Crimes—Stabbing Affair—The Human Suicide—Rescued from a Life of Crime—A Prize Fight—Shocking Affair in New Jersey.—So many, and we cannot say how many more, crimes are upon the record of one day. Among these crimes are some of the most brutal character, which decency would hardly suffer one to mention. Do the summer heats induce crimes? Is human depravity more rampant when subjected to the August sun? Or is it only that there is more idleness and dissipation in the summer than at any other season, and that the Devil then finds more idle hands and hearts to set to work than at any other time?—*Boston Traveller.*

NOTICE OF
Dissolution of Partnership.
Notice is hereby given that the Copartnership heretofore existing between Albert F. Merrill and Albert A. Fernald, under the firm name of MERRILL & FERNALD, has this day been dissolved by mutual consent.
The business heretofore carried on by the firm will hereafter be conducted by said ALBERT A. FERNALD, who will pay all the debts and liabilities of the late firm.
The Notes and Accounts due said firm have been divided, and all persons owing said firm are requested to call and settle their notes and accounts forthwith. ALBERT F. MERRILL,
ALBERT A. FERNALD.
Portsmouth, July 17, 1867. jy25

One volume, 12mo., gilt lowedge, or blue and gold. For sale by JOSEPH H. FOSTER.

As Good as the Best.
The PIANO FORTES of HALLET, DAVIS & CO. have never been excelled. The subscriber has sold and used them for many years, and they have proved equal in all respects to any other make, and superior to most. A splendid new 7 octave instrument, fresh from their mint, may be seen at his new Music and Painting Room, Mercantile Library building, over Mr. J. H. HEAD'S store, which is for sale at the manufacturer's price, and which our friends and the public are invited to call and examine. T. F. MOSES.

BUY THE CHEAPEST AND THE BEST.
DR. WARREN'S
BILLIOUS BITTERS,
The Great Blood Purifier and Regulator.

Recommended in confidence by thousands for the past five years.

From M. S. BURR & Co., the oldest Wholesale and Retail Dealers in Proprietary Medicines, Perfumery, &c., in new England:
"We have sold large quantities of Dr. WARREN'S BILLIOUS BITTERS during the past five years, both at wholesale and retail, and have yet to learn of a single instance wherein they have failed to give perfect satisfaction. From personal knowledge, as well as from the reports of our numerous customers, we confidently recommend Dr. WARREN'S BILLIOUS BITTERS to the public as a safe, reliable and very valuable Family Medicine. M. S. BURR & CO."

N. B.—Observe a fac-simile Signature of the Proprietor, (JOHN A. PERRY), on the wrapper, without which none is genuine.

For sale by all Druggists.

JOHN A. PERRY, Chemist, Boston, Proprietor.

Wholesale by M. S. Burr & Co., General Agents, Dealers in Drugs, Medicines, Perfumery, &c., 28 Tremont St., Boston, Mass.

American and Foreign Patents.
B. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1837.
No. 78 State street, (opposite Kilby street,) **Boston.**
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.
No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.
During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent office.
EDWARD BRAKEN,"
Late Commissioner of Patents.
"Mr. E. H. EDDY has made for me THIRTEEN applications, in all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHART."
Boston, Jan. 1, 1867.—3tawly

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
The Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

For Summer.

cSeodly **No. 22 State Street, Boston.**
JAMES A. DUPEE, JAMES BECK, HENRY SAYLES

The Daily Chronicle.

Portsmouth, N. H.

MONDAY, AUGUST 19, 1867.

☞ The grain gambler in Chicago, who after getting beaten by them, sued his fellow gamblers, and has also sued the Times of that city for libel in commenting on his conduct—is like a good many other men we have heard of, who are always ready to gamble if only they can be sure of winning, but never ready to loose or to pay a loss cheerfully if they do. This is the meanest of all knavery, as stock gambling is the meanest of all gambling—infinitely more unsafe and dishonorable than roulette or faro.

As to his libel suit—don't he hope he may get it. It is easy enough to sue an editor, and we have known it often done; but we never have known a verdict rendered against the press, nor a complainant to win either money or glory from such a suit.—American institutions are in favor of a free press, even if sometimes a little too free—the regulation of which they are ready to leave to the local public sentiment most concerned.

☞ The Tribune calls Base Ball Players the modern Knights Errant, and the ball ground the true successor of the old tourney field. The modern knight equips himself not with cuirass and greaves, but with canvas shoes and a linen cap. His lance is a bat. His reward—alas! for the prosaic truth—is not the smile of the queen of beauty, but a compliment from the reporters.

And is there, seriously, any very awful descent from jousting to base ball? Is it so much more honorable to knock a man off his horse with a long pole, than to strike a good blow at a flying ball? As an exercise of physical vigor and agility we dare say the modern pastime is better than the ancient one, and considering how often those old knights used to be carried out of the lists with a broken neck or a hole through the body, there can be little question that our national game is vastly more wholesome and improving than the favorite sport of our ancestors. If the gay and gentle spectators could only be brought back; if the waving of cambric handkerchiefs, the fluttering of bright ribbons, the smiles of pretty women, the soft applause of delicate hands, might only cheer on the contest; if we might be relieved from the rough outcries of a betting mob, and the perpetual danger of a free fight at the close, our ball fields would present as brilliant and as grateful a scene as any recorded in mediæval romances.

☞ The N. Y. Herald's Washington special says, at the Cabinet meeting Saturday, among other subjects discussed was the removal of Gen. Sheridan and Judge Holt. No settled result was arrived at, but it is understood that both of these officers will be removed shortly. Gen. Sheridan will be transferred to some new sphere of action, and Judge Holt ordered back to the regular service. [We shall see how it will turn, and if these things are so,—very probably A. J. & Co. may be ordered back into some of those "back seats" we have heard of.]

☞ Travel over the Pacific Railroad is likely to be more adventurous than delightful, unless the Indians that now infest the far Western prairies are exterminated or otherwise pacified. It is not pleasant to be thrown off the track under any circumstances, but the disagreeable features of such a contretemps are considerably aggravated when those who survive are scalped and roasted alive, as was the case with the engineer, fireman and brakeman of a freight train last Tuesday. The removal of the Indians from the line of the Pacific Railroad is a necessity that cannot be evaded.

☞ The Tribune says, "The opposition tried to destroy us last year by the patronage and strength of Andrew Johnson's administration. They are trying the same game now with the dazzling and illustrious name of Grant. We bow before that name so far as it represents valor and patriotism, skill in the field, moderation in council, and genius triumphant in war. A year or two since we bowed to the name of Andrew Jonson as the representative of self-denying loyalty, war against treason, and clamorous devotion to Radicalism. But far above these names, as high as the stars, and to us guiding stars, we see certain principles, whose life is eternal, and whose success is more important to this people than that of mere men. We follow them, and whoever carries our banner must lead the way. All considerations of availability, of personal reward, of pleasing this interest or that, are temptations to desert, and mean mischief. We sustain no man whose record is not as clear as the sun. We follow no leader who does not tell us which way he intends to travel. Above all things, we have as a party been too terribly juggled to run the risk again."

— Samuel Alford's barn at Avon, Ct., was burned on the 11th. Loss $15,000.

NEW HAMPSHIRE ITEMS.

——Rev. Prescott Fay, pastor of the Congregational church in Rochester has tendered his resignation.

—— Rev. Asa Mann was installed pastor of the Congregational church at Bath, the 13th inst.

—— E. D. Rand, Esq., of Lisbon, had one of his legs broken by jumping from a passenger car while in motion a few days since.

—— Charles Ellis, a young man employed in the mills at Goff's Falls, in getting out of the cars Thursday night, fell and broke his arm.

—— Rev. John H. Mellish, after a pastorate at Kingston of more than twelve years, has closed his ministry there and removed to New York.

—— The Concord Monitor says Lieut. Jenness, who was killed by the Indians near Fort Kearney on the 14th inst., formerly belonged in Concord.

—— Ice formed on Mount Washington on Monday night to the thickness of window glass; and on Wednesday morning at sunrise it was found half an inch thick.

—— Prof. C. A. Stockin, for the past year the Principal of the New Hampton Literary and Theological Institution, has had a call to take charge of a school in Western New York, at a salary of $3000.

—— After some absence on account of the feeble health of his wife, Rev. Prescott Fay has felt compelled to resign his supply at Rochester, of the Congregational Society there.

—— Rev. Mr. Johnson, of Gorham, Me. — a graduate of Princeton Theological Seminary—has been invited to supply the desk of the Congregational Society in East Concord.

—— The rain storm of last week made some trouble in the interior of the State.—A land slide on the Northern Railroad at East Andover is reported. It is feared that unharvested grain will be much damaged.

—— Hon. Senator Patterson of this State has been selected to give the Oration before the Phi Beta Kappas at Burlington next year, Rev. Dr. Swain of Providence acting as substitute.

—— In Nashua, Tuesday, 13th inst., a Frenchman in the employ of Eaton & Ayer, bobbin manufacturers, was struck on the temple by a flying stick from a circular saw, causing a rupture of a blood vessel of the brain which resulted in death.

—— An Ecclesiastical Council was held at Milford on Tuesday last, which determined to dissolve the relation of Rev. Mr. Ayer to the Congregational Church in that place. Mr. Ayer goes to Concord, as the successor of Rev. Dr. Bouton.

—— The first prize for literary composition at Waterville College, Maine, at the recent commencement, was awarded to Charles L. Clay, of Andover, this State, His subject was "Wealth's Victim," and his composition a poem.

—— The Amherst Cabinet says: Beehunting is quite successful and profitable. Wm. Melendy and John Lovejoy, last week, took a swarm in Lyndeborough, from which they obtained about 90 pounds of honey. Some others have recently been taken.

—— The Newburyport Herald says the following occurrence took place in Coos county about a year ago. A common black snake, eight feet long, attacked a man while at work in a field, and twining round his neck brought him to the ground, where he was found in the last stages of strangulation by a party of hunters who bagged the snake and released his victim.

—— The Rev. Erdix Tenney, D.D., of Lyme, is about to leave the Congregational church and society of that place, over which he has ministered for thirty-six years, and remove to Massachusetts. He is held in high esteem by his people, and leaves because the infirmities of age are creeping upon him. He is, we believe, a brother of the late Rev. Mr. Tenney, of West Concord.

—— The Manchester Union says that Joseph A. Haines, Esq., of that city, has in his garden a common crab apple tree about three and a half inches in diameter near the surface of the ground, which is in full blossom. The tree blossomed in May as usual, and the branches are now covered with nearly full grown fruit. The new blossoms are interspersed among the twigs and branches containing the apples, making a very remarkable appearance. The tree gives off a delightful fragrance.

—— The Rochester Courier says that the Cocheco Print Works at Dover run 43,232 spindles and 1200 looms. These consume 4700 bales of cotton yearly, and produce 12,000,000 yards of cloth. A thousand hands, six hundred of them women and girls, are employed in the mills, and their wages average from four to eight dollars a week. For several years past the company has paid in dividends $100,000 every six months, and in June, over and above this, $300,000 of the capital stock was divided among the stockholders, leaving the working capital an even million.

— A teaspoonful of aconite, administered in ground feed, at night, is said to be a certain cure for garget in cows.

☞ An Augusta, Geo., dispatch of Aug. 15, says,—the rain was very general throughout Georgia, Alabama, Florida, South and North Carolina. Slight damages have occurred to railroad bridges by the washing away of culverts.

In accordance with Gen. Pope's orders, civil officials have notified newspapers opposed to reconstruction under the military bill of the withdrawal of patronage from them. Of thirteen daily papers in the State only four endorse the Congressional programme.

A SCHUTENFEST.—This we presume to be a German frolic, which is to begin in Baltimore to-day. There will be a grand base ball match, balloon ascensions, rope-walking and attractions offered during the festival. Pres. Johnson has been invited, and "has expressed his determination to come."

☞ A dispatch says the store of T. W. O'Brien, at Cornish, Me., was entered on the night of the 15th, and a Tilton & McFarland burglar-proof safe opened and $20,000 in Government and other bonds stolen.

GOLD, Saturday, 140 7-8.

—The Chicago Germans were to hold an anti-temperance Sunday mass meeting on Saturday night.

— A lump of silver weighing four hundred pounds was found last month in the Konigsberg silver mine.

— There are three hundred and fifty-five lawyers in Chicago, and three thousand in New York city.

— It is thought by some that Gen. Grant accepted the charge of the War Department that he might be in a better position to carry on the war with Gen. Butler.

— Soda water has been decided to be a medicine in Washington, and a druggist arrested for selling it on Sunday was discharged.

— During the month of July last, says a Boston paper, the city Register of Boston issued eight certificates for the marriage of colored men with white women.

— An exchange says that the girls of a neighboring city show their "good sense by wearing short dresses." Here they show their ankles.

— The new Milwaukee Directory contains 19,000 names, and the Sentinel claims 76,000 inhabitants, an increase of 22,060 over the census two years ago.

— The New Orleans Times (Conservative) says that "through indecision and delay more than any other cause on the part of the Executive, Sheridan, in our opinion is the strongest man to-day in the Republican ranks, Grant not excepted."

— It is stated that the old Pennsylvania Bank building in Philadelphia is to be removed piecemeal to Portland. The marble has been marked, lettered and numbered, stone by stone, and is sent to Portland, where it will reappear as a custom house.

— The lovers of horse racing at the recent Good-wood races, not finding sufficient opportunity on the races to gratify their mania for betting, laid a large number of bets as to whether the pigeon which was to take the result of the races to Chichester would take two or more turns before it flew off.

— Grocers in Troy are selling packages of tea, sugar, &c., with an occasional fifty cent postal done up inside, a la Century tobacco. Of course habitual customers have to pay the shot in the end. For every dollar enclosed thus in packages, no doubt two dollars is put on prices.

— Letters from Texas say the political campaign opens with great briskness and much more promise of success than was anticipated. There are 5000 German votes in the western portion of the State, which will go for the Republican party. There are believed to be about 60,000 colored voters in the State, showing a negro population nearly two-thirds greater than in 1860.

— During a recent debate in the English House of Commons, it was shown that a farm laborer in Wilts or Dorsetshire receives only 8s. or 9s. a week. One reason given was that he was allowed two hours each day for dinner, while in other districts where wages were a trifle higher, but one hour was allowed. It is well suggested that the laborer, if consulted, would probably be glad to get more to eat, even if he had less time to eat it in.

GOING! GOING!! GONE!!!—Faster than the auctioneer's hammer knocks down merchandise, neglect disposes of the teeth. Bid, therefore, for that prize of life, a perfect set, by brushing them regularly with SOZODONT. 14

GENERAL GRANT has risen to distinction by his military genius, and his name is a tower of strength among all classes. But the name of James Pyle has become a household word by the merits of his O K Soap, and the grocers in all parts of the country necessarily pay him tribute.

☞ Females at this season should not fail to use SPERM'S Sandwich Wine. Physicians recommend it as a strengthening and blood purifying tonic. Sold by Druggists. 1

— We are glad to see a disposition on the part the manufacturers in this country to excel in quality, and of consumers to purchase the best in the market, especially in the articles which enter into the food of man. We are led to the above remarks since having the pleasure of eating some very nice light Biscuit, made from Herrick Allen's Gold Medal Saleratus. Our better half announces it the best she ever saw. Try it. Most all the Grocers and many Druggists sell it. 27

— Butter is 20 cents per pound and peaches 12 1-2 cents per peck in Baltimore.

— A cotemporary says that there is one thing which will never get hurt by falling—it always falls so slow: he means flour.

Important Notice to the Public.
GLEASON HALL
PRESENTATION FESTIVAL.
THE THIRD GRAND CONCERT,
Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,
Will take Place on
Thursday Evening, August 29, 1867,
AT GLEASON HALL, WEST TROY, N. Y.
The Second Grand Concert of the Presentation took place at West Troy, N. Y., on Thursday evening, Aug. 8th, and was a grand success, the Hall being filled to overflowing with a refined and appreciative audience from all parts of the State. There was a committee of three reliable and well-known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, when it takes place, which will be on the night of the last Concert. The Tickets, which have been limited to 75,000, at
ONE DOLLAR EACH,
can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket. Among the presents to be awarded are the following:—

One Mortgage, Farm 66 acres	-	1,076
One Piano	-	500
Three Melodeons,	-	450
Two Bedroom sets,	-	200
One Grover & Baker Sewing Machine, plated,		80
One Wheeler & Wilson Sewing Machine,		70

And Thousands of Other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Dressing Cases, York Mantles, Sofas, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.
The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.
The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.
We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be passed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS BATH.
The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the presentation with honesty and fairness, and try to give satisfaction to the public.
Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Ferry Co.; N. F. Witbeck, N. Y. C. R. R.; E. Witbeck, Att'y and Counsel at Law; A. J. Casseday, Dr. J. P. Witbeck; Hon. Thos. Kearney, Ex-Co. Treas., Albany Co.; Henry Fichett, N. Y. C. R. R.; Thomas Rath; T. W. Jackson, Atty and Coun. at Law; R. S. Lobdell, Supt. West Troy G. L. Co.; P. A. Rogers, Justice of the Peace; Russ & Co., 84 Dey st., N. Y.; John A. Gladding, Lansingburgh, N. Y.

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, Bakers of Bread and Pastry is invited to the following statement of the advantages of the Bread Mixers and Kneaders.
FIRST.—The Machine is simple in construction, will not get out of order, and is thoroughly adapted to the purposes for which it was intended—the kneading and mixing of bread. It is the only machine ever invented for these purposes, and has given entire satisfaction wherever used. It is also compact and ornamental and will last for years.
SECOND.—It both mixes and kneads the bread by the same action. The flour, water and other ingredients necessary for bread, are put into the pan (which is a part of the machine) at once, and by the simple action of turning a crank for a few moments, becomes thoroughly kneaded dough.
THIRD.—It mixes the flour and other ingredients, stirring them together and removing all the lumps, more effectually and quickly than can be done by hand.
FOURTH.—It kneads the dough evenly and uniformly. The lightness of bread depends upon its being thoroughly kneaded and mixed with air or "aerated." In this machine every particle of dough is caught up and brought under the direct action of the "rollers," thus becoming as perfectly kneaded as can be done by the most skilful of experienced professional bakers. It will make therefore the lightest kind of dough suitable for French rolls or any other kind of bread. See certificates.
FIFTH.—It saves a great amount of labor. Every lady knows that it requires at least half an hour to knead dough by hand so that it shall make good light bread. By simply turning the crank (which a child can turn) the dough in this machine is mixed and kneaded in less than ten minutes
SIXTH.—It has the advantage of perfect cleanliness. From first to last the hands do not touch the flour or other ingredients. Every impurities and other impurities of the hands and arms need no longer constitute an ingredient of the bread. Ladies will ascertain that when they remember that kneading the dough makes the hands white and clean.
SEVENTH.—The machine cleans itself, scraping off from itself the particles of dough.
EIGHTH.—The machines are of different sizes, from one suitable for a small family to the large machine to be run by steam or horse power, which will mix and knead from one to three barrels of flour at once.
NINTH.—Any one knowing the right proportions of the different ingredients, can with these machines make the lightest and best of bread, since the dough requires no manipulation.
TENTH.—It can be used for mixing cake and pastry, and in fact for all other purposes, domestic or otherwise, where mixing is required.
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au6 E. A. STEVENS.

All other low priced machines make the Chain Stitch. Exclusive territory given. Send for circulars. W. G. WILSON & CO., Manufacturers, Cleveland, Ohio. aul9—3m

☞ Good Wine makes good blood. See advertisement of Speer's Wines in another column, —the best for Table, Family and Medicinal Use.

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all Throat and Lung affections. The only object of the advertiser in sending the prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, PURE, by return mail, will please address

REV. EDWARD A. WILSON,
Williamsburgh, Kings Co., New York.

DIRECTIONS FOR
MAKING YOUR OWN SOAP
WITH YOUR WASTE GREASE!
Penn's Salt M'f'g Co.'s Renowned
SAPONIFIER:
(Patents of 1st and 8th Feb., 1859,) on
CONCENTRATED LYE!
Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of Lye in 2½ pounds (pints) of hot water, in an iron pot. Melt in another pot or pan 5 lbs. of clean fat or grease. Take off the fire, and *into this* stir slowly the dissolved lye, and keep stirring until the whole becomes well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into small pieces, add 6 lbs. (or pints) of water, and boil with a gentle heat until the soap is *all dissolved*, then pour into a tub to cool. When cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for PENN'A SALT M'F'G CO'S SAPONIFIER.* d1—cowdawly

Mineral Baths at Home.

Dyspepsia Cured,
Eruptions on the Face Cured,
Rheumatism Cured,
Scrofula Cured,
BY TREATMENT WITH MINERAL WATERS.

Do away with all your various and often pernicious drugs and quack Medicines, and use a few baths prepared with

"STRUMATIC SALTS."

We convert the several issues of SEVEN-THIRTIES at the most favorable market rates into Five-Twenty bonds, which, at present prices, will yield the holder about one per cent. more interest per annum. Circulars with full particulars furnished upon application.
my8dawly JAY COOKE & CO.

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRANDRETH'S PILLS is always safe, never leaving any ill effects. In all cases their use is wise; but in severe pain from colic, inflammations, or external injuries, it is

"LIFE SAVING."

Remember BRANDRETH'S PILLS are always sure of effect, and always without the least danger, and that not on every part of the system, by lodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says—"I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. jy29dawlmespn

DR. SCHENCK, THE LUNG DOCTOR.

☞ The Proprietor of SCHENK'S PULMONIC SYRUP, the inventor of SCHENK'S RESPIROMETER, the only instrument that can to a certainty detect the slightest murmur of disease in the internal organs.

This is of great importance to Dr. SCHENCK, to know the exact condition of the lungs, before he can prescribe with safety. Pulmonary, Bronchial, Pleuritic, or Dyspeptic Consuption, and whether it is both lungs or only one that are diseased.

It requires constant and long practice to become familiar with every sound or rattling of a diseased bronchial tube. Patients come to Dr. SCHENCK to get examined that have been examined by their family physician, who told them that their lungs were almost gone, and by a close examination with the Respirometer, it is often found that it is an affection of the bronchial tubes; and by putting a healthy action to the liver and tone of the stomach, the sufferer is soon restored to health. Sometimes medicine that will stop a cough is certain death to the patient, it locks up the liver, stops the circulation of the blood—hemorrhage follows, and, in fact, stops the action of the very organs that cause the cough.

Dr. Schenck will be professionally at his rooms every week, 32 Hood street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is $5. His medicines are for sale by all druggists and dealers, also a good supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle or $7.50 the half dozen; Mandrake Pills 25 cents per box.—GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists.

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is

KILLED DEAD,

the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which

IN FIVE MINUTES

produces a black or brown which is not surpassed by nature's own hue. Be wise in time. The only safe and sure article is

CHEVALIER'S HAIR DYE.

Manufactured by J. CRISTADORO, 68 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. Jy30daw—1m

NEW BOOK OF CHORUSES.

Forty-five Opera Choruses selected and arranged from the works of Rossini, Auber, Bellini, Donizetti, Gounod, Verdi, Flotow, Spontini, Wagner, Herold, Bishop, Balfe, Benedict, and others. This is a very valuable book for Singing Societies, Conventions, Choirs, Singing Schools, Clubs and Social Circles. By Edward Bruce—Price, Three Dollars. Copies mailed, post-paid. OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel Waters. This is one of the wonderful cures made by DR. TOBIAS' Celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Colds, Insect Stings, Pains in the Limbs, Chest and Back; also internally for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself.—Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortlandt street, N. Y. au24—dawly

THE GRAVEST MALADIES
OF YOUTH AND EARLY MANHOOD.

Howard Association Essays, on the Physiology of the Passions, and the Errors, Abuses and Diseases peculiar to the first age of man, with Reports on new methods of treatment employed in this Institution. Sent in sealed, letter envelopes, free of charge. Address Dr. J. SKILLIN HOUGHTON, Howard Association, Philadelphia, Pa. au5—dawdm

Local.

POLICE COURT, Aug. 15.—Bufford, J.—William Angline, a marine, acknowledged the "corn" when charged with being intoxicated on a public street, and paid "6.86." He might drink champagne for that price.

Pendexter Avery, a yeoman, found on Elm street "very tired," was arrested while resting himself, pleaded guilty of drunkenness and disbursed $6.86.

Isabella Cooper complained that Alexander McPherson had verbally assailed her in a disorderly and indecent manner on Hanover street, but the charge was not sustained and the defendant was discharged.

MEDICAL.—Dr. J. W. Channing, the humor doctor, who has visited in this city for a series of years, is now at the Piscataqua House, where he will continue for the rest of the week. See advertisement on fourth page.

Dr. Piper, from Boston, will be at the Rockingham House to-day and to-morrow, for the treatment of cases with oxygenized air.

☞ The Eastern Railroad, it is stated, is carrying more passengers this season, than any other line running out of Boston. The Lynn Reporter says, because it is so admirably managed, has such fine cars, gentlemanly conductors, and others agreeable things about it.

☞ An immense new safe, weighing nearly five tons, has just been placed in the treasure vault of the Rockingham National Bank, the better to guard against dangers of all kinds.

☞ Dr. Piper, a duly authorized agent from Dr. C. L. Blood's *Oxygenated Air* Medical establishment, 119 Harrison Avenue, Boston, visits Portsmouth each month, where he will give special attention to the treatment of catarrh and diseases of the throat and lungs. Dr. Piper will be at the Rockingham House to-day and to-morrow only.

☞ A lot of iron bedsteads are offered at auction, at the Marine Barracks, to-morrow.

☞ It will be seen that the great Book Sale at Wendell's is to be continued three days longer.

☞ In New York city, investigations recently made into the affairs of Tradesmen's National Bank disclosed the fact that a heavy defalcation had taken place; $95,000. Paying and Receiving Tellers Baker and Arnold have been suspended for the present, as the deficiencies have been traced to their hands. They are men in whom the utmost confidence was placed, and have been almost raised in the bank, their connection with it having existed thirty years.

☞ At Washington, everything is afloat. The rain water by last week's storm drove out the poor inhabitants of low places which abound there:—and the lunacy or infatuation of the occupant of the White House gives rise to much strange action, and stranger rumors. The poor creature will hardly be able to stem the tide of public indignation which is rising and bids fair to sweep him away.

☞ They are having a little game of cricket in Nevada Territory that is more exciting than agreeable. The Humboldt Register says: "An army of crickets have laid waste the crops on Queen's river.—Whole fields of barley have been entirely destroyed. Their course is towards Paradise Valley." We fear the farmers would hardly select Paradise as the locality toward which *they* would send the crickets.

☞ Hon. John Wentworth of Chicago, formerly member of Congress from that district, was thrown from his carriage last Sunday night, while driving over a street that was undergoing repairs. His left leg was broken, and his injuries will keep him in a recumbent position for two or three months.

☞ Two persons, a man and a boy, were drowned by the late freshet near Baltimore—and much damage done to railroads, bridges, mills, &c., all through the Middle States.

— At the St. Albans butter market on Tuesday prices ranged from 18 to 26 cents.

— A notorious burglar and thief at Rochester, N. Y., fell into the Erie Canal lately while trying to rob a widow woman's store of eight dollars, and was drowned.—He had secured the money, and it was found in his pocket when his body was recovered.

— At Taunton, on Sunday evening last, a little girl named Katharine Burke was so severely burned that she died. Morris Upton, her step-father, quarreled with his wife in a state of intoxication, and because she refused to go for more liquor for him, threw a kerosene lamp at her, which did not hit her, but was broken, and its contents fell over the person of the unfortunate girl, whose clothing was set on fire and absolutely burned from her body. She lived but a short time afterward, in a state of great agony.

FLIES IN AMBER."
Picked out for the Chronicle.

— Time is the herald of truth.
— Arrogance is the obstruction of wisdom.
— Hearts may agree, though heads differ.
— The greatest wealth is contentment with a little.
— A true friend does sometimes venture to be offensive.
— Fortitude is the mean between fear and rashness.
— Speak well of your friend; of your enemy say nothing.
— Knowledge without education is but armed injustice.
— Many talk like philosophers and live like fools.
— Industry is fortune's right hand; frugality her left.
— Opinion is the great pillar which upholds the Commonwealth.
— Ah angry man is again angry with himself when he returns to reason.
— Two things ought to be the object of our fear—the envy of friends and the hatred of enemies.

— Wm. S. Atwood, a prominent lawyer of Detroit, was found dead the other morning upon the grave of a much loved child.

— William Henry and wife, of Adams, are each 84 years of age, and hale and hearty, have been married 62 years, and had eight children, all of whom are living, the oldest being 61 and the youngest 45.

— The only marks left on Henry Clark, who was killed by lightning at North Searsport, Maine, a few days ago, were a hole through the crown of his hat not much larger than a pea, and the scorching of the hair on the top of his head.

THE
UNION PACIFIC RAILROAD CO.
THEIR
FIRST MORTGAGE BONDS,
AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, *attracts attention* to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is,—"Are these bonds secure?" Next,—"Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is made certain by the business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c, and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *secured in advance* upon the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 61 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**

The daily subscriptions are already large, and they will continue to be received in New York by the

CONTINENTAL NATIONAL BANK, 7 Nassau st.,
CLARK, DODGE & Co., Bankers, 51 Wall street,

SORROW OF HEART!

BY "CHARLIE MARINE," U. S. M. Barracks, Portsmouth, N. H.

"This is nothing *else but* sorrow of heart."—*Artaxerxes to Nehemiah.—Nehem*, 2:2.

'Is nothing, *nothing* but sorrow of heart;
The tears *do not* come, they only start,
And choke up the channels where grief flows out,
And *nothing* gives token that *pain* is about.

Only a paleness of face, and a lip
That *will* quiver at times, then is firmly set;
A bosom that shudders, as the storm-tossed ship,
When her keel and the fearful rocks have met.

Yet this sorrow of heart is an awful thing;
Of all sorrows, it has the bitterest sting.
'Tis not sorrow of *head*, which is soon washed away [day;
By the high-tide of tears, ebbing, flowing each
Nor of *feet*, discouraged by the length of the way;
Not the sorrow of *shame*, or of *earthly decay*;
Not the sorrow of pain in this body of clay;
Not the sorrow of suffering some temporal loss,
Of hunger or cold, or poverty's cross;
But one that possesses of all sorrows a part,
The sum of their agonies—sorrow of heart

"Yet it cannot be *great*—it is tearless and still;
Not a torrent, a river, No! not even a rill; [heart."
'Tis nothing, nothing but *sorrow of heart*."
And yet it contains the fearfullest smart;
Overwhelming as ocean, as wide and as deep;
Unspeakable, like some strange visions of sleep;
Its groanings unutterable! Not e'en the most meek,
Except the All-bearing, these groanings can hear.
"Tearless?" Yes, for its raging and ceaseless fire
Licks up the cool tears that would quench its hot ire.
"Still and quiet?" Ah, yes! it is quiet and still,
Not a turbulent river nor babbling rill;
But a lake of lead molten—a still, deep hell,
Its terrible horrors unlawful to tell.
"How *know* you?" I *feel it, my sorrow is such*,
Would you know? You must *feel its* terrible touch.
"What *is* your heart sorrow?" I cannot explain,
I am soul-vexed with sorrow on sorrow again;
I know not what brings the heart-woe to another,
To *me* these words bring it, "never," "insult" and
"brother."

August 14th, 1867.

CURIOUS FACTS IN CONNECTION WITH THE SURRATT TRIAL.—A member of the Surratt jury states that from the first moment they were locked up together between the adjournments each day, they were divided in sentiment—eight favoring the prisoner and four condemning. While the arguments of counsel for the defence were going on, these eight continually sneered at Mr. Pierrepont and District Attorney Carrington, and when locked up to find a verdict they balloted, the result being eight for acquittal to four for conviction. Each side tried to convince the other, without success. Then one of the jurors proposed three propositions, and asked that a vote be taken on them separately. These were: first, that Lincoln was assassinated; second, the assassination was the result of a conspiracy; and third, that Surratt was in that conspiracy. Upon the first two propositions the votes were unanimous, but upon the latter the eight favoring acquittal refused, under any circumstances, to vote. These same men, however, tried to induce the four to pledge their word that nothing which took place in the jury-room should be divulged, especially the votes. The other four, however, would not agree to this.

SANFORD CONOVER.—Gen. Butler, in reply to the question what he had to say with regard to his connection with Sanford Conover, as set forth in the affidavit of this individual, has distinctly stated—"I never saw Conover in my life; never saw a witness purporting to come from him, and never saw any testimony given by Conover." If the whole of Conover's affidavit is as erroneous as that portion relating to Gen. Butler, it will be poor support for Mr. Johnson and his friends.

AT CHICAGO, D. A. Goodrich, who caused the arrest of several members of the Board of Trade a few days since, for selling grain "short," has brought a suit against the Chicago Times for libel, damages $50,000. The libel consists in attributing mercenary motives to him in procuring the arrests.

☞ President Johnson still clings to the notion of a third political party, seemingly unconscious of the fact that that is the rock upon which his administration has been wrecked. It was in his power to put himself at the head of either of the great parties into which the nation is divided. By trying to steer between the two he has alienated both, and is now without a corporal's guard of friends.—*N. Y. Atlas.*

— Dr. Raimbert a French Doctor, practises a new method of introducing medicine by the nostrils. Morphine, administered in this way, it is said, will cure violent headaches.

— A subscriber of a country paper of long standing, who had never paid a dollar of his subscription, told the collector when called upon for his little bill, that he had no funds; "he only subscribed for the thing in order to encourage the undertaking."

GAS STOVES.

The subscriber has just received an assortment of GAS STOVES of various sizes, by which Baking, Boiling, Frying, Heating Flat Irons, &c., can be done at a very small expense.

The Stoves come at VERY LOW PRICES,—from $1.5) to $12 each. Any family will find one of these Stoves to be invaluable for use in hot weather, or in case of sickness in the night.—Water can be heated in one in less time than a fire can be made in an ordinary stove.

1760. —— 1867.

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in OUR PATRONS' POCKETS, hence cause of fear to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to continue it the BEST FINE CUT MADE. We will continue to offer these inducements until the fact is fully recognized.

We are making the CENTURY from selections of the very choicest old leaf, and have devoted every care to its manufacture. It is free from drugs, and is respectfully offered as a PURE ARTICLE OF CHEWING TOBACCO.

On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers, $20 each. On Wednesdays, in five papers, $10 each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $3 in each, to be paid for in GENUINE U. S. GREENBACKS to the amount of $100 a day.

The finders of these Greenbacks—by sending us their names, address and numbers of the bills —will be presented with packages of our Tobacco in proportion to the amount of money found.

This House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, and we mean to fight all doubts, if any should exist, as to the genuineness of this enterprise.

THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. R. Mitchell, 36 Central street, Boston; B. A. Van Schaick, 15 North Fifth street, Philadelphia; Kay & Earle; 53 S. Water street, Chicago; Schultz & Bagley, 24 West second street, Cincinnati.

Price list sent on application to

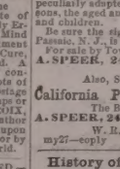
SPEER'S SAMBUCI WINE.

Prescribed by Physicians for FEMALES, WEAKLY PERSONS AND INVALIDS.



As a Tonic, it has no equal, causing an appetite and building up the system of the most debilitated.

As a Diuretic it imparts a healthy action to the Glands, Kidneys and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.

As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopœia.

The qualities of SAMBUCI are "*multum in parvo*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.

N B—Vinum bonum bonum sanguinem facit.

SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefitting ladies and children.

Be sure the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.

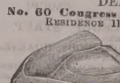
jy30 LAFAYETTE LAIGHTON.

If you want a Superior Instrument,

BUY ONE OF

Mason & Hamlin's Cabinet Organs,

Of A. PEARSON, No. 80 HANOVER STREET, Sole Agent for Portsmouth and Vicinity.



Forty styles, plain or elegant cases; one to 12 stops. Prices, $75 to $600, and upwards.

Fifty six Gold or Silver Medals, or other highest premiums, have been awarded to Mason & Hamlin for the important improvements effected by them, and for the *Superiority of their Instruments to all others.*

The Mason & Hamlin Cabinet Organs must not be confounded with other reed instruments, from which they vary essentially, their superiority being largely derived from PATENTED IMPROVEMENTS, which cannot be employed by other makers. Among them are:

The Automatic Bellows Swell,
Improved Self-Adjusting Valves,
Wood's Octave Coupler,
Noiseless Safety Valves,
The Improved Combination Register.

Circulars, with full particulars, and list with illustrations of styles and prices, furnished as above. Jy26—plws

The Chronicle.

A FREE PRESS.—It is a good maxim, never to fear error, so long as truth be left free to combat it. It is also often true, that a lie will run itself to death, even if it is not combatted at all—and it seems idle to be always answering the folly of fools.—Speaking of rebel newspapers at the South—and the same remarks will apply to a few gangrenous coppery sheets at the North—the Tribune says:

We are, as we have always been, in favor of the liberty of unlicensed printing, and we have always looked with distrust upon any official interference with newspapers. Nevertheless, we cannot but regret the publication at various points of the South of several journals, the influence of which upon public opinion must be anything but salutary. These sheets are in bad hands; their writing is a kind of virulent slip-slop; their aim seems to be to fan the smoldering passions of the insurrection; they exhibit a great deal of vehemence with very little wisdom; and of telling the truth they seem to be completely incapable.

While they continue to be printed, the presumption is that they must be palatable to a certain class—small, perhaps, but still large enough to make trouble. For various reasons we do not entertain the idea of their suppression, which would be a violation of our most cherished principles; but we are delighted to believe that as the daylight gets broader and broader in these benighted regions, these screech-owls of typography will be so estimated by the community at their true value, that they will wing their way to less civilized parts, or, at least, be morally silenced at home. Here they would now be innocuous; there, in time, they will prbbably become so.

PAYING THE DEBT AND ABOLISHING TAXATION.—A Republican writes us the following suggestion: He proposes that the people, without distinction of party, meet in every township throughout the country, to pass resolutions in favor of immediately paying the National debt in greenbacks, and so relieve the people of a large part of their taxation. In order to give efficiency to this resolve he would have every candidate for office catechised, and only those supported who will favor directly and unreservedly the payment of the debt in this manner. This is a good practical idea, and is worthy of being adopted.—*Cin. Enquirer.*

MARRIAGE AND DIVORCE.—Before — He becomes a suitor, and goes off to court.

After—He goes off to court and becomes a suitor.—*Judy.*

— No man is born into the world whose work is not born with him. There is always work, and tools to work withal, for those who will.

— He alone is wise who can accommodate himself to all the contingencies of life; but the fool contends, and is struggling like a swimmer against the stream.

— Servant looks into the breakfast room —"Please, madam, there's a beggar in the kitchen wants something to eat." Mistress —"Give her the water in which the eggs were boiled, Bridget, it is quite nutritious."

Four Per Cent.

TAX PAYERS in the City of Portsmouth are hereby notified that Four per cent. will be deducted from their tax bills if paid within thirty days from date. CHARLES A. SHANNON,
Portsmouth, August 1, 1867. Collector.

As Good as the Best.

The PIANO FORTES of HALLET, DAVIS & CO. have never been excelled. The subscriber has sold and used them for many years, and they have proved equal in all respects to any other make, and superior to most. A splendid new 7 octave instrument, fresh from their mint, may be seen at his new Music and Painting Room, Mercantile Library Building, over Mr. J. H. HEAD'S store, which is for sale at the manufacturer's price, and which our friends and the public are invited to call and examine. T. P. MOSES.

Caution

To Females in Delicate Health.

DR. DOW, Physician and Surgeon, No. 7 ENDICOTT ST., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Floor Albus, suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston.

Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered.

SOMETHING NEW!
SELEE'S HAIR LIFE

Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.

It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.

This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.

Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.

IT KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.

THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.

It is the nicest, neatest, and most effectual thing in the market.

It never stains, and is perfectly harmless.

Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

For Summer.

Portsmouth, N. H.

TUESDAY, AUGUST 20, 1867.

WAR DEBTS IN NEW YORK AND NEW HAMPSHIRE.—The war and other debts of the several counties in New York State amount to something over $89,600,000. Nearly half of this indebtedness is in New York and Brooklyn. About 43 per cent. of the whole indebtedness is for bounties.

The Concord Statesman has an article on our State expenses, in which it is said:

When Copperhead instincts conceive the idea that somebody could be made to believe that the Republicans had been needlessly extravagant in appropriating money for the support of the war, even this brilliant conception is effectually exploded by the report of a Legislative Committee, showing that those towns in the State most deeply tinged with Democracy had been the most reckless in voting funds for bounties and substitutes (in order, of course, to keep Democrats at home), and are consequently burdened with the heaviest war debts.

GEN. POPE'S LETTER TO GEN. GRANT. Gen. Grant has received a letter from Gen. Pope, dated July 24, enclosing a newspaper containing a speech by B. H. Hill, and saying that only a few weeks since he was pardoned by the President. "You can," Gen. Pope says, "see from the speech itself the hopelessness of any satisfactory reconstruction of the Southern States while such men retain influence." In his opinion no reconstruction can be satisfactory, or at all reliable in its future results, if these men are permitted to discuss openly and according to their natures the issues presented.—"While these persons remain in the country to exercise baleful influences, which they undoubtedly possess, there can be no peace." This is a very important letter, worthy the consideration not only of Gen. Grant, but of Congress and the country.

DISCIPLINE IN THE FRENCH ARMY.—A writer in The Month says that non-commissioned officers in the French army are not often reduced to the ranks, though the colonel of the regiment has power to do so. They are generally punished by confinement to barracks or arrest in their own quarters, or, if on active service, in the tents which serve as the *salle de police*.—For offences against honesty or for insubordination they are always tried by a court martial. But crime is rare among them. Sometimes, many of them being young men, they indulge too freely in wine; but if not on duty, and if the offense is not repeated, they are let off with a scolding or a few day's arrest. [Is it possible that young officers, in France, ever indulge too freely (that is get drunk) in wine? If so, what will become of the plea that plenty of wine is to prevent or diminish intemperance?]

HOP BEER NOT "CONTRABAND."—In the matter of the State of Maine versus Weeks, for breach of the Maine law, a decision was given on Thursday last. Mr. Weeks manufactures and sells an article called hop beer, a beer of which is made of two gallons of molasses, ten pounds of hops, three fourths of a peck of barley, a little coffee to flavor the mixture, and thirty gallons of water. The judge instructed the jury distinctly that this beverage was not an intoxicating liquor in the eye of the law, and the jury, after a consultation of five minutes brought in a verdict of not guilty.

— The Boston Post says if the Democratic party would regain lost power it must shake off the old barnacles that have clung to it for years, abandon dead issues, and advance to the front its most popular men. [If so, what will become of the "OLD Democratic party?" about which there used to be such a blowing and crowing.]

MACKEREL.—The Cape Ann Advertiser says the whole stock of bay mackerel thus far brought into Gloucester does not exceed five hundred barrels. Last year at this time about eight thousand barrels had arrived. Unless the fall catch is more successful than the summer has been, the business will prove far from profitable.

GOOD.—A St. Louis dispatch of August 17, says an encounter took place yesterday at Fort Harker between Gen. McCall and Mr. Edgar of the Commissary Department. A challenge passed, but Col. Crane, commanding the fort, put them both in the guard house and prevented bloodshed.

☞ In Louisiana, Gen. Sheridan has issued orders for a general election Sept. 27 and 28. "Should violence or fraud be perpetrated at any of the voting precincts on the days of election, the offender will be punished in the severest manner, and the election within these precincts will be held over again under protection of United States troops."

☞ It is said that the President has granted Judge Holt leave of absence until September 5, which will be extended indefinitely, and thus be equivalent to suspending him as Chief of the Military Bureau of Justice. [Justice is rather disagreeable to the President.]

Correspondence of the Chronicle.

RYE, Aug., 19. 1867.

Mr. Editor:—The Grand Fancy Dress Ball at the Farragut House, on Thursday evening, was a gay affair—notwithstanding the unpleasant weather. At an early hour the hall was crowded with the *elite* of the fashionables, all of them richly and elegantly dressed, and now and then a beauty most distractingly undressed. The music was furnished by the "Germanians" of Boston, and was the best ever heard in Rye. Among the guests present we noticed Hon. Ira A. Eastman, Admiral Bailey and some smaller pillars of the Navy whose bills we help pay, and whose names we don't know. Large numbers of invited guests were present from the other hotels and boarding houses in the vicinity; the whole party numbering about one hundred and fifty couples. The Hall was profusely and tastefully decorated by "Messrs. Cummings and West" so the Boston Post reporter says, the latter, the popular clerk of the Farragut. Now a Boston reporter is supposed to know everything, but it seems that they don't. B. P. aforesaid will allow me to correct him. The decorations were put up by Western G. Lougee, clerk of the Farragut, sometimes called "West" for short; but that isn't his name Mr. B.P. Refreshments were served at eleven, and dancing resumed and continued until four. As a whole, the Ball was a complete success; the most brilliant since the great reception given Admiral Farragut at the Ocean House two years ago.

To-night Weld's Hall will be filled, to witness the Tableaux, theatricals &c., which were unavoidably postponed on account of the weather, from last Friday evening.

The Northwood Cornet Band, accompanied by a large party, arrived last Tuesday and went into camp on the Beach. The weather was the worst of the season; alternate showers of rain and mosquitoes, including the heaviest rain-storm during the month. They returned on Saturday. They have our thanks for the excellent music with which they kindly complimented us. The Hotels are crowded. *Buggins.*

NEW HAMPSHIRE ITEMS.

—— Sanborn's store, in Kingston, was entered last Thursday night, and goods and money stolen, to the value of $150.

—— Elder Wm. Rogers of Nottingham has recovered his wallet and money, which were recently stolen.

—— Last week a lady stopping at the White Mountains got lost, and as soon as she discovered this to be the fact she sat down, and stayed where she was until morning, when she was found by her friends, who commenced search for her as soon as her absence was discovered.

☞ Mr. C. Amory Bruce, advance agent for the Japanese soon to exhibit here, is a poet as well as a clever fellow. The following from his pleasant pen is clipped from the New York Mercury:

AT LAST.

It comes at last, the hour so long awaited,
The hour by weary hope so long foretold;
It finds the strength of passion unabated—
It meets a love that ne'er grew faint nor cold.
Forgotten is the dull and aching sadness,
Forgotten all the painful, dreary past:
I hear thy voice, I see thy grace of goodness,
I press thee, darling, to my heart at last.

Come to this heart, O love! so long a stranger,
Come to this heart that asks for nothing more:
Too long apart upon a sea of danger
Tossed and never saw the welcome shore.
But now, beloved one, breaks the glorious morning,
Now in hope's haven sheltered from the blast:
Our happy hearts all doubt and danger scorning,
Can say, "Thank Heaven! our love is safe at last."

I do not know if time has dimmed the splendor
That early passion found within thine eye;
I only know its influence, soft and tender,
Charms as it charmed me in the days gone by.
I cannot tell what lands, what fates, await us,
If wealth or want upon our way be cast;
I only know if future bliss or hate we,
That heart to heart we'll live and die at last.

☞ The cable gives us some speculations about an alliance between France and Austria, in case Russia and Prussia make alliance.

☞ An explosion happened on Sunday morning, on board steamer Palisade, in New York harbor, which scalded several excursionists and frightened all the rest.

☞ An incendiary fire at Highland Falls, N. Y., Monday, burnt a carpenter's shop, stable, &c. An old man, living near, died of fright.

☞ The new steamer Ontario, from Boston, arrived at Liverpool in 13 days.

☞ The Lady's Friend for September, full of novelties, is on our table.

— A Maine farmer has been very successful in grafting the green gage plum into the common black cherry tree.

— Governor Brownlow of Tennessee writes that he is "elected by 20,000 majority on the *white vote*, and by 50,000 upon the entire vote of the State. Elected, too, in the face of Northern opposition that ought to bow its head in shame!"

— A Greenfield farmer who could not get but half a cent apiece for his cucumbers, while the retailers sold them for four cents, placed a bushel basket full on the sidewalk of one of the streets, with a notice that each passer-by might help himself to four, free.

— A correspondent of the St. Louis Democrat, who has recently had an interview with Jeff. Davis, says that the latter remarked that "he believed President Johnson was doing what he thought best for the South, but it had resulted badly."

PROGRESS OF THE PACIFIC RAILWAY.—Dispatches from San Francisco give encouraging accounts of the progress and prospects of the western end of the Great Pacific Railroad. It will be remembered that Congress granted to the two principal companies—the Union Pacific and the Central Pacific—the right to build their respective lines from opposite ends until they meet and connect. The former having nearly crossed the level plains of Nebraska is rapidly approaching the outlying hills of the Rocky Mountain range; while the latter, it appears, is making equally gratifying headway. During this month it is expected the last and greatest of the tunnels on the western link will be opened, and the crossing of the dreaded Sierra Nevada Mountains be regularly made by the locomotive, into the Great Salt Lake Basin. This achievement of bowing and blasting a pathway through primeval granite barriers, although all included within 150 miles, is equivalent to more than 600 miles of ordinary railroad, in cost and resistance overcome. Upwards of $20,000,000 have been expended in the enterprize, which includes, however, the equipment and materials for 150 miles additional. Eastward of the graded portion the line has been surveyed and located for 600 miles, developing an easy and favorable route, and it is believed that fully half of the distance between the Pacific Coast and the Missouri River will be built by the Central Pacific Company, as they are favored by having their hardest work done, and by the presence of large numbers of cheap and serviceable Chinese laborers. It is assuring to be informed, also, that the business of the road is very large, the earnings for July being $175,000 in gold, while the operating expenses were less than $25,000.

The Company receives a large subsidy from the Government, and in order to push on the work with even greater energy, are offering their First Mortgage Bonds for sale, through Fisk & Hatch, their Financial Agents in New York, and our leading Bankers, at rates very tempting to capitalists. The merits and advantages of the Central Pacific Railroad Bonds are fully set forth in our advertising columns.

☞ Attention is called to the advertisement of Boston Music School. This school is intended to be to music what the Law, Medical and Theological schools are to their respective departments of culture—making the means available to students to attain a liberal education in music, either as artists, teachers or amateurs. It has been a great success, and is now more popular than ever. It has already given an intellectual tone to the study of music, and deserves the support and encouragement of all lovers of art.

☞ Godey's Lady's Book for September is received by Messrs. Shores and Foster, and an excellent number it is, too.

PARIS EXPOSITION—*Sewing Machines Awards.* We recently published a brief telegram from Paris, announcing the award, over eighty-two competitors, to Messrs. WHEELER & WILSON, of the highest premium, a gold medal, for the perfection of their sewing machines and button hole machines. The following are the copies of the official documents confirming the announcement:

EXPOSITION UNIVERSELLE—PARIS, 1867.
Commission Imperiale, Champ de-Mars,
16 July, 1867.

MR. R. HUNTING, No 139 Regent St., London:

Dear Sir:—Replying to your inquiry, I beg to state that the only *Gold Medal* for the manufacture and *perfection of Sewing Machines and Button Hole Machines* was awarded to Messrs. WHEELER & WILSON, of New York.

Yours, resp'y, HENRY F. Q. D'ALIGNY,
Member of International Jury & reporter of same

Another letter of same date says:

Dear Sir:—Replying to your inquiry, I herewith give you a copy of *Medals* awarded in my class:

HUTCH-ER DUMERY, for Screw Shoe Machines.
WHEELER & WILSON, New York, for the manufacture and perfection of their Sewing Machines and Button Hole Machines.

Respy yours, HENRY F. Q. D'ALIGNY,
Reporter of Class 57 (Groupe No. 6), Member of International Jury at the Exposition Universelle.

Extract from *La Moniteur Universel*, official journal of the French Empire:

THE WHEELER & WILSON COMPANY, of New York, Manufacturers of American Sewing Machines, have just received the GOLD MEDAL at the Exposition Universelle, for the perfection of their machines; the new improvement for making button-holes, applicable to their Sewing Machines, also, for their machine especially for making button holes. This award is accorded for the great development that Messrs. WHEELER & WILSON have given to the sewing machine industry, in bringing their machines to the doors of all by their cheapness and solid construction, which enable their employment with satisfaction in families, and with great advantage in work-rooms. dw

IT IS SAID that the shares of the Washington Library Company of Philadelphia are being disposed of with unexampled rapidity. The absence of all concealment, the honesty of purpose manifested by those who first inaugurated the enterprise, the fairness with which the proposed final distribution is to be conducted, and the patriotic purpose to which the entire surplus is to be applied, have taken from hold upon the public confidence. So large have the sales been thus far that the trustees hope to anticipate the time originally fixed for the dispensation of the gifts, amounting to $200,000, thus placing the funds collected much sooner than they expected in a channel to carry out the noble act of benevolence which was the object of their enterprise. All those, therefore, who desire to participate with them in the pleasure of doing a good action should subscribe without delay. They will receive at once a fine engraving, worth at retail more than the money invested, besides a gift of such value as their share may be entitled to in the final distribution. Read the advertisement.

GOING! GOING!! GONE!!!—Faster than the auctioneer's hammer knocks down merchandise, neglect disposes of the teeth. Bid, therefore, for that prize of life, a perfect set, by brushing them regularly with SOZODONT. 14

GENERAL GRANT has risen to distinction by his military genius, and his name is a tower of strength among all classes. But the name of James Pyle has become a household word by the merits of his O K Soap, and the grocers in all parts of the country necessarily pay him tribute.

☞ Females at this season should not fail to use Spear's Sambuci Wine. Physicians recommend it as a strengthening and blood purifying tonic. Sold by Druggists. 1

MYSTERY.—"Mother," said a little four year old, "if a man is a mister, ain't woman a mystery?" The greatest mystery in the world to us is, that any one will buy any other Saleratus but Herrick Allen's Gold Medal. It cures dyspepsia, strengthens weak stomachs, saves your teeth from decaying, saves one-half the quantity of shortening, besides it takes so little of the Saleratus to do its work. Try it. Most merchants sell it. Depot 118 Liberty Street, New York. 36

By telegraph to the Morning Chronicle, by International Telegraph Co., Office 23 Congress st.

WASHINGTON, Aug. 19.

It is reported here that Gen. Grant has telegraphed to Sheridan notifying him of his removal as Commander of the District of New Orleans.

DEATHS.

In this city, Aug. 17, Miss GEORGIANNA STANTON PARKER, daughter of the late stanton Parker.

In Hampton, July 28, JAS. AUSTIN PHILBRICK, aged 4 weeks.——Aug. 2, FRANK FOSTER PHILBRICK, aged 4 years and 3 months; children of Samuel J. and Sarah A. Philbrick.

BOSTON MUSIC SCHOOL.

The Fall Term will commence on MONDAY, Oct 7, at Odd Fellows' Block, 554 Washington street, Boston.

This Institution was incorporated about ten years ago, and having been in successful operation ever since, is now fully prepared to furnish instruction to students, in the theory and practice of vocal and instrumental music. Pupils may enter at any stage of progress and pursue these branches of study, viz:

PIANOFORTE, HARMONY and SINGING, or, instead of Singing, they may study any orchestral instrument, receiving in each branch of study two lessons a week.

The pupils will be graded and classed according to their attainments. The classes comprise from one to three persons, who receive individual instruction, and recite their lessons in the presence of the class to which they belong.

No extra charges are made excepting for the studies of the GUITAR and HARP, for which the terms will be moderate. Price of tuition $36.

BOARD OF INSTRUCTION:
B. F. BAKER, JOHN ORTH,
WILLIAM SCHULTZE, E. M. REIM,
GEORGE H. HOWARD, HIRAM WILDE.

For particulars address B. F. BAKER, 4 Rowe Place, Boston. WM. READ, M. D.,
au20—1w&t Secretary of the Corporation.

Saloon Notice.

JOHN W. GERRISH having purchased the Fruit and Confectionery Establishment of Mr. JAMES LARRABEE, No. 14 Market Street, near Ladd street, would invite a visit from his friends and the public, and will be happy to serve them at any time with the best Refreshments of the season.

The Eastern Depot Restaurant will also be conducted by him as heretofore; and with thanks for past patronage, he solicits a continuance. jly

Important Notice to the Public.

GLEASON HALL

PRESENTATION FESTIVAL.

THE THIRD GRAND CONCERT,
Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,
Will take place on

Thursday Evening, August 29, 1867,

AT GLEASON HALL, WEST TROY, N. Y.

The Second Grand Concert of the series took place at West Troy, N. Y., on Thursday evening, Aug. 8th, and was a grand success, the Hall being filled to overflowing with a refined and appreciative audience from the vicinity. On that occasion was a committee of three reliable and well-known gentlemen selected by the audience on the night of the first Concert, who superintend the drawing, when it takes place, which will be on the night of the last Concert. The Tickets, which have been limited to 75,000, at

ONE DOLLAR EACH,

can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the United States. There will be a present awarded the holder of every ticket.—Among the presents to be awarded are the following:—

Metropolitan Hotel, West Troy,	**$30,000**
FARM, fifty acres, Rensselaer Co., -	4,000
Six Building Lots, Albany City, -	6,000
One Mortgage, Albany City Property,	1,000
Two Billiard Tables, - - -	1,200
One Mortgage, Farm 66 acres - -	1,075
One Piano - - - - - -	500
Three Modern Cottages, - - -	875
Two Bedroom sets, - - -	200
One Grover & Baker Sewing Machine, plated,	85
One Wheeler & Wilson Sewing Machine,	70
And Thousands of other Presents,	

Consisting of

Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Port Monnies, Work Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS BATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and believe he will conduct the present affair with honesty and fairness, and try to give satisfaction to the public.

Hon. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Ferry Co.; N. F. Wilbeck, N. Y. C. R. R.; R. Wilbeck, Att'y and Coun. at Law; A. J. Rousseau; Dr. J. P. Witbeck; Hon. Thos. Kearney, Ex-Co. Treas, Albany Co; Henry Fitchett, N. Y. C. R. R.; Thomas Bath; T. W. Jackson, Att'y and Coun. at Law; R. S. Lobdell, Supt. West Troy G. L. Co.; P. A. Rogers, Justice of the Peace; Russ & Co., 99 Dey st., N. Y.; John A. Gladding, Lansingburgh, N. Y.

SPECIAL TERMS to Club Rates.—Five Tickets, $4.50; Ten Tickets, $8; Twenty Tickets, $18. A photograph of the Metropolitan Hotel may be seen at the stores of our Agents.

Tickets may be procured
At BATCHELDER & CO.'S STORE,
3 Congress Street, Portsmouth.

N. B.—In order to give confidence to the public, and secure them in their investment, we allow our agents to retain all moneys received for the sale of tickets, until the distribution takes place. au15—2m

The Wonders of a Life-Time!

PERFECTLY IMMENSE!

THE VERY CELEBRATED

FLYING DRAGON TROUPE
—OF—
JAPANESE!

crossing the great Pacific Ocean and the American Continent, make their first appearance in the great metropolis of New York, performing feats of the most marvelous and incomprehensible character.

This Troupe of Japanese comprises twenty-four persons, each of whom has a specialty, and excels in it. And the whole combination is undoubtedly the most talented by far, of any that have yet appeared in this city."—*San Francisco Times, June* 10.

"It is evident that there is as much difference between them and their predecessors in point of skill as between Leotard and Haulon and a street tumbler. They have simply indicated their right to be considered the best troupe that has left Japan, and altogether the most perfect."—*San Francisco Times, June* 11.

The enormous houses which have nightly attended the startling performances of the marvelous and incomprehensible Japanese during their recent engagement in New York, gives the evident assurance of their wonderful skill.

The applause continuous, and culminating in a burst of excited "Bravos," reaching the degree of enthusiasm rarely witnessed within the walls of a theatre.

TWENTY-FOUR JAPANESE,
TWENTY-FOUR JAPANESE,
16 Men, 4 Women, 4 Children,
16 Men, 4 Women, 4 Children,

pronounced by the GREAT TYCOON himself

The Most Wonderful Star Performers of all Japan.

At each entertainment

IZENA GEEROO

will ascend a ladder formed of Japanese swords, sharp as razors, edge uppermost, bare-footed, running, altitudinizing and jumping upon them in a most incredible manner. The Japanese

COLUMN AND SUSPENSION ACTS,

by the artists Chusan Keetchee, Kooma Keetchee and Gono Keetchee are surprising feats of strength, agility and grace, while the feats of

CONTORTION, BALANCING, PERCHE,

&c., by others of the troupe, are highly interesting and picturesque. No description can convey any satisfactory notion of this most singular entertainment to those who have not seen it; it is so entirely peculiar and unique in its character, that all who are anxious to experience a new sensation, and who have a penchant for novelties, should witness for themselves.

It may safely be assumed that ASTONISHMENT WILL RIDE TO AWE in witnessing the startling feats of the children of the Land of the Sun. The press and public of New York and Boston are enthusiastic in announcing without stint or reservation, that the performance of this utterly unparalleled Troupe is far beyond all precedent. The endorsement by presence and enthusiastic applause of Clergy and Dignitaries of these cities, is of itself an overwhelming evidence of the RARE TECHNICAL AND SCIENTIFIC NATURE OF THE PERFORMANCE.

It is, says the Brooklyn Eagle, impossible to describe these marvels. To be understood they must be seen, and seeing, can scarcely be assured he is awake, and not dreaming to believe.

Imagine a human being springing into the air, like a bird with one wing clipped, and revolving three times horizontally.

Imagine others skipping in the air like mammoth grasshoppers, bounding as an india rubber ball,

GYRATING AND REVOLVING,

setting all conceived ideas of human strength and endurance utterly at naught.

Of all Human Marvels these are Greatest!

Will exhibit at Portsmouth,

On Lot near Rockingham Mill, Hale's Point.

POSITIVELY ONE DAY ONLY,

SATURDAY, August 31st,

Afternoon and Evening, under their New and Elegant

Mammoth Water-proof Pavilion.

Seating 8,000 people; at 2 and 7, P. M.

ADMISSION 50 Cents. Children, 25 cents

Beautiful Teeth.

SWIETENIA preserves the Teeth and Gums in a healthy state. Is endorsed by the Scientific Dentists in the profession. Prof. LEWETT, M. D., LAWYER, a Dentist of over 30 years' practice in New York City.

Brooklyn, N. Y., Feb. 11, 1867.

I am delighted with the effects of SWIETENIA as a dentifrice and a wash for the mouth.—Prompted by curiosity, I subjected it to a few tests for acids, and found in it no deleterious ingredient. As a toilet companion, both for the sick and well I consider it a peculiarly refreshing luxury. S. H. STEELE, M. D.

Price 75c. For sale by all Druggists and Fancy Dealers. ap24—eodeowly

Sweet Breath.

DIRECTIONS FOR
MAKING YOUR OWN SOAP
WITH YOUR WASTE GREASE!
Penn'a Salt Mfg Co.'s Renowned
SAPONIFIER,
(Patents of 1st and 8th Feb., 1859,) OR
CONCENTRATED LYE!

Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of Lye in 2½ pounds (pints) of hot water, in an iron pot. Melt in another pot or pan 5 lbs. of clean fat or grease. Take off the fire, and into *this stir* slowly the dissolved lye, and keep stirring until the whole become well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into small pieces, add 6 lbs. (or pints) of water, and melt with a gentle heat until the soap is *all dissolved*, then pour into a tub to cool. When cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for PENN'A SALT MFG CO'S SAPONIFIER.* dl—eowdawly

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRANDRETH'S PILLS, is always safe, never leaving any ill effects. In all cases their use is wise; but in severe pain from colic, inflammations, or external injuries, it is

LIFE SAVING.

Remember BRANDRETH'S PILLS are always sure of effect, and always without the least danger. They act on every part of the system, first dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says—"I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. jy29dawlmspn

DR. SCHENCK, THE LUNG DOCTOR.

☞ The Proprietor of SCHENK'S PULMONIC SYRUP, the inventor of SCHENK'S RESPIROMETER, the only instrument that can to a certainty detect the slightest murmur of the respiratory organs.

This is of great importance to DR. SCHENCK, to know of the exact condition of the lungs, before it is Tuberculous, Pulmonary, Bronchial, Pleuritic, or Dyspeptic Consuption, and whether it is both lungs or only one that are diseased.

It requires constant and long practice to become familiar with every sound or rattling of a diseased bronchial tube. Patients come to DR. SCHENCK to get examined that have been examined by their family physician, who told them that their lungs were almost gone; when by a close examination with the Respirometer, it is often found that it is an affection of the bronchial tube; and by getting a healthy action of the liver and tone of the stomach, the sufferer is soon restored to health. Sometimes medicine that will stop a cough is certain death to the patient. It looks after the liver, stops the circulation of the blood—hemorrhage follows, and, in fact, stopping the action of the very organs that cause the cough.

Dr. Schenck will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is $5. His pulmonic syrup and sea-weed tonic, each $1.50 per bottle, or a half dozen; Mandrake Pills 25 cents per box.—GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists.

THE GRAVEST MALADIES
OF YOUTH AND EARLY MANHOOD.

Howard Association Essays, on the Physiology of the Passions, and the Errors, Abuses and i ls eases peculiar to the first age of man, with Reports on new methods of treatment employed in this Institution. Sent in sealed letter envelopes, free of charge. Address Dr. J. SKILLIN HOUGHTON, Howard Association, Philadelphia, Pa. au16—dawôm

Local.

☞ Some low-lived scoundrel commenced the dirty work of poisoning the dogs in this city on Monday morning. If dogs be too plenty and the regulations of the law be not complied with, there are other and more humane methods by which the fault can be remedied. The indiscriminate destruction of dogs that may or may not be of value to their owners, is a piece of business that brings little credit to its worker, and may be productive of sorrow, withal. Several dogs have died in this city, and fourteen in one day, we are told, at Kittery Foreside.

POLICE COURT, Aug. 19.—Bufford, J.—James Dewine, a sailor, for drunkenness, was mulcted to the extent of $6.86, fine and costs.

James Johnson, yeoman, was found guilty of being drunk in a public thoroughfare.—James II. was also fined $6.86.

James Cantlin, saloon keeper, was arraigned on charge of keeping an ill-governed and disorderly house, situate at the northern part of Market street. James III. was ordered to recognize in $100 for his appearance at the S. J. Court, October term.

Annie Jones, for the use of profane and obscene language on Islington street, was fined $1 and $3.86 costs.

☞ In the Cricket match last week, the Rockingham club made 134 on their first inning, the Ipswich club making but 20.—The latter were half through their second inning and had made 40 with 5 wickets down, when the game was called at 6 o'clock and the Rockinghams declared the winners. Another match comes off on Thursday at the Plains, between the Rockinghams and a Salem club.

The third and rubber game of Base Ball between the Forest State Club of Kittery and Granite State Club of this city, came off at the Plains on Saturday. The Granite States won by a score of 25 to 13. The game throughout was interesting and close until the close of the eighth inning, which left the Portsmouth club but 2 runs ahead. They however struck a streak of luck, and by some fine batting scored 10 runs on the ninth inning, and compelled their Kittery opponents to retire on a "round O." Washington Freeman acted as umpire.

The Piscataqua Base Ball Club go to Rye Beach to-day and propose playing a practice game while there, ending up with a chowder.

THE WONDERS OF A LIFETIME COMING. The advance business agent of the famous Japanese, Mr. C. Amory Brace, is in the city, making arrangements for the appearance of these wonderful beings. They will perform in this city on the lot at Hale's Point, near Rockingham Mill, Saturday, Aug. 31, afternoon and evening.

So much has been said and written about these marvelous people that we consider a long notice at this time unnecessary. A long advertisement in our paper to-day furnishes interesting particulars. The exhibition will take place under a mammoth water-proof pavilion of sufficient capacity to seat 3000 persons. This performance receives the most liberal praise of the press of New York and other large cities where it has exhibited.

NOVEL AND INSTRUCTIVE.—A choice literary entertainment will be given at the Temple This (Tuesday) Evening, by Messrs. W. P. Morgan and O. S. Williams, of Bowdoin College, who would respectfully announce to the public that the selections have been made the greatest care, from American and European authors, and no pains will be spared in their efforts to please. Tickets 35 cents, Gallery 25 cents. Doors open at half-past 6, to commence at half-past 7 o'clock.

☞ On Monday forenoon a ricketty old horse belonging to William Andrews, while being driven up Congress street suddenly dropped dead in front of the Franklin House.

☞ The workmen in Charlestown Navy Yard received their pay on the 14th inst. The payment was under the new system inaugurated July 1st. The amount paid to officers during the month was $25,000; amount on mechanics' rolls for July, $134,603; number of men 2193. The Portsmouth yard has not been paid yet, the money not having arrived.

☞ The adjourned meeting of the Mechanic Association, to decide as to a celebration this fall, will be held this (Tuesday) evening.

GOLD, Monday, 141 1-2.

— It is said that General Grant is breaking himself of the inordinate use of cigars, being sensible that in the inaction of peace the habit injures his health.

— The Connecticut river at Hartford rose twelve feet during the recent storm, and at that hight the floods from the Vermont and New Hampshire feeders were not counted in.

— A Government detective at Poughkeepsie, N. Y. has made about $20,000 in two years by levying black mail upon whisky distillers and cigar manufacturers. He got hold of the wrong person at last and is now in jail.

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD. As it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 860 miles **$28,992,000**, or at the average rate of **$35,000** per mile—not including an absolute grant of **10,000,000 acres** of the Public Lands, by becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the line, and has, in addition, **several special, exclusive advantages** applicable only to the Western Half.

I. The Company has received from the State and chief cities of California, *assistance in money, credit and valuable property, worth over* $3,000,000 in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and costliest part of its construction has been successfully overcome* within the first 150 miles. In a few weeks the track will be completed entirely across the Sierra Nevadas, after which progress to Salt Lake will be easy and rapid.

III. The local business alone of this road establishes its complete financial success, independently of the vast through business which must pass over it. The gross earnings for the months of June and July, upon the 94 miles then in operation, were **$1,000,000** in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, beside its own lucrative local traffic, *the whole volume of through business* which is shared among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin*. Its rates for transportation are very advantageous, being more than three times those of roads lying east of it; and *the ratio of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company is liable to be called upon to meet are light. The net earnings upon an average of about 75 miles in 1865 were *nearly three times the amount of annual interest liabilities it is incurring on building it, and were* **$235,000** *more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first 150 miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds.

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the *work progresses*, and to the same amount only as the Bonds granted by the Government, and represent, *to the amount in fee-lien* upon a completed, equipped and productive railroad, in which have been invested Government subsidies, stock subscriptions, net earnings, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of this Company to pay principal and interest of their Bonds in coin, being made under the Specie Contract Law of California, *authorized* and *enforced* by courts to pay gold, *is legally binding*, unlike smilar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit*, and are

THE FIRST MORTGAGE BONDS of the Company are destined to occupy a prominent place among FIRST CLASS SECURITIES. They, and their markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, *at rates materially in advance* of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, *Institutions*, and others as an eminently *sound, reliable and remunerative form of permanent investment.*

THE
UNION PACIFIC RAILROAD CO.
THEIR
FIRST MORTGAGE BONDS,
AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is,—"Are these bonds secure?" Next,—"Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is certain as any future business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds peculiarly guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c.; and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and the completion of the rest of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as security. This amount upon the first 667 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon these lines a sufficient security, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better security than the Government bonds, are parties who consider a first mortgage upon such a property as this the very best security in the world, as long as their Government is to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**

The only subscriptions are already large, and they will continue to be received in New York by the

CONTINENTAL NATIONAL BANK, 7 Nassau st.,
CLARK, DODGE & CO., Bankers, 51 Wall street,
JOHN J. CISCO & SON, Bankers, 33 Wall street,

and by BANKS AND BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained.—They will also be sent by mail from the Company's Office, No. 20 Nassau street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the Bonds.

Morning Chronicle.

☞ The French law abolishing imprisonment for debt went into operation at one minute past twelve, *July 22d*, at night. There were ninety-two prisoners in the debtor's jail at *Clichy*, to whom the gates were thrown open. Sixty-three at once availed themselves of their liberty, enlivening the streets with their songs and shouts of joy, and the remainder left between seven and eight o'clock next morning. There remain there seven prisoners confined for debts due to the state after condemnation by the correctional police, to whom the benefit of the new law does not extend.

☞ The Adventists in a town in Maine are preaching the immediate destruction of the world, and at the same time are erecting a house of worship substantial enough to last a hundred years.—*New York Trib.*

It is a part of their creed, that while such fellows as the Tribune folks will be burnt up entirely, the purified will come back to the earth in perfection and glory, and live here always. It is only the impure and unbelievers who are to be burnt. When the holy ones comes back, they will have their church ready for use. But if all of them are perfect, and the world is a paradise, of what use will be the church?—*Hartford Times.*

☞ A profane teamster in New Jersey has been been fined by a local magistrate fifty cents for every oath proved against him. This suggests to the New York News an amendment to the Internal Revenue law, which would enable us to speedily pay off the national debt. Why should oral swearing, which is a luxury, escape taxation, while written affidavits which are required by law are not exempt? A tax on cursing of fifty cents an oath would produce a large revenue, without coming in conflict with any public or private interests.

☞ Somebody tells a story of Thompson and Rogers, two married bucks of New York, who wandered home late one night, and stopped at what Thompson supposed was his residence, but which his companion insisted was his own house. Thompson rang the bell lustily, when a window was opened and a lady inquired what was wanted. "Madam," inquired Mr. T., "isn't this Mr. T—Thompson's house?" "No" replied the lady; "this is the residence of Mr. Rogers." "Well," exclaimed Thompson, "Mrs. T—Thompson—beg your pardon—Mrs. Rogers, won't you step down to the door, and pick out Rogers, for Thompson wants to go home?"

☞ The Boston Commowealth says,—"We learn that the friends of the Rev. Rowland Connor in the School Street Society have organized a new religious society to be known as the 'Fraternal Universalists,' have secured the hall of the Mechanics' building, and will commence regular services with Mr. Connor as pastor on the first Sunday in September. A Sunday School has been organized, also, with about thirty of the teachers of the old society pledged to transfer their connection to the new movement. We are told the means are already in hand or pledged for this independent demonstration.

— *If you wish to die the death of the righteous, live the life of the righteous.*

— A wealthy banker's son in St. Louis eloped with a large sum of his father's money and a poor but pretty girl. Papa pursued, found them married, and sensibly told young Hopeful to return, restore the balance of the money, attend to business and say no more about it. The youth heeded all the suggestions.

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to use it, knowing that it is so pure, sweet and mild, to give it a trial to become fully satisfied of its merits, and to pronounce it the BEST FINE CUT MADE. We will continue to offer these inducements until the fact is fully recognized.

We are making the CENTURY from selections of the very choicest old leaf and have devoted every care to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEW TOBACCO.

On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays in five papers, $20 in each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 in each, in all cases having GENUINE U. S. GREENBACKS to the amount of $100 a day.

The finders of these Greenbacks—by sending us their names, address and numbers of the bills—will be presented with packages of our Tobacco in proportion to the amount they may find.

This House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, and has no doubt, in all doubts, if any should exist, as to the genuineness of this enterprise.

THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. R. Mitchell, 35 Central street, Boston; B. A. Van Schaick, 75 Front street, Philadelphia; Foy & Earle; 85 S. Water street, Chicago; Schultz & Bagley, 94 West second street, Cincinnati.

Price list sent on application to

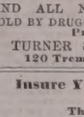
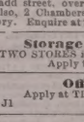
DR. J. W. CHANNING,
—THE—
Great Cancer and Humor Doctor,


Has arrived at Portsmouth and taken rooms at the PISCATAQUA HOUSE, where he will remain until August 24. Dr. C. gives particular attention to the cure of CANCERS, Swelled Neck, and Piles in all forms, Catarrh, Tonsils in the Throat, Asthma, Liver Complaints, which he cures without pain, and without the use of the knife. Do not say that you cannot get any relief until you have tried his medicines, which will remove all humors, such as Cancers, Scrofula, Abscesses, White Swelling Affections, Erysipelas, Salt Rheum, Inflammatory, Chronic, Mercurial and Syphilitic Rheumatism; Fever Sores, old and stubborn Ulcers and Sores of all kinds cured, whatever may be the the cause that produced them.

Dr. C. will give examinations and advice free on all diseases. Invalids of both sexes are respectfully invited to call and consult the Doctor. au14—dnw

SPEER'S SAMBUCI WINE.
Prescribed by Physicians for
FEMALES, WEAKLY PERSONS AND INVALIDS.


As a Tonic, it has no equal, causing an appetite and building up the system of the most debilitated person. As a *Diuretic*, it imparts a healthy action to the Glands, Kidneys and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections. *As a Blood Purifier*, it is superior, being one of the best alteratives known in the medical pharmacopœia.

The qualities of SAMBUCI are "*multum in parvo*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Sudorific.

It Sometimes Causes Sanguinem facit.

SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefitting ladies and children.

Be sure the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.

For sale by Town Agents and Druggists.

The Chronicle.

THE COAL TRADE.—The Philadelphia Ledger says the anthracite coal trade was probably never more depressed than it is and has been for the last four or five months. The cost of working the mines keeps up nearly as high as ever, while the market price of coal is 30 to 50 per cent. lower. The effect of this is to throw all but the most favorably located mines out of working. Coal is quoted at Port Richmond for Eastern shipment at $4 to $4 25 for white, and $4 50 to $4 75 for red ash, as to quality, on board of vessels. Coastwise freights have declined and are now ruling at $2 per ton to Boston and $1 75 to Providence, and to other Eastern ports correspondingly.

— Mr. Wm. H. Trescott of South Carolina, who was a member of the rebel cabinet, gives the following gentle reminder to ex-Gov. Perry:

"The point to which I would first draw your attention is, that the Reconstruction act is a law, not an agreement; a law made *for* you, not an agreement made *with* you. And that to talk about accepting 'terms,' as if the State was negotiating with the Federal Government, is simply absurd. You might as well talk of accepting the military commander."

— The Christian Recorder, the organ of African Methodist Episcopal Church, referring to the talk about a colored Vice President, says:

"We are perfectly willing to thus publish to the world the fact that we do not demand the nomination of Mr. J. M. Langston, Frederick Douglass, Major Delaney or any other men of color, to such high offices at the present time. It will be enough for us when "the idols are broke in the temple of Baal."

— Prof. Henry, in the meeting of the Academy of Sciences at Hartford, speaking of the electric spark, said he "could judge better of the duration of the *spark* when seen perpendicularly than horizontally." When it appeared in print it read; "He could better judge of the duration of the *squash* when seen perpendicularly than horizontally." That is equal to Mr. Burlingame's eloquent allusion to the "*granite shaft*" on Bunker Hill—but which was printed the "*grog shop*" on Bunker Hill. But that was before the days of the Prohibitory Law.

As Good as the Best.
The PIANO FORTES of HALLET, DAVIS & CO. have never been excelled. The subscriber has sold and used them for many years, and they have proved equal in all respects to any other make, and superior to most. A splendid new 7 octave instrument, fresh from their mint, may be seen at his new Music and Painting Room, Mercantile Library Building, over Mr. J. H. READ'S store, which is for sale at the manufacturer's price, and which our friends and the public are invited to call and examine. T. P. MOSES.

Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 ENDICOTT St., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Fluor Albus, suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health
Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other hysician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or hey will not be answered.
Office hours from 8 A. M. to 9 P. M.
Boston, Aug. 9, 1867.—1 yr6

BUY THE CHEAPEST AND THE BEST.
DR. WARREN'S
BILLIOUS BITTERS,
The Great Blood Purifier and Regulator.
Recommended in confidence by thousands for the past five years.
From M. S. BURR & Co., the oldest Wholesale and Retail Dealers in Proprietary Medicines, Portsmouth, &c., in New England:
"We have sold large quantities of Dr. WARREN'S BILLIOUS BITTERS during the past five years, both at wholesale and retail, and have yet to learn of a single instance wherein they have failed to give perfect satisfaction. From personal knowledge, as well as from the reports of our numerous customers, we confidently recommend Dr. WARREN'S BILLIOUS BITTERS to the public as a safe, reliable and very valuable Family Medicine. M. S. BURR & CO."
N. B.—Observe a fac-simile Signature of the Proprietor, (JOHN A. PERRY), on the wrapper, without which none is genuine.
For sale by all Druggists.
JOHN A. PERRY, Chemist, Boston, Proprietor.
Wholesale by M. S. BURR & Co., General Agents, Dealers in Drugs, Medicines, Perfumery, &c., 29 Tremont St., Boston, Mass.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands dur ing the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in TEN TO FIFTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
The Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. F. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

For Summer.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1857.
No. 78 State street, (opposite Kilby street,) **Boston.**
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.
No Agency in the United States possesses superior facilities for obtaining Patents, or ascertaining the patentability of inventions.
During eight months the subscriber, in the course of his large practice, made on more rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHAS. MASON,"
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them as early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
"Mr. R. H. EDDY has made for me THIRTEEN applications, in all but *ONE* of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHART."

o9codly **No. 22 State Street, Boston.**
JAMES A. DUPEE, JAMES BECK, HENRY SAYLES

The Daily Chronicle.

Portsmouth, N. H.

WEDNESDAY, AUGUST 21, 1867.

☞ The Claremont Eagle is very dull in not appreciating our meaning, or we are very unfortunate in expressing it—regarding lotteries. We found no fault with that paper for condemning them, or their aiders or abettors—nor did we attempt to "justify" anybody for advertising them, or any other illegal or improper thing. All we said was, we couldn't see that lotteries are any more gambling than speculation, &c.; and that if editors suited their own personal whims in advertising, the list of articles offered would be very small. For instance, the Eagle would admit no lotteries, no untried railroads, no insurance companies, or any game of chance — the temperance man would not advertise liquors, nor the clean man tobacco in any form—the water curist would have no tea, coffee, spice or fish—the various sects and creeds and clans exclude each other, &c. As to the law against lotteries, &c., it is not so clear and easy,—and from the nature of the case cannot be. And are lotteries really any more immoral now than when they were used by the State to build churches, schools and bridges?

NOT ALL TRUE.—A writer who is trying to write down the prohibitory law in a neighboring State, says:—

Intemperance is acknowledged by everybody to be an evil. Its victims are seen on every hand. Its effects are visible in our almshouses and our prisons. Reformers called attention to these evils, and for years there was a well supported and successful reform movement, which everybody said was good.

The first three statements are perfectly and terribly true. The last sentence contains one great falsehood. Everybody did not say the reform was good. Having been actively engaged in it from the beginning, we know that it was bitterly opposed by many persons, and that some politicians whom we could name were dreadfully afraid the Washingtonians would upset the —— party.

In due time the Washingtonian movement naturally produced an alteration in the laws; and then many of the same men and of the same presses, that had bowled over the moral movement, bowled as badly because (as they said) the moral means had been abandoned for the legal. And they kept on bowling; it seems to be as natural as it is for a dog to bark. U. T.

☞ At San Francisco, Aug. 18, a wealthy citizen offered to give $50,000 to found a Laborers Exchange to assist workingmen in obtaining information and employment, if others will subscribe a like amount within a specified time.

The Central Pacific Railroad Company have roofed ten miles of their road passing through the snow regions, and intend to cover all the worst exposures for winter travel.

Greenbood, a member of the late insolvent firm, has died from the effects of mental anxiety.

Heavy rains are falling throughout the State.

CROWNED HEADS TOGETHER.—A dispatch from Salzburg, Aug. 19, says, at an early hour this morning the Emperors of Austria and France, arm in arm, took a walk in the city and suburbs. Later in the day the two Emperors were closeted together at the palace and remained for two or three hours. In the afternoon the Emperor Napoleon, the Emperor Francis Joseph, the Empress Eugenie, the Empress Elizabeth and King Louis of Bavaria, accompanied by their respective suits, made an excursion to the ancient Castle Dingen on the hights above the city. In the evening all the Imperial and Royal personages visited the theatre in state. The building outside was in a blaze of illumination and the interior was decorated with great art and expense. The reception of the crowned heads by the audience was most enthusiastic. Since his arrival here the Emperor Napoleon has on all occasions treated with marked honor and consideration the Austrian Prime Minister, Baron Von Beust. It is understood that the sojourn of the French Emperor and Empress in this city will terminate on Friday next.

☞ A Washington dispatch says it is announced in trustworthy sources in New Orleans that if Gen. Sheridan is not removed, a prominent New York banking firm has promised to take all the levee bonds at a small discount. If, however, Sheridan is removed, the firm will not have anything to do with them. This statement is used as a potent argument by Louisiana planters why Sheridan should be retained in his present command.

— A log hut at Augustus, C. W., was recently burned, in which there was a family, consisting of a father, mother and five children. The father jumped out of the window with the oldest boy, and all the rest—the mother and four children—perished in the flames.

NEW HAMPSHIRE ITEMS.

—— A mine in Lisbon, has yielded $4000 in gold since January last.

—— The Rockingham Association of Universalists will meet at Atkinson, Wednesday morning, Aug. 28, at 10 o'clock, and continue two days.

—— Rev. John W. Ray, who has preached in Goffstown ten years, now goes to Hastings, Minnesota, as pastor of the Congregational Church there.

——The freshet last week, did great damage to crops, roads and bridges in the town of Warren, where the little river became great, and overflowed all its usual bounds.

—— The County Convention appointed to be holden at Exeter, Tuesday July 30th, is Postponed to Tuesday, September 17th, 1867, at 10 o'clock, A. M. at the Court House at Exeter.

—— The new Northern Telegraph Company, chartered in New Hampshire, 1866, in Vermont 1867, has opened for business to Concord. The line has been completed as far as Franklin, and will be put through to Bristol, thirty miles, next week. Its officers are, ex-Gov. Smyth, President; Col. I. W. Robinson, Superintendent; W. W. Storrs, Cashier.

Dover, N. H., Aug. 19.—This morning a party of eleven persons started in a boat for an island in Bow Lake, Strafford, to pick berries. The boat was capsized and the following persons drowned: Mrs. Jeremiah Davis and daughter, two daughters of Mr. John Day, a daughter of Mr. Alfred Pender, and a daughter of Mr. Thomas Gray. The bodies have been recovered.

WASHINGTON ITEMS.—President Johnson and his tools at the Capital, are digging a ditch into which they will probably fall about Christmas.

Acting Attorney Gen. Binckley is busily engaged in preparing a second conspiracy paper. Several of the President's friends assert their positive belief that Mr. Johnson will not allow it to go out. Mr. Stanbery's friends are pushing against it, saying that the first brought sufficient disgrace on the Attorney General's office.

The contents and history of one of the first papers the President ever received concerning the removal of Sec. Stanton have come to light. It is a petition for his immediate removal, dated a year ago, and originating at the Philadelphia Convention. It was drawn up by John Hogan of St. Louis, and first signed by the Missouri delegation, followed by delegations from Ohio, Indiana, and portions of delegations from Illinois and Wisconsin. After the election, scores of office seekers who visited the capital frequently attempted to get their hands on this document in order to erase their names, but found on inquiry at the White House that it had been mislaid. Those most anxious to get possession of it were military gentlemen seeking promotion or appointment.

PORTLAND AND NEW YORK STEAMSHIP COMPANY.—The Directors of this line have placed the steamer Chesapeake in active service, and hereafter thrice-weekly trips will be made, the Dirigo and Franconia leaving Portland on Wednesday and Saturdays, and the Chesapeake on Thursdays. A steamer will leave New York on the alternate days. The excellent character of these steamers, the courtesy of their agents and officers, and the great advantage they offer to shippers and travellers, have entitled them to liberal patronage, and it is encouraging to notice that the public are recognizing them to a liberal extent.

☞ The General Conference and General Association of Presbyterian and trinitarian Congregational Ministers of New Hampshire will meet with the Olive Street Church in Nashua, on Tuesday, the 27th inst., at 10 o'clock, A. M., and continue its sessions three days. The following questions will be discussed on Wednesday evening:

1st. Is there any necessity for an abridged course of study in our theological seminaries; if so, what shall it be, and what classes of men should enter upon it?

2d. What are the causes of the neglect of public worship: and by what means can they be remedied?

3d. How can the membership of our churches most efficiently cooperate with their pastors in Christian effort?

A SERIOUS QUESTION.—The Concord Statesman says:

"How shall places be provided in church edifices for those who cannot afford to hire? is a question for religious people in Concord to solve. Some take the ground that Christian congregations will never come up to the line of their duty, until they make all church sittings free."

The religious people of other places, as well as Concord, should ponder the above question, and answer it in practice, as best they can.

TWO HUNDRED TONS OF HAY BURNT. A shed on the farm belonging to Messrs. A. & W. Sprague, Johnston, R. I., a short distance beyond Spragueville, in which was stored two hundred tons of fine hay, was burnt by an incendiary fire, early Sunday morning. The loss will reach nearly or quite five thousand dollars.

THE PRESIDENT. — The Washington Chronicle has a terribly scathing article on Johnson, but which we fear is too true.—We extract a small portion:—

Satisfied that a mind constituted as is that of Andrew Johnson will recognize no authority but his own, and no law intended to guard against the despotic exercise of the Presidential office, we see no safety for the country but in his impeachment. Unfortunately for the country this just constitutional remedy has not been applied, and we are subjected to the absolute domination of a madman. The accidental President who has reached his present place through a bloody assassination, is a curious and a dangerous character, whose habits and action should warn the American people never again to trust a drunkard with the exercise of high political functions. He is stoutly built, with strong animal passions, but is secretive in the indulgence of them. One of his secretaries in Nashville, being inebriated on the street, announced as a good joke that the government of Tennessee was drunk; the Governor was drunk locked up in his room, the clerk was drunk at a tavern near by, and he was drunk on the street as a representative man of the establishment.

When to his ignorance, his passion, his lawlessness, his ingratitude, his recklessness, his lust of power, his self-conceit, his want of self-respect, his disregard of public opinion, and his malishness of temper, you add brandy, which is the orthodox White House drink, which only makes his thick skin paler, while it blossoms into Bardolphian noses on others, you have the compound that for more than two years has lead a great nation, triumphant over its foes, from the hights of glory down the hill of humiliation into the very gulf of degredation. In any other land he would long since have produced a bloody revolution; but the people, expecting to be rid of him by impeachment, have waited on Congress indignant and patient. The loyal nation must prepare either to drink the cup of humiliation to the dregs or burl this man from his seat. The President's condition on inauguration day shocked the country, but he was incapable of appreciating the sense of propriety by had so terribly outraged.

Like a mean dog, he appears to be grateful for kicks, and goes down depreciatingly before the magnates of the South, who always despised him. Jeff. Davis called him "miscreant" once on the floor of the Senate, and he was repeatedly and uniformly denounced by the rebels he now attempts to conciliate, but which will not forgive him for being a mean white. The spirit of the rebellion is more embodied in Andrew Johnson to-day than in Jefferson Davis, and it is impossible that the latter could have made a worse President than the former.

JOHNSON, GRANT AND SHERIDAN.—The Boston Advertiser's special, dated Washington, Aug., 19, says:

The President to day sent Gen. Grant an order directing the removal of General Sheridan and the assignment of General Thomas to his command. Hancock will replace Thomas, and Sheridan be sent to Missouri. Gen. Grant on receiving this order went directly to the White house and earnestly urged the withholding of the order. The President emphatically refused. It is understood that Gen. Grant then suggested certain modifications; whether these were allowed is not known, but as far as the removal of Sheridan is concerned, the President gave Gen. Grant to understand that the order was final.

Subsequently a correspondence passed between Gen. Grant and the President, which was on the part of Grant a protest against the contemplated removal of Sheridan. By the President's order to Gen. Grant, the order of removal will be transmitted to Sheridan through the office of Adj. Gen. Townsend, and not through the headquarters of the army. It is very doubtful whether Gen. Grant's name will appear on the order, but it is believed at the War Department that the signature will be "By order of the President, E. D. Townsend, Adjutant General." The President's obstinacy in this matter is severely condemned by some of his warmest supporters, and his attempt to make it appear as a measure entirely separated from politics, is laughed at by the same parties.

☞ The War Department orders that the new system of Infantry tactics, prepared by Gen. Emory Upton, recommended for adoption in the place of all others by a board of officers of which Gen. Grant is President, be adopted for the instruction of U. S. Infantry; and all manœuvres not embraced in that system are prohibited.

☞ The Washington Star says that Maj. Gen. Howard, Chief of the Bureau of Refugees, Freedmen and Abandoned Lands, will shortly be relieved from duty, and an officer of the regular army, not above the rank of colonel, be assigned to the bureau.

☞ The Transcript says most of the valuable horses and stock in the vicinity of Boston are insured. Well, they ought to be everywhere.

☞ London items of last Saturday, tell of great rains all over England during the week.

GOING! GOING!! GONE!!!—Faster than the auctioneer's hammer knocks down merchandise, neglect disposes of the teeth. Rid, therefore, for that prize of life, a perfect set, by brushing them regularly with SOZODONT. 14

"FEED THE HUNGRY!" But do it with good wholesome bread made with Pyle's Saleratus, which contains no adulterations, and is as harmless as flour—no other is so. Beware of imitations! Ask for Pyle's Saleratus. See that his name is on the package. 16

☞ Females at this season should not fail to use SPEER'S Sambuci Wine. Physicians recommend it as a strengthening and blood purifying tonic. Sold by Druggists.

— The ladies, individually and collectively, without a single exception, pronounce Herrick Allen's Gold Medal Saleratus to be the best and most wholesome article in the market. They say it makes nicer, whiter and lighter Biscuit and Cake, and requiring less shortening than any other saleratus, and is much better to use with cream tarter than soda. Try it. Most of the Grocers and many of the Druggists sell it, and at wholesale by wholesale grocers. 39

B Prescott, Freeman, New York

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used (free of charge), with the directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all Throat and Lung affections. The only object of the advertiser sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, FREE, by return mail, will please address

law daw REV. EDWARD A. WILSON,
ly my7 Williamsburg, Kings Co., New York.

ERRORS OF YOUTH.—A Gentleman who suffered for years from Nervous Debility, Premature Decay and all the effects of youthful indiscretion, will, for the sake of suffering humanity, send free to all who need it, the recipe and directions for making the simple remedy by which he was cured. Sufferers wishing to profit by the advertiser's experience, can do so by addressing, in perfect confidence, my7—law dawly
JOHN B. OGDEN, 42 Cedar Street, New York.

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE
Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders.

The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness.
Certainty of always having Good Bread, which even the most skilful often fail in making.

The merits and cheapness of the machine are enough to recommend its general use and cause its introduction into every family.

It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.

The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au 6 E. A. STEVENS.

Wonderful Invention!

The Wonders of a Life-Time!
PERFECTLY IMMENSE!
THE VERY CELEBRATED
FLYING DRAGON TROUPE
—OF—
JAPANESE!
crossing the great Pacific Ocean and the American Continent, made their first appearance in the great metropolis of New York, performing feats of the most marvelous and incomprehensible character.

"This Troupe of Japanese comprises twenty-four persons, each of whom has a specialty, and excels in it. And the whole combination is undoubtedly the most talented by far, of any that have yet appeared in this city."—*San Francisco Times, June* 10.

"It is evident that there is as much difference between them and their predecessors in point of skill as between Leotard and Hanlon and a street tumbler. They have simply indicated their right to be considered the best troupe that has left Japan, and altogether the most perfect."—*San Francisco Times, June* 11.

The enormous houses which have nightly attended the startling performances of the marvelous and inconceivable Japanese during their recent engagement in New York, give the evident assurance of their wonderful skill.

The applause continuous, and culminating in outbursts of excited "bravos," reaching the degree of enthusiasm rarely witnessed within the walls of a theatre.

TWENTY-FOUR JAPANESE,
TWENTY-FOUR JAPANESE,
16 Men, 4 Women, 4 Children,
16 Men, 4 Women, 4 Children,
pronounced by the GREAT TYCOON himself
The Most Wonderful Star Performers of all Japan.
At each entertainment
IZENA GEEROO
will ascend a ladder formed of Japanese swords, sharp as razors, edge uppermost, bare footed, running, altitudinizing and jumping upon them in a most incredible manner. The Japanese
COLUMN AND SUSPENSION ACTS,
by the artists Chuman Keetchee, Kooma Keetchee and Gooo Keetchee are surprising feats of strength, agility and grace, while the feats of
CONTORTION, BALANCING, PERCHE,
&c., by others of the troupe, are highly interesting and picturesque. No description can convey any satisfactory notion of this most singular entertainment to those who have not seen it; it is so entirely peculiar and unique in its character, that all who are anxious to experience a new sensation, and who have a penchant for novelties, should witness for themselves.

It may safely be assumed that ASTONISHMENT WILL RE-ECHO AWE in witnessing the startling feats of the children of the Isles of the Sun. The press and Public of New York and Boston are enthusiastic in announcing without stint or reservation, that the performance of this utterly unparalleled Troupe is far beyond all precedent. The endorsement by presence and enthusiastic applause of Clergy and Dignitaries of these cities, is of itself an overwhelming evidence of the RARE HISTORICAL AND SCIENTIFIC NATURE OF THE PERFORMANCE.

It is, says the Brooklyn Eagle, impossible to describe these marvels. To be understood they must be seen, and seeing, one must be assured he is awake, and not dreaming to believe.

Imagine a human being springing into the air, like a bird with one wing clipped, and revolving three times horizontally.

Imagine others skipping in the air like mammoth grasshoppers, bounding as an india rubber ball,

GYRATING AND REVOLVING,
setting all conceived ideas of human strength and endurance utterly at naught.

Of all Human Marvels these are Greatest!
Will exhibit at Portsmouth,
On Lot near Rockingham Mill, Hale's Point,
POSITIVELY ONE DAY ONLY,
SATURDAY, August 31st,
Afternoon and Evening, under their New and Elegant
Mammoth Water-proof Pavilion.
Seating 3,000 people; at 2 and 7, P. M.
ADMISSION 50 Cents. Children, 25 cents

Holloway's Pills.—Liver Complaint.—The insidious and destructive effects of "blue pill" on the system as a specific for this disease are now entirely superseded by the use of these mild, antiseptic and vegetable remedies. They not only eradicate all traces of the complaint, but give vitality to the exhausted functions, vigor to the impaired constitution, and energy to the emaciated invalid. For indigestion, biliousness, heart-burn, etc., they are the only safe cure. Sold by all Druggists. au17

DIRECTIONS FOR
MAKING YOUR OWN SOAP
WITH YOUR WASTE GREASE!
Penn'a Salt M'fg Co.'s Renowned
SAPONIFIER:
(Patents of 1st and 8th Feb., 1859,) OR
CONCENTRATED LYE!

Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of Lye in 2½ pounds (pints) of hot water, in an iron pot. Melt in another pot or pan 5 lbs. of clean fat or grease. Take off the fire, and into *this* stir slowly the dissolved lye, and keep stirring until the whole becomes well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into small pieces, add 6 lbs. (or pints) of water, and melt with a gentle heat until the soap is *all dissolved*, then pour into a tub to cool. When cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for PENN'A SALT MFG CO'S SAPONIFIER.* d1—eowdawly

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRADRETH'S PILLS,
is always safe, never leaving any ill effects. In all cases their use is wise; but in severe pain from colic, inflammations, or external injuries, it is

LIFE SAVING.

Remember BRANDRETH'S PILLS are always sure of effect, and always without the least danger, and they act on every part of the system, dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says—"I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. jy20dawlmsnp

DR. SCHENCK, THE LUNG DOCTOR.

☞ The Proprietor of SCHENK'S PULMONIC SYRUP, the inventor of SCHENK'S RESPIROMETER, the only instrument that can be a certainty detect the slightest murmur of the respiratory organs.

This is of great importance to Dr. SCHENCK, to know the exact condition of the lungs, whether it is Tuberculous, Pulmonary, Bronchial, Pleuritic, or Dyspeptic Consumption, and whether it is both lungs or only one that are diseased.

It requires constant and long practice to become familiar with every sound or rattling of a diseased bronchial tube. Patients come to Dr. SCHENCK to get examined that have been examined by their family physician, who told them that their lungs were almost gone; when by close examination with the Respirometer, it is often found that it is an affection of the bronchial tube; and by expelling a healthy action of the liver and tone of the stomach, the sufferer is soon restored to health. Sometimes medicine that will stop a cough is a fatal death to the patient. It locks up the liver, stops the circulation of the blood—hæmorrhage follows, and, in fact, stopping the action of the very organs that cause the cough.

Dr. Schenck will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is $5. His medicines are for sale by all druggists and dealers, also a good supply at all times at his rooms. Price of the Pulmonic Syrup, and Seaweed Tonic, each $1.50 per bottle, or $7.50 the half dozen; Mandrake Pills 25 cents per box.—DR. J. H. SCHENCK & CO., 28 Hanover street, Agents for Boston. For sale by all druggists.

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is KILLED DEAD,
the parties deceived by the nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which

BATCHELOR'S HAIR DYE,

produces a black or brown which is not surpassed by nature's own hue. So wise in time. The only safe and sure article is

BATCHELOR'S HAIR DYE.
Manufactured by J. CRISTADORO, 68 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. jy20daw—1m

NEW BOOK OF CHORUSES.

Forty-six Operas Chosen and selected and arranged from the works of Rossini, Auber, Bellini, Donizetti, Gounod, Verdi, Flotow, Spontini, Wagner, Meyerbeer, Balfe, Bishop, Balfe, and others, forming a Most Valuable Collection for Societies, Conventions, Choirs, Singing Schools, Clubs and Families. By Edward Hamilton Bruce. Price, Three Dollars. Copies mailed, post-paid, OLIVER DITSON & CO., Publishers, 277 Washington street, Boston.

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS'S Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel Fowers. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also internally, for Colic, Cramps, Diarrhœa, Dysentery and Cholera. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. DR. TOBIAS puts up every drop himself.—Sold by all Druggists at 50 cents and $1 per bottle. Depot 56 Cortlandt street, N. Y. au4wim

DR. MATTISON'S SURE REMEDIES, FOR SPECIAL CASES,
Can be obtained only at his Office, No. 28 Union Street, Providence, and are sent by express, in sealed packages, *secure from observation*, to all parts of the country. *They do not cure everything*, but for their respective purposes, *they positively have no equal.* ☞ Circulars giving full information, *with the highest testimonials*, also a book on *Special Diseases*, in a *sealed envelope*, sent free. ☞ *Be sure and send for them*, for without *references* no advertising physician should be trusted. Enclose a stamp for postage, and direct to DR. MATTISON No. 28 UNION STREET, PROVIDENCE, R. I. au24—dawly

THE GRAVEST MALADIES
OF YOUTH AND EARLY MANHOOD.

Howard Association Essays, on the Physiology of the Passions, and the Errors, Abuses and Diseases peculiar to the first age of man, with Remedies, for new methods of treatment employed in this Institution. Sent in sealed letter envelopes, free of charge. Address Dr. J. SKILLIN HOUGHTON, Howard Association, Philadelphia, Pa. mh6—daw3m

Local.

☞ We never saw any town of its size so destitute of public watering places for man and beast, as our own good city—we regret to say. Now for the fortieth time, a wagoner desires us to ask why, if the aqueduct can't more generally keep a supply at the only central drinking trough we have left from the raid of that corporation—behind the Jefferson Market—why some of the old well pumps may not be restored? And there is justice in the complaint.—Something certainly ought to be done, to give us a stronger head of water, and more uniform, reliable supply. If there is water enough; as we suppose there is—lay another through pipe. The quality is superior—let the quantity be ample.

POLICE COURT, Aug. 12.—Bufford, J.—Charles Higgins, drunk, paid fine and costs to the amount of $6.85.

William McPhee, do., do., do.

Catherine Reagan, for an assault upon her husband, Timothy Reagan, was sentenced to hard labor in the House of Correction for fifteen days and to pay $2.29 costs.

☞ We are informed that a Cricket match will be played this (Thursday) morning on the Plains, between the Rockingham Club of Portsmouth and the Alpha Club of Salem; play to commence at 10 o'clock.—All lovers of the game are advised to go and see it, as some good play is expected, if fair weather.

☞ To-night, at the Temple, an excellent entertainment will be furnished by Morris Brothers' Troupe of Minstrels. In Exeter recently, they delighted an audience said to have been the largest ever gathered in that place to witness an exhibition of the kind.

☞ Notwithstanding the reports which have been circulated in the papers to the effect that little "All Right," the pet of the Japanese, had died from injuries received—he is still in the land of the living, and will appear with the troupe on their visit here and delight the audience with his fairy performances.

POULTRY.—A car load of eleven hundred live geese, hens and turkeys passed through Concord, N. H., on Tuesday, consigned to H. L. Lawrence of Arlington, Mass. The "birds" were purchased in Canada East, and, on an average, cost about fifty cents apiece at the farmers' doors.—They were loaded at Derby Line.

☞ The small number of applications under the General Bankrupt Law, shows that the private business of the country is in much sounder condition then was generally supposed. In fact scarcely anybody owes anything except the government, and the only financial dangers ahead are those that must come in time from the rottenness of the national banks and the universal corruption of public officials. The crisis that has so long been awaited, is unavoidably postponed until further notice.—*N. Y. Atlas.*

☞ At Havana the money market is stringent. The outflow of specie has commenced, and the confidence in commercial circles is considerably shaken. It is asserted that at the recent riot at Matanzas, many seditious voices were heard.

☞ Harper's Magazine for September is for sale at the bookstores. The leading illustrated articles are "The Rob Roy in the Baltic," and a further instalment of "The Dodge Club."

☞ Messrs. Hurd & Houghton's juvenile, the "Riverside Magazine," for September, is received. Beautiful as were its predecessors, the present number surpasses them.

☞ A few days ago, a fire at St. Kitts destroyed property to the extent of £300,000 sterling, of which only £30,000 were insured. That is, loss $1,500,000; insured $150,000.

☞ The Essex Institute, of Salem, have arranged to make an Excursion to Kittery on Thursday, per Eastern Railroad—having a Picnic Dinner at the new Railroad Hall. It fair weather.

GOLD, Tuesday, 141 3-8.

— Peaches are 50 cents per bushel in Baltimore.

— Two men were killed and one injured by an explosion at the Bridesburg arsenal, near Philadelphia, on Saturday.

— The Rotunda of the Capitol at Washington is now lighted by electricity. Thirteen hundred burners are lighted in an instant.

— Accounts from Texas, Louisiana and Southern Mississippi are disastrous.—Worms and overflows have destroyed one-half the crops.

— They are speculating in New Jersey, over a double-headed calf—alive up to the present. Prices range from $100 to $5000 on double-headed calves in New Jersey.

— The capital of Nebraska has been located fifty miles northwest of Nebraska City. It is in the midst of a very fertile tract of country, and is to be called Lincoln in honor of the martyred President.

— The famous Yacht Henrietta, which won the great stake in the ocean regatta, was sold on Saturday for fifty thousand dollars.

— Two St. Louis policemen undertook to drive a hog which was rooting in the street Wednesday, but the animal turned upon them and put them to flight. In the chase he gained upon them, and they took to a tree for safety.

— Mr. Elias Howe, Jr., who has been at the point of death, is convalescent. He was suffering from enlargement of the heart and a dropsical disorder, and had vainly sought relief from physicians in London and Paris.

— The Newburyport Herald says that a son of John Irving, ten years old, climbed an elm tree to catch a canary bird, when a limb broke and let him head fore-most to the ground. He struck the curb stone, breaking his collar bone and badly bruising his head. He was insensible for several hours, but is now doing well.

— A party of Brown University students who left Providence July 5 for a pedestrian tour, arrived back on Friday last, having marched 600 miles on foot and 282 miles by water. They had many amusing experiences during their trip, and were taken for gypsies, soldiers, Fenians, telegraph builders, sailors and many other things which they were not.

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD. It is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of **865** miles **$28,592,000.** or at the average rate of **$33,000** per mile—not including an absolute grant of **10,000,000 acres** of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, the GENERAL GOVERNMENT, *in effect*, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the thro' line, and has, in addition, **several special, exclusive and advantages** applicable only to the Western Half.

I. The Company has received from the State and chief cities of California, *assistance in money, credit and valuable property, several over $2,000,000* in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and costliest part of its construction has been successfully overcome* within the first 150 miles. In a few weeks the track will be completed, entirely across the Sierra Nevada, after which progress to Salt Lake will be easy and rapid.

III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and July, upon the 91 miles then open for business, were upward of $297,000 in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, besides its own traffic, *the whole of the great volume of through business* which is shared among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in gold.* Its rates for transportation are very advantageous, being more than three times those of roads lying east of it; and the *ratio of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company are called upon to assume are very light. The net earnings upon an average of about 55 miles in 1866 were nearly *three times the amount of annual interest liabilities to be assumed in building it, and were $225,000 more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first 100 miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds.

Principal and interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for 90 and accrued interest, to yield 6¾ per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government; and represent, in all cases, the *first lien* upon a completed, equipped and productive railroad, in which have been invested Government subsidies, the stock subscriptions, the net surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which have been issued and sold.

The agreement of this Company to pay principal and interest of their Bonds in coin, being made under the Laws of California, the Courts, authorizing and enforcing contracts to pay gold, *is legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*

THE FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among FIRST CLASS SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates *materially in advance* of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *safe, reliable and remunerative form of permanent investment.*

THE
UNION PACIFIC RAILROAD CO.
THEIR
FIRST MORTGAGE BONDS,
AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the first Mortgage Bonds which the Company have to offer to the public. The first question asked by prudent investors is,—"Are these bonds secure?" Next,—"Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of twenty-million acres of land and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the *only* line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The material for the remaining 792 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid its five million dollars into the stock which gives them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**

The daily subscriptions are already large, and they will continue to be received in New York by the

CONTINENTAL NATIONAL BANK, 7 Nassau st.,

Morning Chronicle.

Correspondence of the Chronicle.

OPPOSITE DALTON, N. H., Aug. 12th.

DEAR ——, We are encamped to-day on the Vermont side of the river, and directly opposite Dalton, about a mile or two down the Fifteen-mile Falls, which we intend to finish shooting to-morrow if we have a fair day.—B. sits at the stern to keep it down, D. on the bow, with feet hanging out ahead, to look out for rocks, and E. and myself take the oars. D. and I are about half dressed, but with shoes on, ready to jump out and swing her off when the boat strikes. It is capital fun; and we go like a shot; first starboard, then port a little, then hard starboard, then pull, then bump, splash, and then two men over the sides.—"Swing her off! Look out for that rock ahead! Point her nose down stream! At your places, all hands!" And off we are again in a jiffy. We all swim but B., and he has a life preserver. The only disaster thus far has been one boot overboard, and of course it had the persistency to sink before we could get to it. D. graduated at —— College this year; E. has one year more. They both are from the Sandwich Islands, and know ——'s family very well. Our aggregate length is six feet, and we can whip our weight.

We left Portland, as you know, last Monday morning by the steamer. We had a delightful trip and a pleasant night upon the water. Unfortunately the fog was so thick in Portland harbor that we did not get a good view of the entrance to the city. We tried to ascertain from the Captain and Freight Agent whether we could not send our boat straight through by the first freight train, and go with it ourselves. "Impossible!" "Bill of lading!" "Agent not at the depot before eight o'clock!" Then we were in a quandary. Here it was five o'clock; the train started at a quarter to six; the freight agent would not be at the depot before eight o'clock, and if we did not get the boat off then, we would have to wait until the next morning. Some one suggested "Check;" the mate hustled the boat off the steamer, we found out from a porter what car was going, hurried the boat on the car, got a few crackers and jumped on the train just as it was starting.

Pretty soon, as we were munching our crackers, the conductor came along and asked for our permits to go on a freight train; for our bill of lading for the boat, &c. Finally he agreed to let us pay the freight at Northumberland, and he telegraphed to Portland to find out how much it would be. He dropped us at Mechanic Falls, where we took an Express train to Paris, and there got our permits to go on a freight train; waited until our train came up, jumped aboard, and were then all right.

The scenery was magnificent, especially after we passed Gorham. We were in the Conductor's car, at the end of the train, so far back that we had no smoke; and as there had been heavy rains, we had no dust. Now and then, as the train stopped, we would get off and pick raspberries, which grew in the greatest quantities. At one place we found a hen's nest in the bushes, and so had a start for our first meal in camp. The scenery from Gorham to Northumberland was beyond description. At Gorham I saw Rev. Mr. ——. As we looked rough, and had only a little time, I thought I would not speak to him, especially as there were a great many people on the piazza. We had eight platform cars empty in front of us, with our boat on the ninth, so that we had an unobstructed view of everything before us. At Northumberland we decided to keep on twelve miles farther, to find a better place to launch the boat, and we were fully repaid; for the scenery between the two places was far beyond that of the White Mountain regions.

Going, as we did, through the valleys, and winding along like a serpent, and going only ten miles an hour, we had fully as good an opportunity to see all the hills and vallies as we could wish.

At North Stratford we stopped,—a most beautiful little spot. We shouldered the boat and marched down to the river, with a large part of the town at our heels. We decided to go up as far as we could, and try to find our way to the lakes; but the river was too shallow and rapid. We had no sooner got fairly under way, than we ran into a rapid so fierce that we could do nothing but tumble overboard—all four of us—and push. The townsmen and boys evidently thought we could not pass it, for they stood upon the bank, jeering away. However, we got by that fall and three more, and then decided to encamp, after pushing the boat about half a mile and pulling it a little more. We encamped upon a little knoll, just in time to eat supper before dark. I went for milk and potatoes, while the rest pitched the tent and built the fire.

In the morning we had our first bath in the Connecticut, and since then we have had several a day. They are the most jolly, delicious baths I ever had. We swim before breakfast, row a little in the morning, and swim again. We picked lots of raspberries, drank some milk, ate some potatoes and crackers and a duck—the first of the trip—for breakfast, and struck tents and were on our way again.—Your gun is a beauty, and besides giving us a great deal of sport, has furnished us many a meal. I made yesterday a shot that surprised me, even knowing the gun as I thought I did.

Wednesday morning we had our first rapids to shoot. In the first mile or so we had to get out once or twice, as it was so shallow. A little farther on we had the pleasure of going like a streak over the rapids. To be sure, we got pretty wet, and came very near capsizing several times; but that was all because we were a little green, and were not used to the boat. Now we feel ready to go with full assurance.

(Concluded to-morrow.)

MDCCLX. 1760. 1867.
"CENTURY."
$100 A DAY.

We have adopted the plan of putting money in our FINE CUT TOBACCO to induce consumers to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to pronounce it the BEST FINE CUT MADE. We will not attempt to offer these inducements until the test is fully recognized.
We are making the CENTURY from selections of the very choicest old leaf, and have devoted every care to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEWING TOBACCO.
On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in four papers, $25 each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 in each, in all cases issuing GENUINE U. S. GREENBACKS to the amount of $1700 a day.
The finders of these Greenbacks—by sending us their names, address and numbers of the bills—will be presented with packages of our Tobacco in proportion to the amount of bills found.
This House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, and we feel sure, on all doubts, if any should exist, as to the genuineness of this enterprise.
THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. K. Mitchell, 35 Central street, Boston; B. A. Van Schaick, 16 S. Front street, Philadelphia; Foy & Earle; 55 S. Water street, Chicago; Schultz & Bagley, 34 West second street, Cincinnati.
Price list sent on application to

If you want a Superior Instrument,
BUY one of
Mason & Hamlin's Cabinet Organs,
Of A. PEARSON, No. 30 HANOVER STREET, Sole Agent for Portsmouth and Vicinity.

Forty styles, plain or elegant cases; one to 12 stops. Prices, $75 to $600, and upwards.
Fifty-six Gold or Silver Medals, or other highest premiums, have been awarded to Mason & Hamlin for the important improvements effected by them, and for the *Superiority of their Instruments in all others.*
The Mason & Hamlin Cabinet Organs must not be confounded with other reed instruments, from which they vary essentially, their superiority being largely derived from PATENTED IMPROVEMENTS, which cannot be employed by other makers. Among them are:
The Automatic Bellows Swell,
Improved Qualifying Valves,
Wood's Octave Coupler,
Noiseless Septry Valves,
The Improved Combination Register.
Circulars, with full particulars, and list with illustrations of styles and prices, furnished as above. jy26—plws

The Chronicle.

From "Poems Grave and Gay," by Geo. Arnold.

SUMMER AND AUTUMN.

Gorgeous leaves are whirling down,
Homeward comes the scented hay;
O'er the stubble, sear and brown,
Flaunt the autumn flowers gay:
Ah, alas!
Summers pass,—
Like our joys they pass away!

Fanned by many a balmy breeze,
In the spring I loved to lie
'Neath the newly budded trees,
Gazing upward to the sky:
But, alas!
Time will pass,
And the flowers of spring must die.

Oft my maiden sat with me,
Listening to the thrush's tone,
Warbled forth from every tree,
Ere the meadow hay was mown:
But, alas!
Summers pass,—
Now I wander all alone!

Love, like summer-time, is fair,
Decked with buds and blossoms gay;
But upon this autumn air
Floats a voice which seems to say,
"Loves, alas!
Also pass,
As the summers pass away!"

— There are ten States engaged in iron mining—they rank as follows: Pennsylvania, Michigan, New Jersey, New York, Missouri, Massachusetts, Connecticut, Maryland and New Hampshire.

— The corn and cotton crops in Alabama are better than in many years past. The yield of corn is immense, and the cotton crop is flattering. The worm is as yet exciting little apprehension.

— The young woman in Indiana are trying to rival their ball-playing friends by taking part in croquet matches. A game which occupied two hours, and which is said to have been exciting, was lately played between the "Hoosiers" of Greencastle and the "Lafayettes" of the latter place, there being two ladies and two gentlemen on each side.

— A shed on the farm belonging to Messrs. A. & W. Sprague, in Johnston, R. I., a short distance beyond Sprague ville, in which was stored two hundred tons of fine hay, was burnt by an incendiary fire, early Sunday morning. The loss will reach nearly or quite $5000. Col. Amasa Sprague will give $1000 for the detection of the incendiary.

— The New York Tribune, in discussing the modesty of crinoline, innocently asks: Do we not delight to see the feet and shapely little limbs of children, and adorn, decorate and exhibit them with commendable pride? Is there anything indecent in that? And are not the fully-developed limbs of perfect women quite as attractive and admirable?—Of course.

☞ Local AGENTS WANTED throughout the United States.

The Riverside Institute.
Situate at Riverside, Burlington County, New Jersey, is founded for the purpose of gratuitously educating the sons of deceased Soldiers and Seamen of the United States.
The Board of Trustees of the Institute consists of the following well known citizens of Pennsylvania and New Jersey:
Hon. WILLIAM B. MANN, District Attorney, Philadelphia.
Hon. LEWIS R. BLOOMALL, Ex Chief Coiner, U. S. Mint, and Recorder of Deeds, Phila.
Hon. JAMES M. SCOVEL, New Jersey.
Hon. W. W. WAKE, New Jersey.
HENRY GORMAN, Esq., Agent Adams' Express, Philadelphia.
J. E. COE, Esq., Joy, Coe & Co., Philadelphia.

TREASURY DEPARTMENT, Washington, D. C., April 18, 1867.—Office of Internal Revenue:—Having received satisfactory evidence that the proceeds of the enterprize conducted by the Washington Library Company will be devoted to charitable uses, permission is hereby granted to said Company to conduct such enterprize exempt from all charge, whether from special tax or other duty.
E. A. ROLLINS, Commissioner.

The Association have appointed as Receivers, Messrs. GEO. A. COOKE & CO., 33 South Third Street, Philadelphia, whose well-known integrity and business experience will be a sufficient guarantee that the money intrusted to them will be promptly applied to the purpose stated.
PHILADELPHIA, PA., May 20, 1867.
To the Officers and Members of the Washington Library Co., N. S. READ, Secretary.
Gentlemen:—On receipt of your favor of the 15th inst., notifying us of our appointment as Receivers for your Company, we took the liberty to submit a copy of your charter, with a plan of your enterprize, to eminent legal authority, and having received his opinion in regard to its legality, and sympathizing with the benevolent object of your Association, viz., the education and maintenance of the orphan children of our soldiers and sailors at the Riverside Institute, we have concluded to accept the trust, and to use our best efforts to promote so worthy an object.
Respectfully, yours, &c.,
GEO. A. COOKE & CO.

Address all letters and orders to

Every kind of Boot or Shoe Made to Measure, and REPAIRING done neatly, promptly and faithfully. HILL & CARR.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray hair to its original color in from Ten to Thirty Days.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as by youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

For Summer.

Portsmouth, N. H.

THURSDAY, AUGUST 22, 1867.

PRESIDENT JOHNSON himself issued and signed the *order* for Gen. Sheridan to leave New Orleans, &c. It is dated Executive Mansion, Aug. 17, and reads as follows:

Major General George H. Thomas is hereby assigned to the command of the 5th Military District, created by the act of Congress passed on the 2d day of March, 1867. Major General P. H. Sheridan is hereby assigned to the command of the Department of the Missouri. Major General Winfield S. Hancock is hereby assigned to the Department of the Cumberland. The Secretary of War *ad interim* will give the necessary instructions to carry this order into effect.

In giving the instructions, Gen. Grant gives the following directions to Gen. Thomas, when he gets to New Orleans:

Maj. Gen. G. H. Thomas will continue to execute all orders which may be in force in the 5th Military District at the time of his assuming command of it, unless authorized by the General of the army to annul, alter or modify them.

And he orders that Major General Sheridan, before relieving Major General Hancock, will report in person at these headquarters.

The correspondent of the Boston Journal says, "That portion of the official order which requires Gen. Thomas to continue to execute all orders he may find in force in the 5th Military District at the time of his assuming command of it, unless authorized by the General of the army to annul, alter or modify them, was issued by Gen. Grant without consulting the President, and elicits no little comment in political circles. Careful inquiry leaves no doubt of the fact that Gen. Grant opposed the displacement of Sheridan."

☞ The Chickerings and the Steinways, rival piano makers, are wrangling over their French medals, &c., from the Exposition.—The former accuse their German rivals of lying, in the following easy manner—by stating that the Steinways "at the exhibition of the World's Fair, London, were *eighth* on the list, yet claimed to be *first*."—Now either house makes very good instruments; yet after all their blowing, not a whit better than Hallet, Davis & Co., and doubtless other makers. In these days of improvements and mechanical ingenuity, it is idle for any man or firm to claim all the merit or all the excellence, and the public can well afford to laugh at the idea some people have of themselves, that "they are the men and wisdom will die with them."

☞ A coppery exchange very naturally rejoices over Secretary Stanton's suspension,—and some other similar acts of the infatuated man at the White House,—and adds rather bitterly:

We are sorry there is no democratic party of sufficient organization and reliable leaders to put them all out of position. But our reliance is on the quarrels and devilry of the radicals and their dissenting Republican cousins, to accomplish what is so "devoutly wished."

This is rather cold comfort—and rather a slim prospect for the copperheads and traitors. But what can have become of the Great, Powerful and Old Democratic party about which we used to hear such a perpetual din? It can't be dead;—but says the item, it has not sufficient organization, and no reliable leaders! Where is Frank Pierce, and Buchanan, and Breckinridge, and Jeff. Davis?

NARROW ESCAPE.—The late train Friday, on the Portland & Kennebec Railroad came near meeting with an accident which would have been of a serious nature had it not been for Mr. B. B. Sweetzer of Cumberland Centre, who had the thoughtfulness to stop the train. The heavy rain of Thursday and Friday so flooded the low land as to wash away the culverts in several places. At one place near Cumberland the embankment was washed away for about ten or twelve feet, leaving nothing but the track and sleepers to support the approaching train. Mr. Sweetzer discovered this fact while going to the pasture after his sheep, and stood on the track with lantern in hand, during the pelting rain, swinging it so that the engineer might see it and stop the train in season to prevent an accident. After a delay of nearly an hour, the track was repaired so that the train could proceed to Augusta.

GOLD, Wednesday, 140 3-4.

— Among the accounts of internal revenue officers recently settled is that of an Ohio collector, which, during his term office of four years, involved eight millions of dollars cash, and three million dollars of bonded oil accounts. The difference between the Treasury account and the Collector's account was but $11.10.

— Mr. Plumb, Secretary of Legation to Mexico, who has been for several days in Washington, has received authorization and instructions from the State Department to represent our Government at the City of Mexico. He will at once enter upon his official duties. The recent commission of Mr. Otterburg to act as our representative in Mexico is canceled.

NEW HAMPSHIRE ITEMS.

—— Two young men were out one fine day lately from Tuftonborough to gather blueberries on Ossipee Mountain. Getting on a ledge in a retired spot, they heard the hissing of rattlesnakes, of which they killed 35.

—— A great thunder shower with vivid lightning, occurred last Sunday night at Wolfeboro', and the streets and roads were badly gullied and washed. Wolfeboro' is full of visitors, and it is said there are 1200 to 1500 at North Conway.

—— The saloon of Darius Towle, in Kingston, was entered on Saturday night, but the burglar in looking for a match stumbled over Mr. Towle, who remained behind after putting out his light. He took the burglar out of the front door with him. An accomplice outside escaped.

☞ A New Hampshire Horse Fair is to be held at Manchester Sept. 3d, 4th and 5th, and great attractions are offered to owners as well as admirers of fine and fast horse stock. Such men as E. A. Straw, Nathan Parker, B. F. Martin, Franklin Tenney, Clarke of the Mirror and others, have the direction of affairs, with Henry H. Smith as Superintendent of Track.—The premiums are numerous and liberal, and the sport no doubt will be good if the weather only is.

☞ At Nashville, Tenn., Aug. 20, there was a heavy rain storm which was just in time to save the late crops. The corn crop of Middle Tennessee is immense, and prices will rule low. The cotton prospects are very fine, and the crop will be the largest for years.

☞ Three men, named Gouge, Sirefield and Weiner, were drowned or choked in the wash tub of Metzler's distillery in New York early Monday morning.

☞ The editors of the Tribune have received the card of a New Orleans firm, offering to supply planters and others with likely young experienced Coolie laborers, who have served out an apprenticeship in Cuba, and to deliver the chattels in New Orleans in prime order and condition, and on short notice, at $60 a head. The Coolie traffic is forbidden by Act of Congress; but the President seems to have resolved that the Louisiana planters shall do just as they please in everything, and it would hardly surprise us much, (says the Tribune) to hear that they proposed restoring pure and undisguised slavery, now that Sheridan is out of their way.

— The fishing interest of Deer Island, Me., amounts to about $500,000 per annum. Over one hundred sail of vessels and one thousand men are employed in the business.

— The work of changing the North Missouri Railroad from a broad to a narrow gauge, for the distance of one hundred and seventy miles, to Macon, was finished in four days.

— The engine drivers in India are perishing on their trains, on account of the extreme heat. A train arrived at Hoogly station, the other day, with its fireman dead and the engineer in a hopeless condition.

— A son of Mrs. Mary B. White, widow, residing in Britannaville, Taunton, named Leroy White, was drowned in the river at that place on Sunday, while bathing with other boys. He was 12 years of age.

— Two temporary dams across the Housatonic river at Derby, Ct., were carried away by the flood last week, causing a loss of about $20,000. There was considerable damage done upon other streams throughout Connecticut.

— The Charleston Courier of Saturday says that so far in that city 2640 blacks and only 840 whites were recorded. It estimates the black voters to be 5000, and wants 5000 whites to balance things, but it doesn't seem likely to get them.

— The people of Iowa must be extravagantly fond of shows. A menagerie visited Fairfield in that State one day last week, and so great was the jam of spectators under the canvas that two children were smothered to death in the arms of their mothers.

— At New York the other day, two Spanish swindlers got a man to give them a check on a bank for $20 in exchange for the money. They then changed the figures in the check so that it read for $5000, presented it at the bank and got it certified.

— A pickpocket was arrested on the train between Boston and Providence, last Monday morning. He had relieved Rev. Rufus Babcock of Barrington Centre of $65; another gentleman of $20, and a lady of a small amount. He was taken to Providence and committed to prison.

— A Nashville letter says: "Gov. Brownlow's majority will approximate 50,000.—We send a full Radical delegation to Congress. The Legislature elected is overwhelmingly Radical. Not one conservative in the Senate, and three or four in the House; and, of course, a Radical—probably Gen. W. B. Stokes—will be elected to fill the place now not very creditably occupied by Mr. Patterson, son-in-law of the President."

GEN. SICKLES. — An oder of Gen. Sickles, received at Washington, details the trial and conviction of certain parties for taking a colored girl from a school house to the woods, and inflicting 140 lashes upon her because she resisted being whipped by a daughter of one of the parties, the negro girl successfully whipping the white girl.—Abraham Jenkins, a Justice of the Peace, was sentenced to be removed from office, fined $25, and imprisoned at hard labor for one month. Six others of the party were likewise fined and imprisoned. One Saunders, for whipping a negro boy and girl, was fined $20 and imprisoned one month.

SUPERIOR FURNITURE. — The well-known firm of Beal & Hooper, whose extensive furniture warerooms are in Haymarket Square, Boston, have gained a high reputation for the specialities of their own manufacture, namely, solid black walnut parlor and chamber sets. These are brought out in various styles of design and upholstery, and suited to the tastes of all classes of purchasers, as will at once be seen on inspection. All articles manufacture by B. & H. are most substantially made, and many are unrivalled for their elegance.—*Transcript.*

A SUCCESSFUL TRADER. — A Boston wholesale grocer used thirty years ago to sit on the bench in an old country school house. During the fall he would gather beechnuts, which in the winter he would sell for pins, then trade off the pins for goose quills, and the goose quills for coppers. To-day he is worth a quarter of a million, lives in a brown stone front at the West End — but his boys didn't peddle beechnuts.

DEXTER-US.—The horse Dexter, king of the turf, trotted a mile last week at Buffalo in 2:17 1-4; and New York Ledger Bonner having seen Niagara Falls and this flying steed for the first time that day, and as he couldn't buy the falls, gave $30,000 for the horse—or as the Boston Herald says, $50,000.

☞ The Portland Star says, "An abortionist has been caught in Springfield, charged with murdering a girl of eighteen years. If the charge is proved, there should be one good hanging case in Massachusetts. This is what is needed to check the business." All well enough, perhaps; but seeing the Star don't go in for imprisoning men who sell rum to other men to kill themselves with—will it tell us why a man who helps a poor girl die by abortion, should be harder dealt with?

☞ One of Gen. Sheridan's last acts in his office at New Orleans, is the forwarding of a report giving the official returns of Registration in Louisiana. By this it appears that the colored registration exceeds the white by 38,142. The total number registered is 127,588, being nearly three times the number of voters in Louisiana in 1860. Ten Parishes out of forty-eight show white majorities ranging from 100 to 500. In New Orleans the whites have forty majority.

☞ Mexican reports say "Lopez was spurned from the presence of his wife."—But the Charlestown Advertiser "don't believe this, for most wives love; and wives that love had rather shield and succor live traitors, that mourn dead husbands." No doubt of it; nor of the fact that true love esteems the object for the object's sake, and not selfishly for its own—and so is higher and stronger than any patriotism.

☞ At a recent exhibition in the College at Athens, Ga., a disloyal speech was loudly applauded and the band present played "Dixie," which being reported to Gen. Pope, so incensed him that he issued an order closing the College altogether, but was induced to modify his action, allowing the educational courses to proceed, but prohibiting the payment by the State of the $8000 due the University as interest on the bonds which it holds.

☞ Philip Lyons, a young man, was killed on Monday afternoon at Lawrence, by getting entangled in a factory belt in a carding room.

☞ At Washington, on Monday night, the Soldiers' and Sailors' Union refused to pass the resolution endorsing Gen. Grant.

SUBSCRIPTIONS to the Washington Library Company of Philadelphia are pouring in rapidly. The handsome engravings given away with each share of stock are of rare and excellent workmanship. By subscribing for the stock at one dollar per share, you obtain an engraving worth fifty per cent. more than you invest, besides participating in the grand distribution of gifts. Every share of stock will receive some present, with an equal chance of securing some of the valuable articles, as published in the schedule.

The engraving entitled "The Marriage of Pocahontas," which is given to those who take five shares of stock, is executed in the neatest and most approved style, and fully equal to those of the character that are now retailed at from eight dollars and upwards. Read the advertisement.

"FEED THE HUNGRY!" But do it with good wholesome bread made with Pyle's Saleratus, which contains no adulterations, and is as harmless as flour—no other is so. Beware of imitations! Ask for Pyle's Saleratus. See that his name is on the package. 10

GOING! GOING!! GONE!!!—Easter than the auctioneer's hammer knocks down merchandise, neglect disposes of the teeth. Bid, therefore, for that prize of life, a perfect set, by brushing them regularly with SOZODONT. 14

— Gold Medal Saleratus is making a great sensation among consumers, as they find their health depends upon its issue. It will strengthen weak stomachs, cure dyspepsia, save one-half in the quantity of shortening, make one eighth more Bread, Cake or Biscuit from the barrel of flour, and withal is perfectly healthy. Try it. The Grocers and Druggists sell it. Depot 112 Liberty Street, New York. 1y8

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or the average rate of $35,000 per mile—not including an absolute grant of 10,000,000 acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the parts of the through line, and has, in addition, several special, exclusive advantages applicable only to the Western Half.

I. The Company has received from the State and chief cities of California, *assistance in money, credit and valuable property, worth over* $3,000,000 in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and costliest part of its construction has been successfully overcome*, within the first 150 miles. In a few weeks the track will be completed entirely across the Sierra Nevadas, after which progress to Salt Lake will be easy and rapid.

III. The local business alone of this road established its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and July, upon the 91 miles then open for business, were upward of $300,000 in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, beside its own lucrative local traffic, the *whole volume of through business* which is shared among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin.* Its rates for transportation are very advantageous, being more than three times those of roads lying east of it; and the *ratio of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company are called upon to issue are very light. The net earnings upon an average of about 75 miles in 1866 were *nearly three times the amount of annual interest liabilities to be assumed in building it, and were* $285,000 *more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first* 150 *miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds,

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government; and represent, in all cases, *the first lien* upon a completed, equipped and productive railroad, in which has been invested Government subsidies, stock subscriptions, net earnings, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of this Company to pay principal and interest of their Bonds in coin, being made under the Specie Contract Law of California, authorizing and enforcing contracts to pay gold, *is legally binding*, makes similar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*

THE FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among FIRST CLASS SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and extensively dealt in hereafter, at rates materially in advance of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *sound, reliable and remunerative form of permanent investment.*

Beautiful Teeth.

SWIETENIA preserves the Teeth and Gums in a healthy state. It is endorsed by the Scientific Dentists in the profession. Prepared by Dr. M. LEVETT, a Dentist of over 30 years' practice in New York City.

Brooklyn, N. Y., Feb. 11, 1867.

I am delighted with the effects of SWIETENIA as a dentifrice and a wash for the mouth. Prompted by curiosity, I subjected it to a few tests for acids, and found in it no deleterious ingredient. As a toilet article, I shall call for the sick and well I consider it a peculiarly refreshing luxury. S. H. OLMSTEAD, M. D.

Price 75c. For sale by all Druggists and Fancy Dealers. ap24—eodeowly

Sweet Breath.

LEVETT'S AROMATIC **SWIETENIA** purifies the breath and leaves a delightful taste in the mouth. Superior to any thing ever put before the public. Prepared and sold by Dr. M. LEVETT, a Dentist of over 30 years' practice in New York City.

LEVETT'S AROMATIC SWIETENIA is an excellent thing, and is endorsed by the prominent Dentists, Doctors and Clergymen.—*N. Y. Times.*

SWIETENIA is a pleasant dentifrice, whose merits will be manifest on its use.—*N. Y. Tribune.*

SWIETENIA.—We don't think we go too far when we say we don't think anything can equal it.—*N. Y. Independent.*

SWIETENIA, we can say after having tried it, is one of the best dentifrices we have ever used.—Wendell Phillips' *Anti-Slavery Standard.*

Price 75 cts. Sold by THACHER'S, and by all Druggists and Fancy Dealers. ap24—eoply

The Wonders of a Life-Time!

PERFECTLY IMMENSE!

THE VERY CELEBRATED

FLYING DRAGON TROUPE
—OF—
JAPANESE!

crossing the great Pacific Ocean and the American Continent, will make their first appearance in the great metropolis of New York, performing feats of the most marvelous and incomprehensible character.

"This Troupe of Japanese comprises twenty-four persons, each of whom has a specialty, and excels in it. And the whole combination is undoubtedly the most talented by far, of any that have yet appeared in this city.'"—*San Francisco Times, June 10.*

"It is evident that there is as much difference between them and their predecessors in point of skill as between Leotard and Blanlon and a street tumbler. They have simply indicated their right to be considered the best troupe that has left Japan, and altogether the most perfect."—*San Francisco Times, June 11.*

The enormous houses which have nightly attended the startling performances of the marvelous and incomprehensible Japanese during their recent engagement in New York, gives the evident assurance of their wonderful skill.

The appliance consisting, and culminating in outbursts of excited "bravos," reaching the degree of enthusiasm rarely witnessed within the walls of a theatre.

TWENTY-FOUR JAPANESE, TWENTY-FOUR JAPANESE,

16 Men, 4 Women, 4 Children,
16 Men, 4 Women, 4 Children,

pronounced by the GREAT TYCOON himself

The Most Wonderful Star Performers of Japan.

At each entertainment

IZENA GEEROO

will ascend a ladder formed of Japanese swords, sharp as razors, edge uppermost, bare-footed, running, attitudinizing and jumping upon them in a most incredible manner. The Japanese

COLUMN AND SUSPENSION ACTS,

by the artists Chusan Keetchee, Kooma Keetchee and Gono Keetchee are surprising feats of strength, agility and grace, while the feats of

CONTORTION, BALANCING, FEROCITY, &c., by others of the troupe, are highly interesting and picturesque. No description can convey any satisfactory notion of this most singular entertainment to those who have not seen it; it is so entirely peculiar and unique in its character, that all who are anxious to experience a new sensation, and who have a penchant for novelties, should witness for themselves.

It may safely be assumed that ASTONISHMENT WILL REIGN TO-DAY in witnessing the startling feats of the children of the Isles of the Sun. The press and Public of New York and Boston are unanimatic in announcing without stint or reservation, that the performances of this utterly unparalleled Troupe is far beyond all precedent. The endorsement by presence and enthusiastic applause of clergy and dignitaries of these cities, is of itself an overwhelming evidence of the RARE HISTORICAL AND SCIENTIFIC NATURE OF THE PERFORMANCE.

It is, says the Brooklyn Eagle, impossible to describe these marvels. To be understood they must be seen, and seeing, one must be assured he is awake, and not dreaming to believe.

Imagine a human being springing into the air, like a bird with one wing clipped, and revolving three times horizontally.

Imagine others skipping in the air like mammoth grasshoppers, bounding as an india rubber ball,

GYRATING AND REVOLVING,

setting all conceived ideas of human strength and endurance utterly at naught.

Of all Human Marvels these are the Greatest!

Will exhibit at Portsmouth,

On Lot near Rockingham Mill, Hale's Point,

POSITIVELY ONE DAY ONLY,
SATURDAY, August 31st,

Afternoon and Evening, under their New and Elegant

Mammoth Water-proof Pavilion.

Seating 3,000 people; at 2 and 7, P. M.

ADMISSION 50 Cents. Children, 25 cents.

BREAD

MIXING and KNEADING MACHINES.

One of the Most DESIRABLE and VALUABLE Inventions of the Age.

For sale by

E. A. STEVENS,

46 Market Street, Portsmouth, N. H.

The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Makers and Kneaders.

The principal advantages, however, are:

The Great Saving of Labor.

Cleanliness.

Certainty of always having Good Bread, which even the most skilful often fail in making.

The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.

It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.

The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au 6 **E. A. STEVENS.**

CONCENTRATED LYE!

Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of Lye in 2½ pounds (pints) of hot water, in an iron pot. Melt in another pot or pan 5 lbs. of clean fat or grease. Take off the fire, and into it stir slowly the dissolved lye, and keep stirring until the whole becomes well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into small pieces, add 6 lbs. (or pints) of water, and melt with a gentle heat until the soap is *all dissolved*, then pour into a tub to cool, when cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for PENN'A SALT MFG CO'S SAPONIFIER.* dl—eowdawly

Mineral Baths at Home.

Special Notices.

DR. SCHENCK, THE LUNG DOCTOR.

☞ The Proprietor of SCHENK'S PULMONIC SYRUP, the inventor of SCHENK'S RESPIROMETER, the only instrument that can to a certainty detect the slightest murmur of the respiratory organs.

This is of great importance to DR. SCHENCK, to know the exact condition of the lungs, whether it is Tuberculous, Pulmonary, Bronchial, Pleuritic, or Dyspeptic Consuption, and whether it is both lungs or only one that are diseased.

It requires constant and long practice to become familiar with every sound or rattling of a diseased bronchial tube. Patients come to DR. SCHENCK to get examined that have been examined by their family physician, who told them that their lungs were almost gone; when by a close examination with the Respirometer, it is often found that it is an affection of the bronchial tube; and by getting a healthy action of the liver and tone of the stomach, the sufferer is soon restored to health. Sometimes medicine that will stop a cough is certain death to the patient, as it locks up the liver, stops the circulation of the blood—hemorrhage follows, and, in fact, stopping the action of the very organs that cause the cough.

DR. Schenck will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He give advice free, but for a thorough examination with the Respirometer the charge is $5. His medicines are for sale by all druggists and dealers, also a good supply at all times at his rooms. Price of the Pulmonic Syrup and Mandrake Tonic, each $1.50 per bottle, or $7.50 the half dozen; Mandrake Pills 25 cents per box.—GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists.

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRADRETH'S PILLS,
is always safe, never leaving any ill effects. In all cases their use is wise; but in severe pain from colic, inflammations, or external injuries, it is
LIKE SAVING.
Remember BRANDRETH'S PILLS are always sure of effect, and always without the least danger, and they act on every part of the system, dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says—"I sell more of Brandreth's Pills than of all other patent medicines."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. jy3dawlmsp

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dye, and when every hair is
KILLED DEAD,
the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which
IS FIVE MINUTES
produces a black or brown which is not surpassed by nature's own hue. Be wise in time. Use only safe and sure article.

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also internally, for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly safe to take internally. Try it, we never fails. DR. TOBIAS puts up every drop himself. Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortland street, N. Y. adawim

PERRY, Dermatologist, 49 Bond St., New York. Sold by all druggists in Portsmouth and elsewhere. Price $2 per bottle. mh28—sndawsom

Local.

☞ Several residents on Middle street have suggested to us that it is not necessary to complete the Rockingham Trotting Park, as the sporting men have so good a racecourse on the thoroughfare named. And if other men, women or children wish to walk or ride thereon, why let them just keep out of the way of the mad-cap racers, that's all. A reckless, outrageous trial of speed there, Tuesday, resulted in a trifling smash up of a wagon.

But, asks the reader, is there no law against such a breach of the public peace? Certainly—but when the offender against the five mile an hour law, is fined the $5 and costs, he appeals—and, will it be believed? we are told our sapient County Solicitor refuses to prosecute them! But if this can be thus, and is thus—it behooves the City authorities to look after the matter, since no doubt the corporation, as well as the careless drivers, are liable for all damage done in this way.

BRIEF LOCALS.—A correspondent gives us an account of the trip to Rye Beach, on Tuesday, of the Betton (or Piscataqua) Base Ball Club, in the Ivanhoe. "They partook of a chowder prepared by 'Little Gerrish' and Capt. Geo. E. Sides, played ball from 11 o'clock until sunset, and had such a good time generally that they intend repeating the trip very shortly.

The Catholic Society hold a pic-nic at Newmarket Junction to-day. Cars leave the Concord depot at 10 A. M.

At the Plains a match game of cricket is to be played to-day between the Alpha Club of Salem and the Rockingham Club of this city. Play begins at 10 o'clock

Hon. T. L. Tullock, secretary of the Union Congressional Committee, has been in town for a few days.

☞ Cotton manufacturing don't seem to be very profitable in this city. The Kearsarge Mill paid no dividend, we believe, this year; and the Rockingham Mill is idle yet. Sorry for it.

☞ An Excursion down our harbor and outside, in steamer Enterprize, is advertised for next week. The Band will go, and tickets are put so low that we should think everybody else would want to go too.

☞ A large company (said to be 600) of excursionists came over the C. & P. Railroad from Manchester, in a special train on Wednesday morning, and went to Sir John Smith's Isles in steamer Pioneer and a schooner in tow, returning at evening in the same manner.

HON. HENRY WILSON arrived in this city last evening, and is the guest of Paymaster Carpenter of the Navy.

☞ Our compositors are indebted to Mr. Murphy for the bountiful supply of excellent Pears he sent them yesterday.

☞ Nathaniel Maybury of Turner, Me., was arrested Saturday for passing ten dollar counterfeit bills on the Flour City National Bank, Rochester, N. Y. He waived examination before Commissioner Clifford at Portland, and gave bail in the sum of $1500 for his appearance to the U. S. grand jury in September next. He was arrested by officers of the Secret Service division of the Treasury Department.

☞ Ned Nevins, the Newsboy, by Rev. Henry Morgan, (Poor Man's Preacher,) has reached its fifteenth thousand; and a second copy from the author has reached us. This is well; for our boys (and girls) had read the first one; then we had lent it to a number of outside boys,—and finally it has gone on a mission to a sea island, where it will be read again and again. It is one of the great popular books.

— There are now eight papers edited by negroes in the United States.

— The captain and owner of an East Indian vessel were lately sentenced to penal servitude for life for scuttling the vessel so as to get the insurance.

— A young son of Mr. James Moore was drowned at Hulberton, N. Y., on Sunday. He was allowing a large New Foundland dog to tow him across the canal, but both becoming frightened just where the water was deepest, grappled the animal in such a way as to cripple him, and both sank to a watery grave.

— A railroad baggage car recently burned near Conticook, Canada East, was nearly full of valuable baggage, belonging mostly to parties travelling for pleasure.—One man claims damages to the amount of $50,000 for loss of U. S. Bonds. A company of illusionists claim damage for $15,000 for loss of all their apparatus. Others lose from $200 to $1000.

— Gen. C. H. Smith, in Arkansas, is taking special pains to make sure that the colored people shall be fully informed of their rights, and enabled to act with perfect freedom. He has directed that registers send couriers with posters ahead; that armed escorts accompany them whenever necessary, who shall arrest every one who opposes or obstructs the execution of the law.

☞ We are indebted to Messrs. Jos. Baldwin & Co., saddlery hardware dealers, of Newark, N. J., for a sample of the new patent "Woodmansee's Bridle Bit," manufactured by them; and which is commended in the highest terms by the Turf, Field and Farm, Wilkes' Spirit, and the most experienced horsemen of the country. It is very comfortable to the horse, and yet affords the driver perfect control of him.—Prof. Woodmansee of Ohio, the inventor and patentee, who has given fifty years of his life to the study of a mechanical contrivance of this nature, and gives practical demonstrations of its utility, which he says, will satisfy any one it is all he claims it to be. Moreover he pledges himself to give $100 to any one who will bring him a horse which cannot be governed by this bit, in effectually breaking him of the bad habit of persistently pulling on one rein. He says, "its governing powers are so far superior to any other bit, as to enable a child to guide a horse as easily with it, as a man can with an ordinary bit. All horses used by the family should wear these bits. All stubborn, fractious and unbroken horses and colts should use them, because the bit makes them bridle wise in one-fourth the time it takes an ordinary bit. All trotting horses should wear them, because faster time can be made, as the driver has perfect control of his horse, and can drive him at full speed; and if the horse should break, the driver can readily throw him back to a trot without losing any time."

— Instead of giving credit to whom credit is due, the cash had better be paid.

— "This is a net gain," as the spider said when he caught the fly.

— The last freak of fashion, according to the London Medical Press, is the abolition of the pearl powder, rouge and white lead that have so long reigned.

— New England is described by a thirsty traveler as the most perfect watering place in the country. Do as he would, he could get nothing but water to drink.

— The facility with which divorces are obtained in Indiana is illustrated by the fact that a man residing there boasts that he obtains a new wife and a new divorce every quarter.

— The American *Agriculturist*, published at New York, is said to have a circulation of 250,000. Judicious advertising is said to have done much for the paper.—It is a grand paper.

THE

UNION PACIFIC RAILROAD CO.

THEIR

FIRST MORTGAGE BONDS,

AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question of prudent investors is, to—"Are these bonds secure?" Next,—"Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is certain upon the present business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon wise promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c, and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be loaned only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider the first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market being more than 15 per cent. less than U. S. stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**

The daily subscriptions are already large, and they will continue to be received in New York by the

CONTINENTAL NATIONAL BANK, 7 Nassau st.;

Morning Chronicle.

Correspondence of the Chronicle.

[Concluded from yesterday.]

OPPOSITE DALTON, N. H., Aug. 12th.

At eleven we got over all the rapids that we were to expect before these falls where we now are. We then stopped to swim and lunch. We selected a very pretty cove, caught some fish and had our dinner; then treated awhile and jogged slowly along. Two of us pull, one steers, and the fourth looks out for game in the bow. So we alternate, and have exercise without too much hard work.

The route thus far has been very crooked, sometimes making a complete ox-bow. We were quite surprised to find a stretch a half mile long the other day. The scenery cannot be described. Imagine a most beautiful valley under the highest state of cultivation, dotted here and there with the quaintest looking houses in the most picturesque little spots. Here you see the green sward of mown grass, waving fields of corn, dark green carpets of oats, yellow patches of wheat, and all the other crops dotted here and there. Everywhere the harvesters are busily at work, mowing here, raking there, and pitching hay into cocks, and then loading and driving. Bands of the river supply fences, and you will see fields of a hundred acres as level as a floor, and with every kind of crop scattered here and there. The river winds gracefully through all these fair spots so prettily that you can hardly persuade yourself to leave the magnificent sight, even for the grandeur of the mountains all around. At all times we had several peaks in sight, first on the right, then on the left, now straight ahead, now directly behind us—as we wound around their bases. Sometimes two or three peaks would be completely hidden by a thunder cloud, while others would be as brilliant as a mirror. Then the contrast of light and shade, and the glorious clouds—light as fleece and black as darkness, with every grade of color and depth—were almost too grand, so that we were inclined to feel like the old Dutchman who vowed he would have to "shut his eyes or *bust!*" So it has been every day thus far: beautiful valleys, with the river winding along so lightly and so lowly over the pebbles, and by the magnificent lawns and elms, that you think of nothing but perfect quiet.

To the right and left you see the most lovely hills—some bright and some dark. Then the thunder rolls sonorously through the hollows, from hillside to valley, echoing all about us; and you wish you had Goethe with you, for the grandest verse ever written expressive of your feelings. You close your eyes, and the music of the spheres fills you.

Wednesday afternoon we found a large mown field on the bend of the river. The plain was two miles long, leading to two fine hills in the east. We pitched our tent, built our fire, supped on fish and bread, the latter from a farm house, pitched the dishes into the river to wash, and dropped our lines for perch. Soon I saw a large hay cart coming towards us, full of young ladies, and one man with a tall hat and long coat, and two others who did not do or say enough for me to make out what they were. The tall hat said that he had brought down the prettiest girls in Northumberland to see us. I had observed them carefully as they approached, and had made up my mind upon them individually and collectively, and simply responded by a sort of polysyllabic grunt, consisting mostly of hs and ms. It appeared that it was a sewing circle broken loose upon what they supposed to be a camp of Indians. However, we made the most of the matter, and took them out to row. I managed to get quite a lot of amusement out of the affair.

There are a great many ducks on the river, but they are wild; there will be more, a little later. Pickerel are abundant in the spring and fall. Trout are not to be caught now—the natives say they are in the lakes. We catch a few common fish now and then, but not a great many.

We have been very fortunate in dodging thunder showers, until yesterday, when we caught a very heavy one. We rushed for a woodshed upon the bank, got some bread and cheese and pie, and ate our lunch. Raspberries are all along the banks, and we could almost live on them. You can not imagine how we are amused to hear the comments of the population upon our appearance and doings. Trading with the farmers for milk and bread, &c., is very jolly business, besides giving us a chance to see something of the people. As a general thing, they are ignorant, overworked, and without any appreciation of the beauty and grandeur all around them; reminding me, in fact, of Capt. ——. One evening Sand I were looking at one of the gorgeous sunsets usual only in the tropics. Capt. —— came along, and pointing to the west said with the greatest enthusiasm, "Isn't that beautiful! beautiful!" We were near San Francisco, shining up things for a grand entry into port. We were so surprised at the first expression of appreciation of any of the beauty or grandeur we constantly about us, that we were determined to push the matter further, and found that his raptures were all over a *whale boat* on the port side of the ship, which I had painted during the day.

Last Friday we had a magnificent camp on the slope of a hill, under two pines, with a fine view of the hills and valleys for miles; so fair a spot that we soon as we saw it I shouted "*Da wacht ich sein! Da wacht ich sein!*" and it was a sign for us all to express admiration and to land our traps. In the morning a circus company passed. To-day we are quietly seated in the shade—stars and stripes floating from our tent—the remains of the feast scattered here and there. The party came here a few minutes ago to know whether or not we belonged to the circus. He left rapidly.

I was interrupted just here, (lucky for you), by something seeming like a menagerie let loose. B. and D. came for me to climb a hill. We could see Mounts Washington, Adams and Jefferson, Lancaster, Waumbek House, Connecticut Valley and Green Mountains in the west.

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to pronounce it the BEST FINE CUT MADE. We will continue to offer these inducements until the fact is fully recognized.
We are making the CENTURY from selections of the very choicest old leaf, and have devoted every care to its manufacture. It is free from drugs. And in every respect A PURE ARTICLE OF CHEWING TOBACCO.
On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers $50 each. On Wednesdays, in three papers, $25 each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 in each. In all cases naming GENUINE U. S. GREENBACKS to the amount of $100 a day.
The dates of these Greenbacks—by sending us their names, address and numbers of the bills—will be presented with packages of our Tobacco in process of manufacture for future release.
This House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, and puts to light all doubts, if any should exist, as to the genuineness of this enterprise.
THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. R. Mitchell, 35 Central street, Boston; B. A. Van Schaick, 18 S. Front street, Philadelphia; Troy & Earle, 96 & 98 Water street, Chicago; Schultz & Bagley, 94 West second street, Cincinnati.
Price list sent on application to

If you want a Superior Instrument,
BUY ONE OF
Mason & Hamlin's Cabinet Organs,
Of A. PEARSON, No. 30 HANOVER STREET, Sole Agent for Portsmouth and Vicinity.

Forty styles, plain or elegant cases; one to 12 stops. Prices, $75 to $600, and upwards.
Fifty-six Gold or Silver Medals, or other highest premiums, have been awarded to Mason & Hamlin for the important improvements effected by them, and for the *Superiority of their Instruments in all others.*
The Mason & Hamlin Cabinet Organs must not be confounded with other reed instruments, from which they vary essentially; their superiority being largely derived from PATENTED IMPROVEMENTS, which cannot be employed by others. Among them are:
The Automatic Bellows Swell,
Improved Self-Adjusting Valves,
Wood's Octave Coupler,
Noiseless Safety Valves,
The Improved Combination Register.
Circulars, with full particulars, and list with illustrations of styles and prices, furnished as above. jy26—piwe

The Chronicle.

Communication.

PRISONS AND REFORMATORIES.—The Report of Messrs. Wines and Dwight previously referred to in the Chronicle, upon several subjects—prison discipline, reformatories, judicial systems, etc.,—is worthy of the public consideration. In all these matters Massachusetts stands highest on the roll of fame. No other State has so many benevolent, reformatory and charitable institutions. New Hampshire established, a few years since, an institution for the reformation of juvenile offenders, and truant and vagrant children, which has been attended with great success. Our humble efforts were used in the right direction to effect the object.

Our first position was that it would be better and cheaper to dry up the source of crime, than to suffer vicious youth to grow up to manhood committing crimes and depredations on property, and then for the public to be subjected to large expenses for their trial for offences and conviction. Such expenses are often incurred when real culprits on trial escape "unwhipped of justice," and thereby they often become more dangerous members of society.

Our present point is the expedience of drying up the source of crime. Our remarks must be very brief. The increase of immorality and vice is alarming; our native population is not exempt. But the influx of foreign people of the lowest classes, with children uneducated, and without moral culture, requires some legal restraint. Ignorant, rough, drunken and immoral parents deserve more censure than their children, allowed to fight, steal, rob, insult strangers and commit various depredations.

There are also helpless orphan children, without the means of mental culture. Such youth, male and female, if suffered to grow up in ignorance and vice, could hardly fail to become public nuisances, and the corrupters of their associates. For such vicious, truant and vagrant children, reformatories of different kinds, or Reform Schools have become highly indispensable and expedient. No other method can be devised to dry up the source of crime.

Such institutions have long been established in the European nations, and attended with salutary effects. They are now established in nearly all our States where mental culture is held to be an essential element in the progress of society. To the education of the mind should be added a careful culture of the heart, and the inculcation of moral and christian principles.

These schools of reformation, which receive from criminal courts these neglected, vicious and degraded boys and girls, extend to them the hand of christian sympathy, shield them for a season from the rough blasts of temptation, teach them their duty to God and man and finally opening to them a path of honorable usefulness, bid them go forth and walk therein to the benefit of human society. They would then, withdrawn from evil training, like brands from the burning, cease to be a terror as well as a pest to the community.

In the reformatories it is an essential desideratum that there should be no communication between the male and female youth, and the males, generally vicious, should be kept as separate as practicable, except when called together for their meals, lectures, instruction and religious worship; for "evil communications corrupt good manners."

Our Reformatory for juvenile offenders is far from being well adapted to all the requisite purposes. More buildings and more capacious are wanted, unless charitable and benevolent institutions, as in some of the other States, shall be established as reformatories of different classes of youth.

There are now in this State more than two thousand children, including orphans, without moral training, attending schools, who would be benefitted by being sent to reform schools. They are more numerous in our cities and most populous villages. One hundred might profitably be sent from this city, and not only receive a useful education for future life, but be employed in remunerative labor.

REFORMER.

As Good as the Best.
The PIANO FORTES of HALLET, DAVIS & CO. have never been excelled. The subscriber has sold and used them for many years, and they have proved equal in all respects to any other make, and superior to most. A splendid new 7 octave instrument, fresh from their mint, may be seen at the new Music and Painting Room, Mercantile Library Building, over Mr. J. R. HEAD'S store, which is for sale at the manufacturer's price, and which our friends and the public are invited to call and examine.
T. P. MOSES.

American and Foreign Patents.
E. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1837.
No. 78 State street, (opposite Kilby street,) **Boston.**
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and foreign works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.
No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.
During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHAS. MASON,"
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office. EDMUND BURKE,"
Late Commissioner of Patents.
"Mr. R. H. EDDY has made for me THIRTEEN applications, in all but *ONE* of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHAR."
Boston, Jan. 1, 1867.—3tawly

Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 ENDICOTT ST., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Fluor Albus, Suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or they will not be answered.
Office hours from 8 A. M. to 9 P. M.
Boston, Aug. 1, 1867. 1y1aug

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared only by N. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

The Daily Chronicle.

Portsmouth, N. H.

FRIDAY, AUGUST 23, 1867.

☞ A Washington special of Aug. 21 says:—

There has been considerable talk to-day of the supercedure of Gen. Pope by Gen. Hancock, but while it is well known that the question has been under consideration by the Administration, nothing definite enough has resulted to warrant a statement even that it is probable. The next removal will doubtless be that of Gen. Howard, who will be mustered out as Major General of Volunteers. An order has already been issued mustering out Gen. Whittlesey, one of the prominent officers of the Freedmen's Bureau.

It looks now, as if those timid and cautious republicans in Congress, who held back from impeaching Andrew Johnson in July, might be satisfied that it is the first duty to be done in December. He deserves to be put out by the shortest possible legal process,—perhaps by a special commission to *Inquire into Lunacy*. For, if he be sane, he can't in charity be deemed sober, and if he be sober he cannot be sane, while he commits such high misdemeanors every day.

WASHINGTON CORRESPONDENCE.—The Boston Advertiser's special says:

The character of the suppressed correspondence between General Grant and the President, regarding the suspension of Mr. Stanton and the removal of General Sheridan, has transpired.

The dispatch regarding it to a New York paper, if ever sent from here, is a very poor piece of gross-work. First, the letter protesting against the suspension of the Secretary of War was short, but extremely forcible; therein General Grant expressed to the President his opinion that the latter had no legal right to suspend Mr. Stanton, and that although an astute lawyer might find a warrant in law, the people could not be convinced of the legality of such a coarse. To this the President did not reply.

The second protest, in the case of General Sheridan, covered a little over a page and is most emphatic in its tone and language. Instead of being a friendly letter, it is severely official in its terms. It calls upon the President to withhold the order in view of financial reasons and from considerations of patriotism. The reply of the President was also official. It covers about a dozen pages and consists of a specious argument regarding his rights and duties in the case, and ends with the peremptory order already announced. The first intention was to send it out solely as a Presidential order in form, but after Mr. Johnson's reply General Grant made it his own so far as to enable him to send out the fifth section. The order left by New Orleans this morning. Several more removals are looked for.

The knowledge that the above papers existed, and the President has suppressed them, is creating as much excitement in official circles as the garbling of General Sheridan's dispatches. This last fact may force their publication.

GEN. SHERIDAN'S REPORT to General Grant, from New Orleans, is just published. In it, after stating the fact that registration in Louisiana is completed, he makes the following important statements:

"In accomplishing this registration, I have had no opposition from the masses of the people—on the contrary much assistance and encouragement; but from the public press, and especially that of the city of New Orleans, and from office-holders and office-seekers disfranchised, I have met with bitterness and opposition. The greatest embarrassment with which I have had to contend, was the constant rumors of my removal, published nearly every day in the papers of this city. It was a serious embarrassment, as it was breaking down the confidence of the people in my acts; but notwithstanding this, we worked patiently and industriously, having in view only justice, the rights of the people, and the law in its spirit. I have, as I have heretofore stated to you, permitted no political influence or political machinery to help or influence me in this work. Receiving the law as an order, it was so executed.

"I regret that I have to make the charge against Brigadier-General L. H. Rousseau, U. S. A., of visiting my command recently, and without exhibiting any authority, interfering with my duties and suggesting my removal."

[It is highly probable that Rousseau had the President's pass in his pocket.]

GOLD, Thursday, 141.

— A statue of Napoleon I. is to be inaugurated on the 15th inst., at Montereau. It will stand on the spot, as near as may be, where the Emperor uttered the words, "The bullet which is to kill me is not yet cast."

— The Chilians are greatly alarmed at the expected return of the Spanish squadron.—The Government freely express their opinion that the Spaniards will very shortly make their appearance. Some preparations have been made for the defence of Valparaiso, but it is feared they are insufficient, and that the city may be burned.

— A steamboat captain at Charleston has been fined $250 for having refused to grant a first-class ticket and passage to a colored woman, because of her color. Gen. Sickles argues the offender's guilt both as a lawyer and a commander, and approves the finding of the Post Court.

—"The wife of Mendez is insane; the wife of Mejia is mad; the wife of Miramon is stricken beyond hope of recovery, and the Prince's Salm-Salm is in jail."—Isn't it a little queer that Lopez' wife should be the only one who turned against her love? We don't believe it.

NEW HAMPSHIRE ITEMS.

——The Strafford County Agricultural and Mechanical Society have decided to hold their first Fair in Dover the 1st, 2nd and 3d of October.

—— Fright was the sole occasion of the drowning of the six women at Strafford the other day. There were eleven persons in the boat, and there being too much weight she was about to swamp within a few rods of the Island. Two young men immediately jumped out to make it lighter, and told the women to remain in the boat, but in their fright they all followed. The two men were good swimmers and worked like heroes. Three of the girls had hold of one of the young men and carried him down, but he cleared himself and came up and saved one of the girls. One of them was put hold of the boat three times.

—— Mr. J. J. Hewes of Boston, and his wife, two children, wife's mother and servant girl, were returning from a ride Wednesday morning with a span of horses, when in coming down Cass Hill, so called, about two miles above Mefedith Village, the pole strap broke. Mr. H. turned the horses out of the road, jumped out and caught hold of them. Mrs. H. at the same time got out. The horses ran down hill with Mrs. Hewes' mother, two children and servant. Mr. H. and wife and one child escaped without much injury. Mrs. Hewes' mother is reported badly hurt. The servant, Annie Conners, died at three o'clock, P. M., at the hotel, having been brought there on a mattrass.

BAND CONCERT.—Next Thursday, the 29th inst., there will be a Band Concert in this city. It will comprise the various bands in this city and vicinity, and will be a magnificent ovation. Ten bands, comprising 200 members, will be present. They will all march through our streets playing *one* tune. We mention that as one part of their programme. The lovers of music are requested to take notice and govern themselves accordingly.—*Nashua Gazette.*

THE NEWBURYPORT BAR.—The Herald, in speaking of the bar at the mouth of the Merrimack river, says it is a changing sand reef, such as is found at the mouths of many of the rivers between here and Texas. The other day, as we stated, a single storm threw up an island, where the deepest water had been the day before; but that did not interfere with navagation. It simply changed the mouth of the river, as it constantly has been changing since the waters first ran down from the New Hampshire hills to the sea. Now that island has gone; and on Sunday a vessel drawing fourteen feet of water came over the spot where it had been. The depth of water varies no more here than at other points; and the water is as deep now as it was fifty or a hundred years ago. People at a distance often mistake about this matter. The bar is no more trouble to vessels drawing less than sixteen or seventeen feet of water, more than though it was across the stream at Concord N. H., instead of here.

RESTORATION OF A BARREL OF ALE. A short time ago it will be remembered we noticed the seizure of a barrel of ale at the passenger depot of the Eastern Railroad in Salem, Mass., by the State Constabulary. Subsequently it was claimed as having been purchased for private use. The case was heard before the Police Court, and Judge Waters ordered the ale restored to the owner, which order was forthwith complied with. We understand the constable had no difficulty on this occasion in finding a teamster to perform the job.—*Gaz.*

☞ A gentleman from Jonesport, Maine, from which town and vicinity the Jaffa Colony went out, says, recent exposures of affairs in Syria have completely put a stop to the intentions of a good many to follow the Adams colonists. The religious fervor with which they contemplated the step has been completely subdued.

WOMEN AS WATCHMAKERS.—Twenty thousand Swiss women earn a comfortable living by watchmaking. They make the movements, and even mostly put them together. A few women are finishers. The English Women's Review says: "Geneva has refused to employ women, and totally lost the watch trade. None of the so called Geneva watches are made there, but in Neufchatel, where women have always been employed."

MAMMOTH LOBSTER.—A few days ago a lobster was caught at Jonesport, Maine, which measured three feet five inches in length, nineteen and a half inches round the body, and weighed twenty-seven pounds. The largest claw weighed eight pounds fourteen ounces.

BUTTER.—Two hundred and thirty tons of Vermont butter passed through Concord by railway Wednesday.

—A New York Policeman dropped dead on his post Monday night, from the effects of the heat.

— The Villager says that there are thirty-two carriage making firms in Amesbury and Salisbury, and their sales during May and June amounted to $172,490.

— The Morrill House at Belgrade, Me., formerly the home of Hons. Lot and Anson P. Morrill, was struck by lightning Sunday night, set on fire and destroyed. Loss $3000; insured $700.

NEW HAMPSHIRE AT THE MAINE PRINTERS' CONVENTION.—The Biddeford Journal gives in an extra sheet a full and detailed report of the very interesting proceedings of the late Editorial Association in that city—outside the official business of the occasion. As the publisher of this Chronicle was desired by his fellows present, to respond for this State,—and as a part of the record of the times,—and especially to correct a mistake or two in the Biddeford Journal's report—we extract as follows:

Of the New Hampshire press, the Concord Statesman and Monitor, Manchester Union, Great Falls Journal and Portsmouth Chronicle were represented by their publishers; and the Dover Morning Star and Portsmouth Journal by letter—the latter of which we give.

From Bro. Brewster of the Ports. Journal.

PORTSMOUTH, N. H., Aug. 6, 1867.

Friend Butler:— Your kind note of invitation to the Publishers' Convention has been received. Other engagements prevent attendance. It would be very pleasant to me, who entered the Portsmouth Journal office before Maine entered into the Union, when no daily paper was published east of Boston, and the little weekly Portland Gazette and Portland Argus were the largest luminaries which shown upon us from the District of Maine, with no paper between us excepting the Kennebunk Gazette—it would be pleasant to meet with that large body of publishers who are now ploughing over the "Dirigo" State, directing that mighty lever which not only raises the world generally, but Maine in particular.

Permit me, if opportunity offers, to give as my toast—

THE PRESS—the heart of the Nation—every sheet it issues is a pulsation which vibrates through the whole system. May those who stand in our peculiar relation of Doctors, see to it that the blood of the National heart is kept pure.

Yours respectfully,

CHARLES W. BREWSTER.

Ex-Governor Goodwin also wrote that sickness and previously-made business engagements prevented his attendance; and Gov. Harriman, Hon. J. H. Ela and J. Prescott the same.

The editor of the Monitor concludes what the chief Butler of the occasion calls "a column of cheerful words for the fraternity," thus:

Two o'clock was the hour assigned for dinner, but at three the company were not seated, and we very reluctantly turned our old home-wards, thus leaving the feast of wit and flow of soul that we knew was in store for the more fortunate ones. We left brother Miller to respond for our good old State, and with sorrow of heart, turned our backs upon as goodly a company of the disciples of Faust, as it has ever been our pleasure to meet.

One of the regular toasts was:

Our Brethren of the N. H. Press.—May they continue to fight it out on this line.

Bro. Frank Miller of the Portsmouth Gazette responded as follows:

Mr. Chairman and Brethren:

Though I hope there is not in these modern days, and never will be again, so much fighting among the New Hampshire editorial fraternity, even with the pen, as was fashionable and deemed necessary in the good old times of Isaac Hill and Buncatur; still, we who represent the old Granite State on this occasion, are happy to be here, and will not be slow to adopt and improve by many suggestions of our Maine brethren. One or two informal meetings of a portion of our number, were held at Concord a few years ago; but though something more than no good to all who attended, no doubt, a Society like yours has not yet been organized—but in the name of all my brethren here to-day, I feel no hesitation in saying this will forthwith be done, and that we shall fully expect aid in "this line" at Concord or Manchester bye-and-bye.

It is a privilege—we all feel it so—to be with you to-day, even without these unbounded social attractions. It is well to be here, and begin to learn that the Press should be something more than the bob to some politician's kite—a mere lever to lift mean men into lofty positions, the hanger-on to some interest really of but little importance in itself. I have the honor to speak for the oldest newspaper in this country—undisputably so, the New Hampshire Gazette, which was established in Portsmouth in 1756, and has never been interrupted or changed in publication. But although I have "grown gray in the service," I beg leave to tell you, gentlemen and ladies, that I have not printed it all that time! Daniel Fowle started the paper and introduced the printing business into our State—and as my five minutes must be about run out, I offer you as a cold water toast:

The memory of Daniel Fowle—and success to the craft which puts down kingcraft and priestcraft.

CATTLE MARKET at Brighton.—Aug. 21. At Market for the current week: Cattle, 1789; Sheep and Lambs, 8318; Swine, 1773.

PRICES.—*Market Beef.* (We blish includes the Hide and Tallow at same price.)

Extra, $12 75 to 13 50; first quality, $12 50 to 12 75; second quality, 11 75 to 12 25; third quality, 10 00 to 11 00.

Working Oxen, per pair, from $200 to 320.

Milch Cows, from $40 to 110.

SWINE—Wholesale 7 a 7½c per lb; retail 8 a 9c per lb.

SHEEP—5 a 6c per lb.

LAMBS—$2 50 to $4 50 per head.

☞ Females at this season should not fail to use SETH W. BENBOW'S Elixir Wine. Physicians recommend it as a strengthening and blood purifying tonic. Sold by Druggists. 1

"FED THE HUNGRY!" But do it with good wholesome bread made with Pyle's Saleratus, which contains no adulterations, and is as harmless as flour—no other is so. Beware of imitations! Ask for Pyle's Saleratus. See that his name is on the package. 16

GOING! GOING!! GONE!!!—Easter than the auctioneer's hammer knocks down merchandize, neglect disposes of the teeth. Bid, therefore, for that prize of life, a perfect set, by brushing them regularly with SOZODONT. 14

FACT.—As a culinary preparation, Herrick Allen's Gold Medal Saleratus is INFALLIBLE. It has greater advantages over yeast fermentation, and will make twenty-five pounds more bread or biscuit from the same barrel of flour, and much better. It retains all the glutinous starch and sugar that is in the flour, and from two and a half pounds of flour will make three and a half pounds of bread or biscuit, while the same quantity by yeast fermentation will make only a trifle over three pounds, and require more than twice the quantity of shortening, besides being much more unhealthy. Try it, and be convinced. 41

☞ Cornelius Cotter, who, with two companions, arrived at Lawrence, Mass., Wednesday morning from Marlboro' on their way to Methuen to obtain work, lay down about 3 o'clock near the railroad track and went to sleep. He rolled over in his sleep upon the track, and the spot being near the depot where empty cars were being moved about, one was pushed over him—he not being observed—as there was a curve there. He died immediately. The party of which he was one, had been drinking freely. Deceased was 25 years of age, and if he was going on in that way, had better be dead than living.

☞ The Galaxy for September has its usual varied and interesting table of contents. Published by W. C. & F. P. Church, New York, at $3.50 a year.

☞ Gen. Sickles' order fining W. F. McNulty $250 for refusing a first class ticket and passage to Frances Rollins, a colored woman, from Charleston to Beaufort, has been approved at Washington.

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD. It is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or at the average rate of $33,000 per mile—not including an absolute grant of 10,000,000 acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parties of the line, and has, in addition, **several special, exclusive advantages** applicable only to the Western Half.

I. The Company has received from the State and chief cities of California, *assistance in money, credit and valuable property, worth over $3,000,000* in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and costliest part of its construction has been successfully overcome* within the first 150 miles. In a few weeks the track will be completed entirely across the sierra Nevadas, after which progress to Salt Lake will be easy and rapid.

III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and July, upon the 94 miles then open for business, were upward of $297,000 in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, beside its own lucrative local traffic, the *whole volume of through business* which is shared among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin.* Its rates of transportation are very advantageous, being more than three times those of roads lying east of it; and the *ratio of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from the immense traffic secured, the annual interest obligations which the Company are called upon to assume are very light. The net earnings upon any twenty or more miles in 1866 were nearly *three times the amount of annual interest liabilities to be assumed in building it, and the same ratio would more than cover the interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first 150 miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds,

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government; and in respect to all cases, the *first lien* upon a completed, equipped and permanent railroad, in which have been invested Government subsidies, such subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of this Company to pay principal and interest of their Bonds in coin, being made under the special Contract Law of California, authorizing and enforcing contracts to pay gold, *is legally binding*, unlike similar agreements made by companies of States where no such legislative sanction exists.

In those important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*

THE FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among FIRST CLASS SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates materially in advance of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an *unusually desirable and remunerative form of permanent investment.*

Conversions of Government Securities INTO
CENTRAL PACIFIC FIRST MORTGAGE BONDS

Now realize for the holders about
TWELVE PER CENT. ADVANTAGE,
WITH THE SAME RATE OF INTEREST.

The Wonders of a Life-Time!

PERFECTLY IMMENSE!

THE VERY CELEBRATED
FLYING DRAGON TROUPE
—OF—
JAPANESE!

crossing the great Pacific Ocean and the American Continent, make their first appearance in the great metropolis of New York, performing feats of the most marvelous and incomprehensible character.

"This Troupe of Japanese comprises twenty-four persons, each of whom has a specialty, and excels in it. And the whole combination is undoubtedly the most talented by far, of any that have yet appeared in this city."—*San Francisco Times, June 10.*

"It is evident that there is as much difference between them and their predecessors in point of skill as between Leotard and Hanlon and a street tumbler. They have undoubtedly performing feats of the most marvelous and incomprehensible character, and are entitled, while the feats of

CONTORTION, BALANCING, PERCHE, &c., by others of the troupe, are highly interesting and picturesque. No description can convey any satisfactory notion of this most singular entertainment to those who have not seen it; it is so entirely peculiar and unique in its character, that all who are anxious to experience a new sensation, and who have a penchant for novelties, should witness for themselves.

It may safely be assumed that ASTONISHMENT WILL RISE TO AWE in witnessing the startling feats of the children of the Isles of the Sun. The press and Public of New York and Boston are enthusiastic in announcing without stint or reservation, that the performance of this newly organized Troupe is far beyond all precedent. The endorsement by press and enthusiastic applause of Clergy and Dignitaries of these cities is of itself an overwhelming evidence of the RARE HISTORICAL AND SCIENTIFIC NATURE OF THE PERFORMANCE.

It is also by the Brooklyn Eagle, impossible to describe these marvels. To be understood they must be seen, and seeing, one must be assured he is awake, and not dreaming to believe.

Imagine a human being springing into the air, like a bird with one wing clipped, and revolving three times horizontally.

Imagine others skipping in the air like mammoth grasshoppers, bounding as an india rubber ball.

GYRATING AND REVOLVING,
setting all conceived ideas of human strength and endurance utterly at naught.

Of all Human Marvels these are Greatest!

Will exhibit at Portsmouth,
On Lot near Rockingham Mill, Hale's Point,
POSITIVELY ONE DAY ONLY,
SATURDAY, August 31st,
Afternoon and Evening, under their New and Elegant
Mammoth Water-proof Pavilion,
Seating 3,000 people; at 2 and 7½ P. M.
ADMISSION 50 Cents. Children, 25 cents.

CROUP! CROUP!

DR. HOOKER'S
COUGH AND CROUP SYRUP
CURES
CROUP, COUGHS FROM COLDS, HOARSENESS, CATARRHAL COUGHS,
Coughs FROM HUMORS & BRONCHIAL Coughs and gives speedy relief in Whooping Coughs and Asthma, and often cures the latter, and invariably shortens the rate of the former.

☞ Children are liable to be attacked with Croup without a moment's warning. It is, therefore, important that every family should have con-tantly at hand some simple and pleasant, yet efficacious remedy for the cure of this painful and too often fatal disease. Such a remedy is

Dr. Hooker's Cough and Croup Syrup.

For sale by all Druggists.

C. D. LEET, Proprietor,
mh25—dawly No2 Springfield, Mass.

Demas Barnes & Co., 21 Park Row, New York, will also supply the Trade at List Prices.

Holloway's Pills.—Liver Complaint.—The insidious and destructive effects of "blue pill" on the system as a specific for this disease are now entirely superseded by the use of these mild, antiseptic and vegetable remedies. They not only eradicate all traces of the complaint, but give vitality to the exhausted functions, vigor to the impaired constitution, and energy to the emaciated invalid. For indigestion, biliousness, heart burn, etc., they are the only safe cure. Sold by all Druggists. au17

DIRECTIONS FOR
MAKING YOUR OWN SOAP
WITH YOUR WASTE GREASE!
Penn'a Salt M'f'g Co.'s Renowned
SAPONIFIER:
(Patents of 1st and 8th Feb., 1859,) OR
CONCENTRATED LYE!

Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of Lye in 2½ pounds (pints) of hot water, in an iron pot. Melt in another pot or pan 5 lbs. of clean fat or grease. Take off the fire, and when *clear* and warm, stir the dissolved lye, and keep stirring until the whole becomes well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into small pieces, add 6 lbs. (or pints) of water, and melt with a gentle heat until the soap is of proper form, then pour into a tub to cool. When cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for PENN'A SALT M'F'G CO'S SAPONIFIER.* dl—eowdawly

Mineral Baths at Home.

DR. SCHENCK, THE LUNG DOCTOR.

☞ The Proprietor of SCHENK'S PULMONIC SYRUP, the inventor of SCHENK'S RESPIROMETER, the only instrument that can to a certainty detect the slightest murmur of the respiratory organs.

This is of great importance to Dr. SCHENCK, to know the exact condition of the lungs, whether it is Tuberculous, Pulmonary, Bronchial, Pleuritic, or Dyspeptic Consumption, and whether it is both lungs or only one that are diseased.

It requires constant and long practice to become familiar with every sound or rattling of diseased bronchial tube. Patients come to Dr. SCHENCK to get examined that have been examined by their family physician, who told them that their lungs were almost gone; when by a close examination with the Respirometer, it is often found that it is an affection of the bronchial tube; and by getting a healthy action of the liver and tone of the stomach, the sufferer is soon restored to health. Sometimes medicine that will stop a cough is certain death to the patient. It locks up the liver, stops the circulation of the blood—hæmorrhage follows, and, in fact, stopping the action of the very organs that cause the cough.

Dr. Schenck will be professionally at his rooms every week, 32 Bond street, New York, and 28 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination, the Respirometer the fee is $5. His medicines are for sale by all druggists and dealers, also a good supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1 50 per bottle, or $7.50 the half dozen; Mandrake Pills 25 cents per box.—GEO. C. GOODWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists.

my3dawly JAY COOKE & CO.

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRADRETH'S PILLS, is always safe, never leaving any ill effects. In all cases their use is wise; but in severe pain from colic, inflammations, or external injuries, it is LIFE SAVING.

Remember BRANDRETH'S PILLS are always sure of effect, and always without the least danger, and they act on every part of the system, clesing and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says—"I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. jy29dawlmsp

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is

DEAD,

the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which

IN FIVE MINUTES

produces a black or brown which is not surpassed by nature's own hue. Be wise in time. Use only safe and reliable articles.

CRISTADORO'S HAIR DYE,
Manufactured by J. CRISTADORO, 63 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. jy30daw—1m

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TONTA'S Venetian Liniment was applied freely, and in three days the wounds about the business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TONTA'S celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sprains, Cuts, Insect stings, Pains in the Limbs, Chest and Back; also internally for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly innocuous to the youngest, and is the best family medicine in the world. Orders are received all over Europe for it. The most celebrated Physicians recommend it. Never fails. DR. TONIA puts up every drop himself.—Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortland street, N. Y. sdawim

PERRY, Dermatologist, 49 Bond St., New York. Sold by all druggists in Portsmouth and elsewhere. Price $2 per bottle. mh25—sndawsm

Local.

☞ The "Essex Institute"—that is, the members with their friends and invited guests, to the number of four or five hundred ladies and gentlemen, from Salem—"held a meeting," as they call it, at Kittery on Thursday. At the new and spacious Railroad Hall there, they were joined by delegations from this city and vicinity, Kennebunk, Saco and Portland, in all perhaps six hundred or more. As their circular inviting us stated their plan: on arrival a committee appointed for the purpose took charge of the baskets containing refreshments—which we can testify were of the best and abundant in supply; and after visiting the several localities of interest in the vicinity, all rendezvoused at the Stockholders' building where, after partaking of refreshments, the meeting reports and discussions was held. Many visited Kittery Point to see the mansion of Sir William Pepperell, a full length portrait of whom is in the Library room at Plummer Hall, Salem.

We think this Essex Institute is a great "institution," and wish some of *our* George Peabody's would give a hundred and fifty thousand dollars for something similar in Portsmouth—tho' we don't know where we could find another "Henry Wheatland, Secretary," to run it. This Institute combines a museum with a library, reading room, lyceum discussions—and an excursion thrown in, as above, to different points, once or twice a month, during the summer. Much obliged to them for electing us an honorary member.

For their accommodations and complete success, much was due to Mr. Williams of Salem, one of the E. R. R. Directors, and a member of the Institute. Among the old acquaintance there we found Mr. Walton of the Salem Register, Rev. Mr. Swan of Kennebunk, and others.

☞ We bear the inquiries, Is there to be a Rockingham County Fair this Fall? and if so, where? Will the Portsmouth Horticultural Society have an Exhibition this year? and if so, when? Is there to be a Lyceum this year? Will the Rockingham Trotting Park be completed this season in time to allow our citizens a share of the sport all the rest of the world is enjoying?

☞ The Mechanic Association of this city, have voted to make a Pic-Nic Excursion per railroad, this season,—to the point which shall be decided by their committee to offer most attractions.

☞ We understand that Wm. Tuckerman, Esq, has declined accepting the office of Treasurer of the Rockingham Ten Cents Saving Bank.

☞ Hon. Henry Wilson left this city on Thursday morning, to attend the review of the First Brigade Massachusetts Volunteer Militia, now in camp at Hull.

☞ See Jas. H. Head's advertisement of books, Stationery, Room Papers &c. for Fall Trade.

☞ A Washington special says General Thomas is being secretly but strongly pushed for the Radical nomination to the Presidency, and is at present Mr. Greeley's candidate. In a recent conversation Grant declared he would not be a Presidential candidate, and added, "If you want a candidate why don't you take Sheridan? He is not only a General, but a Statesman."—These were Grant's words to a radical politician.

[The reader must set his own value on this item—we give it as we find it.]

☞ Ex-President Buchanan is sick in Philadelphia.

— Ireland has over twelve thousand military policemen.

— The Liberals say Maximilian did not die game—that he broke down entirely just before he was shot.

— A dark story goes that kegs of old nails are thrown into the Saratoga Springs at night to secure the flavor. Glue and mackerel skins are also hinted at.

— The Bath Times learns that the exceptions and motion for a new trial in the case of the Bowdoinham robbers have been overruled.

— William Richardson of Paulding county, Ohio, is one hundred and four years old. He is the survivor of five wives, and is now living with the sixth. He is the father of 25 children by two of his wives, and twenty-one are living.

— The American Legation in Rome has been closed, as the Mission of the United States to the Papal Government has been discontinued. There are a number of other Legations that are fully as superfluous as that in Rome, and might be shut without any greater injury to the interests of the United States.

— Henry Ward Beecher says he well remembers the awe with which he looked upon a thin, pale, long-faced man, and thought he must surely be an eminent scholar, because he looked so nearly like having the consumption. He attached sanctity to emaciation, and tho't that robustness, rotundity and redness of the face indicated a carnal tendency, and that they were not favorable to good works so much as to good meals; but happily that day is passing away.

— Gen. Sheridan is the youngest man ever prominently mentioned for the Presidency. He is only a year older than the constitutional requirement.

— An ex-Federal soldier wants a party to elect the next President without a professional politician connected with it, and only one plank in the platform; that plank to be "Hang Jeff. Davis."

— At a meeting of members of the bar at Washington, resolutions sustaining Judge Fisher's course toward Mr. Bradley, and rebuking that belligerent counsel for his violation of the rules of decorum, refinement and professional courtesy, were adopted.

— The harvesting of the spring wheat crop is now fairly commenced in Illinois, and while the yield is reported large, the grain is mostly excellent in quality. A Chicago paper says the receipts of wheat are now quadruple those of this time last year. Prices are higher, and it will require much more currency to move the crop than was ever needed before.

MARRIAGES.

In Dover, Aug. 18, BENJ. KIMBALL, Esq., of Bangor, Me., to Miss NELLIE L. MORRISON.
In Stratford, TURNER WHITEHOUSE to Miss MARY BUMFORD, both of Barrington.

DEATHS.

In Dover, Aug. 21, Dr JOHN H WHEELER, 67.
In Bedford, Aug. 1, ENOCH SWEARS, 82.
In Barrington, June 7, MELVILLE L. WINKLEY, 30.
In Bangor, Me., CYRUS GOSS, Esq., 75, formerly of Dover.

Lost.

In this city, Wednesday evening, a very small White DOG, with a large Brown Spot over one eye. Whoever will return him to JAMES MITCHELL, at the Bowling Alley, over the New England House, Hanover street, shall be suitably rewarded. au23*1w

THE
UNION PACIFIC RAILROAD CO.

THEIR
FIRST MORTGAGE BONDS,
AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first section of 247 miles is pushed with great energy, and fifty miles of this road are finished, and fully equipped with depots, locomotives, cars, &c, and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not an inch more of road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a second lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government controls a second lien upon the road is a good investment, and that some of the shrewdest railroad builders of the country have already paid in five millions dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better security than U. S. Bonds, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Government 6's to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**

The daily subscriptions are already large, and they will continue to be received in New York by the

CONTINENTAL NATIONAL BANK, 7 Nassau st.,
CLARK, DODGE & CO., Bankers, 51 Wall street,
JOHN J. CISCO & SON, Bankers, 33 Wall street,

and by BANKS AND BANKERS generally throughout the United States, of whom maps and descriptive pamphlets may be obtained.—They will also be sent by mail from the Company's Office, No. 20 Nassau street, New York, on application. Subscribers will select their own Agents in whom they have confidence, who alone will be responsible to them for the safe delivery of the Bonds.

Morning Chronicle.

A NIGHT ON THE MOUNTAIN.—Mrs. William H. Brown, of Fairfield, Conn., with a lady friend, and guide, started from the White Mountain House, on Friday, the 9th inst., to go to the railroad on Mt. Washington. After reaching the point where the railroad stops, she proposed to her friend that they go on to the mountain, and they started for that point. The other lady soon grew tired of the trip, and concluded not to go on, and stopped, the guide remaining with her. Mrs. Brown went on and reached the Tip Top House, where she dined. On her way back, by mistake, she took the Crawford House path, and walked some distance before she discovered her mistake. She then attempted to find the path by which she came, and lost her way. She wandered about till she struck the Ammonoosuc river, when she followed its channel till darkness overtook her. She seated herself on the bank of the stream, and sat the night. The singing of the birds in the morning was a cheerful sound to her; and wet, cold and hungry, she commenced descending the stream again. About 9 o'clock Saturday morning she had the pleasure of coming out at Cold Spring, where she met parties who had started out in pursuit of her. She was conveyed to the White Mountain House, in an exhausted state, but on Sunday following was all right, excepting some severe bruises which she had received. It was a fortunate escape for her. She has ascended Mt. Washington three times, and says she means to go once more when the railroad is completed.

BRAZILIAN WOOL TRADE.—A letter from Buenos Ayres in the Tribune, dated June 28, says there was very little wool bought for the United States; fewer buyers in the market, and consequently the prices are lower. During the wool season there have been baled 130,000 bales. It is estimated that 2500 tons are still unsold. The prices are low. Persons desiring to leave the sheep business cannot obtain half the prices for sheep that have ruled for the last ten years. Cattle have been sold at $30 a head, in sight of Buenos Ayres, in the last month. The Standard, an English news paper, has been using these facts for stirring leaders, such as: Five cows for a pair of boots!" "Seven sheep for a pair of kid gloves!" The killing in Uruguay alone for this year, from January 1, is 857,000 animals.

☞ The adventures of the Princess Salm-Salm in the terrible drama of Mexico would form a strange chapter in a novel.—She is an American lady. She passed the enemy's lines twice to go from Queretaro to Mexico and return, and twice was she shot at by the Mexican sentinels. Porfirio Diaz had her two days in prison in Guadaloupe for having distributed money to the German and Austrian prisoners. She finally obtained a passport, which allowed her to direct her course to the coast, and rather ordered her to abandon the territory; but with this same passport she marched to Queretaro and San Luis, during the siege of the former city. She was only accompanied by a Mexican female, her faithful servant. Subsequently she obtained an audience from Juarez and Escobedo, to intercede for the life of Maximilian and her husband. It is said that she is a niece of President Johnson.

DETERMINED TO BE IN FASHION.—A Boston suburban gentleman, when one of his horses was brought to the door a few days since, noticed that the animal had lost a large part of his fine mane, and that the clipping and cutting had evidently not been done by an expert. For some time no explanation of this mutilation could be obtained. Diligent and persistent inquiry, however, at last elicited the fact that one of the maid servants was the offender, and that she had taken the surreptitiously obtained mats of horse hair to her room to provide herself with a "chignon!" Herein is a revelation alike of the mysteries and the despotism of fashion. No doubt Biddy knew what the waterfalls were made of as well as she knew where to scissorize the material.—*Transcript.*

— Accounts from all parts of Russia concur in stating that the year 1867 will be noted as a year of plenty. The crops of hemp, wheat, millet and oats are in a prosperous condition. An unusually large crop of beet-root is expected. The liberated serfs of Russia are experiencing the difficulty of farming without capital. The rent of one year is often paid out of the next year's crops.

— The official reports on the awful famine in India, which has now lasted a year, and at latest accounts was increasing, tell a truly heartrending story. The disaster has affected a population of 20,000,000, and the deaths have been as many as 1,500,000. Certain districts, however, have suffered far more severely than the average, and in the province of Orissa at least one-fourth of the inhabitants have been swept away. The crowning horror of hunger has not been wanting. Starving wretches have turned cannibals and eaten their own children. A missionary of Ballasore records a case of a mother and son who were found devouring a dead child. A Hindoo is mentioned who, having found the body of an infant in the river, cooked and ate it. Last year the Government and private charity expended for the relief of the sufferers over $2,000,000, and this year it is expected that a Government subsidy of at least $2,500,000 will be required.

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURIES to Agents as a cheap means to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to continue to do the CENTURY BUSINESS. We will continue to offer these inducements until the next is fully recognized.
We are making the CENTURY from selections of the very choicest old leaf, and have devoted every care to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEWING TOBACCO.
On Mondays we will place in one papers $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in four papers, $20 each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 in each. All to be drawn for. GENUINE U. S. GREENBACKS to the amount of $100 a day.
The letters of these Greenbacks—by sending us their names, address and numbers of the bills—will be presented with packages of our Tobacco in progress of sale on the market for FIFTY DAYS.
This House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, and we refer to it for all doubts, if any should exist, as to the genuineness of this enterprise.
THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. R. Mitchell, 35 Central street, Boston; R. A. Van Schaick, 103 Front street, Philadelphia; Jacob Earle; 35 S. Water street, Chicago; Schultz & Bagley, 94 West second street, Cincinnati.

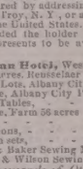
SPEER'S SAMBUCI WINE.
Prescribed by Physicians for
FEMALES, WEAKLY PERSONS AND INVALIDS.


As a Tonic, it has no equal, causing an appetite and building up the system of the most debilitated.
As a Diuretic it imparts a healthy action to the Kidneys and Urinary Organs; very beneficial in Dropsy, Gout and Rheumatic Affections.
As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopœia.
The qualities of SAMBUCI are "*sublime in purity*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.
N B—Vinum bonum bonum sanguinem facit.
SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and beneficial to ladies and children.
Be sure the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.
For sale by Town Agents and Druggists.

NOBODY.

If nobody's noticed you, you must be small;
If nobody's slighted you, you must be tall;
If nobody's bowed to you, you must be low;
If nobody's kissed you, you're ugly we know.

If nobody's envied you, you're a poor elf;
If nobody's flattered you, you've flattered yourself;
If nobody's cheated you, you are a knave;
If nobody's hated you, you are a slave.

If nobody's called you a fool to your face,
Somebody's wished for your back in its place;
If nobody's called you a tyrant or scold,
Somebody thinks you of spiritless mould.

If nobody knows of your faults but a friend,
Nobody will miss them at the world's end;
If nobody clings to your purse like a fawn,
Nobody'll run like a hound when it's gone.

If nobody's eaten his bread from your store,
Nobody'll call you a miserly bore;
If nobody's slandered you—here is our pen,
Sign yourself "nobody" quick as you can.
—[Hingham Journal.

RUM ON THE RAMPAGE.—Judging from reports that reach us from various sources, we conclude that the devotees of Bacchus are holding high carnival during these dog days. Reports of smash-ups and smash-downs, of brawls and quarrels, of disgrace and drunkenness, come thick and fast.—And all, as the dealers would say, for the want of a license law to regulate their traffic. Singular, isn't it, that these law loving and would-be law-abiding citizens, if they could only have a law to regulate their business, are compelled now, from sheer necessity, to go on and to sell without limit. They are like the celebrated legs of which we hear in song—having once got agoing, they can't stop.

The audacity of rumsellers has no parallel in the history of the race. With a full knowledge of the evils they are constantly inflicting upon communities and individuals, all of which are spread out like a living map before them, they affect astonishment that men should desire to meddle with their business. They seem surprised that they cannot be let alone, and that men should not regard them and their business as honorable and deserving of encouragement and support as any other. They do not seem to see that to make maniacs and idiots and paupers of their neighbors is not as justifiable as to reform, educate and refine them.—*Wolfeborough News.*

HORACE GREELEY, in his "Recollections of a Busy Life," in course of publication in the New York Ledger, reports the following incident as having occurred in Londonderry N. H., his native town:

It is related of the Rev. Matthew Clark, that among the audience in attendance on his ministrations was once a young British military officer, whose scarlet uniform far outshone any rival habiliments, and so fixed the gaze of the young damsels present that the wearer, enjoying the impression he was making, not only stood through the prayer with the rest, but remained standing after all others had sat down, until the pastor had proceeded with his sermon. At length, noticing a divided attention and its cause, the minister paused, laid aside his sermon, and, addressing his new hearer, said: "Ye're a braw (brave) lad; ye ha'e a braw suit of clathes, and we ha'e a'seen them; ye may sit doon." The lieutenant dropped as if shot, and the sermon was resumed and concluded as though it had not been interrupted.

HILL & CARR.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
The Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
IT KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in many other hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

For Summer.

JAMES A. DUPEE, JAMES BECK, HENRY SAYLES

The Daily Chronicle.

Portsmouth, N. H.

SATURDAY, AUGUST 24, 1867.

GEN. SICKLES has written a letter setting forth his reasons for interfering with the process of the United States courts.—The rebels have discovered that in order to avoid many of Gen. Sickles' orders enforcing the late reconstruction law, they have only to transfer their cases to the U. S. courts, which in North Carolina are prepared to pronounce the law unconstitutional. Many cases arose in the matter of collecting debts contracted during the rebellion; it was only necessary for the holders of these debts to transfer their claims to citizens in other States, to get the suits into the U. S. courts and obtain judgment.—Gen. S. a short time since telegraphed a summary of these matters to Gen. Grant, and the latter telegraphed in reply that Gen. S. should continue to enforce his order.

A JOHNSON PLOT.—The Washington special of the Boston Advertiser says that a confidential paper from the Attorney General's office, signed by Mr. Binckly and circulated by direction of the President, has been sent to all the departments, asking whether there are now any documents on their files concerning the case of Charles A. Dunham, and if there are any, directing that they be referred directly to the President for his personal inspection. This in all the departments is understood as a trick of Mr. Binckley's to cover the transfer of documents of a most questionable character from the Attorney General's office to Mr. Johnson's own hands.

[These rascals are playing over again the game of Buchanan, Brockenridge, Jeff. Davis and Floyd.]

GEN. HOWARD AND OTHERS.—A Washington special of the 22d says, that on that day President Johnson stated that he placed no reliance upon the charges of corruption made against Gen. Howard, but thought he was a fanatic, and through him the Bureau could be used to organize a republican party in the South, and he should, on this account, be obliged to remove him. The same writer says, that the President also, that day, declared in the most positive terms that the late correspondence between Gen. Grant and himself concerning the cases of Mr. Stanton and Gen. Sheridan would not be made public by himself. There is much feeling in loyal official quarters at this deliberate attempt to suppress General Grant's views.

[But is it possible the poor man is so demented, as to suppose this suppression can do him any good?]

☞ No democratic paper in the State has attempted to defend the vote of its party friends in the Legislature in favor of paying themselves four dollars a day for their valuable services, except the Portsmouth "States & Union," which it does by pronouncing it all "a lie," and then admitting that on the question of striking out $120 and inserting $100, "the majority of the democrats *did* vote No, for the purpose of giving the radicals the chance to appropriate the former sum and take the responsibility!" That is—more democrats than republicans voted for the "grab" in order to throw the blame on the latter, and the aforesaid print chuckles over the fact that "enough of the radicals swallowed the bait to retain the $120."

This may be regarded as honest as well as democratic at Clam Shell Corner, but it won't do anywhere else. Two rogues, Joshua and John, agree to rob their neighbor. Joshua, being longest in the legs, stands outside, smashes the window and helps his confederate in, who cleans out the premises of its valuables, passes them out to Joshua and they share the plunder.—Would the plea that Joshua only stood outside and opened the way to the theft, save him from the State Prison in a trial for burglary? We guess not.—*Dover Enq.*

☞ At Washington, says a well informed writer, nearly all the sensational articles concerning cabinet changes are set afloat by a ring of political loafers—adventurers from Louisiana, who circulate between the White House and the newspaper offices. They are also making a great show of the inauguration of a new political movement, and are using the names of influential men in connection with their pretended meetings. One New York paper has already been deceived, which has quite elated the ring. Being thoroughly disgusted with the changs from Sheridan to Thomas, they seek to force further cabinet changes, in order more easily to attain their personal ends. The Paymaster General, in reply to inquiries from Gen. Grant, has stated that none of the present force of paymasters can be spared without stopping the payment of additional bounties, and seriously interfering with military payments in all directions.

SHERIDAN'S REMOVAL.—The Tribune says: "There is dishonesty in those papers which represent the removal of Sheridan as a matter of slight importance. The Republican party, the loyal policy of Reconstruction, has met no such blow as this."—We suppose the loyal people are somewhat disposed to *strike back*, such a blow as will send Andrew Johnson to his own place, and scatter the nest of copperheads and rebels which he has warmed into active life.—Though some editors may "pretend indifference," the great body of thinking and acting men are not indifferent,—as will be seen when Congress assembles, fresh from contact with the people.

NEW HAMPSHIRE ITEMS.

—— Lovell Porter of Lyndon, took an over-dose of morphine which he was using for medicine, on Thursday week, and died.

—— Large tracts of State Lands, are advertised for sale by the Governor; 70,000 acres being in Coos, and smaller tracts in Grafton and Carroll counties. Much of the land is rough, but some is valuable.

—— A little boy six years old, son of Michael Agnew of Dover, fell into the Cocheco river on Saturday evening, near the Barlap mill, and was drowned. His body was recovered on Tuesday, about two miles down the river.

WHITE HOUSE MOVEMENTS.—A Washington letter says the National Intelligencer has an editorial "which has been prompted from the White House, calling upon Secretary Seward to resign. This is the plan of attack which has been resorted to by the Administration to secure an entire reorganization of the Cabinet. In view of the fact that this journal has been generally recognized as the organ of the Secretary of State, its foreshadowing of the views of the President in requesting Mr. Seward to vacate the State Department is unusually significant. There is no doubt but that the article which will appear tomorrow is dictated by Executive request, and judging from Mr. Seward's recently expressed views, there is no doubt but that he will promptly resign on the first authoritative intimation that his services are no longer needed."

Mr. Seward, then, having sown the wind, reaps the whirlwind; and this is right.—By the "Administraton," we suppose the writer means the "madman who scatters fire brands."

The correspondent of the N. Y. Herald says:

"He has ascertained that a meeting of about thirty conservative politicians was held there a short time ago. One of the prime movers in the affair was ex-Attorney General Black. The best course to be pursued in the present condition of parties was discussed at length, and it was actually agreed to support Johnson and Sherman as two of the strongest and most available men in the country. A plan of action was decided upon for working up this programme, and for setting the necessary machinery in motion to unite the conservative masses as one party on this ticket. It was decided that the operations should be conducted quietly and without any public show, and that each member of the meeting should devote himself in his special district to the furtherance of the programme agreed upon.

Does anybody remember the Tyler party, which buzzed round the accidental John who sat in the White House and expected a nomination he never received? History repeats itself, and these scoundrels who now surround Andrew the second, have really no idea of nominating him, which they know would be sure defeat.

GEN. THOMAS.—The Surgeon in-Chief of Gen. T's staff telegraphs that the general has not been in Louisville for a number of days, but is at the springs in West Virginia, under treatment for a disease which has troubled him somewhat of late. The surgeon also says that the general's health is in such a condition that his transfer to New Orleans during the present heated term would be attended with serious results. This official medical protest will be laid before the President.

☞ Whittier's "Tent on the Beach" is being printed in splendid style, and with fine illustrations. It will be one of the best specimens of the typographic art yet issued. It will be completed for the holidays. Published by Ticknor & Fields, of course.

☞ There is a great freshet in North Carolina, creating serious apprehensions for the low ground crops. The four principal rivers, Roanoke, Tar, Neuse and Cape Fear—have again overflowed their banks.

GOLD, Friday, 140 7-8.

— Mrs. Day, who died this week at the great age of 99 years 9 months, was the oldest resident of Portland. She was a native of that city.

— A Savannah, Georgia, item of Aug. 22, says the rains in the lower part of the State have materially injured the cotton crop, which was opening rapidly. The rain prevents picking and classification. Reports from the worm are exaggerated. It is raining hard.

— Mr. Jonah Clark of Derby, Conn., the heaviest man in town, was running a load of hay out of his barn last week on a down grade; the cart tipped up, when Mr. C., clinging to the tongue, was jerked into the air ten or fifteen feet, coming down erect and pitching forward upon his hands and knees, dislocating both shoulders.

— The British Admiralty recently ordered two steam vessels to the White Sea, in order to render assistance to the great number of shipwrecked vessels and their unfortunate crews, numbers of whom, it was expected, had perished. They proceeded through dense masses of ice for 15 miles, and saved 132 seamen from perishing. Fourteen ships were recovered and 50 lost. The greatest casualties occurred on the 18th and 19th June, twelve miles from Snovet Island and Western Island. On the 18th 250 vessels were beset with ice. Of the 50 ships lost 18 were British. The remainder were principally Norwegian. All but one of the recovered ships were taken into Archangel.

Communication.

LITTLE BOAR'S HEAD, August, '67.

Mr. Editor:—O for the pen of a poet, that I might this day sing the praises of Hampton Beach. But the coquetish muse, who once instant hovers, spell-bound and entranced, over the mighty expanse of ocean before her, gently folds her pinions at the next; and, sinking upon the billows, rushes forward to clasp with them in rough embrace, the ancient rocks whose polished sides bear witness to years of rough encounter. Recovering herself, a sequestered cove attracts her, where wave after wave steals noiseless in, gently laving the smooth pebbles, circling round and round them, as loving and unwilling to depart as over a lover from an idolized mistress. Then shaking off these soothing influences, she plumes herself for a yet more lofty flight; when lo! upon the shore a strange object meets her vision.

In the midst of smoke and flames, where human forms seem flitting to and fro, she spies what, for aught she knows, may be a witches' cauldron, or something equally uncanny. Nothing daunted, however, she proceeds cautiously to the spot, when, amidst the hum of voices, she fancies she detects the word "chowder." The clatter of knives, forks and spoons salutes her ear. The fragrant Mocha greets her olfactors. The cauldron likewise sends forth a most appetizing odor. She peers into a rustic saloon dexterously contrived, and canopied with many colors. Its low dimensions are quite appalling to the aspiring maiden; but, weary with unprofitable flights, she wisely concludes to fold her pinions and stop to dine! But how shall I find language to describe, especially in humble prose, "that chowder," the like of which was never before concocted, as sixty hungry beings, of varied size and age, not longer since than Wednesday bore witness!—Or how shall I enumerate the minor luxuries provided by skilful and generous fair ones, who, had the sons of Adam been more numerously represented, might have been accused of acting upon a suggestion of "Fanny Fern" to the sisterhood; but the scarcity of the former will screen the latter from any such imputation.

But oh! that delicious chowder! alike gratifying to the taste and inspiring to the brain. As bowl after bowl for a lengthened hour passed round, how our hearts rejoiced that the supply, like the widow's cruise of oil, seemed unfailing. Tongue and palate vied with each other in alternations of silence and exclamations of praise; while the buzz of inquiry from the delighted group was, "Can this be a work of magic or of art? Not the least attractive feature of the genial board was the many happy youthful countenances, reflecting upon the older and more serious a portion of their innocent vivacity. The sprightliness of the young ladies, the kind attentions of the matrons, and the gallantry of the gentlemen upon this occasion, will not easily be forgotten by a stranger.

The remainder of the day was occupied in accordance with the inclinations of each, in rambling upon the beach, bathing in the surf, or in dreamy contemplation of the vast ocean with its "Isles of Shoals" on the one hand, Cape Ann stretching far out in the distance on the other; while in the intermediate space, many a gallant sail sped on her trackless course, till lost to view in the dim distance.

Near the hill rises majestic the promontory of Great Boar's Head, in seeming defiance of wind and wave; while ourselves, stationed on the lesser bluff of that name, from restless ocean, and peaceful land, clothed with ripening fields and tasteful cottages, drank in with every breath, beauty and inspiration.

Our party have not left to pay their respects to Ex-President Pierce, whose cottage on the bluff was politely opened for our reception, notwithstanding the ill health of the occupant, and to whose cordial greeting the ladies in response presented some of the substantials of their festival.

A second bountiful repast, in which the ladies seemed to have vied with each other in varied and artistic cookery, and which would have graced an Alhambra of our metropolis, fortified all for a twilight drive to their romantic home in Newington; for which place, after giving three cheers for the Ex-President, the company took their departure, with the ardent wishes of their guests that their annual pic-nics hereafter may be equally pleasurable, delightful and inspiring.

MRS. B.

☞ We notice with much pleasure the success of the "Crescent Paper collar Co.," of Boston, under the direction of the well known firm of F. A. Harley & Co. They were the pioneers in this business, and the secret of their success is, that they have always made a superior collar and sold them at fair prices. The beauty, strength and fit of these collars should induce every one to try them. See their advertisement. It

THE WASHINGTON LIBRARY COMPANY of Philadelphia gains credit and support every day.—The sales of stock surpass all its expectation, and the prospect is, that the funds for the noble object will be secured even in advance of the time anticipated. The reason is obvious. The design is worthy, and creditable to the patriotic hearts who are laboring to reward a too much neglected class. The funds go into responsible hands, and the public have no fears that they will be mis-directed. The plan adopted satisfies the scruples of the most conscientious, and has the enforcement of eminent legal authority. It is by its distinctive features entirely removed from the taint of catch-penny schemes which have so often been the means of imposing on the public. It gives to purchasers of its stock a full equivalent for the consideration paid. All its transactions are open and above board. It has no concealment, and the reputation of its managers is such that they *cannot afford* to be dishonest in this transaction. Read advertisement.

"FEED THE HUNGRY!" But do it with good wholesome bread made with Pyle's Saleratus, which contains no adulterations, and is as harmless as flour—no other is so. Beware of imitations! Ask for Pyle's Saleratus. See that his name is on the package. 16

GOING! GOING!! GONE!!!—Faster than the auctioneer's hammer knocks down merchandise, neglect disposes of the teeth. Bid, therefore, for that prize of life, a perfect set, by brushing them regularly with SOZODONT. 14

— Perfection has been obtained, through art, science and experience, in the manufacture of Herrick Allen's Gold Medal Saleratus, as every lady who has tested it universally exclaims, "There is nothing like it!" Don't fail to test a paper, and you will never use any other. Call on your Grocer for it, and do not be put off with any other. All the Grocers sell it. Depot 112 Liberty street, New York. 42

☞ A new Universalist Society in Boston, (of which Rev. Rowland Connor is to be pastor) was organized in legal form August 22, when 33 persons signed the Winchester Confession of Faith, and the other articles usual in Universalist Societies. It was voted to hire Mechanics' Hall for Sundays and for one evening a week, for a year; to raise $5000 for a year's expenses; to invite Mr. Connor to be pastor for a year from Septembe 1, and to use Adams & Chapin's hymn book.

☞ Horatio Ward, a New Yorker, recently deceased in Paris, bequeathed to the National Soldiers and Sailors' Home, at Washington, $100,000, and to the various asylums or homes in the United States for orphans made by the late war for the restoration of the Union, $100,000—and he also bequeathed $19,000 to some ladies in Philadelphia, whom he had never seen, but whose father had befriended him in his boyhood.

THE
CENTRAL PACIFIC RAILROAD,
THE WESTERN HALF OF THE
GREAT NATIONAL TRUNK LINE
ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,502,000, or at the average rate of $33,000 per mile—not including an absolute grant of 10,000,000 acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of the First Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subventions given by the Acts of Congress upon the other parts of the through line, and has, in addition, **several special, exclusive advantages** applicable only to the Western Half.

I. The Company has received from the State and other cities of California, *assistance in money, credit and valuable lands*, to the amount of $3,000,000 in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and most part of its construction has been successfully overcome* within the first 150 miles. In a few weeks the track will be completed entirely across the Sierra Nevada Mountains, after which progress to Salt Lake will be easy and rapid.

III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and July, upon the 91 miles then open for business, were upward of $297,000 in gold; of which *four-fifths* were net-earnings.

IV. It can have no competition, but will carry, beside its own immense local traffic, *the whole volume of through business* which is shared among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin*. Its rates for transportation are very advantageous, being more than three times those of roads lying east of it; and the *ratio of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company are called upon to assume are very light. The net earnings will be sufficient to pay about 75 miles in 1868 were *nearly three times the amount of annual interest liabilities to be assumed in building it*, and over $235,000 *more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first 150 miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds.

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 90 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government; and represent, in all cases, the *first lien* upon a completed, equipped and productive railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of this Company to pay principal and interest of their Bonds in coin, being made under the Special Contract Law of California, authorizing and enforcing contracts payable in gold, *is legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.

In those important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*

The FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among FIRST CLASS SECURITIES, and to the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates materially in advance of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *safe, reliable and remunerative form of permanent investment.*

☞ If the weather be stormy, the Festival will take place the first fair day.

The Wonders of a Life-Time!

PERFECTLY IMMENSE!

THE VERY CELEBRATED
FLYING DRAGON TROUPE
—OF—
JAPANESE!

crossing the great Pacific Ocean and the American Continent, will make their first appearance in the great metropolis of New York, performing feats of the most marvelous and incomprehensible character.

"This Troupe of Japanese comprises twenty-four persons, each of whom has a specialty, and excels in it. And the whole combination is undoubtedly the most talented by far, of any that have yet appeared in this city."—*San Francisco Times, June 10.*

"It is evident that there is as much difference between them and their predecessors in point of skill as between leaping and manton and a street tumbler. They have simply indicated their right to be considered the best troupe that has left Japan, and altogether the most perfect."—*San Francisco Times, June 11.*

The enormous houses which have nightly attended the startling performances of the marvelous and incomprehensible Japanese during their recent engagement in New York, gives the evident assurance of their wonderful skill.

The Japanese Troupe will be culminating in outbursts of excited "bravos," reaching the degree of enthusiasm rarely witnessed within the walls of a theatre.

TWENTY-FOUR JAPANESE,
TWENTY-FOUR JAPANESE,

16 Men, 4 Women, 4 Children,
16 Men, 4 Women, 4 Children,

pronounced by the GREAT TYCOON himself
The Most Wonderful Star Performers of all Japan.

At each entertainment
IZENA GEEROO
will ascend a ladder formed of Japanese swords, sharp as razors, edge uppermost, bare footed, and while ascending and descending them in a most incredible manner. The Japanese
COLUMN AND SUSPENSION ACTS,
by the artists Chusan Keetchee, Kooma Keetchee and Gooo Keetchee are surprising feats of strength, agility and grace, while the feats of
CONTORTION, BALANCING, PERCHE,
&c., by others of the troupe, are highly interesting and picturesque. No description can convey any satisfactory notion of this most singular entertainment to those who have not seen it; it is so entirely peculiar and unique in its character, that all who are anxious to experience a new sensation, and who have a penchant for novelties, should witness for themselves.

It may safely be asserted that ASTONISHMENT WILL RIDE TO AWE in witnessing the startling feats of the children of the Isles of the Rising Sun; the press and Public of New York and Boston are enthusastic in announcing without stint or reservation, that the performance of this utterly unparalleled Troupe is far beyond all precedent. The endorsement by presence and enthusiastic applause of Clergy and Dignitaries of these cities, is of itself an overwhelming evidence of the RARE HISTORICAL AND SCIENTIFIC NATURE OF THE PERFORMANCE.

It is, says the Brooklyn Eagle, impossible to describe these marvels. To be understood they must be seen, and seeing, one must be assured he is awake, and not dreaming to believe.

Imagine others skipping in the air like mammoth grasshoppers, bounding as an india rubber ball,

GYRATING AND REVOLVING,

setting all conceived ideas of human strength and endurance utterly at naught.

Of all Human Marvels these are Greatest!

Will exhibit at Portsmouth,

On Lot near Rockingham Mill, Hale's Point.

POSITIVELY ONE DAY ONLY,

SATURDAY, August 31st,

Afternoon and Evening, under their New and Elegant

Mammoth Water-proof Pavilion.

Seating 5,000 people; at 2 and 7, P. M.
ADMISSION 50 Cents. Children, 25 cents

CROUP! CROUP!

DR. HOOKER'S
COUGH AND CROUP SYRUP
CURES
CROUP, COUGHS FROM COLDS, HOARSENESS, CATARRHAL COUGHS,
COUGHS FROM HUMORS & BRONCHIAL COUGHS
and gives speedy relief in Whooping Coughs and Asthma, and often cures the latter, and invariably shortens the run of the former.

☞ Children are liable to be attacked with Croup without a moment's warning. It is, therefore, important that every family should have constantly at hand some simple and pleasant, yet efficacious remedy for the cure of this painful and too often fatal disease. Such a remedy is

Dr. Hooker's Cough and Croup Syrup.

For sale by all Druggists.
C. D. LEET, Proprietor,
mh25—dawly&G2 Springfield, Mass.
Demas Barnes & Co., 21 Park Row, New York, will also supply the Trade at List Prices.

Holloway's Pills.—Cholera or Griping of the bowels. Laudanum may lull the pain but not destroy it. Morphine steeps the senses in artificial sleep without refreshing the invalid. Holloway's Pills not only procure the same results without the baneful effects, but so entirely extinguish the elements of the disease as to promote a speedy cure without danger of relapse. Sold by all Druggists. nu24dawlw

DIRECTIONS FOR
MAKING YOUR OWN SOAP
WITH YOUR WASTE GREASE!
Penn'a Salt M'f'g Co.'s Renowned
SAPONIFIER:
(Patents of 1st and 8th Feb., 1859,) on
CONCENTRATED LYE!

Two Cents only for every pound of Soap.

DIRECTIONS.—Dissolve one box of Lye in 2½ pounds (pints) of soft water, in an iron pot. Melt in another pot or pan 5 lbs. of grease, or more. Take off the fire, and into *this* stir slowly the dis solved lye, and keep stirring until the whole becomes well mixed and like molasses. Now cover up, and set in a warm place over night. Next day cut up into small pieces, add 6 lbs. (or pints) of water, and melt with a gentle heat until the soap is *all dissolved*, then pour into a tub to cool. When cold cut into bars, which will be fit to use in about ten days.

Beware of Counterfeits.—*Be particular in asking for PENN'A SALT M'FG CO'S SAPONIFIER.*

DR. SCHENCK, THE LUNG DOCTOR.

☞ The Proprietor of SCHENK'S PULMONIC SYRUP, the inventor of SCHENK'S RESPIOMETER, the only instrument that can to a certainty detect the slightest murmur of the respiratory organs.

This is of great importance to Dr. SCHENCK, to know the exact condition of the lungs, whether it is Tuberculous, Pulmonary, Bronchial, Pleuritic, or Dyspeptic Consuption, and whether it is both lungs or only one that are diseased.

It requires constant and long practice to become familiar with every sound or rattling of a diseased bronchial tube. Patients come to Dr. SCHENCK to get examined that have been examined by their family physician, who told them that their lungs were almost gone; when by close examination with the Respirometer, it is often found that it is an affection of the bronchial tube; and by getting a healthy action of the liver and tone of the stomach, the sufferer is soon restored to health. Sometimes medicine that will stop a cough is certain death to the patient. It locks up the liver, stops the circulation of the blood—hemorrhage follows, and, in fact, stopping the action of the very organs that cause the cough.

Dr. Schenck will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer the charge is $5. His medicines are for sale by all druggists and dealers, also a good supply at all times at his rooms. Price of the Pulmonic Syrup and Seaweed Tonic, each $1.50 per bottle, or $15.00 per half dozen; Mandrake Pills 25 cents per box.—GEO. C. GODDWIN & CO., 38 Hanover street, Agents for Boston. For sale by all druggists.

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRADRETH'S PILLS,
is always safe, never leaving any ill effects. In all cases their use is wise; but in severe pain from colic, inflammations, or external injuries, it is
LIFE SAVING.
Remember BRANDRETH'S PILLS are always sure of a cure, and always without the least danger, and they act on every part of the system, dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says—"I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. jy2dawlmepn

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is
KILLED DEAD,
the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which
IN FIVE MINUTES
produces a black or brown which is not surpassed by nature's own hue. Be wise in time. Use only safe and sure article is

Local.

☞ Rev. Drs. Peabody and Lamson have supplied their old pulpits in this city several times of late. Rev. Mr. DeNormandie is expected to return home and resume his pastoral duties the first Sunday in September. The alterations and refitting of the Episcopal church have recently been completed, and the Society are occupying their new and modern pews or slips. Two churches in this city are without pastors—the Middle Street Baptist and Court Street Christian Societies.

☞ Respecting the Rockingham Fair, the Exeter News Letter of the 19th, (the editor of which is Secretary of the Society,) says the time of holding the Fair is not yet decided, and would not be till the 24th inst. But the Amesbury Villager of the 22d says "the Fair will be held on the 18th and 19th September. The town of Kingston, through Darius Towle, makes a liberal offer for the holding of the Fair within its limits —giving the ground necessary, well fenced —the Town Hall, and a fine half mile mile track." Portsmouth ought to do better than that—such a gathering is worth ten thousand dollars to any place.

☞ A gentleman engaged in transporting coal, assures us that Friday, August 23, is the eighth Friday in succession, on which it has been so rainy that no coal could be loaded, and of course no other out-door work performed.

☞ The Milwaukee Wisconsin gives a lengthy account of a strange love affair, the parties to which are a Chicago belle and Sing-Kee Chee, one of the troupe of Japanese to perform here next week. The latter has written to the Tycoon and asked permission to carry on the courtship.

☞ Oh dear, how the Summer is going! Here are all the Magazines for September on hand, and the golden rod is in bloom, and the leaves are changing.

☞ Our chronic rain-storm came back with new vigor on Thursday night, and lasted through Friday.

☞ Camp Meeting at Epping next week. The C. & P. Railroad carries visitors at reduced fare.

☞ Major Hackett offers a house on Hunking street at auction to-day.

☞ The Boston Journal publishes full particulars of the recent loss of the U. S. S. Sacramento, in East India waters. A private letter written by an officer to his father in Boston, says:

"We went ashore the evening of June 19, The shoals at the mouth of the Sambalding River have shifted out much farther than marked on our charts, and instead of anchoring quietly in Oceanada Harbor, as we intended, we found ourselves bumping away on the bar. We worked as hard as men could to get her off, until the next morning, when we were obliged to give up all idea of saving the ship, and think only of getting ashore ourselves. There was no lack of vigilance on the part of any officers.

☞ Another of the gang of counterfeiters and smugglers of Oxford county Me., was arrested at Newry, Me., on Thursday, by the Detectives of the Treasury Department. His name is Charles Bartlett, and proprietor of the "People's Tavern" near Umbagog Lake. He is charged with passing ten dollar bills on the Flour City Nat. Bank, Rochester, N. Y. He was examined yesterday at Portland, before Commissioner Clifford, and held to bail in the sum of $2500 to answer further.

☞ Franklin Burdick, a little boy, amusing himself with a pistol, accidentally put a ball through his own heart, at Providence, R. I., on Wednesday, and died instantly.

— Eight Southern loyalists, who have taken the test oath contrary to law and facts, are to be prosecuted at the next term of the United States Circuit Court for Georgia.

— Mrs. Sally Atwood of Myrickville passed her 104th birthday, Saturday, in good health and spirits. There appear to be no diminution of either the mental or bodily faculties of the worthy old lady who has lived so long beyond the span of men.

— The Boston Post's Washington correspondent says that the President returned "a tart reply" to Gen. Grant's protest against the removal of Sheridan, and that the whole correspondence was "far from being a mere friendly interchange of views." Other correspondents now make statements to the same effect.

— At Guildhall, Vt., on the 8th, while Wm. Dewey's family were seated at dinner, a streak of electricity passed through the house, overturning the table, scattering the food and dishes promiscuously about and affecting all the family. Mr. Dewey was delirious for some time. The sky was clear at the time.

— A large barn near Raynham Centre, Mass., owned by Oliver S. Wilbur, was set on fire Tuesday night and destroyed with its contents, including a pair of horses valued at $800. Loss not less than $3000—insured for $700 only. Mr. Wilbur's steam mill was burned within a month, and the town authorities have called a meeting to authorize a reward for the arrest of the incendiary.

☞ There are several remarkable articles in the Herald of Health for September. One of these is from Rev. Henry Ward Beecher, on the natural laws of man, worthy to be read by everybody. This able monthly is $2 a year—20 cents a number. Miller, Wood & Co. are the publishers.

— False calves, pads, &c., are known in the trade as symmetrical goods.

DEATHS.

In this city, Aug. 23, SARAH S. AMBERINE, aged 18 years, daughter of Wm. H. and Eurania J. Amerzine.

In this city, Aug. 22, ALLIE ANDREWS, aged 4 weeks, son of William and Mary A. Andrews.—[Newburyport papers please copy.]

In Salisbury, Aug. 12, Capt. JAMES FOWLER, aged 72.—Aug. 18, AARON BOYD, aged 66.

DR. S. S. FITCH,

Of 714 BROADWAY, NEW YORK, Author of the Six Lectures on the Prevention and Cure of Pulmonary Consumption, Asthma, Catarrh, Dyspepsia, Heart Disease and all Chronic Diseases, will be at the

ROCKINGHAM HOUSE, Portsmouth,

On THURSDAY, Aug. 29, and on the same day of the week every 4th week afterward.

Dr. Fitch treats all diseases of the Head, Scalp, Eyes, Nostrils, Face, Throat, Lungs, Stomach, Heart, Liver, Bowels, Piles, Kidneys, Skins, Joints, Deposy; also that peculiar to Males and to Females. Lost Complexion perfectly restored. Most persons, somewhere from 15 to 80 have one or more bad fits of sickness from which, if cured they will live ten to fifty years longer. Dr. Fitch's most prominent specialty is the prolongation of human life.

A respectable physician said to me four weeks ago, "For seventeen years you have kept me well of diseases pronounced utterly incurable by several eminent physicians."

Mrs. Elizabeth Huntington Long writes, (Saratoga Springs, March 30, 1867,) "Twenty-three years ago she had ulcerated lungs, and true, seated, hereditary consumption, of which her sister died. I cured her perfectly. Fourteen years later she had a bad attack of heart disease, of which her brother died. Of this I cured her perfectly. She says, "I am a new woman—my gratitude, for, under God, I owe my life to you."

Miss Anna Judkin, at Portsmouth, N. H., June 7, 1867, said, "Twenty-three years ago I was your patient, and very bad with lung disease. My father, four brothers and three sisters, had died with consumption. I was wholly given up. In six months you cured me. I have now enjoyed perfect health twenty two and a half years; not a single case of lung disease in all that time."

D. D. Benjamin of Union, N. J., says, "Over twenty years ago I and my brother were both in consumption. I had bleeding and ulcerated lungs. My brother refused treatment, and died in three months. You cured me, and I have not had any cough or lung trouble in twenty years. I was then forty, and I am now sixty years old."

All consultations are wholly free.

Dr. Fitch's "FAMILY PHYSICIAN," a most excellent book in all families, 76 pages, 25 cents, sent free of postage to any address. Send no money until you get the book and approve it. Direct all letters for books or consultation to 25 TREMONT ST., BOSTON, Mass. je29—1y

THE
UNION PACIFIC RAILROAD CO.
THEIR
FIRST MORTGAGE BONDS,
AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with its western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The first question asked by prudent investors is,—"Are these bonds secure?" Next—"Are they a profitable investment?" To reply in brief:

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grant of over twenty million acres of land and fifty million dollars in its own bonds practically guarantees it. One fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific, and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be low in the market unless they represent a *bona fide* property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Governments, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 per cent. less than U. S. Stocks.

10th. At the current rate of premium on gold, they pay **Over Nine per cent. Interest.**

The daily subscriptions are already large, and they will continue to be received in New York by the

Morning Chronicle.

THE FARMER'S WIFE.

Oh! give me the life of a farmer's wife,
In the fields and woods so bright,
'Mong the singing birds and the lowing herds,
And the clover blossoms white.
The note of the morning's heavenward lark
Is the music sweet to me;
And the dewy flowers, in the early hours,
The gems I love to see.

Oh! give me the breeze from the waving trees,
The murmur of summer leaves;
And the swallow's song as he skims along,
Or twitters beneath the eaves;
The plowman's shout as he's turning out
His team at set of sun,
Or his merry good night by the fire fly's light,
When his daily work is done.

And give me the root with the luscious fruit,
Which my own hands rear for food;
And the bread so light, and the honey white,
And the milk so pure and good;
For sweet the bread of labor is,
When the heart is strong and true,
And a blessing will come to the earth and home
If our best we bravely do.

FLIES IN AMBER."

Picked out for the Chronicle.

— If you pursue good with labor, the labor passes away and the good remains; but if you pursue pleasure with evil, the pleasure passes away and the evil remains.

— We ought to remember kindnesses received, and forget those we have done.

— It is great folly for a man to muse much on such things as pass his understanding.

— No man is free who does not command himself.

— One might as well be out of the world, as be beloved by nobody in it.

— It is a miserable sight to see a poor man proud, and a rich man avaricious.

— A deceitful peace is more hurtful than an open war.

— He who loses money, loses much; he who loses a friend, loses more; but he who loses his spirits, loses all.

☞" A correspondent, writing from the "Tip End of Cape Cod," says he found on that extremest verge a veritable hoop-skirt, and adds; "It is a singular fact, well known to those who ramble much, that the last signs of civilized life to be met with in the unoccupied outskirts are unoccupied hoop-skirts. They strangely mark the outermost limits of human settlements. They are found at the bottom of rivers, on the shore of the sea, and on the frontier lines of the interior. Can it be that the fair occupants wander thither in despair, and there 'shuffle off their mortal coil' and leave for better regions?"

— We don't know that our young men generally have cataracts in their eyes, but they have a great many waterfalls.—*Prentice.*

— A wife in Flint, Mich., was lately sold for one dollar, and the Globe of that place laments that a fair and comely woman is discounted fifty dollars below the price of a good cow.

— Dr. Browne having long admired a very beautiful young lady, made a point of always giving her for his toast. Being once told it was time to change it, he replied, "I believe it is; for though I have been toasting her for these twenty years, I have not been able to make her brown yet."

— A judge of the Bankruptcy Court in Buffalo, a few days ago rejected a petition on the ground of "illegible writing," and upon receiving a letter from a prominent lawyer on the matter, replied that if the rejected petition had been as badly scrawled as the epistle in question, he should have committed the author for contempt.

— It is said of Lopez, who has been lately assassinated for betraying Maximilian, that at one time he fell into an ambush of the enemy, when he at once commanded a retreat, during which his horse was shot under him. One of his men then took his Colonel up behind him, but the man's horse proving unable to carry the double weight, slackened his speed. Lopez perceiving that they must both be captured, drew a pistol from his belt, shot his preserver through the head, rolled him from the saddle and escaped alone.

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to use it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to pronounce it the BEST FINE CUT MADE. We will continue to offer these inducements until the fact is fully recognized.

We are making the CENTURY from selections of the very choicest oil leaf, and have devoted every care to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEWING TOBACCO.

On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in five papers, $20 in each. On Thursdays, in ten papers, $10 each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 in each, in all cases issuing GENUINE U. S. GREENBACKS to the amount of $100 a day.

The finders of these Greenbacks—by sending us their names, address and box numbers of the bills —will be presented with packages of our Tobacco in proportion to the amount of money found.

This House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, which puts to flight all doubts, if any should exist, as to the genuineness of this enterprise.

THE CENTURY TOBACCO can be had in large quantities at Manufacturers' prices, of A. E. Mitchell, 35 Central street, Boston; C. A. Van Schaick, 16 S. Front street, Philadelphia; Foy & Earle, 33 S. Water street, Chicago; Schultz & Bager, 94 West second street, Cincinnati.

Price list sent on application to

Important Notice to the Public.

GLEASON HALL

PRESENTATION FESTIVAL.

THE THIRD GRAND CONCERT,

Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,

Will take place on

Thursday Evening, August 29, 1867,

AT GLEASON HALL, WEST TROY, N. Y.

The Second Grand Concert of the series took place at West Troy, N. Y., on Thursday evening, Aug. 15, and was a most successful affair. The hall was filled to overflowing with a refined and appreciative audience from all parts of the State. There was a committee of twenty-five ladies and well known gentlemen selected by the audience on the night of the first Concert to superintend the drawing, which took place, which will be on the night of the last Concert. The tickets, which have been limited to 75,000, at

ONE DOLLAR EACH,

can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or any of the Agents throughout the State. There will be a present awarded the holder of every ticket.—Among the presents to be awarded are the following, viz:

Metropolitan Hotel, West Troy, $30,000
FARM, fifty acres, Rensselaer Co., - $4,000
Six Building Lots, Albany City, - 3,000
One Mortgage, Albany City Property, - 1,000
Two Billiard Tables, - - 1,200
One Mortgage, Farm 56 acres - 1,075
One Piano - - 500
Three Melodeons, - - - 375
Two Bedroom sets, - - 200
One Grover & Baker Sewing Machine, plated, 85
One Wheeler & Wilson Sewing Machine, 70

And Thousands of Other Presents,

Consisting of

Marble Top Centre Tables, Mirrors, Clocks, Stoves, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Port Monnaies, Scarfs, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on the owner, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed an Executive Committee by Mr. Casey, do hereby certify that all moneys received for the sale of Tickets are to be placed in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be contracted by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW A. ALEXANDER,
THOMAS BATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts, Mr. John H. Casey, Metropolitan Hotel, West Troy, N. Y.

APPLEDORE HOUSE,

ISLES OF SHOALS.

This famous resort during the hot season is again open to the public.

To lovers of fishing and the cool breezes of the ocean, this place offers greater inducements than any other locality on the coast.

No fast new Steamer PIONEER will leave Railroad Wharf, Portsmouth, N. H., daily, on the arrival of the morning train from Boston, and return in the afternoon in season to connect with the cars. O. & C. LAIGHTON.

Caution

To Females Desiring Health.

DR. DOW, Physician and Surgeon, No. 7 ENDICOTT ST., Boston, is consulted, daily for all diseases incident to the female system. Prolapsus Uteri or Fluor Albus, suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days. So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women than any other physician in Boston.

Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases peculiar to Females, acknowledges no superior in the United States.

N. B.—All letters must contain one dollar, or they will not be answered.

Office hours from 8 A. M. to 9 P. M.

WIFE AND I.

She who sleeps upon my heart
Was the first to win it;
She who dreams upon my breast
Ever reigns within it;
She who kisses off my lips
Wakes the warmest blessing;
She who rests within my arms
Feels their closest pressing.

Other days than these shall come,
Days that may be dreary;
Other hours shall greet us yet,
Hours that may be weary.
Still this heart shall be thy home,
Still this breast thy pillow,
Still these lips meet thine as oft
Billow meeteth billow.

Sleep, then, on my happy heart,
Since thy love hath won it;
Dream, then, on my loyal breast—
None but thou hast done it;
And when age our bloom shall change,
With its wintry weather,
May we in the self-same grave
Sleep and dream together!

JUDGE CHASE puts down a Lie, and snubs a Liar.—When it comes to an issue of veracity between Chief-Justice Chase and Mr. Thurlow Weed, the result is inevitable. Mr. Chase, in a letter to a friend in Philadelphia, thus silences his slanderers, and if The Commercial Advertiser in the face of these manly words dares to utter another lie, it is simply because it can constitutionally utter nothing else. Judge Chase says:

"The article in the World, of New York, is in an excellent spirit, and not far from correct. But I don't want to be represented as particularly poor or particularly disinterested. I think I am worth now about one hundred thousand dollars. I should, at any rate, be quite willing to take that sum in 5-20s, and make a clear conveyance of all I have in the world to anybody who will pay my debts. I would willingly be worth a great deal more if I knew of an honest way to get worth more. All that the people are interested in knowing is that I haven't a cent which of right belongs to them. I didn't serve them to make money out of them, but to save money for them, and I really feel that the rascals who are slandering me ought to be denounced, and this mean attempt to injure me in the public esteem exposed. It is much more important to the people than it is to me, that those who have served them faithfully shall be fully and generously sustained; otherwise rascality will be at a premium, and those who are trying to make them suspect me, will run their arms to the shoulders in their money-bags."

VICTORIA'S NEW BOOK.—A London letter writer thus speaks of the probable reception of the Queen's memoir of Prince Albert:

I think the Queen has greatly erred in sanctioning this publication; and when the first chorus of laudation has died away, I feel that the reaction will be swift and cynical. Already, people are tired of hearing about the Prince Consort's virtues, and his blue eyes, and his measles. He was a good man, no doubt; he had a considerable respect for his health and the ten commandments; but it is simply wearisome to be perpetually told that he never committed any sins in particular, and that he accepted "the sacrifice" involved in quitting Rosenau for Windsor Castle, without making any serious complaints of his altered condition in life. After all, the Queen of England is still a personage of some importance in the world, and one does not like to hear talk of a young German princelet as making a "sacrifice" when he married, in the prime of her youth and her prettiness, the monarch of a mighty realm.

—Hapiness abounds most the with lowly; there are more blossoms in valleys than on the hills.

— Why was the nose put in the middle of the face? Because it is the *scenter*, (centre.)

— Velocipedes are the rage among Parisian bucks just now, and Prince Murat, Count Savern, and other eminent scions of the aristocracy may be seen propelling these vehicles on the Bois de Boulogne, near the cascade. Some have become so skillful as to go fifteen miles an hour. A Velocipede Club is to be formed, and there are to be grand races during the autumn.

The subscriber has sold and used them for many years, and they have proved equal in all respects to any other make, and superior to most. A splendid new 7 octave instrument, fresh from their mint, may be seen at his new Music and Painting Room, Mercantile Library Building, over Mr. J. H. HEAD'S store, which is for sale at the manufacturer's price, and which our friends and the public are invited to call and examine. T. P. MOSES.

American and Foreign Patents.
R. H. EDDY,
SOLICITOR OF PATENTS,
Late Agent of the U. S. Patent Office, Washington under the Act of 1837.
No. 78 State street, (opposite Kilby street,) **Boston.**
After an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Assignments, Bonds, and all papers or drawings for Patents, executed on reasonable terms, with dispatch. Researches made into American and Foreign Works, to determine the validity and utility of Patents of Inventions, and legal and other advice rendered in all matters touching the same. Copies of the claims of any patent furnished by remitting one dollar. Assignments recorded in Washington.
No Agency in the United States possesses superior facilities for obtaining Patents or ascertaining the patentability of inventions.
During eight months the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS; *every one* of which was decided *in his favor* by the Commissioner of Patents.
"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse. CHAS. MASON,"
Commissioner of Patents.
"I have no hesitation in assuring inventors that they can not employ a man *more competent and trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
"Mr. R. H. EDDY has made for me THIRTEEN applications, in all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part, leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGHART."
Boston, Jan. 1, 1867.—3tawly

BUY THE CHEAPEST AND THE BEST.
DR. WARREN'S
BILLIOUS BITTERS,
The Great Blood Purifier and Regulator.
Recommended in confidence by thousands for the past five years.
From M. S. BURR & Co., the oldest Wholesale and Retail Dealers in Proprietary Medicines, Perfumery, &c., in New England:
"We have sold large quantities of Dr. WARREN'S BILLIOUS BITTERS during the past five years, both at wholesale and retail, and have yet to learn of a single instance wherein they have failed to give perfect satisfaction. From personal knowledge, as well as from the reports of our numerous customers, we confidently recommend Dr. WARREN'S BILLIOUS BITTERS to the public as a safe, reliable and very valuable Family Medicine. M. S. BURR & CO."
N B.—Observe a fac-simile Signature of the Proprietor, (JOHN A. PERRY), on the wrapper, without which none is genuine.
For sale by all Druggists.
JOHN A. PERRY, Chemist, Boston, Proprietor.
Wholesale by M. S. BURR & Co., General Agents, Dealers in Drugs, Medicines, Perfumery, &c., 28 Tremont St., Boston, Mass.

Caution
To Females in Delicate Health.
DR. DOW, Physician and Surgeon, No. 7 EDDICOTT St., Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri or Fluor Albus, suppression and other menstrual derangements, are all treated on new pathological principles, and speedy relief guaranteed in a very few days So invariably certain is this new mode of treatment, that most obstinate complaints yield under it, and the silliest person soon rejoices in perfect health.
Dr. Dow has no doubt had greater experience the cure of diseases of women than any other hysician in Boston.
Boarding accommodations for those who may wish to stay in Boston a few days under his treatment.
Dr. Dow, since 1845, having confined his whole attention to an office practice for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.
N. B.—All letters must contain one dollar, or hey will not be answered.
Office hours from 8 A. M. to 9 P. M.
Boston, Aug. 4, 1867.— 1ytcao

BREAD
MIXING and KNEADING MACHINES.
One of the Most DESIRABLE and VALUABLE Inventions of the Age.
For sale by
E. A. STEVENS,
46 Market Street, Portsmouth, N. H.
The attention of Housekeepers, Proprietors of Hotels and Restaurants, and Bakers of Bread and Pastry is invited to the advantages of the Bread Mixers and Kneaders
The principal advantages, however, are:
The Great Saving of Labor.
Cleanliness,
Certainty of always having Good Bread, which even the most skilful often fail in making.
The merits and cheapness of the machine are enough to recommend it to general use and cause its introduction into every family.
It meets a want that has long been felt, and lightens a part of household labor that has always been most severe. While thousands of other labor-saving improvements are in use, bread is kneaded in the old laborious way in which it has been done for a thousand years, with great loss of time, strength and economy; for millions of dollars are annually lost by making bad and worthless bread. The machine will pay for itself in a short time by the saving of flour.
The Ladies are respectfully invited to call and see the machine at the store of the subscriber, 46 Market street, where we shall be glad to show them to any one, whether they propose to purchase or not. au 6 E. A. STEVENS.

Four Per Cent.
TAX PAYERS in the City of Portsmouth are hereby notified that Four per cent. will be deducted from their tax bills if paid within thirty days from date. CHARLES A. SHANNON.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making the hair brushy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

JAMES A. DUPEE, JAMES BECK, HENRY SAYLES.

The Daily Chronicle.

Portsmouth, N. H.

MONDAY, AUGUST 26, 1867.

ENGLISH CLERGYMEN. — The West End, a new paper in London, classifies the clergy of England thus: "We have the timid, school-visiting, weak-eyed, tea-drinking, croquet-playing curate, with a strong conviction that he stands in need of feminine sympathy; the pet parson, who finds his way as naturally into the drawing-room of fashionable watering places as a fly into a sugar-basin; the comical parson, who is great in organizing archery clubs and bazaars, as well as in enacting the part of social buffoon on every possible opportunity; the dancing parson, the hunting parson, and lastly, the parson who is denominated, *par excellence*, 'fast.'"

Perhaps all this may be true; but it is certainly not the whole truth,—and any person who should take it as a full and fair description of the clergy in the established church of England, would be grossly deceived. There are within the pale of that church to-day, some as learned, devoted ministers and earnest Christians, as were Thomas Scott and Archbishop Whateley; and a very large number of humble, industrious and useful pastors, whose names are unknown to the world and to fame, but whose record is on high, and whose reward in heaven is great.

The writer in the West End is to be understood as speaking solely of minsters of the established State Church, for these only are called clergymen in England. But if any person this side the water should include the dissenting ministers of England in the writer's catalogue of useless or unsuitable clergymen, they would greatly deceive themselves. For though there are, no doubt, some weak and some worthless men among them, yet as a body they are excellent people.

In any view which we can take of the item, it looks unfair and one-sided. In the Churches and among the ministry in England, there is undoubtedly some chaff; but there is undoubtedly some very sound and valuable wheat. U. T.

☞ The case of John B. Palmer vs. the city of Concord, to recover damages for the destruction of property connected with the office of the Democratic Standard by a mob in 1861, is to be tried in Dover in September. The case was transferred from Merrimack to Strafford County, on account of the prejudices of the citizens of the former county. Lewis W. Clark of Manchester, and W. B. Small of Newmarket, appear for the plaintiff, and M. W. Tappan and John Y. Mugridge for the defence.—Palmer, Edmund Burke & Co. may as well give it up so—for neither they, nor the Bangor Democrat, nor Joshua, nor any other man in the same scrape, will ever get a cent damages.

☞ Somebody says the most patient man that ever breathed cursed the day he was born; and the meekest man murdered an Egyptian.—Yes, and still the discouraging fact to passionate people, that, "greater is he that ruleth his spirit, than he that concquereth a city," is continually held up,—designedly to induce efforts to control their tempers, but which must naturally have a contrary disheartening effect. Gen. Grant was some on conquering cities, but he hardly ruled his "spirit," and can't govern his cigars.

A CONVENTION ROW.—In Ohio, Aug. 22, a Democratic Convention to nominate a candidate to Congress in the 2d Congressional district, to fill the vacancy occasioned by the resignation of Gen. Hays, met at Cummingsville. The resolutions of the Ohio State convention, and the Kentucky resolutions of 1798, were adopted as the platform. The delegates being equally divided between Gen. Amman, late an officer in the army, and Mr. Ferguson, an anti-war civilian, got into a squabble and the convention broke up in a row, without nominating a candidate.

MANCHESTER CITY CHARTER.—The Supreme Judicial Court of New Hampshire has decided that a law of the last Legislature, amending the City Charter of Manchester, and providing for the registration of voters under the supervision of the Board of Assessors, is constitutional.

— The grape crop in California this year is estimated to be double that of last year.

— Governor Smith of Montana has called for eight hundred militia for six months' active service against the Indians.

— The Indians will be sorry to learn of General Sheridan's removal from command at New Orleans, if he is to be assigned to a command on the Plains.

— In Bangor, the other day, one Thomas Gillespie refused to testify in a rum case, and even refused to appear before the Court, for fear that he might criminate himself. He was sentenced to jail for ten days.

— It is said, on good authority, that Sheridan had made out an order for the arrest and trial by military commission, of Gen. Rousseau, for impeding reconstruction. The law gives him that power. Rousseau and Steedman suddenly left New Orleans, and the arrest was thus prevented.

NEW HAMPSHIRE ITEMS.

—— Mrs. Hannah Bryant, of Sandwich, 78 years old, spun one hundred skeins of yarn each day for eleven days in succession without glasses. Although old in years, her working qualities hold good.

—— Clara E. Martin, daughter of Alfred Martin, of Jackson, 8 years old, wove with her own hands, in a patent loom, forty-five yards of good wool cloth, the past winter, and assisted in taking care of an invalid sister and a sick mother.

—— A singular accident occurred to a young man in Hudson, the other day, while he was mowing. He stepped into a hole, throwing him partially down so that the other knee came upon the edge of the scythe, cutting the ligaments and producing dislocation of the knee joint.

—— Rev. A. J. Church, of Concord, who for several monts past has occupied the position of State Temperance Agent, having resigned his agency, the Executive Committee of the State Temperance League have filled the vacancy by the appointment of Rev. D. C. Babcock, of Claremont, to that position.

—— Sunday evening as some men were watching the water in the Merrimack near Amoskeag, they saw the head of a horse coming down stream. They rowed out and succeeded in getting the animal ashore in good condition. The owner residing a mile up stream had turned his horse out; and that going too near the water, the bank had caved in, and let the poor fellow into the stream.

—— Mr. Nahum Brown of Great Falls, had been to Wells and got a load of fish, and was on his return, when by some misstep he was thrown inside the forward wheel, and being unable to stop the horse, was dragged in that condition about three-fourths of a mile, when the horse turned up to a farm house. Mr. B. bled profusely and was insensible, but is recovering.

—— A frightful accident took place in Jaffrey last week. A man was blasting rocks, when a Frenchman understook to show how it should be done, and after putting in the powder, commenced tramping in stones immediately on top of it, when it exploded, blowing out both his eyes, and one for his comrade, besides otherwise seriously injuring them both. The name of one was Dexter Jewell.

—— The death of Mr. James Young of Great Falls was caused by disinterested affection. He being at work at Rochester, was informed by a messenger that his wife was dangerously sick and desired to see him. Overwhelmed with fear and anxiety at the message, the young man left his work unfinished, started on the instant, and *ran a distance of six miles without stop*, until he entered the room where lay his sick wife.—To his inquiry for her welfare, an answer being returned that the disease had taken a favorable turn, his attention was turned to his own condition. Calling for water, he drank a small quantity, and sank in a swoon, from which he was only relieved by death, the next evening.

LEGAL DECISION.—The Supreme Judicial Court at Manchester have given a decision in regard to the liability of substitute brokers, of some interest.

The action was brought by the town of Lebanon against one Heath, and the facts appear to be these: The broker furnished a man to the town of Lebanon and received therefor the stipulated price. It proved that the man sold was a deserter and of course could not be counted on the quota of Lebanon, as he already belonged to some other town. Lebanon sued to recover sum paid. The decision is that the broker is liable.

Justice Bellows, in giving the opinion, took occasion to suggest that in many instances there was a complicity between the broker and the substitute—the same man being sold in one place, and deserting, comes to the broker and is re-sold in another. This may involve other brokers.—*Mirror.*

MAGAZINES.—About all for the ensuing month are now received and for sale at the bookstores.

The Atlantic gives further instalments of the Guardian Angel and Hospital Memoirs, besides the usual variety in verse and prose.

The Phrenological Journal, alone in its peculiar departments, has as usual a wide range of topics for discussion.

The Student, published by Joseph H. Allen, Boston; The Nursery, for very small children, published by John L. Shorey, Boston; the Little Corporal, published by Alfred Sewell, Chicago; and Our Boys and Girls, published by Lee & Shepard, Boston;—each and all have attractive features for the young, for whom they are especially designed.

From the L. Scott Publishing Co., New York, we have their reprint of Blackwood's Magazine for August, containing an interesting article on "the Life and Letters of Gov. Winthrop."

☞ The Daily Press is the name of a new penny paper in Boston, just half as large as this Chronicle—"started in the interest of rum," as the Lebanon Free Press has it—though that paper thinks "there was no need of it, as the Herald answers all such purposes." But for our part, we don't see that the Herald is any stronger for free rum than most of the other dailies, the Traveller excepted.

— The best way to get fish—Hook it.

CHOICE ITEMS.—The National Intelligencer says that President Johnson's retention of the Cabinet of his predecessor "was a mistake." It adds that he must reorganize his Cabinet and make it a unit and then show "prompt, decided action," for these are times "when public opinion must be startled into the support of the right, and not coaxed."

The Washington correspondent of the Charleston Courier says the President is bent on turning out the Radical Republicans in the Treasury and Post Office service.

The New York Herald, now supporting President Johnson, insists that he cannot stop with the removal of prominent officers opposed to his views, but he must "*assup his proclamation of universal pardon to every man engaged in the rebellion*, and thus restore to every white man in the South all his civil rights as a citizen of the United States. The disfranchising clauses of the reconstruction acts of Congress would then become inoperative, as the Executive pardon would obliterate the offense and remove all penalties imposed as a punishment therefor."

A Nashville telegram says that armed rebels in Tennessee are revenging themselves for Brownlow's majority by robbing negroes of arms which they retained when leaving the Federal service, and then murdering those who have been disarmed.—Madison county is overrun with murderous guerrillas.

[Every traitor, and all the copperheads and miscreants in the land, encouraged by President Johnson's insane freaks, are looking for some great advantage to themselves, now likely to turn up.

But the loyal people have a word to say on the matter—and Congress, in about three months, may change the programme considerably, and perhaps impeach and remove a certain insane or drunken public functionary who stands in the way of reconstruction,—and break up the den of thieves and robbers which he has gathered round him.]

GAMBLING.—The war at present being carried on against public gaming houses in New York city by an association of moral reformers, has so frightened the lottery dealers, that it is said to be almost impossible for a stranger to speculate with them, and the faro bankers allow none to enter establishments save regular customers, or strangers duly vouched for. The Tribune says the leading gamblers held a meeting, and after a great deal of talk decided to organize a Gamblers' Society, as an offset to the mischievous affair knows as the Society for the Suppression of Gambling, John C. Heenan being temporary chairman. A speaker said:

"The business of gambling is a legitimate one. A player pays his money and takes his choice, as he does in the Gold room, and so does the most respectable merchant of the city, who buys Erie at 99, expecting to sell at 100, and they are both gamblers.—One watches the turn of a card; the other waits for a rise in stocks. He who gains in the latter case is no less a gambler than the man who deals faro for a livelihood."

And he was not so far out of the way.—We are glad the gambling shops are to be shut up,—but why not stop the gambling at the gold and stock boards too? It is not that we love the straight-out, regular gamblers more, but the hypocritical, respectably-covered up ones less.

☞ Messrs. Griswold & Winchell, No. 3 Tremont Row, Boston, will issue about the 1st of September a superb lithograph from one of Mr. Barry's designs, entitled "One and Twenty." It is a life-size ideal head, of a beautiful maiden just in the full bloom of womanhood, and is intended to represent female beauty in its most refined, intellectual and fascinating type. It will be sold by subscription only, and agents are wanted to canvass for the same.

☞ The Missionary Herald for September has an engraving of The Birth Place of American Missions—and the leading article is an interesting Reminiscence of Old Lester.

A GENTLE WHISPER TO MOTHERS.—If unfortunately you have lost your own teeth by neglect or mismanagement, take care that your daughters do not suffer the same penalty from the same cause. See to it that they brush their teeth regularly and thoroughly with SOZODONT, and thereby you will insure them sound and serviceable sets as long as they live. 16

☞ We believe this is not the first occasion we have had to direct the attention of our readers to the advertisements in our columns of Messrs. C. A. Richards & Co. We are again called upon to present the merits of the celebrated London Dock Gin to our readers through the medium of a new advertisement, which we insert to-day for the first time. The general excellence of all the articles sold by Messrs. C. A. Richards & Co. precludes any extended notice on our part. The reputation of the firm, and the very successful business they have built up, tell their own story. 1t

"FEED THE HUNGRY!" But do it with good wholesome bread made with Pyle's Saleratus, which contains no adulterations, and is as harmless as flour—no other is so. Beware of imitations! Ask for Pyle's Saleratus. See that his name is on the package. 16

☞ Physicians recommend SPERM'S Sambuci Wine as the best for females, weakly persons and invalids. Sold by Druggists. 2

— Dyspeptic persons, would you be cured of this dreadful disease, and all others arising from the use of common Saleratus? Also, have light white and healthy bread and biscuit? Do not fail to procure a paper of Herrick Allen's Gold Medal Saleratus after which you will never use any other. It is the best in the world. Try it.—Call on you Grocer for it. At wholesale by all Druggists. 4t

TOUGH STORY.—*Twenty-nine Men said to have Vanquished Three Thousand Savages.*—Judge Kinney, of the Special Indian Commission, confirms the report of the fight between Major Powell and the Sioux, on the 2d inst. Major Powell was not killed. He fought 3000 Indians three hours with only 29 men concealed behind a corral. Lieutenant Jenness and five soldiers were killed. The Indian loss was 2000. (?) It is reported that the Crows were friendly.

YELLOW FEVER.—Gen. Sheridan telegraphs to headquarters that the yellow fever has assumed an epidemic form in New Orleans. Several of his officers are ill with it, and he desires authority to employ additional nurses. The New Orleans correspondent of the New York Tribune died Thursday, Aug. 22.

THE

CENTRAL PACIFIC RAILROAD,

THE WESTERN HALF OF THE

GREAT NATIONAL TRUNK LINE ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of 865 miles $28,592,000, or at the average rate of $33,000 per mile—not including an absolute grant of 12,800 acres of land to the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving its first lien in favor of First Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the through line, and has, in addition, **several special, exclusive advantages** applicable only to the Western Half.

I. The Company has received from the State and other cities of California, *assistance in money, credit and valuable property, to the amount of* $30,000 in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and costliest part of its construction has been successfully overcome* within the first 150 miles. In a few weeks the track will be completed entirely across the Sierra Nevada, after which progress to Salt Lake will be easy and rapid.

III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the two months of June and July, upon the 91 miles then open for business, were upward of $207,000 in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, besides its own extensive local traffic, *the entire volume of through business* which is shared among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin.* Its rates of transportation are very advantageous, being more than three times those of roads lying east of it; and the *ratio of operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company are called upon to assume are very light. The net earnings from an average of about 75 miles in 1866 were nearly *three times the amount of annual interest liabilities to be assumed in building it, and were* $235,000 *more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first 150 miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds.

Principal and Interest payable in Gold Coin, in New York city. They are in sums of $1000 each, with semi-annual gold coupons attached, and are selling for the present at 93 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued only as the work progresses, and to the same amount only as the Bonds granted by the Government; they represent, in all cases, a *first lien* upon a completed, equipped and productive railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of this Company to pay principal and interest of their Bonds in coin, being made under the Special Contract with the Government, authorizing and enforcing contracts to pay gold, *is legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer the usual degree of safety, stability and profit combined.*

THE FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among FIRST CLASS SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and assiduously dealt in hereafter, at rates materially in advance of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *sound, reliable and remunerative form of permanent investment.*

Conversions of Government Securities INTO CENTRAL PACIFIC FIRST MORTGAGE BONDS

Now realize for the holders about

☞ If the weather be stormy, the Festival will take place the first fair day.

The Wonders of a Life-Time!

PERFECTLY IMMENSE!

THE VERY CELEBRATED

FLYING DRAGON TROUPE

—OF—

JAPANESE!

crossing the great Pacific Ocean and the American Continent, made their first appearance in the great metropolis of New York, performing feats of the most marvelous and incomprehensible character.

"This Troupe of Japanese comprises twenty-four persons, each of whom has a specialty, and excels in it. And the whole combination is undoubtedly the most talented by far, of any that have yet appeared in this city."—*San Francisco Times, June 10.*

"It is evident that there is as much difference between them and their predecessors in point of skill as between Leotard and Haulon and a street tumbler. They have simply indicated their right to be considered the best troupe that has left Japan, and altogether the most perfect."—*San Francisco Times, June 11.*

The enormous houses which have nightly attended the startling performances of the marvelous and incomprehensible Japanese during their recent engagement in New York, gives the evident assurance of their wonderful skill.

The applause continuous, and culminating in repeated encores, which have rendering the degree of enthusiasm rarely witnessed within the walls of a theatre.

TWENTY-FOUR JAPANESE, TWENTY-FOUR JAPANESE,

16 Men, 4 Women, 4 Children,

16 Men, 4 Women, 4 Children,

pronounced by the GREAT TYCOON himself

The Most Wonderful Star Performers of Japan.

At each entertainment

IZENA GEEROO

will ascend a ladder formed of Japanese swords, sharp as razors, edge uppermost, bare footed, running, altitudinizing and jumping upon them in a most incredible manner. The Japanese

COLUMN AND SUSPENSION ACTS,

by the artists Chusan Keetchee, Kooma Keetchee and Gono Keetchee are surprising feats of strength, agility and dexterity, while the

CONTORTION, BALANCING, PERCHE,

&c., by others of the troupe, are highly interesting and picturesque. No description can convey any satisfactory notion of this most singular entertainment to those who have not seen it; it is so entirely peculiar and unique in its character, that all who are anxious to experience a new sensation, and who have a penchant for novelties, should witness for themselves.

It may safely be assumed that ASTONISHMENT WILL RE-ECHO AWE in witnessing the startling feats of the children of the Isles of the Sun. The press and Public of New York and Boston are enthusiastic in announcing without stint or reservation, that the performance of this utterly unparalleled Troupe is far beyond all precedent. The endorsement by presence and enthusiastic applause of Clergy and Dignitaries of these cities, is of itself an overwhelming evidence of the RARE MERIT AND SCIENTIFIC NATURE OF THE PERFORMANCE.

It is says the Brooklyn Eagle, impossible to describe these marvelous feats in words. You must be seen, and seeing, one must be assured he is awake, and not dreaming to believe.

Imagine a human form springing into the air, like a bird with one wing clipped, and revolving three times horizontally.

Imagine others skipping in the air like mammoth grasshoppers, bounding as an india rubber ball,

GYRATING AND REVOLVING,

setting all conceived ideas of human strength and endurance utterly at naught.

Of all Human Marvels these are Greatest!

Will exhibit at Portsmouth,

On Lot near Rockingham Mill, Hale's Point,

POSITIVELY ONE DAY ONLY,

SATURDAY, August 31st,

Afternoon and Evening, under their New and Elegant

Mammoth Water-proof Pavilion.

Seating 5,000 people; at 2 and 7, P. M.

ADMISSION 50 Cents. Children, 25 cents.

PURE OLD GIN.—Dunster's fine old London Dock Gin is now the standard article of the kind. It is sold generally by grocers and druggists, in large bottles, and at a very reasonable price. 1

Holloway's Pills.—Cholera or Griping of the bowels. Laudanum may lull the pain but not destroy it. Morphine steeps the senses in artificial sleep without refreshing the invalid. Holloway's Pills not only procure the same results without the baneful effects, but so entirely extinguish the elements of the disease as to promote a speedy cure without danger of relapse — Sold by all Druggists. au24dawlw

DR. S. S. FITCH,

Of 714 BROADWAY, NEW YORK, Author of the Six Lectures on the Prevention and Cure of Pulmonary Consumption, Asthma, Catarrh, Dyspepsia, Heart Disease and all Chronic Diseases, will be at the

ROCKINGHAM HOUSE, Portsmouth,
On THURSDAY, Aug. 20, and on the same day of the week every 4th week afterward.

Dr. Fitch treats all Diseases of the Head, Scalp, Eyes, Nostrils, Face, Throat, Lungs, Stomach, Heart, Liver, Bowels, Piles, Kidneys, Spine, Joints, Dropsy; also Diseases peculiar to Males and to Females. Lost Complexion perfectly restored. Most distressing, sometimes fatal, ills to 50 have one or more bad fits of sickness. Cure them wholly, and they will live ten to fifty years longer. Dr. Fitch's most prominent specialty is the prolongation of human life.

A respectable physician said to me four weeks ago, "For seventeen years you have kept me well of diseases pronounced utterly incurable by several eminent physicians."

Mrs. Elizabeth Huntington Long writes, (Saratoga Springs, March 26, 1867,) twenty three years ago she had ulcerated lungs, and true, seated, hereditary consumption, of which her mother died. I cured her perfectly. Fourteen years later she had a bad attack of heart disease, of which her brother died. Of this I cured her perfectly. She says, "I always remember you with gratitude, for, under God, I owe my life to you."

Miss Linda Kirk, of Portsmouth, N. H., June 7, 1867, said, "Twenty-three years ago I was your patient, and very bad with lung disease. My father, four brothers and three sisters, had died with consumption. I was wholly given up. In six months you cured me. I have now enjoyed perfect health twenty-two and a half years; not a single show of lung diseases in all that time."

D. D. Benjamin of Union, N. J., says, "Over twenty years ago I and my brother were both in consumption. I had bleeding and ulcerated lungs. My brother refused treatment, and died in three months. You cured me, and I have not had any cough or lung trouble in twenty years. I was then forty, and I am now sixty years old."

All consultations are wholly free.

Price of Dr. Fitch's "FAMILY PHYSICIAN," a most excellent book in all families, 76 pages, 25 cents, sent free postage to any address. Send for a copy until you get the book and approve it. Direct all letters for books or consultation to 25 TREMONT ST., BOSTON, Mass. je23–1y

DR. MILLER'S
Soothing and Healing Balsam,
or, Nature's Assistant.

IT HAS PROVED THE BEST SALVE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Shoulders, Chilblains, Chapped Hands, Stiff Neck, Agues, Sore Throat, Sore Eyes, Earache, Deafness, Poisoning, Erysipelas, and Inflammation of the Eyes. For Rheumatism it is not a certain cure, as hundreds have been relieved for whom other remedies had failed.

AS AN INTERNAL MEDICINE, when taken in season, it will cure Inflammation of the Bowels, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.

This medicine is purely vegetable in its composition, soothing and healing in its influence, and may be given to any age or sex with perfect safety. It has been before the public during the past nine years, and has wrought some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. ADVICE FOR THE PEOPLE.—Forced sweatings is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRADRETH'S PILLS,
is always safe, never leaving any ill effects. In all cases of their use is wise; but in severe pain from colic, inflammations, or external injuries, it is
LIFE SAVING.
Remember BRANDRETH'S PILLS are always sure of effect, and always without the least danger, and they act on every part of the system, dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says— "I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. jy29dawlmespn

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is
KILLED DEAD,
the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which
IN FIVE MINUTES
produces a black or brown which is not surpassed by nature's own hue. Be wise in time. The only safe and sure article is
CRISTADORO'S HAIR DYE.
Manufactured by J. CRISTADORO, 63 Maiden Lane, New York. Sold by all *Druggists*. Applied by all Hair Dressers. jy30daw—1m

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pains in the Limbs, Chest and Back; also internally for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received all over Europe for it. The most celebrated Physicians recommend it—it never fails. TOBIAS puts up every drop himself. Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortland street, N. Y. au4dawlm

DR. SCHENCK ON DYSPEPSIA.—SYMPTOMS, CAUSES AND REMEDY.

Symptoms of Dyspepsia—A sense of fullness, tightness, and weight in the stomach, together with flatulency, acidity, sour, offensive belching of wind, water-brash and vomiting, and in a great deal of what people call an all-gone feeling at the pit of the stomach; frequently there is also a palpitation of the heart, which physicians mistake for heart disease, and when the stomach is in this condition it is coated with a mucus or slime. The rough fibrous portions of the food, being similar to what we see in tripe, is what throws out the gastric juice, and when the stomach gets a thick coat of slime on it, it prevents the gastric juice from flowing, and digestion ceases. Schenck's Seaweed Tonic dissolves this mucus or slime, and restores the stomach to its natural condition.

Schenck's Mandrake Pills are also required to carry off this morbid matter. Two-thirds of the cases of Consumption are caused from this diseased state of the stomach; the liver becoming torpid, it ceases to throw out bile, and in a short time the whole system is deranged. The mucous membrane of the bronchial tubes sympathizes with the other organs, and before the patient is aware of it, he has Bronchial or Pulmonary Consumption.

Schenck's Pulmonic Syrup cannot act freely through the lungs when the system is in this locked up condition, without the aid of the Sea Weed Tonic and Mandrake Pills. The Liver has all the organs to assist in digestion, when it gets in a morbid condition, blood and bile run through the system mixed, and the whole body becomes filled with the blood so thick it can hardly run through the veins. In a majority of cases hemorrhages occur from this thick condition of the blood. The Mandrake Pills act on the Liver similar to calomel, or they do what that does—it unlocks the gall bladders, starts the bile, and the blood begins to circulate naturally through the veins, and the hemorrhages cease. If, when persons are attacked with hemorrhage, they would first take a good purgative, something that would act on the liver, they would soon be relieved from bleeding from the lungs, and it is the only way, for no amount of Pulmonic Syrup can infiltrate the bronchial tubes, and lay the groundwork for consumption.

DR. SCHENCK will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 3 P. M. He gives advice free, but for a thorough examination with the Respirometer, the charge is $5.

His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7 50 the half dozen. Mandrake Pills 25 cents per box.

GEO. C. GOODWIN & CO., 38 Hanover St., Agents for Boston. For sale by all Druggists. Wnf–dawlw–no1

MOTH AND FRECKLES.—The only reliable remedy for those brown discolorations on the face called Moth Patches and Freckles, is PERRY'S MOTH and FRECKLE LOTION. Only one dollar per bottle. Depot for Dr. C. PERRY, Dermatologist, 49 Bond St., New York. Sold by all druggists in Portsmouth and elsewhere. Price $2 per bottle. au23–sndawlm

TO CONSUMPTIVES.—The advertiser, having been restored to health in a few weeks by a very simple remedy, after having suffered for several years with a severe lung affection—is anxious to make known to his fellow-sufferers the means of cure.

To all who desire it, he will send a copy of the prescription used, (free of charge), with directions for preparing and using the same, which they will find a SURE CURE for CONSUMPTION, ASTHMA, BRONCHITIS, COUGHS, COLDS and all Throat and Lung affections. The only object of the advertiser sending the Prescription is to benefit the afflicted, and spread information which he conceives to be invaluable, and he hopes every sufferer will try his remedy, as it will cost them nothing, and may prove a blessing. Parties wishing the prescription, FREE, by return mail, will please address

law day HENRY EDWARD A. WILSON,

Boston, July 1, 1867. eodawly

Local.

☞ Potatoes seem to be rotting all about in this city, as fast as they can, with the aid and encouragement of the copious rains. A load was sold in this city Saturday at 50 cents per bushel, wholesale.

☞ There's a chance for a good time, at Greenland, Thursday. Those who don't care to dance, can go to aid the cause; and those who don't regard the object can go to enjoy a nice dance—with a band and caller to make it go, as is not usually the case with rural or private parties.

☞ At a late meeting of the Essex Association of Congregational Ministers, Mr. Wm. A. Rand, son of Mr. Edward Rand of this city, was licensed to preach the Gospel. Mr. Rand's present field of work is South Seabrook in this State.

NAVAL.—Captain Daniel Ammen has been detached from special duty at Washington, and ordered to command the Piscataqua.

Acting Master Rudolph Somers and Acting Ensign Charles R. Fleming have been ordered to the Peoria.

Mate J. A. Belcher has been detached from the Peoria, and placed on leave for discharge.

☞ On the 12th inst., we published an item respecting an imposter whom our police escorted to the State of Maine line, for attempting to gather alms under false pretences; also an item regarding several suspicious persons, whose presence here led to extra precautions being taken to guard against burglary.

We have all since heard that on Friday night, the 16th, the safe of a Mr. O'Neil in Cornish, Me., was robbed of about $20,000, and we understand from those who know the ropes, that the same parties who found our little city too warm for their operations, did the "job" for our friends in Cornish.—Detectives are on their track.

On the same night, a brother, or near relative of the Cornish sufferer, who lives in Westbrook, Me., and who is supposed to have a large amount of Government bonds, was aroused by the noise of some one attempting to enter his dwelling. He lit a light and came down stairs, and being alone in the house, he sat up the rest of the night and watched. His bonds were deposited in a bank at Portland, as all such valuables should be, but of this the burglars were not aware; yet this evident preconcertion of movement in the commission of evil, should warn all that it is insecure to leave temptation for such plunderers in an unprotected dwelling.

☞ A very narrow escape from drowning occurred in this city on Sunday forenoon, only averted by the courage of a boy named James Buckley, but ten years old. Michael Carroll, six years of age and son of Michael Carroll, fell into the river near the "Pigeon Coop," where the shore is bold and the current very rapid. Buckley, who was on Bow street, heard the cry of "boy overboard." He ran to the spot, and by diving succeeded in finding Carroll and bringing him to the shore. Dr. Folsom was called and it was thought that Carroll would live.

Communication.

ASTRONOMICAL.—Now is the time to view the largest and very beautiful planet, Jupiter. She was in opposition to the sun this morning, (26th) at 2 hours 17 minutes; or in other terms 180 degrees distant from the sun in the great circle. She will apparently undergo no diminution in size or brilliancy for the next thirty days; and will be evening star throughout the year, and on the 30th of December next will be very near the planet Venus and the moon in the western sky.

Jupiter rises at about 7 o'clock in the evening, and the time for observation is any time after 9. She is about 1400 times larger than *our little* planet, and is 98,000 miles in diameter; her revolution around the sun occupies about eleven of our years, and is distant from that body 490 millions of miles.

Saturn may be seen in the southwest at about 9 o'clock, a few degrees northwest of the bright star Antares. In the northwest likewise may be seen, at the same time, the *Great Bear*, "swinging round the circle."

Yours, TYRO.

☞ Messrs. Leypoldt & Holt, New York, have just issued a pamphlet of 130 pages, giving the history, organization and management of "Co-operative Stores," based on the recent German work of Eugene Richter, and especially adapted for use in this country. Price 50 cents. For sale by J. F. Shores, Jr.

— Gen. Grant refuses positively any interviews with newspaper correspondents.

— Pierce Butler, the husband of Fanny Kemble Butler, died lately on his estate in Georgia.

— Beauregard is doing Niagara Falls.—He ought to have been forced to do a greater "fall" than that, long ago.

— New Orleans papers deny the story in some Northern papers relative to Gen. Sheridan's magnificent turnout, saying it is ridiculously untrue.

— The Portland Star says the exceptions filed in the case of the Bowdoinham bank robbers have been overruled, and the prisoners will be sentenced at once.

☞ Mr. W. M. Jefferson, Assistant Engineer on the Eastern Railroad, was presented at Newburyport with a valuable chronometer watch and chain, as evidence of the cordial feelings existing between himself and those associated with him in laying the second track from Salem into Beverly, and also those engaged in building the new bridge across the Merrimack river, both of which operations are being carried on under Mr. Jefferson's supervision.

☞ Nicholas Hanson, of Scarboro', Me., was arrested in Portland on Friday last, charged with passing counterfeit fractional currency of the denomination of fifty cents. He gave $1500 bail to the Commissioner for his appearance on next Wednesday, at which time he will have his preliminary examination. It is stated that hitherto he has borne a good character.

GEN. HOWARD.—Among the charges which have been preferred against General Howard is one that he desires to make the Freedmen's Bureau a permanent institution, and that he will seek to perpetuate it through Congress beyond July, 1868, when it ceases to exist by the act creating it,—A misappropriation of funds is also alleged against him. Gen. Howard denies these charges. At the same time he is daily in expectancy of receiving the order dismissing him. There is no doubt of Gen. Howard's honesty, in any fair mind.—He would make a good President, or Vice President: tho' we can't very well spare him nor his Bureau at present. If our modern Moses should insist on ousting Gen. H., and destroying the Bureau,—he may perhaps oust himself, and perpetuate the Bureau.

JEREMIAH DAY, L.L. D., ex-President of Yale College, died at New Haven, Conn., Aug. 23, aged 94. He was President there 29 years, and a tutor and professor of mathematics 19 years before. He was the author of Day's Algebra, and several other mathematical books.

GOLD, Saturday, 140 3-4.

— Prominent Union men in New Orleans are preparing charges against General Rousseau and Steadman for hindering the work of reconstruction. These charges will be presented jointly to Gen. Grant and to Congress at the next session.

THE
UNION PACIFIC RAILROAD CO.
THEIR
FIRST MORTGAGE BONDS,
AS AN INVESTMENT.

The rapid progress of the Union Pacific Railroad, now building west from Omaha, Nebraska, and forming, with the western connections, an unbroken line across the continent, attracts attention to the value of the First Mortgage Bonds which the Company now offer to the public. The most question asked by prudent investors is,—"Are these bonds secure?" Next,—"Are they a profitable investment?" To reply in brief:—

1st. The early completion of the whole great line to the Pacific is as certain as any future business event can be. The Government grants of over seventy miles in a zone of land and fifty million dollars in its own bonds practically guarantees it. One-fourth of the work is already done, and the track continues to be laid at the rate of two miles a day.

2d. The Union Pacific Railroad bonds are issued upon what promises to be one of the most profitable lines of railroad in the country. For many years it must be the only line connecting the Atlantic and Pacific; and being without competition, it can maintain remunerative rates.

3d. 425 miles of this road are finished, and fully equipped with depots, locomotives, cars, &c., and two trains are daily running each way. The materials for the remaining 92 miles to the eastern base of the Rocky Mountains are on hand, and it is under contract to be done in September.

4th. The net earnings of the sections already finished are *several times greater* than the gold interest upon the First Mortgage Bonds upon such sections, and if not another mile of the road were built, the part already completed would not only pay interest and expenses, but be profitable to the Company.

5th. The Union Pacific Railroad bonds can be issued only as the road progresses, and therefore can never be in the market unless they represent a bona fide property.

6th. Their amount is strictly limited by law to a sum equal to what is granted by the U. S. Government, and for which it takes a *second* lien as its security. This amount upon the first 517 miles west from Omaha is only $16,000 per mile.

7th. The fact that the U. S. Government considers a second lien upon the road a good investment, and that some of the shrewdest railroad builders of the country have already paid in five million dollars upon the stock (which is to them a third lien), may well inspire confidence in a first lien.

8th. Although it is not claimed that there can be any better securities than Government, there are parties who consider a first mortgage upon such a property as this the very best security in the world, and who sell their Governments to reinvest in these bonds—thus securing a greater interest.

9th. As the Union Pacific Railroad bonds are offered for the present at 90 cents on the dollar and accrued interest, they are the cheapest security in the market, being more than 15 percent. less than U. S. stocks.

10th. At the current rate of premium on gold, they pay over Nine per cents. Interest.

The daily subscriptions are already large, and they will continue to be received in New York by the

Morning Chronicle.

A SONG OF THE FLY SEASON.

Oh! the whisking, frisking *flies*,
Bobbing about one's nose, and off again!
Think, whenever you drink, one lies
Snug in the jug to make you cough again;
Busy about us all the day,
Making us *fear* at beer suspiciously,
Buzzing at night in a worrying way,
And waking us up in the morning viciously.

Oh! the tiresome, teasing flies,
Whisk them off and back they come again.
Vain the hope of the man who tries [Again.
By flippers and flappers to stop their hum

Settling down on each sugary knob,
Blackening the milk with their hairy bodies all;
Into our tea they at breakfast bob,
Filthy them forth and an impudent nod is all;
Over the butter one crawls and sprawls,
Lift him out, and the grateful beggar see,
Breathing his last on your toast he falls,
And leaves you his legs as a friendly legacy.

Oh! the tiresome, tedious things,
Of life's small troubles the living images.
Waifs and strays of legs and wings,
Are all the spoils of constant scrimmages.

Photograph wanted—there's a pose!
Features freed from all severity;
Stop! there's a fly on your nose, [ity;
And your face screwed up goes down to posterity.
Thinner, through dinner being never obtained.
From taking a morsel these torments prevent all men;
Banting himself might the fly-world have trained
To lessen the waistcoats of corpulent gentlemen.
Tickling, tiresome, tedious flies, [for 'em;
If they need blessings, there's plenty of mine
Fidgeting round our nose and eyes,
Dance a bit can we write a line for 'em.

A TEMPERANCE JOKE.—The "Contributor" writes from Jackson to the Cincinnati Times of a joke played on some delegates to the Good Templar's Convention recently held there. They got into an omnibus at the depot, and told the driver to take them to a temperance house. "All right," said he, and away he drove. He gave them a pretty long ride, and finally hauled up in front of an immense stone structure, surrounded by a high wall. "What hotel is this?" inquired a delegate, eyeing the premises in a bewildered manner.

"Michigan State *Prison*," said the driver, "the only temperance house in Jackson."

They concluded not to put up there—not if they could help it.

—"A woman is at the bottom of all trouble."—You remember the story of the Shah of Persia. When he was told that a workman had fallen from a ladder, he called out: "Who is she? Who is she?"

"Please your majesty, 'tis a *he*."

"Nonsense," said the Shah, "there's never an accident without a woman; who is she?"

The Shah was right; the man had fallen from his ladder because he was looking at a woman in a window. Many a man does that in other countries besides Persia.

— There is good reason why a little man should never marry a bouncing widow. He might be called "the widow's mite."

— The Detroit Board of Trade has passed a resolution that two hundred pounds shall hereafter constitute a barrel of flour.

—"A case of courtship of forty-five years standing is reported at East Lynne, Mass. The gentleman has paid his visits on each alternate Sunday evening."—We should call that too long "standing," altogether.

— The Philadelphia American says in the 20th ward of that city alone are, in various stages of construction, 709 dwellings, all of fine pressed brick, with white marble trimmings, and all replete with modern conveniences and comforts. In the 21st ward building is progressing on pretty much the same scale.

— A model railroad office has recently been opened by the President of the New York and New Haven Railroad, who is said to be an energetic and practical man. His office is a neatly fitted car, and his headquarters may truly be said to be anywhere between New Haven and New York that his presence is required.

—An audacious robbery was committed at the Paris Exhibition, in the Swedish section, a quantity of pearls, valued at from $5000 to $6000, having been stolen in the open day. For some days previous by the inspectors had warned the owner that his glass case was not properly secured, but he had not, however, paid any attention to the notice.

— A little boy, about twelve years of age walked off the rear platform of an express train in Indiana, on the 6th inst, while asleep. He was missed, the train backed, and he was found running after it, uninjured. When asked by his mother if he was hurt, he said, "Hurt! Why, no I but I'm awful dusty."

— The Emperor Napoleon promised the Sultan, when the latter was in Paris, that he would pay him a return visit to Constantinople toward the end of this summer. The Empress Eugenie is to accompany the Emperor, who will avail himself of the occasion to gratify a long cherished desire, that of visiting Syria, Jerusalem and Egypt

— Too many holidays are to any country a misfortune. The Austrian journals think they have too many holidays there, and are insisting on the necessity of reducing the number of religious holidays. One of them states that, during the month of June last, the population of Pasterthal, in the Tyrol, had fifteen days' cessation from work.

— The Cary Brothers of Houlton, Me., will raise 1000 bushels of fine wheat this season, and other crops, save corn, in proportion. They sow their wheat annually while the snow is yet on the ground, in order that it may have the advantage of the early spring, and get out of the way of the weevil. This method was adopted by their father, the late Hon. Shepard Cary, who for thirty years did not fail to raise a good crop of wheat. He was a very successful farmer.

"CENTURY."

$100 A DAY.

We have adopted the plan of putting money in CENTURY TOBACCO to induce consumers to test it, knowing that it is only necessary for them to give it a trial to become fully satisfied of its merits, and to pronounce it the BEST FINE CUT MADE. We will continue to offer these inducements until the fact is fully recognized.

We are making the CENTURY from selections of the very choicest leaf, and have devoted every care to its manufacture. It is free from drugs, and in every respect A PURE ARTICLE OF CHEWING TOBACCO.

On Mondays we will place in one paper a $100 U. S. Note. On Tuesdays, in two papers, $50 each. On Wednesdays, in five papers, $20 in each. On Thursdays, in ten papers, $10 in each. On Fridays, in twenty papers, $5 in each, and on Saturdays, in fifty papers, $2 in each, in all cases issuing GENUINE U. S. GREENBACKS to the amount of $2150 a day.

Purchasers of these Greenbacks—by sending us their names, address and number of the bills —will be presented with packages of our Tobacco in proportion to the amount of money found.

The House has been established for over a hundred years, and has always sustained a character for honesty and fair dealing, which puts to flight all doubts, if any should exist, as to the genuineness of this enterprise.

THE CENTURY TOBACCO can be had in large quantities of Manufacturers' prices, of R. Mitchell, 35 Central street, Boston; B. A. Van Schaick, 16 S. Front street, Philadelphia; Foy & Earle, 76 S. Water street, Chicago; Schultz & Bagley, 94 West second street, Cincinnati.

Important Notice to the Public.
GLEASON HALL
PRESENTATION FESTIVAL.
THE THIRD GRAND CONCERT,
Of the Gleason Hall Presentation Festival, under the auspices of DORING'S BAND,
Will take place on
Thursday Evening, August 29, 1867,
AT GLEASON HALL, WEST TROY, N. Y.
The Second Grand Concert of the series took place at West Troy, N. Y., on Thursday evening, Aug. 8th, and was a grand success, the Hall being filled to overflowing with a refined and appreciative audience from all parts of the State. There was a committee of three reliable and well-known gentlemen selected by the audience on the night of the first Concert, who superintended the drawing when it takes place, which will be on the night of the last Concert. The Tickets, which have been limited to 75,000, at
ONE DOLLAR EACH,
can be procured by addressing John H. Casey, Box 69, West Troy, N. Y., or of the Agents throughout the United States. There will be a present awarded the holder of every ticket—Among the presents to be awarded are the following:

Metropolitan Hotel,	West Troy,	$30,000
One Mahogany Rosewood Piano,		4,000
Six Building Lots,	Albany City,	4,000
One Mortgage,	Albany City Property,	1,000

One Mortgage,	Farm 36 acres	1,000
One Piano	- - -	500
Three Melodeons,	- - -	375
Two Brussels seats,	- - -	200
One Grover & Baker Sewing Machine, plated,		85
One Wheeler & Wilson Sewing Machine,		70

And Thousands of Other Presents,
Consisting of
Marble Top Centre Tables, Mirrors, Clocks, Vases, Chandeliers, Statuary, Engravings, Vases, Glassware, Silver Pitchers, Sets Knives and Forks, Sets Spoons, Dressing Cases, Port Monnaies, Desks, Tables, Bedsteads, Chairs, Mattresses, and other articles too numerous to mention.

The above property will be delivered to the person entitled to it, free from all incumbrance and a title guaranteed.

The property may be seen at any time by calling on the Agent, John H. Casey, Metropolitan Hotel, West Troy, N. Y.

We, the undersigned, having been appointed an Executive Committee by J. H. Casey, do hereby certify that all moneys received for the sale of Tickets are to be paced in our hands, and will be by us retained until the distribution takes place. That we will audit and pay all bills and expenses that shall be countersigned by Mr. Casey as correct, and we will pay off and discharge, from the moneys so received, all mortgages upon the property. ANDREW ALEXANDER,
THOMAS RATH.

The undersigned Citizens would most cordially recommend the gentleman engaged in getting up these Concerts as an honorable and reliable person, and would confidently trust the presentation with honesty and fairness, and try to give satisfaction to the public
Gen. Oscar F. Potter, Member of Assembly, Albany Co.; George Mark, Supt. West Troy Ferry Co.; N. F. Witbeck, N. Y. C. R. R.; R. Witbeck, Atty and Coun. at Law; A. J. Rousseau; Dr. J. P. Witbeck; Hon. Thos. Kearney, Ex. Co. Treas, Albany Co; Henry Fichett, N. Y. C. R. R.; Thomas Rath; T. W. Jackson Atty and Coun. at Law: R. S. Lobdell, Supt. West Troy G. L. Co.; P. A. Rogers, Justice of the Peace; Huse & Co., 34 Dey st., N. Y.; John A. Gladding, Lansingburgh, N. Y.

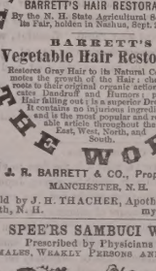
SPEER'S SAMBUCI WINE.
Prescribed by Physicians for
FEMALES, WEAKLY PERSONS AND INVALIDS.



As a Tonic, it has not equal, causing an appetite and building up the system of the most debilitated.
As a Diuretic it imparts a healthy action to the Kidneys and Urinary Organs; hence its special in Dropsy, Gout and Rheumatic affections.
As a Blood Purifier, it is superior, being one of the best alteratives known in the medical pharmacopœia.
The qualities of SAMBUCI are "*mittum in parvo*," being at once a Tonic, Diuretic, Alterative, Diaphoretic and Soporific.
N B — Vinum bonum bonum sanguinem facit.
SPEER'S SAMBUCI is a pure juice wine with a fine flavor, rich body and pleasant taste. It is peculiarly adapted for weak and debilitated persons, the aged and infirm, and benefitting ladies and children.
Be sure the signature of *ALFRED SPEER*, Passaic, N. J., is over the cork of the bottle.
For sale by Town Agents and Druggists.

If you want a Superior Instrument,
BUY ONE OF
Mason & Hamlin's Cabinet Organs,
Of A. PEARSON, No. 33 HANOVER STREET,
Sole Agent for Portsmouth and Vicinity.

Forty styles, plain or elegant cases; one to 12 stops. Prices, $75 to $600, and upwards.
Fifty-six Gold or Silver Medals, or other highest premiums, have been awarded to Mason & Hamlin for the important improvements effected by them, and for the *Superiority of their Instruments to all others.*
The Mason & Hamlin Cabinet Organs must not be confounded with other reed instruments, from which they vary essentially, their superiority being largely derived from PATENTED IMPROVEMENTS, which cannot be employed by other makers. Among them are:
The Automatic Bellows Swell,
Improved Self-Adjusting Valves,
Wood's Octave Coupler,
Noiseless Safety Valves,
The Improved Combination Register.
Circulars, with full particulars, and list with illustrations of styles and prices, furnished as above. jy26—piws

Advertising Rates.
IN THE CHRONICLE AND THE GAZETTE,
Per Inch—$1 for one or three insertions; 25 cts. each insertion after—in either paper. 1 inch *Daily* one month $5, three mos. $8, six mos. $12; one year $20; in *Weekly*, six mos. $3, one year $5.
Yearly Advertisers in Daily, $20 each inch per year, and all excess at any time charged at half the above special rates.
Funeral notices, and Advertisements of articles Lost and Found, Wants, &c., one or three insertions, $1. Advertisements kept inside, 25 per ct. extra. Special Notices 50 perct. extra. Editorial Notices 25 cents per line. Cuts or large type charged double measure and kept on 4th page.

For One Column, in *Daily*, one insertion $10, one week $15, one month $35, one year $200. In *Weekly*, per year, $100.

The Chronicle.

—A young man stepped into a bookstore and said he wanted to get a "Young Man's Companion." "Well, sir," said the bookseller, "there is my daughter."

— A divorce is hinted at between the Princess Alice of Hesse, Victoria's daughter, and her husband, who is said to be *brutal* in his treatment.

— An editor never leaves any money at home for fear of fire, and never carries any with him for fear of robbers, nor deposits it in any bank for fear of speculating officials.

— A college student being examined in Locke, where he speaks of our relations to the Deity, was asked, what relations do we most neglect? when he answered with much simplicity, "Poor relations, sir."

— The hardest thing which has been said of any American politician was said by Sheridan of Governor Wells, namely, "He has not a friend who is an honest man."—Ditto the President.

— A chime of forty-two bells is to be seen and heard at the Exposition. It is played with finger keys, like a pianoforte, to any tune. Four years were spent in constructing the instrument.

— The Viceroy of Egypt is said to have been immensely struck with the beauty of the English ladies, and to have found but one fault with them—that they rode on horseback, in his eyes a great indecorum.

— The police authorities of London telegraphed to the authorities of Portsmouth, that two hundred thieves had left London to attend Portsdown fair. An army of thieves reside in London, and they invade the provinces in organized detachments.

— Morrissey and Heenan, the rival bruisers, bob-a-nob and smoke cigars togother at Saratoga. Heenan is represented as "a model of manly beauty, and is worth $100,000." Morrissey looks like an old man beside him.

— The pure water leagues continue to have their own way. If water operates on the human system as it does on potatoes, nobody can be blamed for taking something stronger for the stomach's sake. The potato to rot is universal.

— At the recent Tennessee election, Cumberland county, located in the mountains of East Tennessee, which is inhabited almost exclusively by white Unionists—it contains but five colored voters—cast 250 votes for Brownlow and only four for Etheridge.

— The following is a list of the prices paid by Mr. Robert Bonner for his celebrated horses: Dexter, $50,000; Pocahontas, $35,000; Auburn Horse, $13,000; Peerless, $5000; Flatbush Maid, $5000; Lantern, $5000; Lady Palmer, $5000; total, $118,000.

— The Empress Eugenie is happy at last, for the Empress of Austria has received her. She has been admitted into good society after waiting fifteen years. With the exception of Queen Victoria, who is good-natured, and besides had to condescend through reasons of policy, the greater female royalties cut the French Empress dead. They would see her husband, but only on condition that he left his wife at home.

— An Irishman in Newburyport has a dog of much intelligence, which has become attached to him by a dozen years' acquaintance. Last week the dog met with an accident in the Eastern Railroad depot, losing one of his legs under a car wheel.—He picked up the disevered member in his mouth, and went home to tell his master, as best he could, of the state of affairs. The Celt could not kill the dog, nor see him die from neglect, and therefore called a surgeon who amputated the limb, the master holding him in his arms while the operation was being performed, and talking to him as though it was a child. He is now rejoiced to see him running about happy and lively on three legs, and will give him an asylum as long as he lives.—*Herald.*

As Good as the Best.
The PIANO FORTES of HALLET, DAVIS & CO. have never been excelled. The subscriber has sold and used them for many years, and they have proved equal in all respects to any other make, and superior to most. A splendid new 7 octave instrument, fresh from their mint, may be seen at his new Music and Painting Room, Mercantile Library Building, over Mr. J. B. HEAD'S store, which is for sale at the manufacturer's price, and which our friends and the public are invited to call and examine. T. F. MOSES.

☞ Local AGENTS WANTED throughout the United States.

The Riverside Institute.
Situate at Riverside, Burlington County, New Jersey, is founded for the purpose of gratuitously educating the sons of deceased Soldiers and Seamen of the United States.
The Board of Trustees of the Institute consists of the following well known citizens of Pennsylvania and New Jersey:
Hon. WILLIAM B. MANN, District Attorney, Philadelphia.
Hon. LEWIS R. BLOOMALL, Ex-Chief Coiner, U. S. Mint, and Recorder of Deeds, Phila.
Hon. JAMES S. SCOVEL, New Jersey.
Hon. W. W. WARE, New Jersey.
HENRY GORMAN, Esq., Agent Adams' Express, Philadelphia.
J. E. COE, Esq., Joy, Coe & Co., Philadelphia.

TREASURY DEPARTMENT, Washington, D. C., April 18, 1867.—Office of Internal Revenue:—Having received certificate of evidence that the proceeds of the enterprize conducted by the Washington Library Company will be devoted to charitable uses, permission is hereby granted to said Company to conduct such enterprize exempt from all charge, whether from special tax or other duty.
E. A. ROLLINS, Commissioner.

The Association have appointed as Receivers, Messrs. GEO. A. COOKE & CO. 33 South Third Street, Philadelphia, whose well-known integrity and business experience will be a sufficient guarantee that the money intrusted to them will be promptly applied to the purpose stated.
PHILADELPHIA, PA., May 20, 1867.
To the Officers and Members of the Washington Library Co., N. S. READ, Secretary.
Gentlemen:—On receipt of your favor of the 15th inst. notifying us of our appointment as Receivers for your Company, we took the liberty to submit a copy of your charter, with a plan of your enterprize, to eminent legal authority, and having received his opinion in regard to its legality, and sympathizing with the benevolent object of your Association, viz.:—the education and maintenance of the orphan children of our soldiers and sailors at the Riverside Institute, we have concluded to accept the trust, and to use our best efforts to promote so worthy an object.
Respectfully yours, &c.,
GEO. A. COOKE & CO.

SOMETHING NEW!
SELEE'S HAIR LIFE
Has been thoroughly tested by thousands during the past year, and is declared superior to all other preparations for the hair. It has no equal for Restoring Gray Hair to its original color in from TEN TO THIRTY DAYS.
It is a most splendid Hair Dressing, surpassing all others for making dry and brashy hair soft, glossy and beautiful, as in youth.
This Magical Preparation invariably stops the falling of the hair, and always promotes a lively, luxuriant growth.
Its use will at once free the head from Dandruff, Scurf and all Humors, especially Salt Rheum.
It KILLS HAIR EATERS, which are so fatal to the roots of the hair. It contains no nitrate of silver, which is found in most other Hair preparations, and is so injurious.
THE HAIR LIFE IS NOT A DYE, but operates on the roots, restoring them to their natural, healthy state.
It is the nicest, neatest, and most effectual thing in the market.
It never stains, and is perfectly harmless.
Prepared by N. P. SELEE, Melrose, Mass.
Sold at wholesale and retail by
A. A. PAYNE, 87 Market street,
ap17tf Portsmouth, N. H.

JAMES A. DUPEE, JAMES BECK, HENRY SAYLES

The Daily Chronicle.

Portsmouth, N. H.

TUESDAY, AUGUST 27, 1867.

☞ In his speech at Canton, Ohio, after showing that the stubborn obstinacy of the South may force Congress to adopt harsh measures, Senator Sherman said: "I know what I say to you is true, when I declare that a majority of the Republican Senators and Members would have admitted any rebel State upon its adopting the amendment and complying with its terms."

One of the Republican Senatorial Conventions in Ohio last week adopted the following:

Resolved, That Hon. B. F. Wade, so long as he prove true to the Union cause, is our first, last and only choice for U. S. Senator.

AT GALVESTON, TEXAS, the yellow fever is slightly abating. There were nineteen burials Friday.

Over 100 of the principal citizens of Corpus Christi, including the Presbyterian and Methodist ministers, have died.

ACCIDENT TO WALTER BROWN.—Walter Brown, the champion oarsman, dislocated one of his ancles, at Portland, Saturday morning, while taking his running exercise. Fears are entertained that he will be unable to meet his engagement with Hamil, on the 6th of September. [Well then he will have time to reflect on the enormity of his crime in cheating the printer.]

☞ A bill sent from this office several weeks since, for advertising "Swietenia," has not been cashed yet. We have heard of one or two other such cases. Can any brother of the craft inform us whether this is another instance of "sweetening" the newspaper publishers generally?

Also, one William Grace, of salve notoriety, has disgraced himself by failing to salve with the greenbacks, the consciences of numerous editors for publishing various big yarns about his ointment. He has not helped the matter any by turning over his stuff to a Boston firm who learnt the same trick long ago, of doing their advertising at printers' risk.

☞ We notice that several of our exchanges continue to publish the advertisements sent by Shutts & Co., Troy, N. Y.—They are the greatest advertising swindlers that have come to our knowledge, and every publisher that does not care to be cheated should stop their advertisements.—Ditto J. C. French & Co., Boston—of Dr. Poland's medicines.

A COOL HUSBAND.—There is one sensible married man in this State. He is a soldier, and was reported to have been killed, but was only a prisoner. He returned home to find that his wife had turned over a new leaf in the marriage service and that another man occupied his seat in the chimney corner. Did he go to slaughtering the false wife and her new husband?—Not much. He walked in and said:

"Well old gal, how is things?"

"Putty good, Bill," said the double-married woman, not taken back greatly.

"Which do you prefer, the old or the new love?"

She hesitated for an instant, and then said: I don't like to hurt your feelings, but —but"

"O, spit it right out. Don't mind my feelings nor the other chap's! I won't be angry if you come down a little rough on my vanity. Count on me as being amiable —I won't cut up rusty if you should go back on me."

"I'm glad you're so thoughtful, Bill; and I acknowledge that I do like my present husband a little the best; but if anything should happen to him, I know nobody else I would so soon join fortunes with again as you."

"That's the way to talk, I'll now bid you good-bye, hoping that no accident will happen to the other fellow, and that he will live long to enjoy your delightful society.—Day, day." And the careless fellow travelled off, with his knapsack on his back, whistling, in cheery, clear notes, "The Girl I left behind me."

☞ A special dispatch, dated Havana 22d inst., says President Cabral of Dominica, has sent a messenger to Washington with instructions to accept the offer of the United States for the purchase of Samana, on the island of Hayti, for five million dollars.

— The yellow fever has broken out at Pensacola.

— At New Orleans, Friday, nineteen deaths from yellow fever were reported by the Board of Health, and nine from other causes.

— In France the consumption of tobacco increases rapidly. All the sales of tobacco are made by the government, and while in 1789 the government received a revenue of but $6,000,000 from these sales, in 1865 this had increased to $35,000,000. At present over sixty-six million pounds of tobacco are annually sold in France.

— Mrs. Elizabeth Oakes Smith has been to see Bridget Dergan—now under sentence of death in New Jersey—and expresses her opinion that she was born without moral responsibility, being on the lowest level in the scale of human intelligence. The wonder is, says, that any housekeeper would be willing to engage such a servant.

NEW HAMPSHIRE ITEMS.

—— The Monitor says the suits of Concord Railroad vs. their conductors, have by consent of parties been referred to Hon. Edmund L. Cushing of Charlestown and ex-Governors Haile and Goodwin.

—— Rev. Asa Mann, formerly of Exeter, was installed Pastor of the Congregational Church at Bath, August 18. Sermon and Installing Prayer by Rev. Dr. Aldis of South Boston.

—— Mr. Jonas Draper, died recently at at Holland Purchase, N. Y., aged 102 years. He was a native of Francestown, in this State, and uncle to Mr. B. F. Brooks, of Manchester. He emigrated to New York State many years ago.

—— In the N. H. Supreme Judicial Court at Manchester, the following divorces were decreed on the Rockingham docket; James M. Ladd vs. Amy L. Ladd; Adeline Tucker vs. Isaiah Tucker; Sarah P. Austin vs. Luther J. Austin; Wm. Pettigrew vs. Mary A. Pettigrew.

LEGAL DECISION.—In the S. J. Court, at Manchester, the following case was decided. The 1st Presbyterian Society vs. the town of New Boston. It appeared that the town had in possession about $6,000, the proceeds of the sale of lands which were set apart by the original settlers and proprietors for the support of the gospel. From time to time this money had been expended for the general purposes of the town, and this was a bill in equity brought by the Presbyterian Society there to compel the town to refund the money, that it might be devoted to the support of the gospel, as originally intended. But the Court held that the money belonged to the town, and that since the toleration act of 1819, it could not be compelled to pay it back, and having been expended the plaintiffs could not maintain their suit.

INDIAN TROUBLES.—A dispatch from Fort Hayes, Kansas, dated the 23d inst., says a courier has just arrived from Capt. Ames, with dispatches to Capt. Corbin, to the effect that Capt. Ames has had a severe battle with 800 Indians under Satane on the Republican river. Their village was two miles long.—Capt. Ames charged twice through their wigwams. The savages fought desperately.—Three of our men were killed and 25 wounded, and 30 horses lost. The Indians lost severely, but finally repulsed our troops.

Our dead were left on the field. There was an immense amount of stolen stock in the Indian village. The savages surrounded our troops and the fight lasted three days.—Two of our men killed belonged to the Kansas cavalry and one to the regulars. Capt. Ames had 125 men. The dispatch says: "A strong force under Major Elliott and some Kansas cavalry leave for the Indian village in light marching order this morning. A severe battle is anticipated. We have not enough troops here."

— The man that quarrels with an editor is generally likened to a bull attacking a locomotive.

— Toledo is fast becoming a rival to Chicago in receipts of wheat, one hundred and sixty-seven thousand bushels being received there in the week ending August 3. Milwaukee beat Chicago last year about four million bushels.

— Hon. Hannibal Hamlin, in a speech the other day at Bangor, said there was no hour during the war of the rebellion when there was greater responsibility placed upon us than rest upon us to-day. We are not out of our trials nor our dangers.

— Late Denver papers report that Forts Reno and Phil Kearney are in a state of seige, and that all parties leaving them are soon chased back and the stock stolen. Col. Greene had lost 100 head. The dry Cheyenne road from Laperto to Fort Phil Kearney is impassable, except for large parties, and even they are frequently attacked.

— The strike on the Mobile and Ohio Railroad has assumed formidable proportions. The employees, many of whom have not been paid for 18 months, assembled at Jackson and stopped all the trains. A company of military has been ordered to that point, and the agents of the road fear Gov. Brownlow will take possession of all that portion of the road in Tennessee.

— The powers of absorption for which office-holders have always been noted, seem not to be at all diminished by the conversion of liquor into greenbacks. The proceeds of the sales of contraband whiskey, seized for violation of the revenue laws, are mainly swallowed up in fees and expenses, leaving but a trifle for the government.—Only twenty-five per cent. for Uncle Sam, and seventy-five per cent. for his "boys," is hardly a "square divide." Yet such is the pecuniary result of the recent auctions in Brooklyn.—*N. Y. Atlas.*

— The Washington correspondent of the New York Times says the fact that the Chicago Tribune, the leading Republican paper of the Northwest, heretofore opposed, now earnestly favors impeachment, is thought by many to indicate a change in the status of Hon. James F. Wilson on this question, as the Tribune has always been understood to express his views on impeachment. Should this be the case, it would place a majority of the committee for impeachment.

Communication.

Dear Chronicle,—It has always been a wonder to me that the people of your good city do not indulge more in excursions down river. A little foresight with regard to tides, ensures a safe arrival at the desired point, and makes the return home equally certain; while no place in the world could be more desirable for pic-nic parties than the beautiful shores which enclose your harbor.

We hope you will allow us to express through your columns the pleasure we derived from a pic-nic down river Thursday. Two boats—a "first" and "second cutter" as we were told, each manned by half a dozen "tall men dressed in blue," (not policemen, of course, but sailors in U. S. service,—receive the company, comprising a couple of dozen of ladies and gentlemen. The second cutter carries sails; the first, in which we found ourselves, depends entirely on a white ash breeze for its propelling power. It is dead calm; rowing is the order of the day; the second cutter gets the lead; our gallant tars resolve to dispute the supremacy. "Lay back, lay back," mutters one to the rest, and soon we are abreast. Then our opponents quicken their stroke; they have shorter and lighter oars, but they don't keep stroke; the time of our men is perfect. We are beating them.

"Good bye," says one of the ladies, kissing her hand. Now a white shirt appears among the blue ones in the lagging boat—a volunteer; and now another, the skipper himself, anxious for his reputation. Once more they gain on us; and no wonder,—seven oars and a lighter boat, while we have but five. But now one of our company who, though not a professional water man, thinks he knows something about the river, takes the tiller, and the coxwain gets out another oar. We crawl up abreast, cut a long corner on them, and beat them about half a mile to Wood Island. The beaten boat takes advantage of a breeze to sail a mile or so farther on, to recover from its chagrin.

Nobody stays long on Wood Island, if they can help it, and the orders are to pull around the island to Gerrish's Island, where we see a promise of green fields and pleasant groves glittering in the distance. We think the honors of the first race sufficient, and this time take it easy, and one youth beguiles the time by reading a ghost story to the horror-bound boat's company. It is a bona fide story, as the reader asserts, he himself having seen the house which is haunted, and having heard all about it long ago.

And now we are ashore in good earnest, and can amuse ourselves as we please. Part of the company play the eternal, omnipresent, universal croquet—first on the smooth, hard beach, then in a beautiful green field. Others going in quest of adventures, kill two snakes and find at least forty different kinds of bugs, as the M. D. of our party asserts. Pushing on to the top of a high bluff, that once must have been a signal station, they have a charming view of the ocean, the coast and the islands. The sailors enjoy music and the dance, (violin, concertina and double-shuffle.) The cook makes the chowder and spreads the inviting board. And what quantities of edibles will not hungry mortals stow away when they go down river.

The afternoon is divided between croquet and a highly amusing game of "Fox and Geese," in which our M. D., arrayed in a red and black plaid shawl, shows himself to a very foxy light, though whether naturally, or accidentally, or perforce, is doubtless still a mystery to himself.

But, O Chronicle, I will not tire thy ears with further lectures, but end by saying that we reached home tired and happy, without accident or even annoyance. T.

☞ The N. Y. Times' special dispatch says the President, on Saturday, announced that General Sickles would be removed and that General Conley would be his successor. General Sickles will be reached by mustering him out of his brevet rank, which leaves him Colonel of the Veteran Reserve Corps.

☞ Hall's (New York) Journal of Health for September, contains a seasonable and reasonable article on Autumnal Diseases.

CALIFORNIA WINES.—C. A. Richards & Co. of Boston, have sent us an advertisement setting forth the excellence and purity of the California Wines and brandies which they sell. One thing is certain, that the wines of California are fast coming into general use, and there is no other house engaged in their sale whom we think would be more likely to sell them pure and good, than the house of C. A. Richards & Co., 99 Washington street, Boston. It

A GENTLE WHISPER TO MOTHERS.—If unfortunately you have lost your own teeth by neglect or mismanagement, take care that your daughters do not suffer the same penalty from the same cause. See to it that they brush their teeth regularly and thoroughly with SOZODONT, and thereby you will insure them sound and serviceable sets as long as they live. 15

"FEED THE HUNGRY!" But do it with good wholesome bread made with Pyle's Saleratus, which contains no adulterations, and is as harmless as flour—no other is so. Beware of imitations! Ask for Pyle's Saleratus. See that his name is on the package. 16

THE PLAN adopted by the Washington Library Company for the raising of funds for the Riverside Institute—an asylum for the gratuitous education of Soldiers' and Sailors' Orphans—is meeting with great approval. Subscriptions to the stock are coming in rapidly. The handsome steel plate engravings given to those who purchase stock are acknowledged by competent judges to be first-class productions. Besides receiving a handsome engraving of this character, worth more at retail than the price of the stock, every share of stock issued will entitle the holder to some land. Full guarantee is given that every share of stock must be accompanied by a present besides the engraving. See advertisement.

— If you are so far behind the times as not to have used Herrick Allen's Gold Medal Saleratus, put it off no longer, but go immediately and purchase a paper. Everybody who has ever used it, proclaim its good qualities. It takes less in quantity, is a saving in flour and shortening, and will make weak stomachs strong. Do not fail to try it. Most of the Grocers and many of the Druggists sell it. Depot 112 Liberty street, New York.

LATEST FROM THE PLAINS.—The last arrival from the seat of the Indian war is a young *Prong-horned Antelope*, or "Rocky Mountain Gazelle," which was captured some two weeks since on the Smoky Hill route, about 600 miles west of Omaha, in the heart of the Indian country, by Mr. J. E. Locke of Loudon. As this is probably the first living specimen of this beautiful animal ever seen in New England, it will be a subject of great interest to naturalists and others. It has been presented to Wm. Stark, Esq., and is now in his collection of rare animals at his farm in 'Squog.—*Manchester Union.*

— We are informed that the last one of the Muhlbach works published, "Marie Antoinette," is translated by Rev. W. L. Gage. This the thirteenth volume from German which Mr. Gage has executed within the last five years, the list including six volumes of Carl Ritter's works, Tischendorf's Organ of the Gospel, Mendelssohn's Life, and Hagenbach's German Rationalism. He must be the most voluminous living translator from the German.—*Traveller.*

— The cholera is raging among the Seminole Indians, and about 20 new cases appear daily.

THE

CENTRAL PACIFIC RAILROAD,

THE WESTERN HALF OF THE

GREAT NATIONAL TRUNK LINE ACROSS THE CONTINENT,

being constructed with the AID and SUPERVISION OF UNITED STATES GOVERNMENT, is destined to be one of the MOST IMPORTANT AND VALUABLE RAILROADS IN THE WORLD, as it is the sole link of communication between the Pacific Coast and the Great Interior Basin, and the

Principal Portion of the Main Steam Line between the Two Oceans.

The present western terminus is at Sacramento, on the navigable waters of the Pacific; but it will ultimately extend from San Francisco across the richest and most populous parts of California, Nevada and Utah, contiguous to all the great Mining Regions of the Far West. The Company are authorized to continue their line eastward until it shall meet and connect with the roads now building east of the Rocky Mountain ranges.

Assuming that they will build and control half the entire distance between the San Francisco and the Missouri River, as now seems probable, the United States will have invested in the completion of $85,150 miles of road, or at the average rate of $35,000 per mile—not including an absolute grant of 10,000,000 acres of the Public Lands. By becoming a joint investor in the magnificent enterprise, and by waiving in its first lien in favor of the First Mortgage Bondholders, the GENERAL GOVERNMENT, IN EFFECT, INVITES THE CO-OPERATION OF PRIVATE CAPITALISTS, and has carefully guarded their interests against all ordinary contingencies.

The Central Pacific Railroad enjoys all the privileges, grants and subsidies conferred by the Acts of Congress upon the other parts of the through line, and has, in addition, **several special and exclusive advantages** applicable only to the Western Half.

I. The Company has received from the State and chief cities of California, *assistance in money, credit and valuable property, worth over $3,000,000* in gold, in addition to the full benefit of the Government subsidy.

II. *The hardest and costliest part of its construction has been successfully overcome* within the first 160 miles. In a few weeks the track will be completed entirely across the Sierra Nevadas, after which progress to Salt Lake will be easy and rapid.

III. The local business alone of this road establishes its complete financial success, independently of the vast through traffic which must pass over it. The gross earnings for the months of June and July, upon only 94 miles then open for business, were upward of $297,000 in gold; of which *four-fifths* were net earnings.

IV. It can have no competition, but will carry, beside its own lucrative local traffic, the *whole volume of through business* which is shared among its Eastern connections and their branches.

V. The road lies wholly in territory yielding the precious metals, *and its revenues are collected in coin.* Its rates for transportation are very advantageous, being more than three times those of roads lying east of it, and the *ratio of its operating expenses is less than 25 per cent. of the gross earnings.*

VI. In consequence of the aid it receives from the General Government, from the State of California, and from municipal corporations, the annual interest obligations which the Company are called upon to assume are very light. The net earnings upon an average of about 75 miles in 1866 were nearly *three times the amount of annual interest liabilities to be assumed in building it, and were $235,000 more than the annual interest on the entire amount of First Mortgage Bonds which the Company can issue upon the first 150 miles.*

The Company offer for sale, through us, their

First Mortgage Thirty Year, Six per Cent. Coupon Bonds.

Principal and Interest payable in Gold Coin, in New York city. They are issued in $1000 each, with semi-annual gold coupons attached, and are selling for the present at 95 per cent. and accrued interest from July 1st added, in currency, at which rate they yield nearly

Nine per Cent. upon the Investment.

These Bonds, authorized by Act of Congress, are issued as the progress of the work warrants the same amount only as the Bonds granted by the Government; and represent, in all cases, the *first* lien upon a completed, equipped and working railroad, in which have been invested Government subsidies, stock subscriptions, donations, surplus earnings, etc., and which is worth more than three times the amount of First Mortgage Bonds which can be issued upon it.

The agreement of the Company to pay principal and interest of their Bonds in coin, being made under the Special Contract Law of California, authorizing and forcing coupons payable in gold, *is legally binding*, unlike similar agreements made by companies in States where no such legislative sanction exists.

In these important particulars the Securities of the Central Pacific Company *offer an unusual degree of safety, stability and profit combined.*

THE FIRST MORTGAGE BONDS of this Company are destined to occupy a prominent place among FIRST CLASS SECURITIES in the money markets of this country and Europe, and will, without doubt, be eagerly sought for, and anxiously dealt in hereafter, at rates materially in advance of the price at which they are now offered.

Having carefully investigated the resources, progress and prospects of the road, and the management of the Company's affairs, we cordially recommend these Bonds to Trustees, Executors, Institutions and others as an eminently *sound, reliable and remunerative form of permanent investment.*

Conversions of Government Securities INTO CENTRAL PACIFIC FIRST MORTGAGE BONDS

Now realize for the holders about

TWELVE PER CENT. ADVANTAGE,

WITH THE SAME RATE OF INTEREST.

☞ If the weather be stormy, the Festival will take place the first fair day.

The Wonders of a Life-Time!

PERFECTLY IMMENSE!

THE VERY CELEBRATED

FLYING DRAGON TROUPE

—OF—

JAPANESE!

crossing the great Pacific Ocean and the American Continent, made their first appearance in the great metropolis of New York, performing feats of the most marvelous and incomprehensible character.

"This Troupe of Japanese comprises twenty-four persons, each of whom has a specialty, and excels in it. And the entire combination is undoubtedly the most talented by far, of any that have yet appeared in this city."—*San Francisco Times, June 15.*

"It is evident that there is as much difference between them and their predecessors in point of skill as between Leotard and Hanlon and a street tumbler. They have simply indicated their right to be considered the best troupe that has left Japan, and altogether the most perfect."—*San Francisco Times, June 16.*

The enormous houses which have nightly attended the startling performances of the marvelous and incomprehensible troupe during their recent engagement in New York, gives the evident assurance of their wonderful skill.

The applause continually and culminating in outbursts of excited "bravos," reaching the degree of enthusiasm rarely witnessed within the walls of a theatre.

TWENTY-FOUR JAPANESE,
TWENTY-FOUR JAPANESE,

16 Men, 4 Women, 4 Children,
16 Men, 4 Women, 4 Children,

pronounced by the GREAT TYCOON himself

The Most Wonderful Star Performers of all Japan.

At each entertainment

IZENA GEEROO

will ascend a ladder formed of Japanese swords, sharp as a razor, edge uppermost, bare footed, running, altitudinizing and jumping upon them in a most incredible manner. The Japanese

COLUMN AND SUSPENSION ACTS,

by the artists Chusan Keetchee, Kooma Keetchee and Jumbo Keetchee are surprising feats of strength, agility and grace, while the feats of

CONTORTION, BALANCING, PERCHE,

&c., by others of the troupe, are highly interesting, fantastic and unique in its character, that all who are anxious to experience a new sensation, and who have a penchant for novelties, should witness for themselves.

It may safely be assumed that ASTONISHMENT WILL RISE TO AWE in witnessing the startling feats of the children of the Isles of the Sun. The press and Public of New York and Boston are enthusiastic in announcing without hint or reservation, that the performance of this utterly unparalleled Troupe is far beyond all precedent. The endorsement by presence and enthusiastic applause of Clergy and Dignitaries of these cities, is of itself an overwhelming evidence of the RARE HISTORICAL AND SCIENTIFIC NATURE OF THEIR PERFORMANCE.

It is, says the Brooklyn Eagle, impossible to describe these marvels. To be understood they must be seen, and seeing, one must be assured he is awake, and not dreaming to believe.

Imagine a human being springing into the air, like a bird with one wing clipped, and revolving three times horizontally.

Imagine others skipping in the air like mammoth grasshoppers, bounding as an india rub ber ball.

GYRATING AND REVOLVING,

setting all conceived ideas of human strength and endurance utterly at naught.

Of all Human Marvels these are Chief.

Will exhibit at Portsmouth,

On Lot near Rockingham Mill, Hale's Point,

POSITIVELY ONE DAY ONLY,

SATURDAY, August 31st,

Afternoon and Evening, under their New and Elegant

Mammoth Water-proof Pavilion.

Seating 3,000 people; at 2 and 7, P. M.

ADMISSION 50 Cents. Children, 25 cents.

au20—11td2w

☞ Good Wine makes good blood. See advertisement of Speer's Wines in another column, —the best for Table, Family and Medicinal Use.

PURE OLD GIN.—Dunster's fine old London Dock Gin is now the standard article of the kind. It is sold generally by grocers and druggists, in large bottles, and at a very reasonable price. 1

Holloway's Pills.—Cholera or Griping of the bowels. Laudanum may lull the pain but not destroy it. Morphine steeps the senses in artificial sleep without refreshing the invalid. Holloway's Pills not only procure the same results without the baneful effects, but so entirely extinguish the elements of the disease as to promote a speedy cure without danger of relapse — Sold by all Druggists. au24dawiw

DR. S. S. FITCH,

Of 714 BROADWAY, New York, Author of the Six Lectures on the Prevention and Cure of Pulmonary Consumption, Asthma, Catarrh, Dyspepsia, Heart Disease and all Chronic Diseases, will be at the

ROCKINGHAM HOUSE, Portsmouth,

On THURSDAY, Aug. 29, and on the same day of the week every 4th week afterward.

Dr. Fitch treats all Diseases of the Head, Scalp, Eyes, Nostrils, Face, Throat, Lungs, Stomach, Heart, Liver, Bowels, Piles, Kidneys, Skins, Joints, Dropsey; also Diseases peculiar to Males and to Females. Lost Complexion perfectly restored. Most persons, somewhere from 15 to 80 have one or more bad fits of sickness. Cure them wholly, and they will live full as many years long. Dr. Fitch's most prominent specialty is the prolongation of human life.

A respectable physician said to me four weeks ago, "For seventeen years you have kept me well of diseases pronounced utterly incurable by several eminent physicians."

Mrs. Elizabeth Huntington Long writes, (Saratoga Springs, March 30, 1867,) twenty three years ago she had shortness of breath, and was wasted, hereditary consumption, of which her sister died. I cured her perfectly. Fourteen years later she had a bad attack of heart disease, of which her brother died. Of this I cured her perfectly. She says, "I always remember you with gratitude, for, under God, I owe my life to you."

Miss Anna Judkin, at Portsmouth, N. H., June 7, 1867, said, "Twenty-three years ago I was your patient, and very bad with lung disease. My father, four brothers and three sisters, had died with consumption. I was wholly given up. In six months you cured me. I have now enjoyed perfect health twenty-two and a half years; not a single show of lung diseases in all that time."

D. L. Benjamin of Union, N. J., says, "Over twenty years ago I and my brother were both in consumption. I had bleeding and ulcerated lungs. My brother refused treatment, and died in three months. You cured me, and I have not had any cough or lung trouble in twenty years. I was then forty, and I am now sixty years old."

All consultations are wholly free.

Dr. Fitch's "FAMILY PHYSICIAN," a most excellent book for all families, 76 pages, 25 cents, sent free of postage to any address. Send no money until you get the book and approve it. Direct all letters for books or consultation to 714 BROADMONT ST., BOSTON, MASS. je29—1y

DR. MILLER'S
Soothing and Healing Balsam,
or, Nature's Assistant.

IT HAS PROVED INFALLIBLE for Burns, Frozen Limbs, Bruises, Sprains, Wounds of all kinds, Pains in the Side, Back or Shoulders, Chilblains, Chapped Hands, Stiff Neck, Agues in the Face or Breast, Ear Ache, Deafness, Poisoning, Erysipelas, and Inflammation of the Eyes. For Rheumatism it has never been known to fail; hundreds have been relieved by it when other remedies had failed.

As an Internal Medicine, when taken in season, it will cure Inflammation of the Bowels, Dysentery, Kidney Complaint and Cholera Morbus. It will also cure Diphtheria, Dry Cough and Asthma.

This medicine is purely vegetable in its composition, soothing and healing in its influence, and may be given to any age or sex with perfect safety. It has been before the public during the past nine years, and has wrought some of the most astonishing cures. The proprietor challenges the world to produce its superior as a remedy. For sale by all Druggists. **C. D. Lee**, Proprietor, (m025—dawly A.) Springfield, Mass.

ADVICE FOR THE PEOPLE.—Forced sweating is bad, often producing serious consequences, while purgation in chills, colds, rheumatism, etc., with BRADRETH'S PILLS, is always safe, never leaving any ill effects. In all cases their use is wise; but in severe pain from colic, inflammations, or external injuries, it is a LIFE SAVING.

Remember if BRANDRETH'S PILLS are always sure or effect, and always without the least danger, and they act on every part of the system, dislodging and removing all accumulations of impurities, thus cleansing the blood and restoring health.

The Hon. Demas Barnes says—"I sell more of Brandreth's Pills than of all others put together."

BRANDRETH'S PILLS are Sold by all Druggists, and at the Principal Office, Brandreth House, New York. Observe B. BRANDRETH in white letters on the government stamp on each box. Jy29dawlmspn

A GENERAL MASSACRE of the fibres of the head, the whiskers, the moustaches, or the beard, can be easily accomplished by the application of the scorching hair dyes, and when every hair is KILLED DEAD,

the parties deceived by these nostrums will regret, too late, that they did not use the wonderful and entirely poisonless preparation, which

IN FIVE MINUTES

produces a black or brown which is not surpassed by nature's own hue. Be wise in time. The only safe and sure article is

CRISTADORO'S HAIR DYE.

Manufactured by J. CRISTADORO, 68 Maiden Lane, New York. Sold by all Druggists. Applied by all Hair Dressers. Jy30daw—1m

HORRIBLE ACCIDENT.

A man some time since was repairing a gas leak, corner of 28th Street and 6th Avenue, New York. He went into the excavation and then lit a match. An explosion of the gas took place, and the man was much burned. DR. TOBIAS' Venetian Liniment was applied freely, and in three days the man was about his business in the Manhattan Gas Works, as well as ever. His name is Samuel F. Waters. This is one of the wonderful cures made by DR. TOBIAS' celebrated Venetian Liniment; it is not only good for Burns, but for Old Sores, Bruises, Chronic Rheumatism, Sore Throat, Cuts, Insect Stings, Pain in the Limbs, Chest and Back; also internally, for Colic, Cramps, Diarrhœa, Dysentery and Croup. It is perfectly innocent to take internally, and is the best family medicine in the world. Orders are received all over Europe for it. The most celebrated Physicians recommend it. It never fails. DR. TOBIAS gets up a very drop liniment. Sold by all Druggists at 50 cents and $1 per Bottle. Depot 56 Cortland street, N. Y. n8dwim

DR. SCHENCK ON DYSPEPSIA.—SYMPTOMS, CAUSES AND REMEDY.

Symptoms of Dyspepsia—A sense of fullness, tightness, and weight in the stomach, together with flatulency, acidity, sour, offensive belching of wind, water brash and vomiting, and a great deal of what a person calls an all-gone feeling at the pit of the stomach; frequently there is also a palpitation of the heart, which physicians mistake for heart disease, and when the stomach is in this condition it is coated with a mucus or slime. The mucus fibrous portions of the stomach, similar to what we see in tripe, is what throws out the gastric juice, and when the stomach gets a thick coat of slime on it it prevents the gastric juice from flowing, and digestion ceases. Schenck's Seaweed Tonic dissolves this mucus or slime, and restores the stomach to its natural condition.

Schenck's Mandrake Pills are also required to carry off this morbid matter. Two-thirds of the cases of Consumption are caused from this diseased state of the stomach; the liver becoming torpid, it ceases to throw out bile, and for a time the whole system is deranged. The mucous membrane of the bronchial tubes sympathizes with the other organs, and before the patient is aware of it, he or she has Bronchial or Pulmonary Consumption.

Schenck's Pulmonic Syrup cannot act freely through the blood when the system is in this locked up condition, without the aid of the Sea Weed Tonic and Mandrake Pills. The Liver has all the blood to pass through it, and when it gets in a morbid condition, blood and bile run through the system mixed, and the whole body becomes so low, and the blood so thick it can hardly run through the veins. In a majority of cases hemorrhages occur from this thick condition of the blood. If the Mandrake Pills act on the Liver similar to calomel, or they do what that does—it unlocks the gall bladders, starts the bile, and the blood begins to circulate naturally through the veins, and the hemorrhages cease. If, when persons are attacked with hemorrhage, they would first take a good purgative medicine, that would act on the liver, they would soon be relieved from bleeding from the lungs, and it is the only way for astringents are only temporary, and irritate the bronchial tubes, and lay the groundwork for consumption.

DR. SCHENCK will be professionally at his rooms every week, 32 Bond street, New York, and 35 Hanover street, Boston, from 9 A. M. until 2 P. M. He gives advice free, but for a thorough examination with the Respirometer, the charge is $5.

His medicines are for sale by all druggists and dealers. Also a full supply at all times at his rooms.

Price of the Pulmonic Syrup and Seaweed Tonic each $1.50 per bottle, or $7 60 the half dozen. Mandrake Pills 25 cents per box.

GEO. C. GOODWIN & CO., 38 Hanover St., Agents for Boston. For sale by all Druggists. WbT—dawlw—no1

MOTH AND FRECKLES.—The only reliable remedy for those brown discolorations on the face called Moth Patches and Freckles, is PERRY'S MOTH AND FRECKLE LOTION. Prepared only by Dr. B. C.
